

Corrigendum to “Synthesis of 1-*O*-stearoyl-2-*O*-
arachidonoyl-*sn*-glycer-3-yl-D-*myo*-inositol 3,4,5-
trisphosphate and its stereoisomers”
[Bioorg. Med. Chem. Lett. 7 (1997) 3171]²

P. R. J. Gaffney, C. B. Reese

Department of Chemistry, King's College London, Strand, London, WC2R 2LS, UK

The title of this paper should read “Synthesis of 1-*O*-[(1-*O*-stearoyl-2-*O*-arachidonoyl-*sn*-glycer-3-yl)phosphoryl]-D-*myo*-inositol 3,4,5-trisphosphate [PtdIns(3,4,5)P₃] and its stereoisomers.

The sentence beginning on page 3171, line 3 should read:

“As it is now believed to be a second messenger in its own right in phosphoinositide-mediated signal transduction, 1-*O*-[(1-*O*-stearoyl-2-*O*-arachidonoyl-*sn*-glycer-3-yl)phosphoryl]-D-*myo*-inositol 3,4,5-trisphosphate^{3,4} [PtdIns (3,4,5)P₃] **2** is currently also of great interest to biologists in the field.”
