why should advertisers give a hoot about Barbara Welles' new hat?

IF YOU MAKE anything that women buy, please check the ad inside this issue of Broadcasting. It tells about the star of "The Barbara Welles Show" on WOR . . . and her new Sally Victor hat. It typifies the woman-wise kind of programming that Miss Welles does.

All of WOR's women stars keep on top of the glamour news for their listeners. In doing so, they create an atmosphere of commercial provocativeness that sells and sells and sells. Any advertiser or his agent who is now planning a fall campaign, should look into WOR's fast-selling lineup of women's shows. And the costs are breathtakingly low.

"We had customers ask for brands they hear about on WLS"

... **Howard Clodfelter**

Appliance and implement dealer

Monticello, Illinois

Howard Clodfelter is probably the busiest merchant in Monticello, Illinois (pop. 2,523), 160 miles south of Chicago.

Starting with the Dodge-Plymouth dealership in 1940, he later turned his place into a war factory, really began expanding in retail lines in 1940 when he took on a full stock of electrical appliances—all nationally advertised brands. Somewhere along the way he added the Allis-Chalmers farm equipment line. The store, called simply "Howard's," is also outlet for Youngstown kitchens ... includes, too, a complete cabinet-making shop for custom built work. In nearby Cisco, another Howard's store carries similar lines, except that farm equipment is International Harvester.

Clodfelter himself is a national advertiser. He has a manufacturing business in Monticello which makes children's furniture—extensively advertised in the better women's magazines. He spends several hundred dollars monthly on his own radio program over a nearby local station. He's also on the board of directors and chairman of the retail sales division of the Chamber of Commerce—and runs a 600-acre farm!

Several times customers have specified brands they heard about on WLS ... Philco on "Breakfast Club," for example. Merchants throughout Piatt county, where Monticello is located, must also feel the impact of WLS advertising—for WLS is the leading station in the county, according to BMB (87% days, 85% nights). Last year, the 3,610 radio homes of Piatt county sent us 2,900 letters, 80% response!

This one county, selected from 567 counties in the WLS daytime BMB area, is alone a big market. It is 82% rural, has a buying income of 11½ million dollars, annual retail sales of seven million—about two million dollars in food sales alone.

Consider these market figures—and the fact they apply to only 3,610 out of more than 5 million families in the WLS area! And of these 5 million, *more than half* actually listen to WLS! It shows they like WLS programming—the entertainment, service and information we have been giving them for almost 25 years. For more details—for proof of advertising results—ask any John Blair man.

Closed Circuit

IT'S certain FCC will be asked to make concessions on its proposed anti-lottery rules whenever programs aid *bona fide* charity organizations. It's almost equally certain, according to present thinking, that FCC will refuse; during war, it's noted, Commission made no exception even for war bonds, if lottery-law violation was apparent. Estimates of funds raised for charities via giveaway shows run into several millions.

PRESIDENT TRUMAN will name R. Henry Norweb, career diplomat, radio "ham" and former Ambassador to Cuba, as chairman of American delegation to High Frequency Broadcasting Conference at Mexico City. He headed American delegation to original "Havana Treaty" Conference of 1937, which spawned first NARBA for allocation of AM broadcast channels. Sessions start Sept. 13; five power deliberations Oct. 1 and full 78 national conference Oct. 27.

U. S. BROADCASTERS fear upcoming 78-nation Mexico City Conference may bode trouble. Russia is pressing proposal that allocations be based on education need, area, language diversity, and related factors. She also wants HF domestically. Even if Russia loses, she is expected to throw her bloc behind French proposal to grant commercial broadcasters last priorities on frequencies, aimed directly at our private system.

LIKELY appointee to new post of advisor on international policy to NAB President Justin Miller is Forney Rankin, associate chief of State Dept. International Broadcasting Division. Former top-flight radio writer and producer, Mr. Rankin held executive status in Nelson Rockefeller's wartime propaganda agency and was chairman of U. S. delegation to International Frequency Conference in Geneva several months ago. Report is Mr. Rankin will assume NAB post about Oct. 1.

PHILIP MORRIS is currently negotiating through its agency, Cecil & Presbrey, New York, with MBS for show to replace *Heart's Desire*, heard on Mutual Monday through Friday, 11:45 a.m.-12 noon. Client said to be dissatisfied with rating.

EDWIN R. BORROFF, who left ABC as vice president in charge of Central Division two months ago, will announce within next week his association with Chicago station representative business.

THERE'S some high-level thinking within FCC that its Sept. 20 hearing on opening of 475-890 mc television band should be postponed to permit compilation of more data. But postponement, if it comes, probably won't go beyond first of year. Alternative would be to start as planned and recess.

DEAL BETWEEN Kudner Agency, repre-

Bulletins

ASSN. of American Railroads late Friday signed contract with ABC for Monday, 8-8:45 p.m. evening time to present their musical comedy show. Benton & Bowles, N. Y., is agency.

DEMOCRATIC National Committee's contract for 1948 political campaign has been transferred from Biow Co. to Warwick & Legler. Sen. J. Howard McGrath, Committee chairman, announced Friday. Agency, with New York and Hollywood offices, will handle placing of radio and television programs. Sam Youngheart, agency executive vice president, will direct operation with assistance of Lester Malitz, vice president in charge of media, and Donald Gibbs, in charge of creative activities.

WARL Arlington, Va., given till Sept. 10 to file exceptions to FCC examiner's report which held station's former *Dollars for Answers* program was violation of lottery law [BROADCASTING, Aug. 9]. Deadline formerly was Aug. 25.

VIDEO affiliation contract between NBC and WBAL-TV Baltimore announced by network Friday. Station, owned by Hearst Radio Inc., went on air March 11.

PHILCO, 'MONITOR' RENEW ON ABC; KRANK ADDED

ABC announced two 52-week renewals on network and one new full-year order covering Pacific Coast stations.

Philco Corp., effective Aug. 30, renews *Breakfast Club*, weekdays, 9:45-10 a.m., through Hutchins Adv., Philadelphia. *The Christian Science Monitor Views the News* renewed by *Christian Science Monitor*, effective Aug. 31. Program moves from 8:15 p.m. Tuesday to 9:30 p.m. same night effective Sept. 14. H. B. Humphrey Co., New York, is agency.

Consolidated Royal Chemical Co. (Krank Shave Kreem) begins sponsorship of *Bob Elson on the Century* over 21 ABC stations Sept. 13. Contract for 52 weeks, placed through Arthur Meyerhoff Co., calls for five programs per week, 7:30-7:45 a.m.

Business Briefly

LUDEN'S RENEWS • Luden's Inc. (Fifth Avenue candy bar and other products) resumes sponsorship Sunday, Aug. 29, of CBS quiz series *Strike It Rich*. Concurrent with five weeks hiatus which began July 4, series moved from 10:30-11 p.m. to 9:30-10 p.m., which it will retain until after Oct. 3. Agency, J. M. Mathes Inc., N. Y.

CEREAL SHOW • Cream of Wheat Corp., Minneapolis, has renewed *Let's Pretend*, Saturday, 11:05-11:30 a.m. on CBS, for 52 weeks effective Sept. 18. Agency, BBDO, Minneapolis.

BIG FM TIMEBUY • Independent Grocers Assn., Chicago, purchased 9 a.m.-6 p.m. six days weekly on WEAU (FM), Evanston, Ill., effective Oct. 1, with commercials to be directed especially to food shoppers on more than 400 FM sets placed in IGA stores throughout Chicago area by Store Broadcasting Inc. As IGA contract goes into effect, WEAU's air time will increase to 7 a.m.-midnight seven days weekly.

TV TIME-SHARING PROPOSAL ADVANCED

TELEVISION time-sharing agreement, said to be first of its kind filed with FCC, was submitted Friday by two Allentown-Easton (Pa.) applicants, who propose to use same channel but operate on alternate days.

Proposal was filed by Easton Publishing Co. (*Easton Express*) and Lehigh Valley Broadcasting Co. (associated in ownership with *Allentown Call-Chronicle*), two of five applicants for only channel (No. 8) allocated for that area. Two companies would have separate stations. Lehigh would broadcast first day of operation, Easton Publishing Co. would operate second, and thereafter they would alternate. Both would apply for fulltime "if and when additional channels" become available.

Companies asked FCC permission to amend their respective applications to reflect time-sharing plan. Previously they'd requested that issues on forthcoming hearing be enlarged to include question of whether grant to them on time-sharing basis would be desirable, but this request was denied without prejudice to their approaching question via petition to amend their applications. Hearing on all five Allentown-Easton-Bethlehem applications slated to start Sept. 13.

NAB VIDEO BOARD

THREE-MAN NAB board committee on television elected late Friday at District 9 Chicago meeting. Group includes Walter Damm, WTMJ Milwaukee, chairman; Clair McCollough, WGAL Lancaster, Pa., and A. D. (Jess) Willard Jr., NAB executive vice president. NAB group slated to meet with similar TBA committee soon after latter organization, scheduled to meet this week in New York, makes appointments.

Feature of the Week

PRACTICAL experience in radio communications will be gained during the next six months at stations of the United Broadcasting Co. by Sachindra Mohan Sen of India. He will make his headquarters at WHK Cleveland, the station reports, but will travel to WHKK Akron and WHKC Columbus to visit and study these other stations of the company.

Mr. Sen, who was sent to this country by the Indian government to acquire more knowledge and experience in preparation for a position with the Indian Government Radio, received his B. S. degree in physics from the U. of Dacca (India) in 1941. In 1942 he received his Masters from the same institution and in 1945 earned a diploma in electrical engineering from the Indian Institute of Science. Practical experience has been gained by Mr. Sen at several

Shown in the master control room of WHK are (l to r) Mr. Smith, Mr. Sen and H. K. Carpenter, vice president of United Broadcasting.

organizations in India including Indian Radio and Cable Communications in Bombay.

Mr. Sen will work with Carl Smith, vice president in charge of engineering for United Broadcasting.

On All Accounts

WHAT Macy's didn't tell Gimbel's could hardly be more guarded than what Pepsi will never communicate to Coca-Cola, that is. Yet Ernest Anderson, newly appointed account executive for the Biow Agency, New York, on the recently acquired Pepsi Cola account, once also held the hand and ear of the advertising principals on that rival soft drink firm. Nor is that a very surprising turn for the man who brought swing music to speaking terms with Carnegie Hall.

Ernie Anderson is the person who beat tradition to death as jazzman Fats Waller did the same to a piano in the marbled halls named for the philanthropic Scotsman. Yet music has been only the counterpoint in the career of Mr. Anderson. He began his business cycle as a newspaper man during his school years, working with his father who was then advertising director of the *Buffalo Evening News*.

After leaving Massachusetts Institute of Technology he traveled to Europe as Paris representative of the *Chicago Tribune*. Three years later, Mr. Anderson returned to America as eastern editor of *Advertising Age*. He joined his first advertising firm, Richardson, Alley & Richards, in 1936 as assistant to the creative head of the agency, but he returned to the printed medium two years later as

sales promotion manager for *True Story*.

Radio beckoned inevitably and Mr. Anderson answered the beck, joining CBS in the Detroit office as assistant sales manager. About a year later he returned to New York with the Blue network (now ABC) to work in sales promotion. While with Blue he and G. T. C. Fry, now ABC eastern sales manager, set up the presentation for the D'Arcy agency of the *Spotlight Bands* program. When the package went on the air for Coca-Cola, Mr. Anderson was included as one of its less expendable contents, and eventually was named assistant to Alfred Steele, then vice president of D'Arcy. He remained with the firm for two years before joining the music publishing firm of G. Schirmer Inc., New York, as advertising manager.

He tarried with the publisher until June 28, 1948, when he was recalled to the agency field and his present post as account executive for Pepsi Cola, in which capacity he is in charge of an intensive spot campaign with an overall budget said to amount to approximately five million dollars annually.

In his extra-agency function as musical impresario, Mr. Anderson has since followed his Fats Waller concert with similar Carnegie presentations of Billie Hol-

ON THE WASHINGTON SCREEN

WMAL-TV TELEVISES THE IMPORTANT SPORTS EVENTS IN WASHINGTON. There is nothing like "Redskin fever" in Washington. And for this important sports must, WMAL-TV has the sportscaster who is a must—Harry Wismer, ably assisted by Jim Gibbons. Sponsored on AM and TV by The American Oil Company on a special Redskin Network.

← ALWAYS A TOP EVENT, boxing from Turner's Arena every Monday night during the indoor season provides thrills and excitement equal to that in any ring in the country. Jim Gibbons gives the blow-by-blow from Ringside—plus those commercials that hit the spot for good old Arrow Beer (Globe Brewing Co. of Baltimore).

↑ WMAL-TV HAS AN ARMLOCK ON THE TELEVISION AUDIENCE when wrestling from Turner's Arena goes on the air every Wednesday at nine. Jim Gibbons has just the right touch (see BILLBOARD, January 31)—it's a must for Mom, Pop, the kids, and most of the neighborhood. General Electric Supply Corp. likes it too—they pay for it. (See it on the ABC television network).

← JIM GIBBONS is featured in his own half-hour TV show, SPORTS-CARTOON-A-QUIZ, assisted by cartoonist Bill Willison. Sponsored by L. P. Stewart, Inc., DeSoto-Plymouth Sales & Service.

Replace your old AM transmitter *with RCA's new 50 kw...*

The revolutionary, new power triode RCA-5671. This tube takes about one third the filament power of conventional triodes used in the older transmitter. It reduces hum modulation below FCC requirements—even without r-f feedback.

The two 5671's in the r-f power amplifier and the two in the class B modulator of this 50-kw transmitter save up to \$1200 yearly in filament power alone.

The finest transmitter ever built... the RCA type BTA-50F1. It takes less than 100 kilowatts of power to run it. The supervisory control console is standard equipment!

Today more than 50 RCA "Fifties" have been shipped!

and write off its cost in power savings alone!

It's a fact—as one high-power broadcaster recently discovered to his complete satisfaction. Now, he has replaced his old transmitter with an RCA "fifty"—and it's paying its way.

HERE'S WHY.

Using revolutionary new RCA-5671 power triodes that take about one-third the filament power of conventional types, this RCA "fifty" saves up to \$1.75 an hour in power savings over former transmitters—\$12,000 a year, based on daily operation at 19 hours a day!

Many other new design features, too, that add to this \$12,000 savings.

For example, only 29 tubes and 11 different tube types—less than half the number used in many present 50 kw's. True walk-in accessibility that assures faster maintenance—and lowers maintenance costs. Ultra-conservative operation of tubes and components—with less chance for outages.

Here is a 50-kw AM transmitter that does away entirely with oil circuit breakers—assures faster circuit protection. Because the BTA-50F1 operates from a 450-volt supply. Control and protection

circuits are the most complete of any transmitter designed to date. And its true unified front (an integral part separate from compartment enclosures) facilitates flush-mounting—gives your transmitter room a new, handsome appearance.

Write for the new 28-page brochure about the BTA-50F1. It gives you complete details—including circuits, specifications, floor plans, and full-page pictures showing the remarkable accessibility of this great transmitter.

General Is Grateful

EDITOR, BROADCASTING:

During the past twenty-six months, in which I have been Commanding General of the Fifth Army with headquarters in Chicago, the broadcasting companies in the twelve states which comprise Fifth Army Area, have been very generous in making their fa-

cilities available to Army projects. In my opinion, this cooperation not only constituted a public service, but was a valuable contribution to national security.

Recently Department of the Army ordered me to Japan to take over command of the Eighth Army. Press of official business prevents me from writing a personal letter to each one of these stations. . . .

I would appreciate it if you could convey to the executives of these broadcasting stations, through your columns, an expression of my feelings.

Walton H. Walker
Lt. Gen., U. S. Army

Proposes New Time Plan

EDITOR, BROADCASTING:

Now that the nation's networks are rounding out their second year of operating on a delayed basis for affiliates outside the Eastern Daylight Savings Time zone, it might be well to give serious consideration to the merits of the "delayed" plan.

While the transcribed network plan has one great advantage, it also has a large number of disadvantages. The one advantage is the fact that it isn't necessary to re-shuffle local program schedules twice each year. Listening habits are not disturbed, it's true.

The disadvantages are numerous. First, many listeners are able to hear the powerful Eastern clear-channel stations. Then, dialing around one hour later, the same program is again heard from a Standard Time outlet . . . Secondly, with the many news developments of the present, it is practically impossible to delay a newscast for one hour. . . .

Too, millions of listeners of network quiz shows are actually being played for perfect fools. They gather beside the loudspeaker hoping for a telephone call, when the program has been off the air for a full hour! Maybe the FCC is taking this into consideration in investigating quiz shows.

It seems to me that Easterners could change their work hours by one hour, and accomplish the same result as the Daylight Savings Plan. In other words, during the summer months, start the work day one hour earlier—and end it the same way.

Improvement With Age

EDITOR, BROADCASTING:

I'm a cover-to-cover reader of BROADCASTING and I have been meaning to write you for some time relative to the many improvements in both typography and editorial content during these last several years. BROADCASTING continues to progress with the ever-moving broadcasting industry.

Ben Strouse
General Manager
WWDC Washington.

Standards Disregarded

EDITOR, BROADCASTING:

Perhaps some one can tell me how a local FM station such as WEAW is expected to get sponsors to limit their commercial time to the maximums suggested by the NAB Standards of Practice, when the Chicago network-owned 50 kilowatt stations show no regard whatsoever for the Standards.

At the present time a network-owned 50 kilowatt Chicago station is using six and a half minutes of commercial in one particular 15 minute program. This is a locally

How to stay in the Red

IN TELEVISION

Just ignore the need for *optioned time* during the *mid-evening* hours for the department store, the national advertiser and other important non-network clients.

No advertiser whether local or national will put a big budget show at a time where it can be moved.

And these advertisers cannot be ignored because it is from these advertisers that a television station will get full card rates—and not a small fraction of the rates.

The television stations must get together on this problem of National Spot optioned time and Local optioned time during the peak listening hours. Otherwise—and our figures prove this—you may always be in the red in television. Better find out about the Adam Young service by writing us today . . . and be sure of staying in the black!

ADMIRAL RADIO Corp., Los Angeles (radio, television sets), expanding in TV with 13-weeks sponsorship of *So This Is Hollywood*, one-hour participation show weekly on KTLA Los Angeles. Admiral is also sponsoring quarter-hour film of Major Bowes amateurs for 13 weeks on KDYL-TV Salt Lake City, and planning live quarter-hour vaudeville show on KGO San Francisco, to start in October.

THE REAL JUICE Co., Dallas (Woosie's root beer), purchases Pepsi-Cola Bottling Co., Dallas, franchise holder in 21 Texas counties. Expanded advertising budgets, including radio, contemplated for both drinks. Agency to be appointed.

WETTTLAUER Mfg. Co., Detroit (product design and development), signs first television contract on WXYZ-TV Detroit, planning an October opening. E. G. Wettlaufer, firm president, will telecast "something unique" along sportscasting lines. Firm makes no tangible goods and is believed to be first organization of its kind to buy TV.

MODGLIN Co. Inc., Los Angeles (brooms), through W. Earl Bothwell Adv., same city, today (Aug. 16) starts five weekly quarter-hour newscast on KFSD San Diego for four weeks as test campaign. Company plans radio expansion on West Coast depending on results of campaign.

R. J. REYNOLDS TOBACCO Co., Winston-Salem, N. C., (Camel Cigarettes), signs with WBAP-TV Fort Worth, Tex., for TV newsreel. Others signing with station, which is to go on air about Sept. 29, are: **LEONARD'S**, Fort Worth department store, to sponsor telecasts of high school football games Thurs., Fri. and Sat. nights; **W. C. STRIP-LING Co.**, local department store, for full-length Alexander Korda movie Wed. nights.

SPORTS EXTRA, new weekly sports newspaper to begin Sept. 15, will use radio in large-scale promotional campaign.

PERM-ASEPTIC Corp. New York (dry-cleaning and laundry chemical), appoints W. B. Geissinger & Co., Los Angeles, to handle national and regional advertising.

INTERNATIONAL HARVESTER EXPORT Co. appoints McCann-Erickson as its agency to handle overseas advertising on all product lines. Transfer of account from J. Roland Kay Inc. becomes effective Oct. 31.

CHARLES E. HIRES Co. appoints N. W. Ayer & Son, New York and Philadelphia, as advertising counsel for all Hires promotion and advertising. Agency heretofore has handled radio activities for soft drink firm.

MARTIN R. KLITTEN Inc. currently running 13-week video spot campaign on KTSN Los Angeles. Campaign reportedly marks first time advertising agency has used television to advertise itself on Pacific Coast.

SYNDICATE MORTGAGE Co. and **GEORGE ALKINS Co.** (real estate), both Los Angeles, appoint Robert F. Dennis Inc., same city, to handle advertising. Both will use radio.

Network Accounts • • •

HELBROS WATCH Co., through William Weintraub Co., New York, Sept. 5 renews for 52 weeks *Quick as a Flash* on MBS, Sun., 5:30-6 p.m.

CARGILL FEEDS, Minneapolis, resumes *Nutrema Hi Flyers* Oct. 1 on seven stations of Texas State Network, Mon.-Wed.-Fri., 12:15-12:30 p.m. (CST). Stations: KFJZ Fort Worth, WRR Dallas, KBWD Brownwood, KRRV Sherman, KPLT Paris, KCMC Texarkana, KFRO Longview.

TV ADVERTISERS IN JULY

MORE and more advertisers are climbing aboard the television bandwagon — and among them retail stores and shops and, more significantly, radio manufacturers who are buying greater quantities of TV time. These facts are borne out by the N. C. Rorabaugh survey of video advertisers for the week July 4-10.

Stores and shops, comprising dealers and proprietors for varied brands of merchandise, headed the categories of advertisers by industry classes. While automotive and beverage classes retained pre-eminence in the upper group strata, radios, phonographs, etc. ranked second overall in product classifications. The upsurge may signify a possible trend by those manufacturers, and their dealers and distributors, toward promoting their own products, especially TV, thus counteracting criticism on this score by station managers and advertising agencies.

The Rorabaugh survey, second

in a monthly series, covered 26 stations in 16 markets as contrasted to 20 and 11, respectively, for a similar report for week of June 6-12 [BROADCASTING, July 12]. Four television stations now operating commercially—WNAC-TV Boston, KDYL Salt Lake City, KSD-TV St. Louis and WSPD-TV Toledo—were not included in this report, but are expected to be carried in the August compilations.

Sixteen network advertisers again were listed, with spot, 113; local retail, 153. Account-wise, there were 106 network accounts, 246 spot, and 153 local—a total of 505 unit accounts in all. There was also an increase in the number of new accounts, which are shown only by markets, inasmuch as the Rorabaugh firm listed separately this time advertisers using both network and spot. The increase, not accurately reflected therefore by total, was nevertheless apparent, and reflects the activity of

spot and network advertisers in additional markets.

Co-ranking second by industry classes, after retail stores and shops, were beverage concerns (wines, liquor, beer and ale) and radios and accessories.

