

## Announcement

A residential EUCHEM Conference on "Enzymatic and Homogeneous Catalysis" will be held in Santander, Spain, on 13–18 July 1975. There will be lectures and round tables on homogeneous catalysis, biocatalysis, differences and analogies, points of contact, insolubilized enzymes, present status of the research, future trends, how to bridge the gap between homogeneous and enzymatic catalysis, etc. For further information, write to Dr. A. O. Ballesteros, Departamento de Catalysis, C.S.I.C., Serrano 119, Madrid-6, Spain.
