T. Suzuki and N. Kasai, A novel method for the generation of (*R*)- and (*S*)-3-chloro-1-propanediol by stereospecific dehalogenating bacteria and their use in the preparation of (*R*)- and (*S*)-glycidol, *Bioorganic & Medicinal Chemistry Letters*, **1991**, *1*, 343.

The authors wish to apologize for the inversion of the + and - sign in the specific rotation of (*R*)- and (*S*)-3-chloro-1,2-propanediol on page 345.

The specific rotation values +8.4 and -8.2 should be -8.4 and +8.2, respectively.