Since the latter group is comprised solely of manufacturers and their dealers and distributors, the boost to second place is not without importance. Actually, many stores and shops, headquarters for radio and TV merchandise, were promoting those items in their commercials—industrywise, if not by brand names.

Next in order were automotive and accessories, food and food products, apparel and footwear and

household equipment and supplies. Remaining groups rated virtually the same as in the previous report. As in the case of radio equipment, many stores displayed miscellaneous automotive wares, while the 22 proper were either manufacturers or dealers and representatives plumping for particular brands in their commercials.

Once again Philadelphia was by far the largest account center, with New York, Baltimore and Washington closely bunched in runnerup positions. New York was the greatest market for spot and network, while Philadelphia laid claim to the most local accounts. All 16 network advertisers were in the New York market again.

New TV Rate Cards Issued:

(As furnished BROADCASTING Week of Aug. 9)

WMAR Baltimore

WMAR-TV Baltimore has issued Rate Card No. 2, effective Sept. 1, establishing \$250 as the basic rate for a one hour program telecast one time on Channel 2 (54-60 mc.).

The basic rate includes transmitter and film facilities, staff announcer's services, recorded music as background for film commercials and applies to all film programs and programs and announcements relayed from other stations or by a network. It does not cover remotes or programs or announcements using live talent or those requiring extra production facilities.

Studio rate for all live-talent studio productions includes facilities used under basic rate in addition to full use of studio and camera facilities and necessary technical staff. Talent, art and construction work are not reflected in the rate. The rate includes twice as much rehearsal time as air time that is booked. Studio rehearsal

time in excess of this amount costs \$60 per hour.

BASIC RATE

	1 Time	26 Times	52 Times
1 Hour	\$250.00	\$237.50	\$225.00
1/2 Hour	150.00	142.50	135.00
20 Min.	125.00	118.75	112.50
15 Min.	100.00	95.00	90.00
10 Min.	85.00	80.75	76.50
5 Min.	50.00	47.50	45.00
Announcements (One Min. or less)	45.00	42.75	40.50
Announcements and programs cannot be combined to earn lower rate.			

STUDIO RATE

	1 Time	26 Times	52 Times
1 Hour	\$350.00	\$332.50	\$315.00
1/2 Hour	185.00	175.75	166.50
20 Min.	150.00	142.50	135.00
15 Min.	125.00	118.75	112.50
10 Min.	100.00	95.00	90.00
5 Min.	65.00	61.75	58.50
Announcements (One Min. or less)	55.00	52.25	49.50
Announcements and programs cannot be combined to earn lower rate.

FALL BUSINESS

INCREASED USE of spot (non-network) time this fall is anticipated by advertising agency executives and timebuyers, but agency men generally are uncertain—or at least reticent to express an opinion—about how their fall purchases of network time will compare with those of a year ago. Estimates of increased use of spots were high.

These were among the facts brought out in the fifth questionnaire in the poll of advertising agencies (15th in the BROADCASTING TRENDS series) conducted for BROADCASTING Magazine by Audience Surveys Inc. The questionnaire, sent to a cross-section* of agency executives and timebuyers

CHART I

As far as you can now judge, will your radio time purchases for your clients be more, the same, or less this fall than last?

	Percent of all Respondents			
	1948 Survey	1947 Survey	Network	Spot
More	18%	54%	13%	59%
Less	7	12	11	9
Same	17	22	22	26
Can't guess	8	5	5	2
None	3	—	—	—
Unanswered	47	7	49	4

100% 100% 100% 100%

early in July, asked the panel members about their plans for use of radio in the fall.

Specific questions put to the agency men were these:

- (1) How will time purchases this fall compare with last year?
- (2) How will spot do in relation to network, and how will expenditures be split between programs and announcements?
- (3) What sorts of accounts will be using radio for the first time?
- (4) What proportion of radio expenditures will be spent on FM and TV, and how does this compare with last year?
- (5) In what way will the TV budget be spent?
- (6) Will the new NAB code affect radio time purchases?
- (7) How will agency use of certain types of programs compare with last year?

Some of these questions were asked in a poll of advertising agen-

cies last year, and a few interesting comparisons can be made. Results of the survey, so far as it concerns the first three questions listed here, are presented herewith. The remainder of the questions and the answers to them will be treated in a subsequent issue of BROADCASTING.

As for as you can now judge, will your radio time purchases for your clients be more, the same or less this fall than last? (See Chart I)

Agency executives were uncertain or reticent, as they were last year, about their fall purchases of network time. Almost half of them (47%) did not answer the question, and another 8% said they could not guess; 18% of the panel plan to buy more network time, 7% will buy less, and 17% will spend about the same as they did last year. This is a slight improvement over last year's forecasts of buying network time.

The survey indicated a majority of agencies plan increased use of spot (non-network) time. Over half (54%) of the panel members plan to buy more non-network time this year than last—12% will spend less this year, and 22% expect to spend about the same. The increased use of spot was somewhat less than that anticipated by agency executives about the same time last year.

As now set up, approximately what portion of your fall non-network expenditures will be for programs and how much will be for announcements? (See Chart II).

In apportioning their fall spot

budgets, 38% of the agencies expect to spend more money on programs than on announcements, while 58% will concentrate more heavily on announcements.

One out of six agencies will use announcements exclusively, but

only one of 20 will buy programs only.

In last year's survey the results were quite similar, with two notable exceptions—only 1% planned to buy announcements exclusively,

(Continued on page 70)

Spot to Be Up, 'Trends' Survey Shows

CHART II

As now set up, approximately what portion of your fall non-network expenditures will be for programs and how much will be for announcements?

TV-AM STUDY

Proposed at Chicago Meeting

TWENTY-TWO representatives of the nation's leading television stations and networks, meeting in Chicago's Palmer House Wednesday at the call of NAB President Justin Miller, adopted a resolution calling for a joint study of problems of the "sound broadcasting and television industries" looking toward "cooperative activity by the two groups."

After the meeting was over, Judge Miller told BROADCASTING it was the consensus of the con-

feres that "more television capital was represented here today than at any previous gathering in history."

The following resolution was unanimously approved:

It is the sense of this meeting that there are areas of identity and diversity of interest between the sound broadcasting and television industries.

It is recognized that in their own fields the NAB and TBA are performing invaluable services.

It is further recognized that in some of the areas of diversity both sound broadcasting and television must have specialized and aggressive representation.

However, in the areas of identity and interest, industry progress and great economies would result from cooperative activity by the two groups.

It is therefore resolved that it is the recommendation of this meeting that the board of directors of TBA and the board television committee of NAB meet to explore the problems and to appoint not more than three persons from each industry to make a thorough study and report with recommendations not more than 30 days after their appointment.

Present and voting were Kenneth Berkeley, WMAL-TV Washington; Frank P. Schreiber and

FORMAL REQUEST for the first commercial use of Stratovision was filed with FCC last Friday by Westinghouse Radio Stations, which simultaneously proposed rules and engineering standards to govern the new system of airborne television relaying.

Westinghouse told FCC that the Stratovision station it proposes to operate in connection with its KDKA Pittsburgh will, if protected by the 500 microvolt contour, bring television to approximately 6,000,000 persons who otherwise would not receive 5000 microvolt signals even if all the ground stations contemplated by FCC's channel allocations were in operation.

It can be done without reducing

the number of television channels (or their classifications) proposed for any city in the U. S. or Canada, Westinghouse declared. Its petition offered a reallocation plan designed to substitute other channels for Nos. 8 (which the Stratovision station would use) and 7 and 9 in the area within Stratovision range.

Westinghouse, which developed Stratovision in conjunction with Glenn L. Martin Co. of Baltimore, would have the Stratovision studios in Pittsburgh while the transmitter would be flown in an airplane approximately 30 miles west of the city. The petition continued:

The effective radiated power of such a transmitter would be approximately 12.75 kw and the antenna height above sea level is to be approximately 25,000

feet. The transmitter would be operated on Channel 8, the channel to be sought in a separate proceeding by KDKA-TV Pittsburgh, Pa., which would also be operated by Petitioner.

The KDKA-TV transmitter and the transmitter in the airplane would not be operated simultaneously. The 500 microvolt per meter contour of such an airborne station would extend approximately 200 miles in all directions, and this contour should be protected from interference from stations on the same and adjacent channels.

On this basis Westinghouse said the area and populations within the Stratovision 500 microvolt contour would be approximately 127,000 square miles and 12,039,589 persons (not counting those in cities of more than 10,000 which would receive less than 5000 uv/m signals).

The petition asked for amendment of FCC's Rules and Standards so they will permit a grant for Stratovision, and requested that FCC delay all pending hearings and other actions which might conflict with approval of the petition.

Channel changes proposed by the company to accommodate its plan were listed as follows (channels in parentheses are for use by community stations):

Location	By FCC	By Westinghouse
Pittsburgh, Pa.	8	8
Altoona	7	11
Altoona	9	5
Erie	12	3

(Continued on page 75)

Newspaper Opinion on FCC Proposed Lottery Ruling

. . . The FCC proposal . . . is pretty startling.

It opens a number of questions. One usually thinks of a lottery as involving some contribution, however slight, from the fellow who takes part. But the giveaways commonly ask no contribution other than a listening ear . . . The theory is loot in return for lore, and who is to measure the thin edge between?

. . . Perhaps the chief regret, if the FCC actually cracks down, will be the loss of one of the day's most fruitful sources of jests.

From the New York Herald Tribune Aug. 7

* * *

We're inclined to agree with this attitude toward the giveaway hours, although we have never agreed that the FCC should con-

HOOPER TOP 20 STATIONS IN U. S.

Morning, Afternoon and Evening in Cities Covered by Hooper Listening Index

THE TOP 20 stations, with the best share of audience ratings in morning, afternoon and evening in cities where Hooper station listing indexes are published, will be a regular monthly feature of BROADCASTING beginning this week.

The list of the leading 20 stations in each time category is published with the cooperation of C. E. Hooper Inc., whose city Hooperatings report service embraces the station listening indexes. Mr. Hooper, president of the firm, announced that the regular top 20 reports would be issued to all cooperating stations.

The first such list to be made public covers May-June 1948. Ac-

cording to the computation, the stations outranking all others in the nation are WFLA Tampa in the evening, WKY Oklahoma City in the afternoon and KOIL Omaha in the morning.

In second place by time category were WKY Oklahoma City in the evening, WOAI San Antonio in the afternoon and KRNT Des Moines in the morning.

In releasing to BROADCASTING the top 20 stations, the Hooper firm pointed out that their standings were based on the city zone share of audience in those cities where the station listening indexes are published.

The ranking follows:

MORNING			AFTERNOON			EVENING		
Rank	Station	Share of Audience	Station	Share of Audience	Station	Station	Share of Audience	Share of Audience
1.	KOIL Omaha.....	48.1	WKY Oklahoma City.....	52.7	WFLA Tampa.....	WFLA Tampa.....	44.9	44.9
2.	KRNT Des Moines.....	45.1	WOAI San Antonio.....	46.7	WKY Oklahoma City.....	WKY Oklahoma City.....	44.2	44.2
3.	WKY Oklahoma City.....	40.3	WTAG Worcester.....	45.4	WOW Omaha.....	WOW Omaha.....	41.2	41.2

ABC SUED

Agency Also Defendant In 'Piracy' Charge

ABC and Louis G. Cowan Inc. were sued last week by Blue Barron, orchestra leader, on the grounds that *Stop the Music*, the most popular giveaway show on the air, was pirated from a program which he had helped originate.

Mr. Barron sought half the revenue accruing to the Cowan agency, owner of the program, and to other defendants including Mark Goodson, writer and producer with whom the band leader alleges he collaborated on the original show.

The defendants immediately began preparations to contest the action. Joseph W. Bailey, vice president and general manager of Louis G. Cowan Inc., said, "We've investigated the whole thing, and we're satisfied there is no basis for a claim."

Mr. Barron's suit was filed in Supreme Court of New York County by his attorney, James Lawrence Fly, formerly of FCC.

In addition to seeking damages, Mr. Barron sought an injunction restraining the defendants from disposing of funds pending the litigation. There was no plan to seek an injunction which would prevent *Stop the Music* from continuing.

Named as defendants were ABC, the Cowan company, Louis G.

Cowan personally, Mr. Goodson, Harry Salter, music director of the program, and Howard Connell, writer.

Mr. Barron said that in February of last year he and an associate, Robert Ray, who is assistant to the director of CBS program operations, met several times with Mr. Goodson and Mr. Connell to devise *Blue Barron's Mystery Melodies* for marketing purposes. The format called for a musical show in which Mr. Barron would play mystery tunes, to be identified by members of the listening audience upon a telephone call, with prizes to be given winners.

After Mr. Goodson and Mr. Connell wrote the script, the band-leader had the show recorded and attempted, with Mr. Goodson, to sell the program, according to agreements. It also had been

WJZ-TV STARTS *Elaborate Inaugural Program*

WJZ-TV New York, ABC's first owned and operated television station and the sixth video outlet to begin operations in New York, opened for business last week amidst festivities reminiscent of the gayest Hollywood movie premiere.

Its inaugural program ran from 7 until 11:40 p.m. Aug. 10 and included everything from Beatrice Lillie, one of the world's great comedienne, to fragments left over from a recent Fifth Ave. parade.

Civic, religious and business leaders participated in the opening ceremonies. More than 100 executives of ABC affiliated stations were invited and came to New York to see the show, and the net-

Story on WJZ-TV and IATSE Tiff, page 32

work sales department staged a debut party for scores of advertisers and agencies.

Early in the inaugural show ABC presented a "creed" which it plans to follow in its television broadcasting. The creed:

The American Broadcasting Co. is deeply aware of a high responsibility to the people in its approach to television. We are also deeply aware of a grave responsibility to ourselves. We shall, therefore, do our utmost to bring into your home the kind of programs we would want in our homes. We believe television will become one of the great forces in the world, and for that reason we regard our role not only as a privilege but also as a challenge. Thus, television imposes on us the profound obligation to use it with dignity, with skill, with honesty and care. We shall discharge that high obligation to the very best of our ability.

Edward J. Noble, chairman of the ABC board, and Mark Woods, the network's president, were televised in greetings to the WJZ-TV audience. Grover A. Whalen, chairman of the mayor's committee for the reception of distinguished guests, appeared as special representative of New York's Mayor William O'Dwyer who was absent on official business.

At the conclusion of these opening talks, the cameras went to the streets of Rockefeller Plaza, outside the RCA Bldg. where ABC is housed, to pick up various elements of a parade which was a feature of New York's summer-long golden anniversary celebration.

Kiernan Describes Parade

The televised parade included policemen dressed in uniforms of 50 years ago, carriages drawn by horses, some marching societies, bands, drum corps and fire fighting equipment. Walter Kiernan described the parade.

The program then returned to ABC studios. Following this Wayne Coy, FCC chairman, spoke from Washington, predicting that "in two years from now I expect to see 400 stations either in operation or under construction." He added:

"We are and will continue to be years and years ahead of any other nation in the employment of this magical electronic instrument."

This was followed by a half-hour television presentation of *Candid Microphone*, an ABC sound broadcasting feature, and a pre-

view of several video features which will be on the station regularly. At 9 p.m., the show moved to the Palace Theatre, now a movie house but formerly one of the biggest vaudeville theatres in the city. The program was almost pure vaudeville, with performers doing

Edward J. Noble, chairman of the board of ABC, is televised at inaugural.

Part of the inaugural program originated at New York's Palace Theatre.

their specialties in turn. Ray Bolger, famed dancer, was m.c.

Among the outstanding performers at the Palace were Mr. Bolger, who in addition to his duties as an introducer of the other acts, did a few turns of his own; Beatrice Lillie, star of the current Broadway hit, "Inside U. S. A." James Barton, actor and one-time vaudevillian; Ella Logan, singer, Mary Raye and Naldi, ballroom dancers, Pat Rooney Sr., a vaudeville dancer and Paul Whiteman, ABC vice president and musical director, who led an orchestra in "Rhapsody in Blue."

Folk Dancing, Too

During an intermission at the Palace, the program returned to the ABC studios for half an hour of folk dancing by various national groups. This event had been originally scheduled for either Times Square or Duffy Square, but the police and fire departments did not approve.

Before the start of the Palace show at 9 p.m. the more than 100 station executives attended a buffet supper in the Hotel Astor. They then went to the Palace for the show. The several score advertiser and agency representatives were feted at a buffet in the Waldorf-Astoria. A large crowd of press was fed in the Rainbow Room lounge atop the RCA Bldg. and they watched the entire evening's program on special receivers installed there.

Following its mammoth debut program, WJZ-TV, which operates on Channel 7, took up routine programming Aug. 11, the next day. The schedule for Aug. 11 was: 5:30-6 p.m., *Cartoon Teletales*; 7-7:15, *News and Views*; 7:15-7:30, *Three About Town*; 7:30-8, film; 8-8:30, *Gay Nineties Review*, and 8:30-9, film.

GIVEAWAY

MAJOR NETWORKS last week were putting the legal eagle eye on their giveaway programs to see how they stacked up against FCC's proposed anti-lottery regulations [BROADCASTING, Aug. 9], while private attorneys eyed the rules to decide how to advise their station, agency and other clients.

It was one long field day for the attorneys, most of whom agreed that the rules proposed by the Commission plainly seemed broader than those recently invoked by the Post Office Dept. with respect to lottery suspects.

Some private attorneys said they were prepared to advise clients that programs which select participants on the basis of skill—writers of the "best" letters on a given subject, for example—would pass muster under the proposed rules even though they obviously required "consideration" (as in answering the telephone, or listening to the program) and

equally obviously handed out prizes.

Others contended that, though they may agree with the objective of FCC's proposal, the job is not for the Commission but for the Justice Dept. or Congress. They pointed out that the lottery law (Sec. 316, Communications Act) is not directed against stations alone, but also against "persons," over whom FCC has no jurisdiction.

Argue on Application

Further, they argued, lotteries are not a proper subject for regulation—the law, they noted, specifically provides for punishment by fine or imprisonment, but does not mention license revocation or denial of license renewal. They insisted FCC should either refer specific programs to the Justice Dept. for prosecution, or should take its proposed rules to Congress and ask that they be enacted.

The public, meanwhile, was letting the Commission know that

for the most part it disapproved of the rules. Mail started mounting a few days after the regulations were announced. FCC authorities conceded that from a public relations standpoint they could hardly have made a more unfavorable move.

No network had yet prepared comment for submission to the FCC, which will accept comments until Sept. 10. But it was obvious that all were giving close attention to their own programming. After reaching a decision as to the status of their own shows under the proposal, they would decide what position to take officially.

Most agreed, however, that any reasonable guide post for future application of federal laws against lotteries would be welcome. Heretofore, some network attorneys have sought opinions concerning the legality of shows from the Post Office Dept. rather than from the

Legal Battle Brewing

DISTRICT 9

Caley Re-elected Director

CHARLES C. CALEY of WMBD Peoria was re-elected director of NAB's Illinois and Southern Wisconsin districts Thursday at the conclusion of the "slowest moving" first day in the history of Ninth District conventions.

With only 25 delegates on hand to receive the election result, Mr. Caley threatened "this will be the last district convention held in Chicago if I have my way."

"It is my hope that your district meetings for the next two years will be in some smaller city where we can keep track of the delegates and show proper respect for the Washington staff that has traveled across the country to tell us NAB's stories," he declared.

The convention opened with a program clinic featuring an address by Harold Fair, director of the NAB Program Dept., who is one of the group of NAB staff men, headed by President Justin Miller, making a summer tour of all districts. A discussion of "Music Matters" followed with Don Petty, NAB general counsel, answering questions about infringement difficulties with ASCAP and SESAC. Neither Mr. Fair nor Mr. Petty could wake the delegates out of their lethargy.

After Carl Haverlin, president of BMI, had brought the conven-

tion abreast of that organization's work, Leslie Johnson of WHBF Rock Island, Ill., suggested that BROADCASTING's editorial of Aug. 2, titled "Something Fishy," be read to the meeting and referred to the resolutions committee. The reference was made by unanimous vote and Mr. Haverlin, producing the editorial from a briefcase, read it to the delegates.

"This piece from BROADCASTING tells a music story better than it has ever been told before. Every broadcaster in the country should read it," said Mr. Johnson, a former Ninth District director.

Miller Talk

Judge Miller, speaking at the noon luncheon, asked that NAB be trusted to "hold its own" in Washington.

"We know the extent to which the government's steamroller runs over the man who doesn't stand up and assert his rights," he said. "And we know how to disturb the equilibrium of certain officials—and when to do it."

He called for NAB members to "work as a team and put in plenty of skull practice."

"We won't keep such rights and privileges as we now enjoy unless we fight for them," he declared. Asserting that "television comes

very close to all of us," Judge Miller said NAB's board is "carefully considering whether to have a special TV department."

"It would seem there are unusually good opportunities for television, in the wide open places, however, I'm not advocating that you enter it, for I am not a gambler," he added with a grin.

In an afternoon session, devoted to a discussion of problems of coverage and measurement, Hugh Feltis, BMB president, introduced several agency men and sponsors who endorsed the Bureau.

Hal Rorke of J. Walter Thompson, said that as far as his agency is concerned "independent research is suspect and BMB is considered to be the standard of measurement."

Robert F. Elrick, manager of the Market Research Department of Pepsodent, revealed that when the question came up recently in the advertising department of his concern as to which stations should be included in a campaign, "in three instances stations were not even considered because they had no BMB map."

"Many of our plans are cooked up in a hurry. Selection of stations is just one of many things we have to do. And probably like most of you, we take the easiest way out," he said. "That means we just naturally gravitate to selecting BMB stations."

Details on Final NAB Meets Given

Third Series Starting Oct. 4 At Fort Worth, Tex.

MEETING dates for the third and final series of NAB district conventions were announced last week by C. E. Arney Jr., NAB secretary-treasurer. The first series of meetings, now in progress, will wind up with the 11th District at Minneapolis, and the second series will get underway Sept. 8-9 at Yellowstone National Park for the 14th District affair. 14th District plans call for an extra day, Sept. 10, to be devoted to discussion of local problems.

The third series of three meetings will start with the 13th District sessions Oct. 4-5 at the Blackstone Hotel, Fort Worth, Tex. The 13th District embraces the entire state of Texas.

The 6th District will follow Oct. 11-12 at the Buena Vista Hotel, Biloxi, Miss. Conflict in hotel accommodations caused the week's lapse between this district meeting and that of the 13th. The 6th District takes in Arkansas, Louisiana, Mississippi and Tennessee.

Final district meet of the year will be that of the 5th District at the Biltmore Hotel, Atlanta, Oct. 14-15. This district consists of Alabama, Florida, Georgia and Puerto Rico.

NAB President Justin Miller will speak at all the meetings, with other NAB staff members also taking part.

Senate Group Asks Study of 'Incident'

STATE DEPARTMENT officials last week were reportedly studying a Senate committee's request that steps be taken to prevent repetition of international "incidents" such as that created when the Argentine government confiscated and published private dispatches to BROADCASTING.

