You don't need to spend hours with someone to know she's magical, you know from the start. These images are testimony that Daisy is exactly that: magical!

Unusual photo shoots for ordinary girls are my style! I try to make photo shoots elegant, aesthetic. Boudoir shooting is like a hymn to a woman, her beauty.

Such interesting photos can be taken in an ordinary kitchen of an ordinary apartment. The main thing is to see the light and remove everything correctly. Unusual photo shoots for ordinary girls are my style! I try to make photo shoots elegant, aesthetic. Boudoir shooting is like a hymn to a woman, her beauty.

Why did I fall in love with the boudoir style of photography? I'll tell you a story. The story about Lady Irina. Before her marriage, she was a slender beauty, but after she became a mother three times, her figure changed. Gone is the confidence in yourself, your sexuality. Then I suggested that she try to look at herself from the outside, to see how men see her. And I managed to change her look. When she saw the photo, she was shocked.

She couldn't believe it was her. Her confidence has returned, and her self-esteem has increased. I realized that a boudoir photo shoot can be like a phototherapy session, helping girls and women over 30 years old to feel beautiful and loved again. So began my journey in boudoir photography as a photographer.
