The authors regret that Table 1 contains two errors:

1. Compound **6**, $R^3 = p\text{-CH}_3\text{PhSH}$ should read $p\text{-CH}_3\text{PhS-CH}_2\text{-}$.
2. Compound **29** should be structured as $\text{NHCH}(\text{CH}_2\text{-4-benzoyl})\text{C(=O)O}^-\text{Na}^+$, instead of $\text{NHCH}_2(4\text{-benzoyl})\text{C(=O)O}^-\text{Na}^+$.