The Senate Interstate and Foreign Commerce Committee initiated the request [BROADCASTING, Aug. 2, 9] after private mail from Correspondent Herbert M. Clark was intercepted and published in Madam Peron's *Democracia* with accompanying charges that he and certain members of the Inter-American Broadcasters Assn. were engaged in an international plot against Argentina. Mr. Clark's dispatch had described the angry disposition of the IABA toward Argentina's alleged absence of radio freedom of speech.

U. S. Ambassador James Bruce, who has returned from Argentina, could not be reached for a statement last week but associates acknowledged that he was concerned with the incident. The diplomat reportedly protested the mail pilfering to Argentine Foreign Minister Bramuglia and sought police protection for Mr. Clark.

Top Photo: When District 2 of NAB held its meetings in Rochester, N. Y., on Aug. 5, delegates took a tour of WHAM's new million-dollar Rochester Radio City. Shown seated in the deluxe lounge are (l to r): William Fay, WHAM general manager; Judge Justin Miller, president of NAB; Dr. Ray H. Manson, president of Stromberg-Carlson Co., owners and operators of WHAM; and Michael Hanna, WHCU Ithaca, N. Y., District 2 chairman.

Middle Photo: Listening attentively as Michael R. Hanna (seated, second from r), of WHCU Ithaca and NAB District 2 director, spins a tall one are eight other New York state broadcasters. Group includes: Seated, l to r—G. Emerson Markham, WGY Schenectady; M. R. Forman, WGVA Geneva; Charles F. Phillips, WFBL Syracuse; Mr. Hanna, and Eugene S. Thomas, WOR New York; standing, l to r—Sam Townsend, WARC; Gunnar Wiig, WHEC; Jack Kennedy, WHAM, and William B. Maillefert, WVET, all of Rochester. The four representatives of Rochester stations were hosts at a cocktail party given at the Rochester Club for NAB District 2.

Bottom: Dr. Clinton H. Churchill (l), WKBW Buffalo, and Thomas B. MacFadden WNBC New York, exchange greetings while Arthur Hull Hayes (second from l), WCBS New York; Helen Wood, WIBX Utica; and William I. Moore, WBNX New York, lend moral support.

Left photo—A Higgins trio—but the gents are not related (l to r): George Higgins, WISH Indianapolis; Hugh Higgins, assistant director, Broadcast Advertising Dept., NAB; and Joe Higgins, WTHI Terre Haute. Occasion was the District 7-8 meeting.

Center photo (l to r, seated)—Gilmore N. Nunn, the Nunn Stations, director of District 7, who presided at French Lick; Mary Dunlavey, timebuyer for Pedlar & Ryan, New York; and C. H. Topmiller, WKCY Cincinnati; (l to r, standing)—

Ed Flanagan, WSPD Toledo; Harry Betteridge, WWJ Detroit; Dwight Reed, Headley Reed, station representative, Chicago; and Bob Kerns, WLOK Lima, Ohio.

Right photo (l to r)—Bill Spencer, WHOT South Bend; John Fetzer, WKZO Kalamazoo; Al Albinger, WCOL Columbus; Vernon Nolte, WHIZ Zanesville; Larry Webb, WJW Cleveland; and Judge Miller. (This photo was taken at BROADCASTING's cocktail party.)

Fight for Ads Urged

By BILL THOMPSON

A STINGING REBUKE to his fellow broadcasters for permitting millions of dollars in advertising appropriations to go to printed media "unchallenged" was delivered by Eugene Carr, director of WHBC Canton, Ohio, and the Brush-Moore stations, at the NAB District 7 and 8 convention early last week at French Lick, Ind.

In a question-and-answer period following an address by Hugh M. P. Higgins, assistant director of NAB's Broadcast Advertising Department, Mr. Carr mounted the rostrum to cite Montgomery Ward and Co.'s recent allocation of large sums to black-and-white as a "very serious loss for radio."

"If we had challenged Montgomery Ward, we would have no cause for complaint," he said. "But we didn't even put up a fight."

Mr. Carr reminded the 148 delegates—from Ohio, Kentucky, Indiana and Michigan—that the bureau of advertising of the American Newspaper Publishers Assn. spent a million dollars last year to promote printed media. Seven of the bureau's personnel worked on national advertising alone.

Revealing that ANPA recently flew a promotional group from New York to San Francisco to make an all-day presentation on behalf of a new account, Mr. Carr asked—

"Why don't we give our association funds to match such a sales effort?"

He strongly supported NAB's plan to produce an "all-radio film presentation" after Mr. Higgins had given details of the production. Mr. Higgins prefaced his speech with the warning that black-and-white is waging a "vigorous anti-radio selling campaign."

"We're in a bitter fight," he declared. "We may as well face the fact that stations are getting a smaller piece of the advertising budget." Advertisers will forget about radio and return to the traditional printed page if we let them.

Gilmore Nunn, of the Nunn stations, who presided at all meetings, referred to the remarks of both

Mr. Carr and Mr. Higgins as "fighting words."

"Radio has only three fiddles on the stage, while the newspapers and magazines are playing to advertisers with a 150-piece ensemble," he said.

In a luncheon address, NAB President Justin Miller urged that station men "stand together because there are those who would like to divide and conquer us." He urged station owners to assume a professional attitude in their communities "like doctors and lawyers" and to "stand up and speak with courage."

Registration At NAB Districts 7-8

A
Al Albinger, WCOL Columbus, Ohio; Gerry Albright, WKBP Richmond, Ind.; J. R. Atkinson, WBBV Anderson, Ind.

B
L. W. Baldwin, WZIP Covington, Ky.; J. L. Barton, Capitol Transcriptions, Hollywood; Charles Batson, NAB, Washington; G. F. Bauer, WINN Louisville; E. F. Baughn, WPAG Ann Arbor, Mich.; Dave Baylor, WJMO Cleveland; Curt Beck, WHFE Benton Harbor, Mich.; R. M. Beer, WATG Ashland, Ohio; Harry Betteridge, WWJ Detroit; H. M. Bitner Jr., WFBM Indianapolis; J. W. Blackburn, Washington; C. P. Bodner, WPAY Portsmouth, Ohio; R. A. Borel, WBNS Columbus, Ohio; G. F. Boyd, WPAY; Gervis Brady, WHBC Canton, Ohio; T. S. Bretherton, WTLN Toledo; F. B. Bullard, WKIC Hazard, Ky.; Don Burton, WLBC Muncie, Ind.

C
J. H. Calloway, WBEX Chillicothe, Ohio; Eugene Carr, WHBC Canton, Ohio; R. C. Castor Jr., WATG Ashland, Ohio; S. A. Chesley Jr., WSFC Somerset, Ky.; S. A. Cislser, WKYW Louisville; W. F. Craig, WLBC Muncie, Ind.

D
W. G. Davis, WSUA Bloomington, Ind.; W. B. Davison, Capitol Transcriptions, Hollywood; R. S. De Tchon, WJMO Cleveland; Pete Disney, WHAS Louisville; R. P. Doherty, NAB, Washington; W. W. Dorrell, C. E. Hooper Inc., New York; C. L. Dozer, WMRN Marion, Ohio; Mary Dunlavey, Pedlar and Ryan, New York.

Judge Miller advised against trusting FCC on the Port Huron case, recalling that the Commission "has been on three sides of this question already."

"In political broadcasts, your greatest danger of libel charges is on the state level," he asserted.

The NAB president deplored the widespread talk about scarcity of frequencies, declaring that "if there appears to be a scarcity, it is only because of government ineptitude."

Judge Miller said his guess on the Mayflower decision is "relaxation of enforcement—with definite removal of 'heat' against those stations now editorializing."

BMB imported two speakers to endorse its work—Herbert S. Thompson, advertising manager of Miles Laboratories (Alka-Seltzer),

and Mary Dunlavey, radio timebuyer for Pedlar and Ryan agency, New York. Mr. Thompson, who has been Miles' advertising manager for 28 years, predicted radio "soon will be a buyers' market."

Miss Dunlavey declared that one of the occupational hazards of timebuying is making estimates for non-subscribers to BMB.

"We shouldn't do it, but we all do," she said, "and often our estimates are too conservative."

Speaking on "Television—the Blue Chip Decision," Charles A. Batson, NAB director of information, estimated \$370,000 as the average sum required to enter the video field. E. Y. Flanagan, vice president of Fort Industry's WSPD Toledo, who has had practical TV experience, said this figure should include \$3,000 monthly for tube losses, such as the Toledo operation has sustained.

Resolutions

The convention unanimously adopted the following resolutions—

Commending Judge Miller for his militant stand on "freedom of radio," and pledging support to his leadership by urging district members to determine the position of candidates for high public office in respect to the subject of freedom of radio.

Endorsing the All-Radio Presentation proposed by NAB and recommending active participation by all stations.

Requesting the Census Bureau to include AM, FM and TV set ownership questions in the 1950 census.

Supporting the encouragement of voluntary compliance with Standards of Practice.

Expressing appreciation to the State of Indiana for establishing a radio center at its state fair.

Commending transcription companies for attempts to bring about a solution of industry-wide music problems.

Recommending that district members take steps to assure appropriate use of the music of BMI.

INTRA-STORE TV

Proves Success for Parker's

THREE DAYS of experimental intra-store television arranged with the cooperation of WOC Davenport and RCA, have proved a "tremendous commercial success" for the M. L. Parker Co., Davenport department store.

Parker's is one of Davenport's leading department stores, and has been a long time client of WOC—with excellent results, Buryl Lottridge, WOC vice president, reports. Commercial department of the station was instrumental in presenting the commercial possibilities of this showing to R. V. Boom, advertising director and sales promotion manager of Parker's, who contracted with RCA for the three day intra-store video demonstration called "Backstage with Television."

Mr. Lottridge took an active part in the preparation of scripts and programs before the RCA team arrived and worked as a cameraman and floor director during the demonstration.

It was estimated by Mr. Boom that over 15,000 people saw all or part of the television program from the studio or from one of the 25 sets placed on the seven selling floors of the store. "The event was a tremendous commercial success for the store," Mr. Boom said.

In his evaluation of the demonstration, Mr. Boom continued:

Parker's test demonstration of television proved rather conclusively to us that television offers a potent medium for department store sales promotion. We were in a position during the demonstration to follow television through from start to actual presentation, and to accurately analyze sales results and customer reaction.

Although an increase in sales was noted in all departments, those departments showing the greatest increase were those that actively participated in the show. As a direct result of our 15 minute millinery style show, hat sales jumped to a new July high. This was rather surprising as the models shown were expensive (\$25 to \$50) hats by Milgrim, G. Howard Hodge, Francis Adams and other famous designers. Many of the customers who watched the millinery show at televisions located throughout the store went immediately to the hat department to try on the hats themselves. We know of one instance, during the first day's show, when a hat being modeled was sold while the show was still in progress.

As a result of our hair styling show, presented by Dermot of London and

featuring his short, short "baby-curl cut," women in the quad-cities flocked to Parker's to have their hair cut to the new length. Right now our Beauty Salon is turning away appointments daily and is completely booked up to the first week in September.

"Around the Clock Fashions," a half-hour show of autumn ready-to-wear and lingerie, stimulated business in all fashion departments. Many sales can be directly attributed to the show, and we are still being asked to show customers "that dress I saw on television."

As I mentioned before, the greatest results were noticed in the beauty salon, fashion and millinery departments, but cooking and ironer demonstrations increased traffic to our appliance center. Static displays of handbags, toys, men's furnishings, children's wear and luggage were used as fillers to good advantage.

The evening before the three-day demonstration opened, we gave a press preview attended by 200 radio and newspaper representatives, civic and business leaders and clergy. All those interviewed simultaneously over radio station WOC and television said they believed television could be used in their field to good advantage. As one of the clergymen pointed out, television would widen his contact with his congregation who are unable to attend church.

Attendance was good all three days of the show. We clocked 9,500 people

to the second floor where the stage and television equipment and cameras were located, and we estimate that 15,000 people were attracted to the store by the television demonstration.

Continuous live programming was maintained from 9:30 a.m. to 5:00 p.m. during the demonstration. Programs included commercial showings of store merchandise, professional and amateur talent and audience participation. Two half-hour marionette shows were presented daily by Ethel Hanley, assisted by Mary Fleuhrer. George Sontag and Marjorie Meinert, WOC piano artists, also appeared twice daily on their own program, *Study in Black and White*. Newscast was presented each day at noon by WOC with still pictures from *The Democrat and Times Leader* and AP wirephoto service. Other entertainment periods featured the M. L. Parker Co. chorus, dancers from Rae and Frank &

(Continued on page 71)

WOC executives practice camera technique on singer Joyce Foster. Behind the cameras are (l to r) George Moisan, account executive; Mr. Lottridge, and L. O. Fitzgibbons, commercial manager. WOC staffers are manning the booth.

Ethridge Chairman Of Advisory Group

MARK ETHRIDGE, publisher of the *Louisville Courier-Journal*, which operates WHAS Louisville, was selected by President Truman last week to serve as chairman of a new U. S. Advisory Commission on Information. The Commission will keep abreast of world developments and advise the State Dept. on operation of its foreign information program.

Mr. Ethridge

Named to serve with Mr. Ethridge on the Commission were four other outstanding Americans. They are: Justin Miller, president of NAB; Philip D. Reed, chairman of the General Electric Co.; Mark A. May, director, Institute of Human Relations, Yale U., and Erwin D. Canham, editor, *Christian Science Monitor*, and president of the American Society of Newspaper Editors.

Created by the 80th Congress, the Commission was set up to formulate and recommend to Secretary of State George C. Marshall a foreign information policy which will promote better understanding and relations between the U. S. and foreign nations.

All activities of the department's information program will come under the surveillance of the new Commission. These include the "Voice of America" broadcasts, movies, newsreels, and weekly and monthly publications. Activities of press officers abroad will also be considered.

'SCOTT DECISION'

Kersten Asks Clarification

By ED KEYES

THE POSSIBILITY was advanced last week that the House Select Committee, credited with taking broadcasters off the Port Huron hook, might also be asked to seek clarification of FCC's famed "Scott Decision" allowing equal air time for atheists.

Rep. Charles J. Kersten (R-Wis.) has indicated his intentions of bringing the "Scott Decision" to the attention of the House Committee, headed by Rep. Forest A. Harness (R-Ind.), BROADCASTING learned last Wednesday. The investigative committee which Congressman Kersten proposed to acquaint with the decision on religious programs a fortnight ago extracted from FCC Chairman Wayne Coy explanations substantially allaying fears held by broadcasters that they might face punitive actions as the result of routine processing of political broad-

cast material [BROADCASTING, Aug. 9].

Meanwhile a subcommittee of the Senate Interstate and Foreign Commerce Committee was reportedly preparing to ask all government agencies concerned in its vast inquiry into all phases of communications [BROADCASTING, Aug. 9] to begin assembling material for presentation to the Senate group. The House Select Committee investigating the FCC was continuing its probe but had no hearings scheduled in the immediate future.

Comment in 'Record'

During discussions in the House of Representatives Aug. 7, Rep. Kersten asked leave to extend his remarks on the "Scott Decision" to the *Congressional Record*.

In the *Record*, Congressman Kersten commented that "atheists have no more standing to ask for

equal time with religious programs over the air than violators of the moral law would have the right to expound immoral ideas on an equal basis with time granted to those who defend the moral law."

Definition Difficult

The legislator acknowledged "the general rule of the Federal Communications Commission that equity should be observed by radio stations in granting equal opportunity to opponents on different sides of a controversial public question is a good one. However, there may be difficulty at times in determining what is a controversial public question."

He described FCC's attitude in refusing WHAM Rochester, N. Y., a full three-year renewal as "strange" and warned that "if FCC gives way to the proponents of the atheist side of this controversy it will be falling into a dan-

TV COUNT

REFLECTING the no longer disputed limitations of television's current share of the spectrum, an unofficial survey of FCC's video workload last week showed 185 applications—more than 60% of all pending—are either in hearing or awaiting hearing.

Except in rare instances they are in hearing for only one reason—not enough channels to meet the demand. Not all of those which will eventually go to hearing have yet been designated.

The survey produced a state-by-state list, based on FCC's records, which reports construction permits outstanding for 111 stations, of which 23 are on the air, plus seven stations operating under regular licenses. Another station is on the air under temporary authorization, operating commercially but using an experimental call until FCC acts on the licensee's commercial application (Don Lee's W6XAO Los Angeles).

The records also showed 301 pending applications, of which 185 were in hearing in addition to one construction permit involved in hearing.

Following is the list compiled from FCC records, showing the status as of Aug. 12. "CP" indicates that a construction permit has been issued; those marked "O" are operating under special temporary authorization and those indicated by "L" are operating under licenses. "A" denotes application;

"A-H", application in hearing. Use of the reference "See also" means more than one city is in the metropolitan district involved.

LUCKIES' GRID SLATE ON TV COSTS \$750,000

AMERICAN TOBACCO Co. (Lucky Strikes), pioneer television sportscaster, will spend nearly three quarters of a million dollars on its football schedule this fall, it is estimated.

The client, through N. W. Ayer & Son, New York, will televise college football games beginning Sept. 25 on the following stations: WNBTV New York, WABD New York, WBZ-TV Boston, WNHC-TV New Haven, WRGB Schenectady, WBAL Baltimore, WNBW Washington and WTVR Richmond.

Some of the college teams already set for the series are Harvard, Yale, Army, Navy, Princeton, Northwestern, and the U. of Illinois.

Dairy in Capital Drops AM Show; Will Try Video

THOMPSON'S DAIRY, Washington, after approximately 14 years of sponsorship dropped its David Wills news program Aug. 14. The program was heard Mon.-Sat., 7:45-8 a.m., on WMAL Washington. Lewis Edwin Ryan, Washington agency for Thompson's, said the firm's radio appropriation will be channeled into a television program and to other Washington area AM stations, mostly suburban.

Mr. Ryan stated that due to the rapid growth of the Capital's suburban area, and as the result of a successful test campaign on nearby Virginia stations, a more diversified schedule had been planned.

Television program for Thompson's starts tonight (Aug. 16) on WMAL-TV Washington, 7:15-7:30 p.m. The weekly show will feature Dick Mansfield and Jeanne Warner.

PARAMOUNT SETS UP NEW FILM RATE CARD

PARAMOUNT Pictures Inc., which first previewed its program transcriptions last December, last week issued a new rate card for its 16mm and 35mm transcriptions.

The new card established the following charges for total use in any one day: First 10 minutes at \$20 per minute (or \$200 for 10 minutes); next 5 minutes at \$10 per minute (or \$250 for 15 minutes); next 15 minutes at \$8.33 per minute (or \$375 for 30 minutes); next 15 minutes at \$6.67 per minute (or \$475 for 45 minutes), and thereafter at \$5 per minute (or \$550 for 60 minutes).

Recordings are completed in 60 seconds following the programs.

Release Print Prices Quotations on 16mm Prints

	1 to 9 prints	10 or more
10 min.	\$18.00 each	\$14.40
15 min.	27.00	21.60
30 min.	54.00	43.20
45 min.	81.00	64.80
60 min.	108.00	86.40

Quotations on 35mm Prints

	1 to 9 prints	10 or more
10 min.	\$45.00 each	\$36.00
15 min.	67.50	54.00
30 min.	135.00	108.00
45 min.	202.50	162.00
60 min.	270.00	216.00

TIME SALESMEN

Status Review Prescribed

STATION salesmen are generally paid in relation to the business they bring in, except on large stations, according to a study just completed

Mr. Doherty

by Richard P. Doherty, director of the NAB Dept. of Employee-Employer Relations. Even in the large operations, however, 19% of the salesmen get either commission or salary plus commission.

In analyzing the whole problem of sales from the employee-employer relations viewpoint, Mr. Doherty found that with local retail accounts becoming more important as the industry enters a period of hotter competition as the lush sellers market eases and new stations take the air, it is time to re-examine employment conditions and management control of salesmen.

This competitive trend, he suggested, will make good salesmen an increasingly greater asset to stations. That being the case, he proposed stations "provide the right environment to attract and hold good salesmen. When the scratching gets tough and average per company sales revenue shrinks, it takes skillful sales management and well-conceived compensation and incentive plans to produce good results and maintain a genuine esprit de corps within the sales staff."

Average Weekly Gross Incomes

Average weekly gross income of fulltime salesmen a year ago was found to be \$71.32 on small stations, one-half receiving between \$57.06 and \$88.50. On medium stations the median income was \$84.77, one-half receiving between \$62.50 and \$113.19. On large stations the median income was \$106.25, one-half receiving from \$91.67 to \$145.

Sales managers, it was found, as a rule, get substantially higher incomes than members of their staffs. On small stations, their weekly median income was \$91.66 (\$75 to \$128.32); medium stations, \$126.34 (\$94.53 to \$172.50); large stations, \$150.83 (\$125.83 to \$172.50).

Average gross of parttime salesmen, of course, is well under these averages.

Methods of paying fulltime station salesmen (not including sales managers) followed this station pattern:

	Small	Medium	Large
Straight salary	30%	39%	67%
Straight commission	22	25	8
Salary plus commission	19	20	8
Some other method	4	6	3
None employed	23	10	11
No answer	2	--	3

Main methods of paying sales managers on small stations are

straight salary, 40%; salary plus commission, 18%; commission only, 11%; salary plus override on sales of others, 6%.

On medium stations, main methods are straight salary, 47%; salary plus commission, 10%; salary plus override on sales of others, 9%; commission only, 6%.

On large stations, main methods are straight salary, 94%; salary plus override on sales of others, 3%; salary plus commission, 3%.

Station managers on small outlets are paid straight salary in

48% of the cases; salary plus bonus on profits, 33%; salary plus commission, 5%; salary plus override, 4%.

On medium stations, main methods are salary, 55%; salary plus bonus on profits, 30%; salary plus override, 2%; salary, commission and bonus on profits, 2%.

Sales incentive programs enable many small station sales managers to earn incomes equal to the salaries paid on some of the larger stations, the study shows. With competition becoming more serious, more stations are likely to give managers a share in sales revenue, it is anticipated, executive incentives being entirely compatible with the personal part taken by managers in sales, program and technical activities.

The salesman at many stations is "a most important individual in the success story" of the operation, through his sponsor contacts and community activities. Mr. Doherty notes. For salesman doing a genuinely creative job, he advises, some form of reward is desirable.

Wage Incentive Weighed

Straight commission often tends to keep salesmen working on "the most desirable plums," the study shows, instead of cultivating new accounts. Lack of assured income often leads to employee relations problems.

Straight salary often doesn't give salesmen a share in the fruits of their production, the study observes. "Lasting success may be achieved from a wage incentive program only when it is founded on a genuine balance of fairness and merit to both salesmen and management," it is emphasized.

Sales managers must be careful to avoid unbalanced distribution of favored accounts and potential customers, according to the analysis. Furthermore, "it is illogical to assume that a firm gets the best results from salesmen by keeping them in a state of fear and worry over loss of job. Steadiness in income and sense of job security are conducive to sound employee-employer relations."

