**Christelle Silioc, Atoosa Maleki, Kaizheng Zhu, Anna-Lena Kjøniksen, and Bo Nyström\***: Effect of Hydrophobic Modification on Rheological and Swelling Features during Chemical Gelation of Aqueous Polysaccharides

Page 724. An incorrect figure was published in place of Figure 8; the correct figure is given below. The caption to Figure 8 was correct as provided but is repeated for clarity.

**Figure 8.** Frequency dependence of the complex viscosity (log–log plot) at different stages during the gelation process for 2 wt % samples of HEC and HM-2-HEC in the presence of 10 wt % cross-linker agent.
