

A woman dances with her son

**because of brain surgery that
reduced her epileptic seizures**

**performed by a neurosurgeon who was
able to pinpoint the foci of the seizure**

**due to breakthroughs in the
mapping of the human brain**

**advanced by physicians, mathematicians
and computer engineers around the world**

**inspired by new discoveries
in imaging technologies**

**reported in medical and
scientific publications.**

Building Insights. Breaking Boundaries.™

The creation of knowledge depends on a continuous line of connections between people and ideas. That's why, for over a century, Elsevier has linked researchers and practitioners worldwide to the best and newest thinking in their fields. As a professional publisher of scientific and medical information, Elsevier facilitates the review, selection, dissemination and preservation of information, publishing thousands of journals and books and providing access to a world of information via the desktop or PDA. After all, we believe that getting the right information into the right hands can make a difference. elsevier.com