In most cases it is desirable for the sales manager to get an override from the commissions of salesmen, or a bonus based on sales results. The sales manager should have a higher income than the men under him, the analysis stresses.

Too few stations have given sufficient thought to differential rates of commission for different types of sales—time, talent, retail, general, marginal time, etc.—and as a result salesmen merely sell spots instead of building specific programs for sale to sponsors. That's where commission incentives can bring in sponsors for marginal time, it is pointed out.

Few stations were found to pay a commission to the salesman who made the original sale after the

account has been assigned to another salesman. Moreover, few salesmen are responsible for determining the credit status of their accounts though they should give valuable information to the station management. At many small stations the salesman not only sells an account but collects the payments for these accounts. At larger stations salesmen limit themselves more and more to selling and servicing the account.

Hold Sales Meeting

Importance of regular sales meetings is pointed out in the study along with the observation that far too few stations require salesmen to submit written reports.

Other points: The unsold account is always a potential customer; sometimes it is well to reshuffle accounts among salesmen; often there is a too-low volume of sales revenue for the size of the sales staff; discrepancies in income of members of the sales force are a disturbing factor; relation of sales incomes in relation to other station personnel should be studied, salesmen in some cases lagging behind program and technical staffs within the past few years; unless management faces sales compensation problems, some salesmen will turn to unionization as did foremen. This has occurred already at a few stations.

GALLUP AND ROBINSON FORMING SURVEY FIRM

FORMATION of a new firm, Gallup and Robinson, to specialize in the measurement of the effectiveness of advertising, was announced last Thursday by Dr. George Gallup, director of Gallup Poll, and Dr. Claude Robinson, president of Opinion Research Corp. Both Messrs. Gallup and Robinson will continue in their present organizations, the new firm being the only jointly directed enterprise and operated separately from the other organizations.

Object of the new firm is to furnish "an objective appraisal of advertising effectiveness." Chief tools to be used, Dr. Gallup explained, will be the "Impact" methods which measure penetration of sales messages with prospective customers. The new survey of radio advertising "impact," he said, has three aims: (1) to prove listenership; (2) to prove "registration," i.e. that the advertising message and intent is getting across, and (3) to show whether or not the commercials are being heard by prospective customers.

Policy of the new company will be to work exclusively for one client in a given product field. The survey is intended for large, national advertisers and will not be done on a recurrent, regular basis.

Ralph Hagen and George Cole, formerly with Opinion Research Corp., will join the new firm, which will have offices in Palmer Square, Princeton, N. J.

Mr. GROSSMAN

ABC Nets \$850,000 First Half of '48

Network and Subsidiaries Clear \$520,000 After Taxes

ABC Inc. and subsidiaries last week reported a net income of \$850,000 for the first half of 1948, with \$520,000 after federal income taxes. The sum was equivalent to 50 cents a share on 1,689,017 shares of \$1 par common stock.

Net income for the same period last year was \$890,000, or 53 cents a share on the same basis. Gross income from the sale of facilities, talent, lines, etc. was \$28,286,574 for the first six months of 1948, as compared to \$25,540,628 for the same period in 1947.

Columbia Grid Games On TV; L&M Is Sponsor

LIGGETT & MYERS (Chesterfield cigarettes) will sponsor telecasts of the Columbia U. football games this season on WCBS-TV New York, and possibly the entire CBS television network, the firm's advertising agency said last week. Newell-Emmett, New York, represents L&M.

At least six home games are included in the schedule, and plans are under consideration to telecast the two out-of-town games. L&M sponsorship of the AM broadcasts on WINS New York was announced fortnight ago [BROADCASTING, Aug. 9].

Stations Are to Handle All CBS Co-op Sales

SALES of CBS cooperative shows henceforth will be handled by the stations themselves rather than by the network, it was disclosed last week.

The CBS co-op sales division will devote most of its time to sales promotion and will do no direct selling, according to J. Kelly Smith, CBS director of station administration. Ralph Hatcher, who has resigned as director of CBS co-op sales, will not be replaced, Mr. Smith said.

Salvation Army Series Offered for Local Use

SALVATION ARMY'S national headquarters has announced the release of a series of 13 "inspirational" recordings for local use by radio stations.

The discs, which are titled *Adventures in Faith*, are 15-minute open-enders designed to be opened and closed with live announcements by local officers of the Salvation Army. Topics covered include aid for veterans, problems of alcoholics, and others of a more general nature. The American Federation of Musicians and the American Federation of Radio Artists cooperated in producing the series.

Stations interested are asked to contact Salvation Army officials in their city.

FCC JULY REPORT

FCC MONTHLY report for July shows that as of July 31 the status of broadcast station authorizations and applications was as follows:

	AM	FM	TV
Total authorized	2,039	1,012	119
On the air	1,820	584	30
Licensed	1,723	165	3
Construction permits	316	746	112
Conditional grants	101	101	---
Total applications pending	1,413	443	338
Requests to change existing facilities	293	6	15
Requests for new stations	562	182	299
Deletion of permits in July	3	9	---
Deletion of licenses	1	---	---
Deletion of licenses	---	3	---

¹ Includes 22 conditional grants and 397 construction permits.

5TH NETWORK HEARING CONTINUED TO AUG. 23

HEARING on a motion for probation for the three principals in the fifth network (Radio America Inc.) case—Paul M. Titus, Rudolph J. Fjellstrom and Charles J. Husband—has been continued to Aug. 23 on request of San Francisco's probation officer, who said he wished more time to complete his report.

The hearing had been slated for Aug. 9, and the court, in granting the continuance, stated that no further continuances would be granted after this one. The principals, none of whom was in court, were represented by counsel.

Mr. Titus, Mr. Fjellstrom and Mr. Husband are principals in North American Broadcasting Service Inc. (forerunner of Radio America Inc.), which was indicted by a San Francisco County Grand Jury in January [BROADCASTING, Jan. 26] on charges of violating the California Corporate Securities Act.

Prominent broadcasters have been mentioned from time to time as being identified with the fifth network plan, but there has been no recent announcement from Mr. Titus or any of his associates on this point.

Kudner Names Cashman Radio Department Head

EDMUND L. CASHMAN, head of the Hollywood office of Kudner

Mr. Cashman

Agency Inc., has been appointed director of the radio department of the agency in New York, it was announced last week by Myron P. Kirk, executive head of the firm's radio and television section. For the past 18 months Mr. Cashman has been associated with the Hollywood office of Kudner. Prior to that he was a vice president of Foote, Cone & Belding, and for some time produced the Lucky Strike show, later becoming account executive for the American Tobacco Co.

Cake Mix on Market

GENERAL Foods Corp., New York, announced last week that its newest product, Swans Down Instant Cake Mix, is now on the market nationally. Advertising is expected to be similar to that of other GF products, although no specific plans have been announced.

Let FCC License Networks — Durr

Religious Radio Workshop Given Former Commissioner's Views

PRESENT STRAIN between FCC and the networks can be eliminated by federal legislation giving the Commission power to license networks, Clifford J. Durr, former FCC commissioner, told members of the U. of Chicago Religious Radio Workshop last Tuesday.

Appearing in a panel discussion with Erik Barnouw, president of the Radio Writers Guild, and Everett C. Parker, director of the Joint Religious Radio Council, Mr. Durr talked on "Broadcasting in the Public Interest." Pointing out that "stations are caught in a squeeze of FCC regulations on one hand and the power of the networks to cancel their network affiliations on the other," Mr. Durr argued that licensing of networks would permit a review of their programming, as is now done with stations.

Barnouw Cites Freedom

Mr. Barnouw, speaking to 35 religious radio leaders from all parts of the country, said there is "more freedom in writing religious programs today than in any other type, as radio writers continually censor themselves, with an eye to possible embarrassment of advertisers and networks." "The corner for radio experimentation is getting smaller and smaller," he said.

Asserting that writers are asked to write in terms of formulae which are "safe" rather than in terms of realities, Mr. Barnouw said that radio operates on the theory that the "customer (or listener) is always right. A problem more important than censorship in radio is that of the lack of co-operation by stations and networks in production of public service programs."

The workshop will end Aug. 27, when awards for outstanding religious programs will be given.

Sponsors Grid Scores

U. S. ARMY and Air Force will sponsor a Saturday evening review of football scores and high-lights (6:45 to 7 p.m. CDT) on 270 MBS stations starting Sept. 18 for 13 weeks, through Gardner Advertising, St. Louis. Show will be conducted by Mel Allen. West Coast repeat will be aired at 7:15 p.m. PDST, with additional Pacific Coast scores by Bill Symes.

WSB-TV Joins NBC

WSB-TV Atlanta, which will begin test patterns this week preparatory to going on the air Sept. 29, last week was signed as an NBC affiliate. John Outler is station manager. WSB-TV will broadcast on Channel 8 (180-186 mc) with 5 kw visual power and 2.5 aural. Its parent station, WSB, also is an NBC affiliate.

Drawn for BROADCASTING by Sid Hix

"I just don't seem to have any sales resistance!"

TWENTY years in radio were celebrated during a special broadcast last week by Vic Diehm (r), general manager of WAZL Hazleton, Pa. Mr. Diehm is shown with his first radio boss, Ray Gaul, manager of WRAW Reading, Pa.

100 Million Receiving Tubes Sold in 6 Months

DURING the first half of 1948 more than 100 million radio receiving tubes were sold by member-companies of the Radio Manufacturers Assn., according to an RMA report issued last Friday. Sales in June rose slightly over those in May but were under sales of the preceding four months.

Total half year sales were 100,005,963, while June sales reached 15,114,272. The half year sales were divided as follows: 72,543,504 for new sets, 20,280,996 for replacements, 6,644,749 for export, and 536,714 for government agencies.

Iowa AP Group

IOWA station representatives will convene for an Iowa Associated Press group organizational meeting Sept. 24 at Cedar Rapids, with WMT and KCRG as host stations. L. P. Yale, AP state bureau chief, will conduct the day-long session. The next day the school of journalism at the U. of Iowa will entertain the expected 60 persons at the Iowa-Marquette football game at the school stadium.

PHONEVISION

A DASH of cold water was spattered on Zenith Radio Corp.'s Phonevision promotion last week by the American Telephone & Telegraph Co., in a letter designed to "correct the misunderstandings that now exist."

The telephone company wrote Comdr. E. F. McDonald Jr., Zenith president, that the Bell System companies do not consider it "appropriate" for them to "sponsor or undertake Phonevision" on their own initiative and that actually, despite reports to the contrary, "there are good reasons why the Bell companies would probably not find it practicable to do more than provide circuits to any prospective customers desiring such facilities."

The letter noted that AT&T had offered in June 1947 "to conduct tests over telephone company lines when your development reached the stage to make this desirable." The letter added: "While one of our people viewed a preliminary model of your set, we have not been advised that your development has been completed."

FMA CONCLAVE

SELECTION of six committees to assist Marion Claire, chairman of the FM Assn.'s second annual convention to be held Sept. 27-28-29 in Chicago, was announced last week by FMA.

The committees, named by FMA President Everett L. Dillard and approved by the FMA board, will serve under Miss Claire, director of WGNB Chicago, the *Tribune* FM station. Miss Claire was elected convention chairman at a board meeting last May.

The committees follow:

AGENDA—C. M. Jansky Jr., Jansky & Bailey, Washington, D. C., chairman; Gaines Kelley, WPMY Greensboro, N. C.; Fred Weber, WDSU-FM New Orleans; James H. Moore, WSLs-FM Roanoke, Va.

RECEPTION—Frank A. Gunther, vice president, Radio Engineering Laboratories, New York; William J. Halligan, president, The Hallcrafters, Chicago; Thomas P. McNulty, WMCP Baltimore; Ray E. Dady, KWK-FM St. Louis; Ben Strouse, WWDC-FM Washington; Matthew H. Bonebrake, KOCY-FM Oklahoma City; Howard Lane, Marshall Field Enterprises, Chicago.

REGISTRATIONS AND MEMBER-SHIP—Harold Essex, WSJS-FM Winston-Salem, N. C.; William E. Ware, KFMX Council Bluffs, Ia.; E. J. Hodel, WCPC Beckley, W. Va.; Charles D. Lutz, KYFM San Antonio, Tex.; George L. Sutherland, WAMS-FM Wilmington, Del.

EXHIBITS—Sam Insull Jr., Stewart-Warner Corp., Chicago; Stanley H. Manson, Stromberg-Carlson Co., Rochester, N. Y.; Thad Holt, WAFM Birmingham, Ala.; Milton B. Sleeper, FM and Television, Great Barrington, Mass.; Raymond F. Kohn, WFMZ Allentown, Pa.

ENTERTAINMENT—Edward A. Wheeler, WEAW-FM Evanston, Ill., chairman; Bert Lown, Associated Program Service, New York; C. O. Langlois, Langworth Feature Programs Inc., New York; A. J. Name Six Committees For Chicago Meet

Nominating Group Selected by FMA

A NOMINATING committee to select candidates for six vacancies on the FM Assn. board of directors was announced today (Aug. 16) by Everett L. Dillard, FMA president. Election will take place at FMA's second annual convention in Chicago Sept. 27-28-29.

Named to the nominating committee were Matthew H. Bonebrake, vice president and general manager, KOCY-FM Oklahoma City, chairman; Gaines Kelley, general manager, WPMY Greensboro, N. C.; Ben Strouse, vice president and general manager, WWDC-FM Washington, D. C.; Robert M. Beer, co-owner, WATG Ashland, Ohio; Thomas B. Tighe, manager, WJBK Asbury Park, N. J., and Charles D. Lutz, general manager, KYFM San Antonio.

Five candidates will run for three-year terms to succeed five whose terms expire with the convention. The sixth will fill the unexpired term of W. R. David, resigned. Mr. David had been selected for a three-year term as a representative of General Electric, but he is now a vice president of WPTB Albany, N. Y. He resigned last week. His successor will serve until the third annual convention in September 1949.

Directors whose terms expire with the second annual convention are:

Marion Claire, WGNB Chicago; Frank A. Gunther, Radio Engineering Laboratories, Long Island City, N. Y.; Raymond F. Kohn, WFMZ Allentown, Pa.; M. S. Novik, Unity Broadcasting Corp., New York, and Stanley W. Ray Jr., WPCB New Orleans.

Holder members of the FMA board are: Everett L. Dillard, WASH Washington and KOZY Kansas City; Roy Hofheinz, KOPY Houston; C. M. Jansky Jr., Jansky & Bailey, Washington, and Thomas P. McNulty, WMCP Baltimore, who have another year to serve.

E. J. Hodel, WCPC Beckley, W. Va.; E. Z. Jones, WBBB-FM Burlington, N. C.; Ben Strouse, WWDC-FM Washington; David G. Taft, WCTS Cincinnati, and William E. Ware, KFMX Council Bluffs, Iowa, all of whom have two years more to serve.

ABC Communism Show Wins Grocers' Applause

ABC COMMENTATOR Jack Beall and the network last week received the plaudits of the National Assn. of Retail Grocers for Mr. Beall's 15-minute program on Communism heard at 6:45 p.m. Saturdays.

In a resolution adopted at their convention, the 400,000 independent food merchants highly commended ABC for what it termed an "outstanding public service." The program was described as "the only network program which consistently, systematically, and exclusively concerns itself with the Communist threat to this country and the world."

FCC and Industry Study Radiations

Tighter Transmitter Standards May Result From Meeting

RECOMMENDATIONS for stricter suppression standards for transmitters in the broadcast as well as nonbroadcast field probably will be developed by FCC as an outgrowth of an informal FCC-industry engineering conference held last Tuesday to study the problem of interference caused by spurious radiations.

Spurious and harmonic radiations are a bugaboo to television in particular and also to FM. The conference, of an exploratory nature, was attended by some 70 industry and government representatives, mostly from manufacturers of mobile equipment, who were asked by the Commission to make available any material they might have which deals with the suppression problem.

It was brought out that receivers as well as transmitters contribute to the interference problem but it was thought unlikely that FCC's recommendations—when they come—will apply to receiver design since the Commission's authority in this field is admittedly in doubt.

ARRL Channel 2 View

During the course of the discussions George Grammer of the American Radio Relay League reiterated his argument that Television Channel 2, which suffers more interference from harmonics from amateur and other operations in the 27 mc area, should have been deleted rather than Channel 1.

John A. Willoughby, FCC's acting chief engineer, was in charge of the conference, assisted by members of the engineering staff including Edward W. Allen Jr., chief of the Technical Information Division; Curtis B. Plummer, chief of the Television Broadcast Division; Glen E. Nielsen, chief of the Public Safety & Special Services Division; Edward W. Chapin, chief of the Laboratory Division.

A Hyphen Triumphs!

THE HYPHEN has finally been promoted from the obscure ranks of mere punctuation marks to a position of prominence—at least in Cincinnati. It achieved recognition last week when Crosley Broadcasting Corp.'s Cincinnati video station changed its call letters from WLWT to WLW-T. In its important role the hyphen preserves the identity of WLW in the call letters, indicates WLW-T's association with the AM outlet, and identifies the outlet, without question, as television, by isolating the "T" from the preceding letters.

Promotion Is Doused; AT&T Tells Stand

The letter was signed by J. J. Hanselman, assistant vice president, who told Comdr. McDonald that "if you have any questions regarding this matter or would like to discuss it further, we should be glad to do so."

Text of Letter

Text of the letter, which was dated Aug. 4 and released last week (in references to "telephone companies" Mr. Hanselman is speaking only for the Bell System companies):

Dear Commander McDonald:

In view of numerous questions raised with us by others we believe that there is considerable public misunderstanding concerning certain information which has been given out regarding phonevision. Misunderstanding of this

How to cool off

Polar bears have one method. They just dive into the pool and take a swim.

Time-buyers who are hot and bothered about a sales problem in the rich Baltimore market have an equally efficient way to cool off. They just buy W-I-T-H, the BIG independent with the BIG audience. This will positively solve the problem.

Yes, sir! It's as simple as that! You see, W-I-T-H delivers more listeners-per-dollar than

any other station in town! It covers 92.3% of all the radio homes in the Baltimore trading area.

So if you're looking for low-cost sales in Baltimore, W-I-T-H is your best buy. We say so. Advertisers say so. Time-buyers say so. Call in your Headley-Reed man today and get the full W-I-T-H story from him.

IN THE HEART OF WMTland, 20 miles from Cedar Rapids, lies Homestead, one of seven small communities comprising the Amana colonies. Interesting politically and socially, the colony is a business corporation, with most of its 1500 stockholders working and living in the colony. They operate 26,000 acres of good Iowa farm land. Their woolens, hams, and deep freeze units are sold throughout the nation.

WMT's advertisers regularly reach Homestead—and hundreds of other equally prosperous farm and factory areas in Iowa. Stake your claim to these important twin markets via WMT—Eastern Iowa's only CBS outlet. Ask the Katz man for details.

UNION TIFF

(Story on WJZ-TV Inaugural on page 23)

AN ORDER restraining the International Alliance of Theatrical Stage Employes from interfering with operations of WJZ-TV New York was extended to Aug. 31 by Judge Samuel H. Kaufman of the U. S. District Court of New York last week.

The original order had been issued Aug. 9 at the request of the NLRB in the form of an injunction to obviate the possibility of interference with the WJZ-TV opening the following night by a jurisdictional dispute between the IATSE and the National Assn. of Broadcasting Engineers and Technicians (NABET). It would have expired last Saturday after a five-day period.

In granting the extension, purpose of which is to give IATSE attorneys more time to "show cause" why the injunction should not be made permanent, the court noted that it was ordered "without prejudice to either party."

Differences Claimed

The crux of the dispute, according to ABC President Mark Woods was this: IATSE asked 50% jurisdiction over the video cameras at the opening. ABC's contract with NABET gives the latter union jurisdiction over all technical equipment, including all of the television cameras.

After issuance of the original temporary injunction against the IATSE, the union's president, Richard F. Walsh, bitterly questioned the legality of the move in a statement issued in Cleveland, where the union's executive board was meeting.

"If necessary—and I don't think it will be, because we will get redress before that—we will take this matter to the Supreme Court of the United States," Mr. Walsh declared.

The union president criticized the NLRB for not consulting with the IATSE to ask its version of the dispute before obtaining an injunction. "The board would have found," Mr. Walsh said, "that a very satisfactory and peaceful arrangement of a similar kind was made between the International Brotherhood of Electrical Workers and the IATSE when CBS arranged for the televising of the stage play, 'Mr. Roberts,' on Broadway. The board would have been informed that ABC offered to pay our members stand-by time in violation of the law, and that we refused to make that arrangement because we have always opposed stand-by compensation."

NLRB Criticized

And he added: "The injunction in this case was based on statements of one side only—presented by the ABC and an unaffiliated group called the National Assn. of Broadcasting Engineers and Technicians. It was issued without notice to the IATSE, and without a hearing accorded to the IATSE."

Mr. Woods said the court's granting of a restraining order

Court Restrains IATSE Activity at WJZ-TV

against the union was "... recognition by the court that ABC was about to be the innocent victim of a jurisdictional dispute. The American Broadcasting Co. appealed to the NLRB only after exhausting every resource at our command."

Heck Is Production Head For NBC's Central Div.

HOMER HECK, NBC Chicago production director for the past six years, begins work today as production manager for the network's Central Division. He will supervise a staff of seven senior and three junior production directors.

Mr. Heck fills a vacancy created recently when Arthur H. Jacobson was named program manager, replacing Jules Herbubeaux, now manager of NBC's Chicago television operation.

He joined NBC in 1942 in Chicago as production director, directing *The World's Great Novels*, *Tales of the Foreign Service* and other NBC *University of the Air* features. Mr. Heck is an instructor at the annual NBC-Northwestern U. Summer Radio Institute.

Keeping up with WCBS

(NEW YORK'S #1 STATION)

Always alert to the unusual in entertainment, Bill Leonard recently brought his THIS IS NEW YORK listeners to Lake Mahopac, N. Y. for the on-location shooting of Twentieth Century Fox's "Letter to Three Wives." Highlight of his program was a tape-recorded interview with Linda Darnell and Director Joseph Manckiewicz who proffered unrehearsed, spontaneous opinions on the delights and dilemmas of picture making. Leonard's enterprise in story coverage constantly provides fans with an open sesame to the more intimate worlds of theatre, art, and fiction, and places his program on New Yorkers' preferred list. THIS IS NEW YORK is a WCBS production, and another reason why WCBS (represented by Radio Sales) is the #1 Station in America's #1 Market.

-Eye Radio"

MARKET-PLANNED RADIO

HOW do you engage your salesmen—by “basic groups” and “supplementary groups”, a dozen or a hundred at a time? And then how do you train them to sell—with one “personality” and one sales appeal, regardless of local preferences or potentials?

Spot radio (Bull’s-Eye Radio) is a salesman who can go into any market or markets in the nation—when and where you wish—and can then “work” those markets as required by the

individual problems encountered.

Bull’s-Eye Radio is *market-planned radio*. It can be used alone, or to reinforce network radio, national magazines, newspapers, farm papers or outdoor. For sixteen years, F & P has devoted itself to Bull’s-Eye Radio *exclusively*. We know most of its opportunities, most of its pitfalls, and would be as happy to tell you about the one as the other. Would you like to discuss it with us?

