

Announcement

International Interdisciplinary Symposium and Poster Session on Electromagnetic Field Effects on Molecules and Biological Cells

2–6 April 1990

University of Bielefeld, Bielefeld, F.R.G.

The program includes the following topics:

- (1) Electro-optics and dynamics of cell components
- (2) Electrostimulation of cells and organelles
- (3) Electroporation and cell transformation
- (4) Electroporation and cell fusion
- (5) Electroinsertion of glycoproteins in organelle membranes
- (6) Model theories of electromagnetic field effects
- (7) Weak EM-fields and cells.

For further information contact:
