

ANNOUNCEMENTS

Bioorganic & Medicinal Chemistry Symposia-in-Print comprise collections of original research papers (including experimental sections) covering timely areas of bioorganic and medicinal chemistry.

Each symposium is organized by a Symposium Editor who will invite authors active in the selected field to submit original articles covering current research. These papers will be rapidly reviewed and processed for publication by the Symposium Editor under the usual refereeing system.

Authors who have not already been invited, and who may have obtained recent significant results in the area of the announced symposium, may also submit contributions for Editorial consideration and possible inclusion. Before submitting such papers authors should send an abstract to the Symposium Editor for preliminary evaluation. Firm deadlines for receipt of papers will allow sufficient time for completion and presentation of ongoing work without loss of the freshness and timeliness of the research.

Recent Advances in DNA Binding Agents

Guest Editor: R.W. Armstrong, University of California, Los Angeles

Manuscript Submission Date: September 30, 1993.

Biological Catalysis: Models, Methods, and Applications

Guest Editors: D.R. Dodds, Schering-Plough, and E. Toone, Duke University

Manuscript Submission Date: October 31, 1993.

Frontiers in Carbohydrate Chemistry

Guest Editors: T. Ogawa and Y. Ito, RIKEN

Manuscript Submission Date: Early 1994.

SYMPOSIA-IN-PRINT**Recent Advances in DNA Binding Agents**

Guest Editor: Robert W. Armstrong

*Address submissions/inquiries to this guest editor at: University of California, Los Angeles, Department of Chemistry and Biochemistry, 405 Hilgard Avenue, Los Angeles, California 90024, USA. Phone: (310) 206-2203; Fax: (310) 206-4038.

SUBMISSION DATE DEADLINE: SEPTEMBER 30, 1993.

Biological Catalysis: Models, Methods, and Applications

Guest Editors: David R. Dodds* and Eric Toone*

*Address submissions/inquiries to this guest editor at: Schering-Plough Research Institute, 1011 Morris Avenue, Building U-2-B29, Union, New Jersey 07083, USA. Phone: (908) 820-6843; Fax: (908) 820-6965.

*Address submissions/inquiries to this guest editor at: Duke University, Department of Chemistry, Durham, North Carolina 27708-0346, USA. Phone: (919) 660-1557; Fax: (919) 660-1605.

SUBMISSION DATE DEADLINE: OCTOBER 31, 1993.

Frontiers in Carbohydrate Chemistry

Guest Editors: Tomoya Ogawa and Y. Ito

*Address submissions/inquiries to this guest editor at: RIKEN, Wako, Saitama, 351-01, JAPAN. Phone: 81 048 (462) 1111; Fax: 81 048 (462) 4680.

SUBMISSION DATE DEADLINE: Early 1994.

BIOORGANIC & MEDICINAL CHEMISTRY

Bioorganic & Medicinal Chemistry Letters Symposia-in-Print comprise collections of original research communications covering timely areas of bioorganic and medicinal chemistry.

Each symposium is organized by a Symposium Editor who will invite authors active in the selected field to submit original articles covering current research. These papers will be rapidly reviewed and processed for publication by the Symposium Editor under the usual refereeing system.

Authors who have not already been invited, and who may have obtained recent significant results in the area of the announced symposium, may also submit contributions for Editorial consideration and possible inclusion. Before submitting such papers authors should send an abstract to the Symposium Editor for preliminary evaluation. Firm deadlines for receipt of papers will allow sufficient time for completion and presentation of ongoing work without loss of the freshness and timeliness of the research.

Modified Oligonucleotides

Guest Editor: G.L. Trainor, Du Pont Merck

Manuscript Submission Date: September 30, 1993

SYMPOSIA-IN-PRINT IN PREPARATION FOR PUBLICATION:

Bioorganic Chemistry of Polyketide Biosynthesis

Guest Editor: T.J. Simpson, University of Bristol

Recent Advances in Design and Synthesis of Angiotensin II Antagonists

Guest Editor: W.J. Greenlee, Merck Sharp & Dohme

Recent Advances in β -Lactams

Guest Editor: G.I. Georg, University of Kansas

SYMPOSIA-IN-PRINT PUBLISHED/IN PRESS:

Cholinomimetics and Alzheimer's Disease

Guest Editors: J.C. Jaen*, W.H. Moos, and G. Johnson

BioMed. Chem. Lett., **1992**, 2, 769-876.

Recent Advances in Mechanism-Based Enzyme Inhibitors

Guest Editor: C.-H. Wong

BioMed. Chem. Lett., **1992**, 2, 1315-1446.

Excitatory Amino Acid Related Agents

Guest Editor: G. Johnson

BioMed. Chem. Lett., **1993**, 3, 1-122.

The Generation of Molecular Diversity

Guest Editors: M.R. Pavia*, T.K. Sawyer, and W.H. Moos

BioMed. Chem. Lett., **1993**, 3, 381-476.

Approaches to Non-Peptide Ligands for Peptide Receptor Sites

Guest Editor: D.C. Horwell

BioMed. Chem. Lett., **1993**, 3, 787-956.

The Shikimic Acid Pathway

Guest Editor: N.P. Botting

BioMed. Chem. Lett., **1993**, 3, 1391-1456.

Recent Advances in Vitamin D. Chemistry and Pharmacological Activity

Guest Editor: M.R. Uskokovic, Hoffmann-La Roche

In Press.

SYMPOSIA-IN-PRINT

Modified Oligonucleotides

Guest Editor: George L. Trainor, Du Pont Merck Pharmaceutical Company

*Address submissions/inquiries to this guest editor at: Du Pont Merck Pharmaceutical Company, Experimental Station, Post Office Box 80328, Wilmington, Delaware 19880-0328, USA. Phone: (302) 695-3580; Fax: (302) 695-8344.

SUBMISSION DATE DEADLINE: SEPTEMBER 30, 1993