ERP REPORT VIA TV

ABC to Present Documentary
On Marshall Plan in Fall

ANOTHER video "first"—the telecasting of a documentary—is slated for presentation this fall when ABC will offer comprehensive examination of the European Recovery Program. Announcement of the forthcoming production, titled *The Marshall Plan—a First Report*, was made in New York last week by Robert Saudek, vice president in charge of public affairs for ABC.

Scheduled for production on three continents—Europe, North and South America—the documentary will combine live production and specially prepared films made with the assistance of the International Film Foundation. European portion is being filmed in 16 countries.

The documentary will point up the full implications of ERP, illustrating political, social and economic backgrounds and surveying the actual needs and resources of the Economic Cooperation Administration countries.

The ERP report is ABC's seventh such radio document produced by its public affairs department over the past two years, most recent of which was *Communism—U. S. Brand*, aired last Monday.

KYW Workshop Includes Television Discussions

ROLE OF RADIO in world affairs and the place of television in modern broadcasting were subjects of new courses in the sixth annual KYW Radio Workshop for Teachers, which the Philadelphia Westinghouse radio station just concluded.

Supplementing KYW staff men were lecturers from Philco television station WPTZ Philadelphia, local advertising agency executives, officials from the United Nations, representatives of BBC and Radiodiffusion Francaise, together with education authorities. Faculty was headed by Gordon Hawkins, education director of WRS Inc.; W. C. Galleher, education director of KYW; Donald Baird, assistant education director, and Warren Kay, Kathryn F. Bovaird, Gertrude Novokovsky, Lydia M. Ickler and Josephine D'Onofrio, radio assistants for the Board of Education.

Sydney Kaye to Address Television Film Council

SYDNEY KAYE, vice president and general counsel, Broadcast Music Inc., will be guest speaker at the National Television Film Council dinner meeting Aug. 19 at Sardi's, New York. His subject will be "The Right to Perform Music on Television."

Officers and 11 directors will be nominated for election at the September meeting, and the proposed standard exhibition contract will be discussed.

KTUC Tucson, Ariz., lost its front and rear yards in a recent flash flood, but no damage was done to the building. Bulletins of the coming flood given by the station were credited with saving many thousands of dollars in property when residents of the city were warned in time to take necessary action.

'VOICE' EXPANDS Adds 10 Languages; Ups Programming

ADDITION of ten foreign languages for "Voice of America" broadcasts and an increase of up to 50% in programming to several Soviet satellites was announced last week by the State Dept.

This will bring to 32 the number of languages being used and will boost the present daily program output from 34 to 40 hours. Languages to be added are Arabic, Persian, Turkish, Danish, Norwegian, Swedish, Finnish, Dutch, Portuguese and Ukrainian.

The expansion in languages and programs is possible because of an increased Congressional appropriation of \$28,000,000 for the information program for this fiscal year, as compared to only \$10,000,000 last year. It was estimated by the State Dept. that at least \$7,000,000 of the total will be used for expanding foreign broadcasts.

Other Plans

Other highlights of the proposed expansion plan are:

(1) Four new transmitters at unnamed sites. Present units at Honolulu, Manila and Munich also will be increased substantially.

(2) Listener surveys by private groups in France, Italy, Finland, Sweden and China to determine number of listeners, their habits and kind of programs in which interested. Results would be applied to future programming.

(3) A "large quantity" of musical programs and scripts produced in this country and shipped overseas for transmission on local stations and networks.

(4) Advance schedules of broadcasts printed in ten languages and mailed to 400,000 foreigners.

(5) Listener relations unit to answer some 50,000 letters a month in over 40 languages asking information about the U. S. This unit was once in existence but was dropped when appropriations were cut.

(6) A publicity campaign on "Voice" programs in foreign countries. Will include advertisements and promotional literature in American periodicals now being published for foreign consumption.

New Evidence of Jamming

Shortly after announcing the expansion program, the State Dept. reported new evidence that "Voice" broadcasts beamed to Russia were being jammed by transmitters

within the Soviet Union.

According to officials of the department, four daily programs to Russia have been plagued with squeals and howls "for several weeks." Checks by European monitors and direction finders reportedly traced the origin of the interference to central Russia.

Deny Responsibility

The U. S. was experiencing similar difficulty with Far East broadcasts several months ago and lodged a protest with Russia. The Soviet reply denied responsibility for the jamming.

STOCK DISPUTE WSNY Co-founder Asks Probe of Partner

A STOCKHOLDER and co-founder of WSNY Schenectady petitioned FCC last week for an investigation of "a series of stock transactions" by which he claimed his partner gained control without his knowledge or FCC's consent.

The charges were filed by George R. Nelson, general manager of WSNY until two months ago, against Winslow P. Leighton, president of the station and partner of Mr. Nelson in the Leighton & Nelson advertising agency at Schenectady.

Mr. Nelson told the Commission that when he returned from a vacation in Florida earlier this year he discovered that Mr. Leighton had bought up interests of other stockholders to a point where he and a sister held control. He charged that Mr. Leighton is the actual owner of the additional shares listed on the books as owned by Mr. Leighton's sister or held for her benefit.

He asked FCC to investigate to determine whether there had been a violation of the section of the Communications Act (Sec. 310b) which prohibits transfers of control without prior consent of the Commission.

Mr. Nelson said that before he went to Florida for a vacation last

Oct. 11-12: NAB District 6 meeting, Buena Vista Hotel, Biloxi, Miss.

Report Issued

FCC'S ANNUAL *Statistics of the Communications Industry in the U. S.*, covering the year ended Dec. 31, 1946, went on sale last week at the Government Printing Office, Washington 25, D. C., at 55 cents per copy. The study covers both broadcasting and common carriers, presenting data previously released separately by the Commission.

February he and Mr. Leighton each owned 26 of the 96 shares of stock that had been issued. He said Barbara Leighton, sister of his partner, and Mrs. Florence Walcott, his partner's mother-in-law, had four shares each; that Mrs. Phyllis Lippert, sister-in-law of Mr. Leighton, had one share, and that the remainder was held by local business and professional men, including some of the station's employees. The stock of three of these stockholders, totalling 11 shares, had been acquired for the station treasury, he reported.

Buys Added Shares

His petition claimed that on his return from vacation he found that Mr. Leighton had bought 10 shares of the treasury stock for \$4,000 in funds from the advertising agency and divided them evenly between himself and Mr. Nelson, boosting the interest of each to 31 shares and then increasing this to 33 by the divi-

TWENTY-FIFTH ANNIVERSARY YEAR

is this the biggest
moment
in a woman's
life?

*Barbara Welles gets a new Sally Victor hat and a scoop
for her WOR program*

BIG MOMENT. The charming, dimpled star of WOR's "The Barbara Welles Show" has the fleeting fidgets as Sally Victor slides the new hat on her head. The famous milliner created the sweeping velour hat especially for Barbara Welles.

RELIEF. "Dazzling," sighs Barbara Welles happily. "Indeed you are," smiles Sally Victor. "I mean the hat," Barbara tosses back. "The hat" was described to hundreds of thousands of women on "The Barbara Welles Show" on WOR.

COMPLIMENTS. "No wonder your listeners depend on you for glamour news," says Sally Victor. Miss Welles waltzes back with: "Just wait until they hear about your Fall Collection." Listeners always meet fascinating people on this famous WOR program.

DELIGHT. Lovely Barbara Welles is delighted with her new hat. Her listeners are delighted with her charm, her poise, her warmth. From its glamour news, its famous guests, to its question-session . . . "The Barbara Welles Show" on WOR is a thirty-minute weekday delight.

BIG TV-AM DEAL *Old Golds to Sponsor Amateur Hour*

P. LORILLARD Co. (Old Gold Cigarettes) through its agency, Lennen & Mitchell, New York, last week signed a deal for sponsorship of *The Original Amateur Hour* on both radio, Wednesday 8-9 p.m. on ABC, and the DuMont Television Network, Sunday 7 to 8 p.m. The cost for the dual deal is estimated at \$1,500,000 annually.

It marks the first time that the same hour-long commercial series has been signed for both television and radio, the agency announced, and it also marks the first time a commercial series will be televised on a coast-to-coast network.

The radio broadcast will begin on 173 ABC stations on Wednesday, Sept. 29. Contract on radio is for 52 weeks. The television broadcasts will start on the DuMont network, composed of nine stations, on Sunday, Sept. 26.

The television network is said

to be the largest yet used for any commercial program and includes the following stations: WABD, DuMont's key outlet in New York; WTTG Washington; WMAR-TV Baltimore; WFIL-TV Philadelphia; WNAC-TV Boston; WNHC-TV New Haven; WGN-TV Chicago; WEWS Cleveland and KTSL Los Angeles. Most of the televised programs will originate in the studios of WABD but the sponsor plans to take the show occasionally to other stations on the DuMont network.

Programs will be supplied to the

affiliates in Cleveland, Chicago and Los Angeles by Teletranscription, the DuMont process for transcribing shows off the cathode-ray tube. The contract for the television show is for five years.

Highest Hooper

The Original Amateur Hour had the highest Hooper rating of 46.9 in 1936 for a commercial radio show heard regularly. It originally went on the air in 1934 as a local show but soon was placed on NBC and later on CBS. The master of ceremonies of the new show will be Ted Mack, an understudy of the late Major Bowes, and the program will be produced by the original staff who worked with Major Bowes up until the war.

The program was on the air for 15 successive years. The show made its television debut Jan. 18 of this year on the DuMont network with the title *Original Ama-*

Jockey Wins Watch

A WRIST WATCH was presented by WCKY Cincinnati to the winning jockey in the sixth and feature race Aug. 4 at Cincinnati's River Downs. The race, the WCKY Handicap, was for a \$1,500 purse. Jockey Jim Dobson carried off the honors, including the wrist watch, which was presented by Charles H. Topmiller, WCKY station manager. Gene Schmitt, official track caller, broadcast the feature race daily over WCKY during the River Downs racing season.

teur Hour and it had reached a rating of 46.8.

In addition to the amateur hour, Old Gold also sponsors part of *Stop The Music* on ABC and uses radio and television for baseball in Brooklyn and Chicago.

Nick Keesely, manager of Lennen & Mitchell's radio and television department, set the deal for the client and the agency.

CHRC Staff Strikes

FIRST STRIKE in Quebec radio circles took place Aug. 6 when the entire staff of six announcers of CHRC Quebec, walked out after resigning in a body. Station carried continuous recorded program for several hours before replacement announcers could be located.

New TV Rate Cards

(Continued from page 18)

(2-T) rate card of WLWT, Crosley Broadcasting Corp. television station in Cincinnati, but no change in rates appears.

The new time segments are coordinated with NBC's video network rate card for WLWT, according to the station's sales director, M. F. Allison.

WLWT sent copies of the new rate card, along with proofs of a half-page WLWT advertisement which appeared in the *Cincinnati Enquirer*, to more than 900 television directors and video time buyers in national and local agencies.

Basic rates for WLWT time, as listed on the 2-T card, are:

CLASS A TIME

6-11 p.m., Mon.-Fri., and 1-11 p.m., Sat.-Sun.	
1 hour	\$250.00
40 minutes	200.00
30 minutes	150.00
20 minutes	125.00
15 minutes	100.00
10 minutes	87.50
5 minutes	62.50
1 minute	25.00

CLASS B TIME

(All hours not listed under Class A)	
1 hour	\$187.50
40 minutes	150.00
30 minutes	112.50
20 minutes	93.75
15 minutes	75.00

LINOLEUM BLOCK PRINT OF VIRGINIA LIVE,
STOCK FARM BY CHARLES W. SMITH FOR WRVA

Pigs is pigs except in Virginia!

THE LOWLY swine occupies an exalted position in Virginia's farm picture . . . for when this little pig goes to market it's in the shape of a succulent, mouth-watering ham that's famous the world over. "Virginia Hams", "Smithfield Hams" . . . those are the words that set gourmets

to drooling! Yes, hogs have a destiny in Virginia . . . to the extent of \$43,820,000 in 1946 . . . a BIG ham-slice in

Virginia's livestock enterprises! So, in Virginia, a sow's ear can be made into a silk purse . . . filled with sales dollars from the rich billion-dollar market

reached by WRVA's 50,000 watts! WRVA is represented by Radio Sales.

Reception of Video Checked by Pulse

Satisfaction Expressed by Majority Of N. Y. and N. J. Viewers

ABOUT three-quarters of the 700 New York and New Jersey television set owners interviewed by Pulse Inc. in July expressed satisfaction with their reception, Pulse said last week.

A breakdown of the responses showed that 519 owners, or 74.2% are satisfied, and 181, or 25.8% are dissatisfied. Reasons were:

General dissatisfaction	No.	%
Fading	16	2.3
Bad reception in general	4	.6
Bad reception, can't receive on WCBs-TV	10	1.4
Bad reception, can't receive on WNBt-TV	4	.6
Bad reception, can't receive on WABD	12	1.7
Bad reception, can't receive on WPIX	80	11.4
Bad reception, can't receive on WATV	67	9.6
Set broken	5	.7
Sound not clear, station interference	8	1.1
Needs frequent servicing	7	1.0
Poor service	10	1.4
Poor visual reception, dark flicker, not clear, blurred, shadowed, etc.	18	2.6
Would like a roof aerial	1	.1
Don't like programs, poor programs, silly programs	4	.6
More programs for women	1	.1
More programs for children	1	.1
Too many sports programs	3	.4
More cultural programs	1	.1
More plays	4	.6
Should be more programs, more stations	4	.6
Total responses	261	37.2*
Total dissatisfied respondents	181	25.8
Total respondents	700	

* Total over 25.8 percent because of multiple responses.

On WSBT, every
CBS show has
a Hooper that's
higher...

Yes, 23% to 202% higher!

WSBT
SOUTH BEND

CBS • 960 KC • 5000 WATTS

WSBT Hooperatings on all CBS shows are higher than the national ratings. Not just a little higher, but *much* higher—23 to 202 per cent!* And no other station, either local or out-of-town, even comes close in Share of Audience. It is WSBT—and *only* WSBT—that gives you blanket coverage of the South Bend market.

* Hooper Report, Fall-Winter 1947-48

PAUL H. RAYMER COMPANY • NATIONAL REPRESENTATIVE

Heart Seizure Is Fatal To JWT's Arthur Hurd

ARTHUR HURD, 48, director of media and research in the J. Walter Thompson Co. New York office, died of a heart attack Aug. 10 at his home in New Rochelle.

Mr. Hurd left Harvard in 1918 to join the Navy in the first World War, after which he took up newspaper reporting and successively served as magazine editor, account executive and marketing director of the Frank Presbrey Co. He also served at one time as director of research for the McGraw-Hill Publishing Co., *Liberty* Magazine and *Newsweek*. He was a past president, vice president and treasurer of the American Marketing Association's New York chapter.

Surviving are his wife, Mary, and a son, Richard A., his mother, Mrs. Grace A. Hamilton, and a sister, Mrs. Helen Barrickman.

KTTV Elects Officers

KTTV Inc., corporate subsidiary of the *Los Angeles Times* and CBS has elected officers and directors to administer the television station owned by the two firms. Officers are Norman Chandler, president; D. W. Thornburgh, executive vice president; Harry Bowers, treasurer; Ned Marr, secretary. Board of directors includes: Phillip Chandler, Norman Chandler, Harrison Chandler, Dr. Frank Stanton, D. W. Thornburgh, Omar Johnson, Ned Marr.

100,000 TICKET HOLDERS JAM-PACK WFBR'S MODERN STUDIOS YEARLY!

The ticket-taker at WFBR's big Studio A is a busy fellow. He collects free admission tickets from over 100,000 loyal WFBR fans that throng the station every year.

What does this mean to you? Plenty! This big crowd is the only "plus" of its kind that you can get in Baltimore. It's a home town listener loyalty that is just one of the reasons why WFBR is **first** in the nation's sixth largest market.

This year over 100,000 Baltimoreans will visit WFBR, get their copy of "Let's Listen" (WFBR's program highlight guide), see great shows, look at interesting merchandise displays and generally have a swell time.

In planning your fall time buying, please remember this - in Baltimore it's . . .

WFBR

THE BALTIMORE STATION WITH 100,000 PLUS

ABC BASIC NETWORK • 5000 WATTS IN BALTIMORE, MD.
REPRESENTED NATIONALLY BY JOHN BLAIR & COMPANY

Want the MOST EFFICIENT TRANSMISSION LINE for Your Station?

WTAD-FM did. That's why they selected Andrew $6\frac{1}{8}$ " coaxial transmission line. In spite of the 800 ft. long run, including a 750 ft. run up the tower, the overall efficiency is 90%!

Not only is this $6\frac{1}{8}$ " line the most efficient standard RMA line used in broadcasting, but it offers the additional advantage of very high power handling capacity. It will handle up to 166,000 watts at 100 MC with unity standing wave ratio, allowing a wide margin for future power expansion.

Fabricated by Andrew in twenty foot lengths with connector flanges brazed to the ends, sections can be easily bolted together with only a couple of small wrenches. Flanges are fitted with gaskets so that a completely solderless, gas-tight installation results.

Still another advantage to buying Andrew equipment is that Andrew engineers are available to properly install it. NO OTHER TRANSMISSION LINE MANUFACTURER OFFERS YOU THIS COMPLETE INSTALLATION SERVICE!

Here's what Mr. Leo W. Born, Technical Director of WTAD-FM, writes about Andrew installation service:—

"You will be interested to know that the installation of the Andrew coaxial line made by your organization has been giving us trouble-free performance of high efficiency in the daily operation of WTAD-FM."

Knowing the great difficulties involved in the installation of such a large line on a 750 foot tower over a period of such inclement weather conditions, I feel that the excellent operation of the line is indeed a tribute to the men of your company who were on the job. Such performance is not accidental and we congratulate you on a tough job well done."

This again emphasizes Andrews unique qualifications: Unsurpassed equipment and complete engineering service.

WANT THE MOST EFFICIENT ANTENNA EQUIPMENT FOR YOUR STATION? WANT EXPERIENCED ENGINEERS TO INSTALL IT? WRITE ANDREW TODAY!

The 750 ft. high tower at WTAD-FM, Quincy, Illinois—one of America's finest FM Stations—showing $6\frac{1}{8}$ " copper coaxial transmission line manufactured and installed by Andrew.

WAY OPEN FOR GRANT OF NEW BALTIMORE AM

THE WAY was apparently cleared last week for FCC to make final its tentative AM station grant to Radio Television of Baltimore, as WLOW Norfolk withdrew its opposition and filed for another frequency.

The Commission has proposed to grant Radio Television's application for a 1-kw daytimer on 1010 kc at Baltimore and to deny the competing bid of WLOW for fulltime use of the frequency in lieu of its present 1590-kc assignment [BROADCASTING, March 22].

WLOW had filed exceptions to this decision and asked for oral argument, but notified FCC last week that it was withdrawing because it "is anxious to explore other possibilities for the improvement of the assignment of WLOW and is prevented from taking such steps at the present time because of the pendency of the [1010 kc] application." It asked that the proposed grant to Radio Television of Baltimore be made final. Simultaneously WLOW served notice that it is applying for 1410 kc with its present power of 1 kw and daytime hours of operation.

Radio Television, permittee of WAAM (TV) Baltimore, which is now in the final stages of construction, is principally owned by Ben and Herman Cohen, who own clothing stores and real estate interests in several cities. Norman C. Kal, head of the Kal, Ehrlich & Merrick agency, is part owner and managing director.

Routine Scheduling

EVEN while vacationing, scheduling is mighty important to Miss Ruth Hardke, for more than 15 years head of the traffic department of WSYR Syracuse, N. Y. She solicited and received from Hugh James, *Sunoco 3-Star Extra* announcer, an itinerary for her Canadian trip insuring a Sunoco station at each service stop. The name Sunoco was not unfamiliar to her as she also had been fitting the name into her station's schedule.

Lease for Little Theatre Use Is Granted WKY-TV

FIVE-YEAR LEASE for use of the Little Theatre auditorium in Oklahoma City's Municipal Auditorium as a television studio has been granted WKY Oklahoma City, which hopes to begin video operations early in 1949. P. A. Sugg, station manager, announced last week.

The Little Theatre, seating 300, has conventional theatre facilities, including stage, lighting, scenery and dressing rooms. Plans for remodeling of the theatre balcony for a control room and observation booth are now being drawn, Mr. Sugg said.

Included in WKY's five-year agreement covering use of the Little Theatre are exclusive rights to televise all Municipal Auditorium attractions. WKY-TV has been assigned Channel 4 (66-72 mc).

Agencies

(Continued from page 10)

are in Brenner Bldg., 607 Market St., phone is Garfield 1-0426. CLIFFORD VLEETH, former public relations consultant, heads New York office; WILLIAM SHAY, formerly producer at CBS and John Guedel Radio Productions, Hollywood, is in charge of New York branch.

WILLIAM ESTY & Co. Inc., Hollywood, moves to new offices in California Bank Bldg., Vine at Selma.

CHELSEA ADV., formerly located at 80 Warren St., New York, moves to 112 E. 19th St. New telephone: Algonquin 4-3773.

TED STEELE has arrived in Hollywood from New York to take up duties as vice president in charge of Hollywood office, Benton & Bowles.

THEODORE M. KAUFMAN, advertising and sales promotion manager of Wallachs Inc., New York, joining Grey Adv., New York, late next month as account executive.

HOLLYWOOD ASSOCIATE PRODUCERS, Hollywood, inactive since 1942, acquires copyright advertising and promotional material being offered by "FM" National Advertising and Publicity firm. Trade name, "FM" National Advertising and Publicity, to be discontinued.

MARVIN B. FAUERBACH, former instructor in advertising production at City College of New York and previously with J. D. Tarcher & Co. Inc. and Lambert & Peasley Inc., both New York, joins Charles M. Storm Co. Inc., New York, as production manager.

BERNY SCHWARTZ, formerly with Fairchild Publications' West Coast office, joins Lander-Young, Los Angeles, as account executive.

KASTOR, FARRELL, CHELSEY & CLIFFORD Inc., New York, moves media department from 9 Rockefeller Plaza to 11th floor at 274 Madison Ave. Remainder of agency is located on the third floor at that address.

FIFTY THOUSAND WATTS OF SELLING POWER

Editorial

International Giveaway

CANADA and the United States have much in common, in addition to being continental neighbors. We've fought shoulder-to-shoulder in two wars, and served as the bread-basket of the universe. Canadian customs are more our customs, rather than those of the tight little British Isles to whom she owes allegiance.

In radio, Canada has divided her lot, embracing a state-owned system operating in competition with her privately-owned outlets. We won't belabor that paradox now, as we've done time and again.

We received the other day from the Canadian tourist organization a brochure proclaiming that Canada has offered to 300 U. S. stations, as a sustainer, and "free of charge" a series of transcriptions featuring Canadian talent, plus 13 Hollywood stars. While we haven't checked, we assume the series sells tourist travel and cites the virtues of spending U. S. dollars in Canada, to bring about a better balance in international trade.

This is laudable. We should patronize our good neighbors. We have a common cause.

But is there any sound reason why American stations should give away their time to promote Canadian travel? The Canadian travel agencies buy pages in color in our class magazines. They buy space in our newspapers. We don't know the tourist organization budget, but we venture it runs several hundred thousand American dollars.

Our radio stations have big overheads. They are faced with heavy additional investments. They pay Federal and state and local taxes. They can't expect American business to pay the freight for foreign sustainers that entice away American dollars. This comment is not directed against Canada alone, but against all of our good neighbors seeking international good will, who buy space in the printed media, but expect radio to give it away.

Crocodile Cheers

SINCE the FCC began openly brooding about the legality of giveaway shows, a remarkable number of highly-placed broadcasters have let it be known that their aversion to that sort of program antedates the FCC's.

Suddenly the giveaway is bereft of all but a handful of defenders. The majority is in chorus: Hooray for the FCC and down with the giveaway. One wonders that the chorus can swell to such a volume in a week, considering that its silence was almost absolute in the months preceding the announcement of the FCC.

It is late for broadcasters to profess disaffection for giveaways, after disaffection has been given official status by the FCC. It does not take great artistic or ethical courage to comply with a law. If these broadcasters regard the giveaway as undesirable, it is, and has been, their responsibility to rule it off their own air.

Radio had better cure itself of the giveaway craze, and for reasons pertaining only to good programming, before the government undertakes the cure for reasons of law.

Harness-ing the FCC

THE SPECIAL session of Congress has ended. More was accomplished, radio-wise, than at the last several full sessions. For the House Select Committee to investigate the FCC exacted from the FCC what we shall call an "interpretation" of its fatuous Port Huron decision on political broadcasting. There now is provided some measure of safety for broadcasters during the balance of this election year.

The Harness Committee got from the FCC a commitment that there will be no punitive action against stations which use "sound judgment" in handling of political broadcasts, so as to avoid transmission over their microphones of libelous or defamatory utterances.

Chairman Coy was bound by the majority views of his colleagues. He didn't say the FCC majority had altered its position that the law prevents stations from scrutinizing scripts in advance—which it calls censorship. But he did say that the FCC did not regard the Port Huron decision as a "regulation."

In a strict legal sense, nothing has been done to vitiate the Port Huron dicta. But as a practical matter, that regulatory monstrosity is rendered impotent. For the Harness Committee, and its vigilant general counsel, Frank T. Bow, will be around from now until after the November elections. We doubt whether the FCC will borrow trouble.

The next step, of course, is affirmative legislation which will forevermore safeguard broadcasters. That is one of the prime objectives of the Harness Committee. It has gotten off to a good statesmanlike start. There has been no dead-cat slinging or headline hunting.

Meanwhile, the Senate Interstate Commerce Subcommittee, headed by the volcanic Senator Tobey of New Hampshire, has announced a tentative agenda that overlooks nothing in the radio regulatory structure. The spade-work will be undertaken largely through the explorations of Edward Cooper, the committee's extremely able communications expert, during the balance of this year. The Committee presumably will be set to go next January.

In the interim, the FCC can help itself. Just a year ago the Commission advised the Senate Committee that, on its own motion, it would divide itself into semi-autonomous divisions, to expedite its work. The plan was to become effective last October. Nothing has happened. Since then three of the seven FCC members, including Former Chairman Charles R. Denny (who made the report to Congress), have departed.

Under the plan, there would be three divisions of four men each—broadcast, common carrier and safety and special services. Each division would have a chairman, who would be the anchored member, and would serve on no other division. The chairman of the FCC would serve on all three divisions. The other three members would sit on two of the three divisions.

The Division plan, we think, might expedite the FCC's work. It's worth a trial.

The House and Senate inquiries indicate a lengthy gestation before new full-scale legislation will be forthcoming. We doubt whether the job can be done even next year.

Meanwhile, if the FCC does certain affirmative things to help itself, we think Congress would be disposed early in the new session to raise Commissioners' pay from the miserly \$10,000 per annum (less than its department heads receive) to what we hope will be at least \$15,000.

Our Respects To—

PAUL DEWEY PINCKNEY SPEARMAN

PAUL SPEARMAN is a big, full-voiced, fast-thinking Mississippi lawyer who not only came from Mississippi but brought much evidence of it with him—in his drawl, his unflagging and frequently irreverent sense of humor, his way of thinking, and his almost total disregard for formality.

He knows the English language as well as the next one, but isn't inclined to let that handicap him. He isn't above saying "it ain't" whenever he thinks it ain't. But many a more polished performer—lawyer, engineer, or lay witness—has walked away from a session of Spearman cross-examination muttering to himself, and few have ever been known to ask for a return engagement.

Now 50 and one of Washington's—and the nation's—best known and most dynamic communications attorneys, Paul Dewey Pinckney Spearman practices radio law like a trial lawyer in a Mississippi courtroom, which is exactly what he used to be. He has been eminently successful in both fields.

An Army veteran of World War I, he was admitted to the Mississippi bar in 1920. Until 1928 he practiced law at Fulton, Miss., arguing his cases with vigor and versatility—and, coincidentally, great success—before tribunals ranging from a bewhiskered justice of the peace robed in overalls and holding court in the shade of an oak tree, to the Supreme Court of his state.

With one exception he defended every person accused of a capital crime in his home county during that eight-year span. The only case he lost was reversed by the Supreme Court, and the lone unfortunate he did not defend was sent to the penitentiary. In civil practice he was on the winning side of every case he carried to the Supreme Court. Some of these are still cited in the courtrooms of the state.

Along with his practice the young attorney developed an interest in politics which led to a barely unsuccessful campaign for lieutenant governor in 1943 and which still commands much of his energies. Friends have frequently urged him to seek a seat in the U. S. Senate.

One of his hottest political fights came in 1928, when the late Sen. Theo. G. (The Man) Bilbo, then Governor and always a target of Mr. Spearman, attempted to unseat him as executive secretary of the Mississippi Railroad Commission. He refused to be unseated, and made the refusal stick. He also served on the Mississippi State Forestry Commission from 1924 to 1928.

In January 1929 Mr. Spearman joined the law department of the then-new Federal Radio

Judges Are Named For Essay Contest

Second 'Voice of Democracy' Competition Planned

EIGHT prominent Americans have been selected as judges for the second annual "Voice of Democracy" contest which will culminate in November as a highlight of National Radio Week, it was announced last week.

The contest, co-sponsored by NAB, RMA and the U. S. Junior Chamber of Commerce, awards college scholarships to the four high school students who write and deliver the best five-minute broadcasts on the subject "I Speak for Democracy."

Judges in this year's competition are:

Margaret Cuiquin Banning, novelist.
U. S. Attorney General Tom C. Clark.
Dr. Harry Emerson Fosdick, pastor emeritus of Riverside Church, New York, and author of "On Being Fit to Live With."

Mrs. Oveta Culp Hobby, vice president of the "Houston Post," which operates KPRC Houston, and war-time director of the Women's Army Corps.

Eric Johnston, president, Motion Picture Producers Assn.
Miss Frances Perkins, member of the Civil Service Commission, and former Secretary of Labor.
Glenn E. Snow, Dixie Junior College, St. George, Utah, and retiring president of the National Education Assn.
Motion Picture Star James Stewart.

The contest will begin in the individual schoolrooms, expanding from there to the community level. Junior Chamber of Commerce panels will then select state winners who will be semi-finalists. From the transcriptions submitted by the semi-finalists, the judges will pick the four national winners who will be feted at a national awards luncheon in Washington. In addition, winning contestants on the school and community levels will receive awards of radio receivers for their schools.

The nation's stations will cooperate by scheduling a series of five five-minute broadcasts by the various judges, outlining phases of American democracy as suggestions for competing scripts.

Last year's competition attracted more than 20,000 entries.

Management

L. H. THESMAR, former commercial manager of WSAV Savannah, Ga., has been appointed general manager of WDAR that city.

ROBERT W. DUMM, former vice president and general manager of KNOE

Mr. Dumm

Monroe, La., has been appointed manager of KTRC Santa Fe, reporting to MRS. H. TUCKER, general manager of Rio Grande Broadcasting Co., licensee. Mr. Dumm started in radio with KTAB San Francisco and has since served with KSFO San Francisco, as director of news and special events, later as program director, program director, KWID, San Francisco shortwave station; director of broadcasting KXOA Sacramento; established CBS news bureau in San Francisco at outbreak of war; member of U. of California

faculty giving course in radio techniques.

BOB ATHEARN, manager of KROW Butte, Mont., has resigned and has been succeeded by **HAL ENGBRETSON**.

HAROLD W. HIGBY, former engineer with Central Broadcasting Co., for past 14 years, resigned to assume duty as manager of KASI Ames, Iowa, newly organized company. He also will serve as president of Ames Broadcasting Co.

ROBERT C. WOLFENDEN, who has been on lend-lease to WLOH Princeton, W. Va., for past year as manager, has resigned to devote full time to construction of WMBB Marion, Va., where he is general manager and director.

ROGER R. HUNT, general manager of KHUB Watsonville, Calif., for past five and one-half years, has resigned. He announced future plans. **JOHN PEARSON**, formerly with KYOR San Diego, succeeds him.

DR. A. L. ASHBY, retired NBC vice president and general counsel last week was elected president of his alma mater, Olivet College, Olivet, Mich. Named to post of vice president and general counsel of NBC in 1929, Dr. Ashby held that position until he retired from the network last fall.

RALPH B. MAXWELL has been appointed manager of KNOX Grand Forks, N. D. He previously was manager of MBM Adv., Minot, N. D.

COMMDR. TOM A. BROOKS, Hearst newspaper radio executive, last week was awarded rank of permanent commander by Navy Dept., following more than 10 years of service as a commissioned officer. Commdr. Brooks is director of television and facsimile development for the newspaper chain.

J. P. (PAT) WILLIAMS, president of Transcription Sales Inc., and executive vice president of WING Dayton, Ohio and WIZE Springfield, Ohio, has been appointed member of Committee on National Affairs for Dayton Chamber of Commerce.

T. A. M. CRAVEN, vice president of Cowles Broadcasting Co., owner of WOL Washington, has received American Legion "Certificate of Merit" for his splendid service to and cooperation with American Legion and its activities during past year.

FRANK C. MCINTYRE, vice president and general manager of KLIX Twin Falls, Idaho, is the father of a girl, Kerry.

MARTIN B. CAMPBELL, managing director of WFAA Dallas, is at NBC headquarters in New York till the end of August for backgrounding in television developments. **RAYMOND COLLINS**, assistant manager of technical department of WFAA, is with him.

S. O. WARD, owner of WLAK Lakeland, Fla., has received Junior Chamber of Commerce Citizenship award as outstanding citizen of 1948.

CLIFFORD EVANS, vice president and director of news-public affairs for WHLI Hemstead, L. I., has been awarded special Certificate of Administration by New York State Veterans Administration for special veterans programs presented by station.

JAPANESE Broadcasting Corp. has been given permission to translate "The Round Table Memorandum," pamphlet outlining discussions as given on the "University of Chicago Round Table," into Nipponese. Japanese firm is supervised by Albert Crews, former NBC Chicago production director who is on Gen. Douglas MacArthur's American military government staff. He also has requested copies of "Round Table" broadcast transcripts for translation into Japanese for possible air shows.

- During the first six months of 1948, the gross revenue of KMAC-KISS was 32.6% ahead of any previous year! That is what KMAC-KISS are doing with the Mutual Network in San Antonio, the 27th market of the nation.
- The new 5,000-watt KMAC, at 630 on the dial, with unlimited time, will reach 1,250,000 listeners.
- Let Pearson tell you what we can do for you.

ASSOCIATION OF AMERICAN RAILROADS
TRANSPORTATION BUILDING
WASHINGTON 6, D. C.

WILLIAM T. FARICY
PRESIDENT

August 2, 1948

To the PRESS and RADIO:

Subject: Information Services

There is every evidence that the American people today are more interested in their railroads than ever before. Perhaps that is why there is more material about railroads appearing in publications of all sorts and on the air and the screen than at any other time.

To help provide information concerning all phases of railroads and railroading, the Association of American Railroads maintains a Public Relations Department in Washington, D. C., which is prepared to serve newspapers, radio stations, writers and others who have need for railroad facts.

The A.A.R. Public Relations Department makes available to the press information concerning the services, activities and problems of the railroad industry; special news releases dealing with developments in the industry; periodic releases pertaining to the financial situation of the railroads, freight carloadings, railroad purchases, and equipment orders and installations; a cartoon service entitled "Rail Oddities," which is furnished monthly in either two- or three-column mats or stereos; feature stories of general interest, and assistance to newsmen covering railroad and shipper meetings.

For AM, FM and TV stations, we have broadened our information services to include straight newscasts, spot and periodic releases, and special memoranda for radio news editors, newscasters, and commentators. News is written especially for radio presentation.

The A.A.R. offers assistance to magazine, trade journal, and free-lance writers, and works directly with them in obtaining information on railroad subjects.

Also available to writers and publishers are photographs covering every phase of railroading from the very beginning of rail transportation in the United States to the present time.

The A.A.R. maintains the largest transportation library in the world, containing more than 300,000 books, pamphlets, excerpts, reports, and memoranda. This library, together with the assistance of expert research librarians, is at the disposal not only of writers, but also of students and the general public.

We invite the press and radio to make use of all these facilities and services by contacting our Public Relations Department, Transportation Building, Washington 6, D. C.

Sincerely,

William T. Faricy

4men

6hours

This is the side-mounted Collins 37M—8 ring antenna with which WPAD-FM, CBS affiliate, radiates those fine FM programs from Paducah, Kentucky.

In a recent letter reporting "solid reception out to about 65 miles," Mr. U. C. Morris, Chief Engineer, goes on to say: "Another thing which was of special benefit in our case was the fact that the antenna could be installed so easily. We

employed two men on the tower and two men on the ground, using a single pulley and hand line, pulled the eight sections to the top of the 410 ft. supporting structure and mounted them completely in approximately six hours working time. This is quite a record, I think."

Because of their unique design the new Collins 37M series FM antennas may be either top mounted in the conventional manner or, alone among FM antennas, may be side mounted on new or existing towers, performing with equal efficiency. Any number of rings, odd or even, may be employed, providing the power gain required for the particular installation.

Write us for a fully descriptive folder, just off the press.

NAB Makes Gains In Ad Cost Fight

NAB OFFICIALS said last week they are encouraged by reaction they're getting in responsible quarters in the fight against a proposed ruling that "advertising costs" can't be counted as business costs with respect to government contracts on "cost-plus-fixed-fee" basis [BROADCASTING, July 19].

NAB Executive Vice President A. D. Willard Jr. has sent a new protest to the Joint Army-Navy Audit Coordination Committee, which reportedly has included this proposal in the draft of a "Statement of Contract Cost Principles" which it is preparing for consideration of the Munitions Board. Only exceptions to the ruling against admissibility of advertising costs would be "help-wanted and required public notices."

"A manufacturer, requested or required to turn over his capacity to government contracts, would, under the proposed regulation, be asked or required to commit some degree of economic hari-kari," Mr. Willard said. In wartime, he added, such a rule would sharply curtail national advertising, thus impoverishing communications media needed by government.

Mr. Willard urged the committee to reconsider its recommendation and approach the question in light of past business experience as well as practices of many other government agencies which allow "reasonable" advertising, based on "regular" and "ordinary" procedures, as admissible cost of products or services. Even when all facilities were devoted to war production, he said, manufacturers were allowed to maintain brand-name position by advertising.

Advertising is a principal target of "socialistic or communistic elements," he declared. "... These people have persistently sought to discredit advertising as an 'economic waste.' They know full well that it is the keystone in our economic arch and the sole support of our free press and radio. It would be regrettable indeed if any statement or policy enunciated by our government should lend authority or credence to this subversive campaign to undermine our free institutions."

Movies for TV

TELECAST FILMS Inc., New York, which has supplied 1,691 hours of film programming to 28 television stations since its inception a year ago, has announced the acquisition of five feature motion pictures for video: "Becky Sharpe" with Miriam Hopkins, "Little Lord Fauntleroy" with Freddie Bartholomew, "Made for Each Other" with Jimmy Stewart and Carole Lombard, "Nothing Sacred" with Frederic March, "Dancing Pirates" with Frank Morgan.

Commercial

CHARLES O. HEDLUND, sales executive who recently served with Hecht Co., as resource relations director and formerly with "Esquire" magazine, has joined sales staff of CBS Television. Mr. Hedlund, who just returned from making a nationwide survey of department stores, will serve as specialist in the apparel, textile, chain and department store fields, according to **DAVID SUTTON**, CBS-TV sales manager who made the announcement.

HARRY E. SNOOK, former production manager of WBT Charlotte, and program director of WLTC Gastonia, N. C., has been appointed commercial manager of WETB Johnson City, Tenn.

RAY CROWL, formerly with KRC Mineral Wells, Tex., and KRED Duncan, Okla., has joined sales staff of WHBC Canton, Ohio.

ROBERT BRETHAUER, with ABC since 1945, has been named manager of sales service department, ABC Central Division, succeeding **FLOYD VAN ETTEN**, resigned. **ROBERT ATWOOD** takes over Mr. Brethauer's former duties in sales service. **DON SARACENO**, local sales service manager, entered sales service department Aug. 15. His previous work will be handled by **HARRY JEFFERYS**, now in charge of guest relations.

WILLIAM D. MURDOCK is resigning as sales manager of WOL Washington Aug. 31, due to ill health. His plans are for extended rest before returning to Washington. No successor has as yet been named. Prior to joining WOL, Mr. Murdock was with WTOP Washington for 13 years as assistant manager and general sales manager.

DONALD COOKE Inc., New York has been appointed representative for WKRA Buffalo.

EDMUND J. HIMMER has joined sales force of KXOK St. Louis, and will concentrate on FM sales which includes Transit Radio.

HARRY ENGEL, formerly sales manager of KWKW Pasadena, has joined KVEN Ventura, Calif. as commercial manager.

PETER A. CUNEO has been appointed commercial representative of KDFC Sausalito, Calif., new FM station on 102.1 mc; Channel 271, which will go on the air Sept. 1.

J. A. BURNS, member of "Chicago Tribune" advertising staff for past eight years, has joined sales department of WGN, "Tribune" station.

IRVING C. PHILLIPS, formerly with sales staff of KCRA Sacramento, Calif., has joined KULA Honolulu, as sales representative.

RUSS CLANCY, former AP Pacific Coast radio representative; **BILL WHITING**, former account executive for Conde Nast Publications; **DICK GRESHAM**, former freelance account executive, and **HOWARD VOSS** have

joined KAGH Pasadena, Calif., as account executives. Mr. Voss is with KAGH-FM.

ROBERT LUKKASON, formerly with MBM Adv., Minot, N. D., has joined KNOX Grand Forks, N. D., as commercial manager.

DON MITCHELL, former disc jockey, has joined sales staff of WGST Atlanta, Ga.

JOHN CALLOW, for past 18 months associated with research department of CBS Radio Sales, has been appointed to sales staff of WCBW New York. Mr. Callow has served as assistant to CBS director of station administration during the last six months.

LIONEL LENNOX, formerly of KSRO Santa Rosa, Calif., has joined KXOB Stockton, Calif., as account executive.

MELCHOR GUZMAN Co. Inc., New York, has been appointed United States and Canadian representative for WORA Mayaguez, Puerto Rico.

MORTON K. TULLER, head of audience research department of WBKB (TV) Chicago, and **MELVIN WOLENS**, former commercial manager and in charge of sales promotion for WCFL Chicago, have been appointed to WBKB's sales staff. Appointments are in line with recent announcement by **JOHN H. MITCHELL**, newly appointed business manager of WBKB, that he planned to expand station's sales activities.

ADAM J. YOUNG Jr. Inc., New York, announces increase of 114% in U. S. billings for first six months of 1948, as compared with same period last year with about same number of stations represented.

EVERETT T. (BUNNY) MORRISON, formerly with display advertising department of Omaha "World Herald," has been appointed account executive of KFAB Omaha.

KATZ AGENCY Inc. has been appointed national representative for WIND Chicago, effective immediately.

FRANK DOUGHERTY, account executive of Keenan & Eickelberg, Los Angeles station representative, and Adelaide Mitchell, Long Island, N. Y. are to be married Sept. 4.

HJAK BARRANQUILLA, Colombia (La Voz de la Patria) has appointed Pan American Broadcasting Co., exclusive U. S. and Canadian representative.

CLARK DOZER, commercial manager of WMRN Marion, Ohio, and **BETTY STEINMAN**, formerly of WMRN, have announced plans to be married in September.

W. A. (BILL) ROBERTS, commercial manager of KRLD Dallas, and president of Dallas Adv. League, recently addressed Dallas Optimist Club on power of advertising.

Designed for long-time stability

... not for quick post-war sale

Study the significance to you of the following features of the Collins 734A, 10 kw FM transmitter:

- Typically superior Collins engineering.
- Reliability proved by actual operation.
- Phasitron modulator circuit, eliminating more than ten tubes and related components compared with former circuits, and resulting in far greater simplicity and reliability.
- Low tube costs.
- Only 11 tube types in the total complement of but 33 tubes, thus minimizing spares.
- All tubes visible while equipment is in operation.
- Direct crystal control of carrier frequency, utilizing a frequency multiplication of only 486, provides carrier stability of ± 2 parts per million—better than ± 250 cycles per second.
- All controls accessible while the transmitter is in full operation.
- Motor driven variable tuning elements.
- Metering circuits for complete observation and recording of transmitter performance.
- Accessibility throughout. Maximum personnel and circuit protection. Easy maintenance.
- Excellent mechanical construction.
- Cabinets smartly styled, in three-tone gray.
- Competitively priced.

Write us about your plans, and ask us for an illustrated bulletin describing the Collins 734A transmitter in more detail.

FOR THE BEST IN FM, IT'S...

NEW YORK JOINS AP'S STATE RADIO GROUPS

NEW YORK has been added to the list of states where broadcasters have formed associations to study the AP radio news report and make recommendations for improvement of service [BROADCASTING, Aug. 9]. Gunnar O. Wiig, manager of WHEC Rochester, was elected temporary chairman of the New York State Assn. of AP Broadcasters organized Aug. 6 at Rochester.

Also named to a temporary committee were: Thomas E. Martin, WRUN Utica, vice chairman; Preston L. Taplin, WELM Elmira; S. W. Ryder, WENE Endicott, and Thomas McFadden, WNBC New York. Norris Paxton, AP's bureau chief in Albany, will serve as temporary secretary.

The state and regional associations of AP broadcasters now cover 14 states and D. C.

Diagram of Palace of Arts, Wembley, taken over by the BBC for the period of the Olympic Games as "nerve-center" of world broadcasting arrangements

FOCAL POINT of all radio operations at the Olympic Games is the Palace of Arts, Wembley, shown here in diagram. The 200 by 250 foot building has been completely transformed to provide all facilities for more than 200 radio correspondents covering the games for 60 competing nations. The building contains a reception room, eight studios, 20 recording cubicles, master control room, information room, correspondent's room which opens into a cafe and bar, a television suite, record library and general offices.

News

GEORGE PLATIS, former announcer of KLO Ogden, Utah and KALL Salt Lake City, has joined KLIK Twin Falls, Idaho, as sports director.

DICK HAMMOND, formerly with WHWL Nanticoke, Pa., has joined WGAT Utica, N. Y., as newsman and salesman.

HUGH SHANNON, former sports editor of "Dispatch," Erie, Pa., and "Syracuse Post-Standard," has joined news department of WKBW Buffalo, N. Y.

CHARLEY ZEANAH, well known sportscaster, will again broadcast U. of Alabama football games this fall over 24 stations of Alabama Broadcasting system. TOM WHITLEY, four letterman with Crimson Tide football team, will handle color.

FRANK VALENTI, formerly with KMYC Marysville, Calif., as news and sports editor, has been appointed sports editor of KULA Honolulu.

BOB WOLFF, sportscaster of WINX Washington, has just signed to appear in new 26-week series of programs for U. S. Marine Corps. Programs will feature Mr. Wolff interviewing nationally prominent sports personalities and music of U. S. Marine Band. Shows will be available on electrical transcriptions and are part of Marine Corps recruiting program.

MATTHEW HALTON, former war correspondent of Canadian Broadcasting Corp., and special correspondent of CBC stationed in London, England, is now in Canada on speaking tour on British and European political developments.

AL CAPP, famous cartoonist, takes over for DREW PEARSON as a commentator during latter's vacation starting Aug. 15 on ABC, Sun. 6-6:15 p.m. sponsored by Lee Hats Inc. Agency is Wm. H. Weintraub & Co., New York. Mr. Capp will write and comment on program for four weeks.

LILLARD HILL, WBAP Fort Worth newscaster, is the father of a girl, born Aug. 9.

AP of Indiana Organizes State Radio Association

A STATE association for radio was organized by the Associated Press of Indiana during last week's convention of NAB Districts 7 and 8 at French Lick, Ind.

George Higgins, WISH Indianapolis, was named chairman; William H. Spencer, WHOT South Bend, and John Engelbrecht, WIKY Evansville, were chosen vice chairmen, and John Jameson, head of the AP bureau at Indianapolis, was elected secretary-treasurer.

TV Takes Manpower

IT TAKES only nine men on a team to play professional baseball. But it takes a ten-man television team to cover a baseball game. When the New York Giants play at the Polo Grounds, the sponsor, Chesterfield Cigarettes, uses the ten-man team which needs as much fast teamwork as does the baseball club, although half the televisers (including the play-calling director) work in a room under the stands where they never see the actual game.

You Can't Blame Us for Crowing...

You see, KANS completely covers this wonderful market. It's a first market... FIRST in Population, FIRST in Retail Sales, FIRST in Radio Families, FIRST in Buying Power. WICHITA — your No. 1 MARKET in Kansas — KANS your NBC station in WICHITA.

RMA NOW EXPLORING OVERSEAS TV MARKET

DEVELOPMENT of a future overseas market for American television transmitters and receivers is being explored by Radio Mfrs. Assn. the RMA announced last week.

Although there is at present no foreign market and current domestic demands are ahead of production, RMA said its plans were "to develop and insure a future overseas market."

Initiating plans for RMA are James E. Burke, chairman of the RMA export committee T. A. Smith, chairman of the RMA transmitter division; and W. R. G. Baker, Virgil M. Graham and L. C. F. Horle, director, assistant director, and chief engineer, respectively, of the RMA engineering department.

In addition to promoting a future market for sales, adoption of RMA television standards in foreign countries will also be sought.

Meyers Heads New Sales Service at WGN Chicago

THEORY that "the personal element is the most effective means to gain greater results" has prompted William A. McGuineas, WGN Chicago commercial manager, to organize new sales service devoted mainly to food and drug industries for benefit of advertisers.

New division will be headed by William C. Meyers, who has been transferred from the sales department of WGN-TV, the *Chicago Tribune's* video outlet. He plans to bring the sales staff into closer cooperation with local food and drug processors, brokers and jobbers, "enabling salesmen to keep abreast of market conditions in these fields and do a more specialized job of coordinating radio plans with the overall advertising plans of clients."

Two More Stations Added By Rural Radio Network

SIXTH station of the Rural Radio Network, WVBH (FM) Turin, N. Y., was slated to start operation yesterday (Aug. 15), according to an announcement by the network. At the same time an affiliated station, WSLB-FM Ogdensburg, N. Y., also planned to go on the air.

WVBH is assigned Channel 299, 107.7 mc, with 1.3 kw and WSLB-FM has Channel 291, 106.1 mc, with 13.7 kw.

New Alaska Outlet

KIBH Seward, Alaska, is slated to go on the air Oct. 1 as the fifth station in the Alaskan Broadcasting System, and the second station to be opened this year by ABS Manager William J. Wagner. The other was KFRB Fairbanks.

Power of Radio Appeal Discussed by A. N. Hult

RADIO'S power in reaching masses of people through their emotions makes it "outstanding over all other mass media," Adolph N. Hult, MBS vice president in charge of Midwest operations, told nationwide publicists at a session of the Blue Cross—Blue Shield public relations conference on "Methods and Media" Aug. 5, at Chicago's Stevens Hotel.

"Basically, radio gets to the heart rather than the head," Mr. Hult explained as he recommended that directors and personnel of the hospital service plans make a "careful study of radio programs and broadcasting's needs."

"Radio has changed to an amazing extent during the past few years, and a public relations program directed toward the radio audience which would have been

MODERN brick building, as shown in this architect's drawing, is the home of WKJF (FM) Pittsburgh. Station is equipped throughout with Western Electric and operates on 93.7 mc, Channel 229, radiating 20,000 w. Its 424-ft. Blaw-Knox tower is located atop Mt. Washington, overlooking Pittsburgh. WKJF (FM) is on the air on part-time basis, but hopes to go to fulltime early in September.

successful a few years ago would probably fail today," he said.

CANADA MAY INCREASE STATION LICENSE FEES

INCREASED PAYMENTS in station license fees based on gross revenue, may go into effect shortly at an expense up to \$250,000 a year for Canadian broadcasters instead of \$60,000 paid in the last fiscal year, April 1, 1947 to March 31, 1948.

Canadian broadcasters were slated to have a conference at Ottawa, Aug. 9-14 with Transport Minister Lionel Chevrier, regarding a hearing before such increase in license fees is authorized. An increase can be put into effect under the Canada Broadcasting Act by order-in-council, and can be made retroactive. Fees collected from the independent broadcasters are turned over to the Canadian Broadcasting Corp. along with all listener license fees. License fees for stations, at present, are based on power and area population.

10 KW Production!!!

THE SHOW'S THE THING THAT COUNTS

10KW NIGHT AND DAY

WPTR

PATROON BROADCASTING COMPANY, HOTEL TEN EYCK, ALBANY 1, N. Y.

Herb DuVal

We utilized the best technical consultants, built the best possible facility, and engaged an experienced staff with years of know-how in broadcasting, merchandising and showmanship. The sum total is WPTR . . . 10 KW'S *night and day*, a million potential listeners. We at WPTR realize "THE SHOW'S THE THING" that holds radio listeners.

We build our programs full of listener-intriguing showmanship . . . present them with the extra polish that sustains and mellows the audience—*your* audience—for your important sales messages.

"Through the Listening Glass"

flows such Heavenly Music — SALES!

Nothing could be sweeter! Not Cherubim nor Seraphim humming on a cloud . . . not even angel wings strumming a thousand harps! No, nothing could be sweeter than the SALES you'll make . . . with Lang-Worth's feature program, "THROUGH THE LISTENING GLASS!"

Here is a quality, 30-minute musical show that captures the ear of your potential customers and enhances the power of your sales message. It is available, via transcription, on 600 Lang-Worth affiliated stations. It is written and produced with charm, glamour and good taste. It will sell your product just as surely as fine raiment sells the man!

"THROUGH THE LISTENING GLASS" reveals a "wonderland of melodies" — in brilliant color-tones. Musical glamour by Jack Shaindlin and the radiant voices of his "Silver Strings" orchestra. Rich old ballads by the Lang-Worth Choristers, and your favorite romantic songs by Dick Brown, Joan Brooks and Johnny Thompson.

In addition to "THROUGH THE LISTENING GLASS," every Lang-Worth Station offers the brilliant "Cavalcade of Music" and several other star-studded musical shows for local and regional sponsorship. See the listing on opposite page and contact station or its representative immediately.

Open Mike

(Continued from page 14)

originated so-called participating program that is continually adding new sponsors and obviously could have been brought within the Standards by this time . . .

Sell Radio as Industry

EDITOR, BROADCASTING:

I would like to . . . add my comment upon the subject of a booklet received recently as prepared by the All-Radio Presentation Committee.

This booklet is entitled "Radio Has Been Strangely Silent." . . .

It would seem to me—as a small market station stockholder and manager—that the All-Radio Presentation Committee has picked

a weak voice indeed with which to break radio's silence, at least as far as radio time selling on a local scale is concerned.

I believe that if the members of the industry don't have time to tell radio's story every time they try to make a sale—that if the members of the industry are too busy selling against competition in radio to sell radio as a whole, then what the radio industry needs is not a sales presentation for the advertiser's behalf . . . but an educational campaign to TEACH members of the industry that THERE IS MORE MONEY TO BE GAINED BY TAKING ADVERTISING DOLLARS AWAY FROM COMPETING MEDIUMS THAN IN FIGHTING WITH COMPETITIVE STATIONS.

There is only one way to sell radio in competition with the newspapers, and that is with hard-

straight-from-the-shoulder facts and figures. Specific facts—specific figures. . . .

We must break this habit . . . we must crush this old routine. Many of our small local advertisers who use radio are so in the newspaper habit that they'll buy newspaper advertising space to make some special announcement without even thinking to use it on their already contracted radio program . . .

The Radio Industry can never sell itself through a movie (and even movie trailers take away many potential radio advertising dollars in some sections). The only solution is for every member of the industry to take it upon himself to SELL RADIO AGAINST COMPETING MEDIUMS. Every time-salesman must sell, not only his programs and spots, but RADIO; every sales promotion letter or presentation must sell, not only

a particular program or spots on one individual station, but RADIO as an industry. . . .

Robert D. Buchanan

V. P. and Gen. Mgr.

WSTS Southern Pines, N.C.

* * *

Chester, Pa., Market

EDITOR, BROADCASTING:

Your July 12 issue re the Philadelphia Market was an excellent report, as far as it went . . .

In order that the record won't suffer from gobble-up indigestion, let it be known that there are a few important markets usually listed under metropolitan areas that you so carefully ignored in your study of Philadelphia. We in Delaware County can boast of the largest industrial county in the State of Pennsylvania. . . .

Lou Poller

WPWA Chester, Pa.

KYW FM Antenna Tower Is Nearing Completion

KYW Philadelphia expects to have its FM antenna tower completed within 60 days, giving the outlet reception within a 60-mile radius, according to Robert E. White, KYW general manager.

The tower is being erected atop the 24-story Architects Bldg. Its peak will be 576 feet above street level and the tower itself will be 245 feet high. A 31-ton structure built by Blaw-Knox, the tower is being installed by Hartenstine-Zane Co., New York.

The project is part of a general expansion program of the station which has recently installed a new Westinghouse type FM transmitter. The transmitter and tower are expected to provide an effective radiated power of 20 kw.

Glass Campaign

A THREE-YEAR advertising campaign, including national use of spot radio, will be launched Aug. 22 by the Glass Container Manufacturers Institute, New York, through its agency, Foote, Cone & Belding, New York. Based on promoting the use of glass containers, the campaign will begin with a five-month schedule publicizing the no-deposit no-return beer bottle in 22 markets. An annual budget of \$1,000,000 has been established for the three-year drive.

WRNL-FM Starts Soon

WRNL-FM Richmond, Va., will start fulltime operation in September on Channel 271, 102.1 mc, with an effective radiated power of 50 kw, station officials report. The last section of the 58 ft. pylon antenna has been mounted atop WRNL's new FM tower in downtown Richmond. WRNL's AM transmitter and antenna will remain at the present location, north of the city.

WJZ

has six top programs for sale...
all of them have loyal, ready-made
audiences...all of them get results
in the nation's first market!

Co-op Programs

ABBOTT AND COSTELLO. Riotous fun and nonsense with America's favorite zany comedy team. With music by Mitty Malneck's popular orchestra. This great network show is for sale in New York at a *surprisingly low cost!*

FAVORITE STORY. When it comes to prestige, you just can't beat Mr. Ronald Colman, winner of the Academy Award and "man of the year" in Hollywood. His brilliant dramatic half-hour is one of the most distinguished in radio—and he can build good will for your product exclusively in the New York area! Sundays, 4:30 pm.

MR. PRESIDENT—direct from Hollywood, with Metro-Goldwyn-Mayer's popular Edward Arnold as star! In this momentous election year, the attention of every man, woman and child in America is focused on the White House! This timely program has *everything*: drama, patriotism, thrills, suspense, action. Sundays, 2:30 pm.

Local Programs

DON GARDINER. Here is early morning news at its best. Don Gardiner is a topnotch newscaster, popular with New Yorkers because of his complete and competent coverage of the news. More and more in these historic days, listeners are tuning in their radios for news. Weekdays, 7:00 a.m.

THE FITZGERALDS. Ed and Pegeen are more than "favorites" with New Yorkers; they're an *institution!* Their popular breakfast program on WJZ is full of fun, good humor, interesting facts—with a special charm all its own. Results? Call WJZ for some amazing-but-true stories! Weekdays, 8:15–8:55 am.

ETHEL AND ALBERT. Did you read critic John Crosby's recent *rave* review? What a tribute! And every word of it was deserved—for here is one of the most delightful comedy programs on the air. Listeners recognize themselves in every line—and they love it! Weekdays, 6:45 pm.

Field Quits World

GEORGE FIELD has resigned as assistant station relations manager of World Broadcasting System Inc., which was purchased recently by the Frederic W. Ziv Co. Mr. Field is planning a vacation, and then will announce his future plans.

DENVER WILL BE HOST TO RADIO JOURNALISTS

ANNUAL meeting of the Council on Radio Journalism will be held Aug. 31 at the Cosmopolitan Hotel, Denver, it was announced last week. The council will cover a full agenda, calling for morning, afternoon, and evening sessions, according to Mitchell V. Charnley, professor of journalism, U. of Minnesota, chairman of the meeting.

The council will move on to Boulder, Col., the following day (Sept. 1) to meet with journalism teachers who will be holding their annual convention in that city.

Council members in addition to Chairman Charnley are:

E. R. Vadeboncoeur, vice chairman, vice president of WSYR Syracuse, N. Y.; Arthur Stringer, secretary-treasurer, director of NAB Special Services Dept.; Kenneth G. Bartlett, director, Radio Workshop, Syracuse, U.; Floyd K. Baskette, associate professor of journalism, Emory U.; William Brooks, vice president, NBC; Jack Harris, general manager, KPRC Houston; Karl Koerper, vice president and managing director, KMBC Kansas City; Fred S. Siebert, director of school of journalism, U. of Illinois; and Paul H. Wagner, associate professor of journalism, Ohio State U.

Summer Radio Institute Tuition Refunds Awarded

FULL-TUITION refunds to the recently-completed seventh annual NBC Northwestern Summer Radio Institute were awarded to Idalee Woodson of Peoria, Ill., and Hubert Cordier of Meadville, Pa., by I. E. Showerman, network vice president in charge of the Central Division, at a reception Aug. 6.

Half scholarships, in the form of half-tuition refunds, went to Hazel Jacobson of Rochester, Minn., and Esko J. Takkunen of Evanston, Ill.

Honorable mentions were presented to Virginia Williams, Evanston, Ill.; Betty Holcomb, Lincoln, Neb.; R. Fred Brown, Asheville, N. C.; Romulo R. Soldevilla, Lincoln, Neb.; David Krause, St. Louis; and Paul Taff, Evanston, Ill. F. Dean Raymond of Chicago, writer of the prize-winning institute dramatic script, was given \$100 by the university.

Miss Judith Waller, director of education and public affairs at NBC's Central Division and co-director of the institute, awarded certificates to 92 students who completed the advanced course.

TV Film Discussion

"NON-THEATRICAL Film as an Expanding Market" was discussed by a panel of four at weekly meeting of Hollywood Advertising Club held Aug. 9 at Hollywood-Roosevelt Hotel. Speakers included Roland Reed, owner Roland Reed productions; Walter Rivers, Castle Films executive; Lee Spencer, manager sales service department, Union Oil Co.; Kenneth MacGowan, director of UCLA theatre arts department. Special guests were Eddie Albert, film star and head of Albert Pictures, and Frank Capra, director-producer.

Jacques Fray

radio's first

classical disc jockey

Looking for a completely *new idea in programming* . . . a show that opens up a whole new avenue of sponsors and listeners? Then send today for the bright, new folder giving the facts about the new JACQUES FRAY SHOW. We'll send it to you free, along with an audition record, if you drop us a line, send us a wire, or give us a jingle via long distance.

Jacques Fray, world famous pianist of the Fray and Braggiotti team, now becomes radio's *first* classical disc jockey. He calls on his colorful career to supply him with new and unusual facts about composers and performers . . . invites top stars of the music world as his guests at the turntable . . . introduces music that comes from your own station's record library . . . he puts a *smile* into serious music. In Jacques Fray's own words, ". . . this isn't a program for highbrows. It's for people who like to listen to music."

The JACQUES FRAY SHOW has proven its merit before millions of listeners in America's most discriminating city . . . New York. Now it's ready to do an equally outstanding job for local and regional advertisers throughout the nation.

half-hour program for 3-a-week broadcast

COMPLETE AUDIENCE PROMOTION PLAN FREE

Attention Radiomen: the JACQUES FRAY SHOW may be sponsored by *one, two or three* advertisers.

366 MADISON AVENUE

NEW YORK 17, N.Y.

Maurice Speiser, NAPA Counsel, Heart Victim

MAURICE SPEISER, 68, general counsel of the National Assn. of Performing Artists since its inception more than a decade ago, died in Philadelphia Aug. 5 of a heart attack. He had made his home at 67 Park Ave., New York.

Mr. Speiser is credited with having several pieces of legislation introduced in Congress, amending current laws affecting performers' rights. His most recent bill, entered last spring, received hearings by a Senate subcommittee, although no action was taken. NAPA indicated last week that no final action had been taken on any of Mr. Speiser's bills, but that he had "excited sufficient interest" to create Congressional discussions.

Before joining NAPA Mr. Speiser was an assistant district attorney in Philadelphia for 15 years.

Damon Runyon Stories

PLANS for transcribed adaptations of 156 Damon Runyon short stories were announced last week by Mayfair Transcriptions Co. Production of first of 52-week series got underway Aug. 11, according to Bob Reichenbach, firm's sales manager. Russell Hughes is doing scripts, Richard Sanville is directing with Bern Carstenson serving as producer. Initial news of series was disclosed at the NAB conclave in Los Angeles [BROADCASTING, May 24].

TIME OUT

Duluth, Minn.—"I've got to rest," gasps Otto Mattick. "I'm all worn out from rushing around this booming Duluth-Superior market."

No wonder Otto needs a breather. The activity in this wealthy, swiftly-growing Duluth-Superior market is terrific. Since 1945, the total effective buying income has jumped 27.6% and the population 15.5%.

KDAL is the pet radio station in this wealthy metropolitan area . . . when your sales message is heard on KDAL, you get action—fast!

Mark this booming Duluth-Superior market for your next campaign. Let Avery-Knodel show you how to use KDAL for more sales.

STATION SALES

SALES of five AM and three FM stations, with considerations totaling approximately \$100,000, were reported in applications filed with FCC last week requesting Commission approval of the transactions.

Meanwhile it was announced by Burbank Broadcasters Inc., licensee KWIK Burbank, Calif., that 46% interest in firm had been purchased for about \$100,000 from Sam Kerner (25%) and Carl Altman (21%) by Earl E. Rose, Chicago attorney, and George H. Bowles, Los Angeles businessman. Application for FCC consent is forthcoming.

According to newly filed transfer applications at FCC, Roy N. Hofheinz, chief owner of KTHT Houston and permittee of KSIX Harlingen, Tex., acquires 49% interest in WTBN and WTBN-FM Birmingham, Ala., from Thomas N. Beach, sole owner, for consideration totaling \$29,400. A. C. Neff and Nephew K. Clark become equal owners of WDAR and WDAR-FM Savannah, Ga., through sale by Mr. Neff of 40% interest to the latter for \$12,000.

A one-half interest in WHBO Sulphur Springs, Fla., is sold by James D. Sinyard for \$25,000 to Harry J. Dunlap while for the same consideration D. O. Kinnie disposes of his 51% holding in KKKIN Visalia, Calif., to Lyman

Eight Seek Approval of FCC

Treaster, KKKIN manager, and Albert F. Blain, station sales manager, who acquire holding as partners. J. C. Rothwell, sole owner KVOW Littlefield, Tex., sells one-quarter interest in the station to J. B. McShan, commercial manager, for \$4,885. O. A. Tedrick, one-third owner KWOC and KWOC-FM Poplar Bluff, Mo., retires from operation and recovers his investment to date. Amount was not specified in application. A. L. McCarthy and J. H. Wolpers continue as equal owners.

Following are details on applications for station transfers and assignments:

WTBN WTBN-FM Birmingham, Ala.—Assignment of license of WTBN and permit for WTBN-FM from Thomas N. Beach, sole owner, to new partnership, Radio Station WTBN, composed of Mr. Beach as 51% owner and Roy M. Hofheinz 49% owner. Consideration is \$29,400. Mr. Hofheinz, 75% owner KTHT Houston and permittee KSIX Harlingen, Tex., has television application pending at Houston and AM applications pending at Dallas, San Antonio and New Orleans, the last receiving a proposed grant [BROADCASTING, July 5]. Deal provides that \$14,500 of sale price goes to Mr. Beach for 24% interest with rest going to Evelyn S. Hicks for 25% interest acquired from Mr. Beach in pact to form new corporation to operate station. Proposal with Mr. Hicks, station manager, no longer is in effect. Mr. Beach stated in application he must devote considerable time to other interests because of serious illness of his brother. WTBN is assigned 5 kw day, 1 kw night on 850 kc.

KVOW Littlefield, Tex.—Assignment of license from J. C. Rothwell, sole owner, to new partnership, Southwestern Broadcasters, composed of Mr. Rothwell as 75% owner and J. B. McShan, KVOW commercial manager, 25% owner. Mr. McShan pays \$4,885 for one-quarter interest. KVOW is assigned 250 w on 1490 kc.

KWOC KWOC-FM Poplar Bluff, Mo.—Assignment of license KWOC and permit KWOC-FM to new partnership of same name, Radio Station KWOC, including two of three former partners, A. L. McCarthy and J. H. Wolpers. O. A. Tedrick retires from former co-partnership and sells his holding in equal shares to continuing partners. Investment value, Figure not given. KWOC is assigned 250 w on 1340 kc.

WDAR WDAR-FM Savannah, Ga.—Transfer of control WDAR Inc., licensee, from A. C. Neff to Nephew K. Clark through sale by Mr. Neff of 120 shares (40%) for \$12,000. Each becomes 50% owner. WDAR is assigned 250 w on 1400 kc.

WHBO Sulphur Springs, Fla.—Assignment of license to new partnership of same name, Sulphur Springs Broadcasters, composed of one of two former partners. Retiring partner, James D. Sinyard, sells 50% holding for \$25,000 to Harry Dunlap, retail milk dealer at Elyria, Ohio, for five years, who becomes business manager of station. Continuing partner Harold Dunlap moves to

NBC Offers Sports Show Recorded to West Coast

SPORTS show *Touchdown Tips With Sam Hayes* has been made available on records by NBC to its West Coast affiliates for the first time in the show's seven years on the air. It previously was sponsored on the coast as a live show by General Petroleum Motor Oils, but this is the first time the recorded program has been made available to West Coast local and regional sponsors.

It will begin Sept. 10 as a 13 weeks 15-minute series.

post of general manager. WHBO is assigned 250 w daytime on 1050 kc.

KKIN Visalia, Calif.—Transfer of 51% of stock held by D. O. Kinnie in KKKIN Inc., licensee, to Lyman Treaster and Albert F. Blain, partnership, for consideration of \$25,000. Mr. Kinnie retires to devote time to other interests. Mr. Treaster is general manager of KKKIN while Mr. Blain is sales manager of station. KKKIN is assigned 250 w on 1400 kc.

Other transfers, not previously reported, which have been filed:

KVER Albuquerque, N. M.—Assignment of construction permit for Inter-mountain Broadcasting Co. to Westernair Inc., new firm, for \$50,000. Principals of Westernair include: William T. Kemp, on-the-air manager of KVOI, Tex., and ex-general manager of KVOI, Plainview, Tex., president-general manager 50%; Robert Hinn, vice president of Consolidated Gas and Equipment Co. of Texas, vice president 12.5%; Marian Hinn Riggs, vice president of Harvest Queen Mill and Elevator Co., Plainview flour mill, vice president 12.5%; Vincent Tudor, Plainview attorney, secretary 12.5%; Harold Hinn, chairman of board of Harvest Queen Mill, treasurer-chairman of board 12.5%. KVER is assigned 250 w on 1490 kc.

WLSL Fort Lauderdale, Fla.—Assignment of construction permit from Southland Broadcasting Corp. to George D. Gartland for expenses to date, \$5,506.69. Mr. Gartland is theatre operator in Pennsylvania and has 25% interest in WARD Johnstown and 24% interest in WYAM Altoona, Pa. Station has been equally owned by Joseph W. Yates, operator, Yates Funeral Home; Claude C. Tillman Jr. and Ollie H. Tillman, each 16.5% owner Padrick's Tourist Cottages, Fort Pierce, and Robert Wadson, vice president and 25% owner WLOW Norfolk, Va. WLSL is assigned 250 w daytime on 1580 kc.

WHKP Hendersonville, N. C.—Assignment of license from Redege Broadcasting Co. to Radio Hendersonville Inc., new firm, for \$13,175 plus assumption of obligations totaling some \$20,000. Sellers are Monroe M. Redden and W. A. Egerton, partners. Principals of new firm include: Lawrence Robert Amos, former announcer at WISE Asheville and onetime program director of WNCN Asheville, N. C., president-treasurer and 40%; Clarence E. Morgan, president-general manager and 22% owner Morgan Bros., wholesale confections, and vice president and 16-2/3% owner Skyland Mfg. Co., candy manufacturer, both Asheville, vice president 50.5%; Virginia Morgan Amos, secretary 8%; and Claire Fleegeer, Morgan, N. C. WHKP is assigned 250 w on 1450 kc.

KEVT Kerrville, Tex.—Assignment of construction permit from Leonard B. Brown, sole owner, for \$65,000 to Kerr County Broadcasting Co., new firm composed of Arthur Stehling, attorney, and Walter T. McKay, chief entomologist for Texas Dept. of Agriculture and sole owner McKay Appliances, electric goods store. Each holds 50% interest. KEVT is assigned 250 w on 1230 kc.

KVLH Pauls Valley, Okla.—Assignment of license from James T. Jackson trading as Pauls Valley Broadcasting Co. to KVLH Broadcasting Co., new partnership composed of Mr. Jackson as 51% owner; Galen O. Gilbert, KVLH general manager, 25%; Phil Crenshaw, station program director, 8%; Harley E. Walker, station chief engineer, 8%; and George A. Rountree, engineer, 8%. Mr. Gilbert pays \$18,750 for his 25% interest while others pay \$6,000 each for 8% interests. All have been with outlet since inception. KVLH is assigned 250 w daytime on 1470 kc.

KOLE Port Arthur, Tex.—Assignment of license from Port Arthur Broadcasting Co. to new partnership of same name including two of former partners, Soos N. Vrats, general manager, and Mary A. Petru, program director. Gray R. Harrower and Branch C. Todd sell their 25% interest each for \$12,000 to continuing partners who then hold 50% apiece. KOLE is assigned 250 w on 1340 kc.

R. Victor Staples

R. VICTOR STAPLES, 37, commercial manager of CKRK Winnipeg, died suddenly of heart attack at his home on Aug. 10. He had been at work the previous day. He was formerly with All-Canada Radio Facilities organization.

25TH ANNIVERSARY KFHWICHITA, KANSAS

• 5000 WATTS DAY AND NIGHT

ALWAYS ENTERTAINING

For 25 years KFHW has had a measuring stick for programming that can be summed up in three words, "Is it entertaining?" Patterned to supplement CBS network shows, all KFHW produced programs are carefully measured with this yardstick. Talent is rehearsed by capable production supervisors and music is selected with a fine understanding of listener preference. There's not much on the air these days that can steal an audience away from KFHW.

ADVERTISING GETS RESULTS

ON KFHW If you want to put a punch in your commercials, schedule them on KFHW. Your commercials will be delivered with a professional touch that is comparable to the best network announcements. KFHW announcers STUDY their script well in advance of the broadcast. Ask any Petry man, he has the complete KFHW story. Ask him too, for the KFHW open time schedule; he'll mail it regularly to your personal attention.

OIL NEWSLETTER

PUBLISHED BY THE OIL INDUSTRY INFORMATION COMMITTEE

NUMBER

2

OF A SERIES

FOR YOUR INFORMATION:

Development of possible oil deposits in Tidelands off Texas-Louisiana coast now under way. Thus oil companies -- already supplying more oil than ever -- hope to tap what may prove to be one of nation's greatest sources of oil in the future.

With U.S. oil consumption greater than ever and going higher, the shelf which rings the Gulf Coast will be explored by at least thirty oil companies. So far, they've spent 26 million dollars to lease subsurface land having all the earmarks of a large oil potential.

First wildcat drilled on shelf will cost close to 2 million dollars. This illustrates tremendous risk taken by oil companies in the interest of the nation's future oil supply. Average well drilled on land costs \$70 thousand. Even highest land-well costs -- one million dollars per well -- are doubled by fabulous expense of Tidelands drilling. Cost even more impressive when one remembers that only one well in ten is a "producer."

While Tidelands make the headlines, industry continues to expand facilities to supply more oil products for more cars, oil burners, planes, diesel trains and farm machines than we've ever had before. Production, refining, transportation and marketing companies are spending over 4 billion dollars to handle record amount of oil.

Attacking supply problem from another angle, industry is urging efficient use of oil products. Current ad urges replacement of old inefficient oil burners with newer, fuel-saving models. Number of U.S. oil burners has doubled since 1938...making conservation of fuel oil most important.

Oil transportation companies awaiting delivery of 37 huge new tankers, some having 10 million gallon capacity. Maritime press claims greater speed, capacity and efficiency make one new tanker equal to four pre-war carriers. Re-investment of business funds helps pay for such new equipment.

Imports of oil continue to outweigh exports. Nearly 15 million barrels of oil were imported in April alone. This is still another phase of industry's effort to supply oil products to the nation... when and where they are wanted. Round-the-clock work schedule which led to 200 million gallons of oil products daily in '47 will continue.

Firm's Change of Name Featured in Campaign

THE Case Clothes chain, a subsidiary of United Merchants and Mfrs., has changed its name to Robert Hall Clothes and will use, through their agency Sawdon Adv. Co., New York, an intensive institutional radio campaign starting Aug. 18.

A heavy schedule of singing commercials and 15-minute programs will be placed on more than 35 radio stations in 20 cities. The theme of the campaign will be "Everything's the Same Except the Name."

Dunville and Dwight Martin, WLWT Cincinnati; Glenn Van Horn, WTTV Bloomington, Ind.; A. D. Dannebaum, WPTZ Philadelphia; Roger Clipp, WFIL-TV Philadelphia; William C. Eddy, WBKB Chicago; Merritt Coleman and Frank Falknor, CBS; Frank Russell, NBC; Lee Jahncke, ABC; Harold Burke, WBAL-TV Baltimore; Stanley Hubbard, KSTP-TV Minneapolis; Lee Wailes, Fort Industry Co.; George Burbach, KSD-TV St. Louis; Lawrence Phillips, WABD New York; Harry Bannister, WWJ-TV Detroit, and Walter J. Damm, WTMJ-TV Milwaukee.

Also in attendance were A. D. Willard Jr., executive vice president of NAB, and Don E. Petty, NAB general counsel.

Representatives of WBZ-TV Boston, WMBG Richmond, Va., KFI-TV Los Angeles, and WBEN-TV Buffalo had accepted invitations to the meeting, but at a late hour were unable to attend.

Poppele Absent

Conspicuous by his absence was Jack Poppele, WOR New York, president of TBA, who a week before was amused at the suggestion that NAB might tackle all of television's problems, thereby assuming TBA's functions. Judge Miller emphasized, however, that absorption of TBA by NAB was not even mentioned at Wednesday's session.

The NAB president said certain individuals had asked him to call the meeting, and reside, in the belief that if they took the initiative they might be accused of attempting to direct television's course.

Following the session, members of the group, exclusive of the NAB officials, held a discussion of industry developments. No official comment was made, but Mr. Hubbard of KSTP-TV said one of the questions raised was how to combat the high cost of films.

Recruiting Spots

AN EXTENSIVE transcribed spot program to stimulate reserve recruiting will be undertaken by the Naval Air Reserve Command, Glenview, Ill., Rear Admiral Richard F. Whitehead, USN, NAR chief, announced last week. Top Hollywood screen personalities, who were wartime Navy and Marine personnel, and big league baseball players will donate their time for the spots, to be carried free by 540 stations. The campaign was produced by Lt. Comdr. Walt Kimmell, USNR, the command's radio director.

PINCH-HITTING for a week as a disc m.c. on WOL Washington, Skitch Henderson (seated), New York orchestra leader, is all smiles. With him is Phil Hoffman, WOL's vice president and general manager. The orchestra leader took over for Mike Hunnicutt, WOL's regular disc m.c., on his early morning show while Mr. Hunnicutt was absent during week of Aug. 9.

Rules List

A CHECK LIST of FCC's rules and regulations, showing which may be secured from the Commission and which must be purchased through the Office of the Superintendent of Documents, Government Printing Office, was released by FCC last week. The list covers all rules and amendments issued through Aug. 9, 1948.

CONFERENCE DROPPED BY CHICAGO COUNCIL

MEMBERSHIP of the Chicago Television Council has decided to temporarily postpone plans for a proposed National Television Conference this fall, it was disclosed at CTC's regular luncheon meeting last Tuesday in Chicago.

Project, worked out in committee sessions, would schedule a conclave of "working TV groups" from all over the country, brought together for the purpose of discussing mutual problems and seeking means of furthering TV welfare in Chicago. Plan was postponed, probably until next spring, due to lack of time for preparation and inadequate hotel bookings.

Three speakers, representing the agency, network and advertiser viewpoints, gave short talks on "Why an Advertiser Should Get Into Television Now." They were Fran Harris, TV and motion picture film director, Ruthrauff & Ryan Inc., Jerry Vernon, ABC Sales, and Harry Alter, of the appliance firm bearing his name. Chief reasons cited: (1) importance of establishing time franchises now; (2) testimonials of definite sales results in specific cases accruing from the offer of merchandise on that medium only and (3) the acknowledged impact of video for the advertiser's dollar.

Fall Business

(Continued from page 21)

as compared to this year's 16%, and 15% (against this year's 4%) failed to answer the question.

Does this apportionment between programs and announcements differ from last fall's—if so, in what way? (See Chart III).

Almost half (49%) of the agencies reported their fall plans for non-network radio called for no change from last year's ratio of program vs. announcement expenditures; 17% planned to spend more on programs, and 22% estimated a greater share than last year for announcements.

In the poll taken last year, the number of agency executives stating that they planned to increase program expenditures was greater (22%) than this year (17%), as was the number predicting heavier announcement purchases (34% in

CHART III

Does this apportionment between programs and announcements differ from last fall's and, if so, in what way?

	1948 Survey	1947 Survey
More programs	17%	22%
More announcements	22	34
No difference	49	19
Indefinite or no answer	12	25
	100%	100%

the 1947 survey, 22% in the current one). However, the number this year (49%) indicating no change in the proportion of announcements to programs was considerably greater than last year (19%).

Again an attempt was made to evaluate the broadening scope of radio as an advertising medium by the question:

Are you planning to use radio this fall for any accounts which have not used radio before? (See Chart IV).

Two out of five agencies are planning to use radio for the first time on one or more of their accounts this fall. As was found last year, food was the most frequently mentioned type of account. Also with several mentions were automotive, drug and cosmetic, and appliance clients. Banks and financial institutions received a few mentions in this year's survey but none last year. On the other hand, transportation, schools, tobacco and dry cleaning did not appear this year as they did last.

CHART IV

Are you planning to use radio this fall for any accounts which have not used radio before?

KLAC-TV BIDS

COMPETITIVE bid for purchase of Dorothy Thackrey's KLAC-TV Los Angeles was prefaced last week in petition filed with FCC requesting the Commission to require naming of a specific price for the television KLAC-TV along with KLAC Los Angeles and KYA San Francisco for overall consideration of \$1,045,000 to Warner Bros. [BROADCASTING, June 28].

Firm Seeks Specific Price Tags

Petitioner is Southern California Television Co., newly formed corporation which includes Edwin W. Pauley, millionaire oilman, advisor to the late President Roosevelt and television applicant at San Francisco. Firm requests that in view of intent of FCC in formulating Avco rule on station transfer procedure, the Commission should require Mrs. Thackrey and Warner Bros. to modify their contract to specify individual considerations for each of the outlets and in a revised newspaper notice to announce that competitive bids for each or any of the facilities may be made within the usual 60-day Avco waiting period.

Southern California, which still is under organization, told FCC it is "ready, able, and willing to construct and operate a commercial television station on Channel 13 in Los Angeles" and desires to file a competitive bid under Avco for KLAC-TV. The petition pointed out that to be required under the proposed agreement to buy all three or none of the outlets "distinctly limits the number of competing applications which might otherwise be filed . . . defeats the purpose of the Commission's Avco procedure . . . and . . . violates past precedents and requirements" of FCC in transfers under Avco.

One consideration above all others requires separate pricing of the television outlet, the peti-

tion said, when the seller has a television permit rather than a license. FCC should know the consideration asked for KLAC-TV in order to determine whether or not there is "a sale of a television frequency, because if the price being paid for KLAC-TV is in excess of the expenditures actually incurred by Mrs. Thackrey in obtaining the grant and the reasonable value of whatever construction has been undertaken pursuant to the permit, we have a clear case of trafficking in a construction permit."

The petition said it is understood Warner Bros. planned to resell KLAC and keep KFWB Los Angeles since it has a better nighttime power. Adding that Warner Bros. also is a video applicant in Chicago, the petition continued that under these circumstances "it is a fair assumption that they are interested in Mrs. Thackrey's West Coast radio properties primarily because of the television construction permit which she holds for Los Angeles."

The petition explained the Commission not only has required separate valuation of a radio facility from other property being sold but also has required separate prices in the case of AM stations being sold as a package. "These precedents are sound," the petition held, since package deals of several outlets limit the field of those who could competitively bid and preclude local ownership of the outlets, considered preferred by FCC.

Concerning the allowed combined sale of joint AM and FM outlets, the petition related FCC's rules permit duplicated programming and the AM-FM outlets are component parts of one aural operation. Further, the Commission's allocations provide one and a half times as many FM facilities as AM stations in a given community whereas in television the scarcity of channels has not made this allocation possible. Thus, the petition said, a number of AM licensees in Los Angeles which would be ineligible because of the duopoly rule to file a competing application for KLAC, "might be very much interested in acquiring Station KLAC-TV."

Associated with Mr. Pauley in Southern California Television are the following Long Beach business and professional men: John G. and Henry H. Clock and R. A. Waestman, attorneys; Harry A. Buffum, president, Buffum Dept. Store; James Craig, president, Craig Shipbuilding Co.; E. E. Combs, Termo Co., petroleum firm, and Carl B. Shank, real estate.

SOUTHWEST VIRGINIA'S Pioneer RADIO STATION

Again . . .
Why Buy

WDBJ

Giveaways

(Continued from page 23)

FCC, owing to the absence of a definite FCC regulation on the subject.

Three elements exist in the generally accepted test as to whether a lottery exists. First, a prize must be awarded; second, chance or lot must be a factor; third, the winner must first put up some "consideration" as a prerequisite to winning. It is on the third element that the FCC proposes stringent definition.

A show would violate the lottery section of the Communications Act, according to the FCC, if a valuable prize is awarded to anyone whose selection depends on chance or lot, if as a condition of winning, he:

(1) Is required to furnish any money or thing of value or have in his possession any product of a sponsor;

(2) Is required to "be listening to or viewing the program in question on a radio or television receiver";

(3) Is required to answer a question whose answer has been given on the air;

(4) Is required to answer the phone or write a letter, if the phone conversation or the letter are to be carried on the air.

One network legal authority said that most rulings of the Post Office recently had defined "consideration" as pertaining only to money or a thing of value, a limited definition by comparison with the FCC's.

Three for the Money, an MBS program, he pointed out, had been cleared with the Solicitor of the Post Office Dept., who said as far as his rules were concerned it did not constitute a lottery. There is doubt that it would similarly survive the proposed FCC rule.

Whatever the outcome of the FCC intentions, most network executives agreed that considerable legal history would be made before the giveaway question was settled.

STATISTICIAN BOND

Chances on WARL Show Listed

By Hearing Examiner

FOR statistics lovers, FCC Hearing Examiner J. D. Bond inserted into his recommended decision in the WARL Arlington (Va.) lottery proceeding [BROADCASTING, Aug. 9] a footnote on listeners' chances of being called on quiz shows.

Noting that the program in question was carried every half hour, Mr. Bond wrote:

A theoretical estimate of 9,000 calls per year and 270,000 Washington telephone subscribers indicates that every one might be called within 30 years except for the element of chance selection which would result in some multiple and some omitted calls.

The probabilities might interest the mathematically inclined. For example if the experience-indicated rate of WARL winner production should be maintained at 128 per 200 days, then all of the assumed 270,000 Washington telephone subscribers might expect to become winners in slightly more than 1,150 years, except, of course, for the uncontrollable caprice of chance and the inevitable fate of mortals.

ATTORNEY'S NEW BOOK ON LIBEL OFF PRESS

"ESSENTIALS OF LIBEL," by Paul P. Ashley, Seattle attorney, U. of Washington Press, 71 pp. \$1.50.

DEFINING libel, the author notes "the law is evolving to treat a false broadcast as a libel," although formerly defamatory material via radio was regarded as a slander. Since the laws of libel are more severe than those relating to slander, Mr. Ashley's guide to the danger points should be useful to radio personnel, and especially newscasters and writers.

Even the well-intentioned may open themselves to damage suits unless extremely careful, Mr. Ashley points out. Libel laws and judicial determinations also vary from state to state, and Mr. Ashley cautions that a newspaper circulating in several states would be subject to their respective libel laws. Presumably the same principle would apply to radio stations whose listening area extends beyond the borders of a single state.

The book contains a five-page checklist of words and expressions which should be considered libelous from the article (or broadcast) itself, without reference to outside circumstances.

Status Quo on Baltimore Gag Case; Hearing Oct. 1

DUE to court instructions that no briefs should be filed in the Baltimore "gag rule" controversy until after the trial of the accused murderer is over, there were no developments on that front last week.

Five Baltimore stations and a news editor are awaiting Oct. 1 contempt hearings on a charge that they broadcast details of crime news in violation of a local court rule [BROADCASTING, Aug. 9]. NAB, ANPA, the American Civil Liberties Union and others have attacked the rule and come to the defense of the stations.

Intra-Store TV

(Continued from page 26)

Lee studios and one act plays by the Masquers and Straw Hat players.

Commercial phase of the demonstration included a millinery style show—presenting Parker's finest hats on live models. Dermott of London conducted a hair styling demonstration during which he illustrated the advantages and charm of his new "Baby-Curl Cut." A half-hour feature, *Around the Clock Fashions*, presented the latest autumn ready-to-wear and lingerie. A live demonstration was also given by the shoe department. Electrical appliances were shown in use, including ranges and ironers.

Over \$150,000 worth of television equipment was sent by RCA, including two cameras and all related controls, mikes, receivers and a crew of five men—two directors, T. J. Brady and Jim McCarvill, and three technicians.

WOC Sets Scene

Before the RCA team arrived, they had enlisted the aid of WOC. Parker's and WOC built a special television studio with control booth on Parker's second floor and also supplied the scenery and props.

With Mr. Lottridge a number of other WOC staff members also gained valuable experience in video production and operation. Station staff members taking part in the demonstration included three cameramen, one assistant director, program manager, four assistant

sound men, three announcers, two women as fashion commentators, three script writers and all professional talent.

Five days before the demonstration was to begin, the RCA crew set up the equipment and Mr. Lottridge and the WOC staff started rehearsals.

Gave TV Training

Not only was the demonstration a success for Parker's but it also gave the staff of WOC valuable training in video operation under trained personnel.

WOC was granted Channel 5 (76-82 mc) at Davenport on June 2. Grant is for visual and aural effective radiated powers of 22.9 kw with an antenna height above average terrain of 350 ft.

WSVS Crewe, Va., Reports Its Tower Was Sabotaged

WSVS Crewe, Va., has reported that its 294-foot tower was "sabotaged" last Thursday, "by what police authorities say was an instrument like a bolt cutter." Four guys were cut, the station reports, and the tower collapsed, interrupting broadcasting for nine hours while a temporary antenna was erected.

An automatic time device set the time of the tower collapse as 2:21 a.m., Thursday, Aug. 12. WSVS officials have announced that the station will continue operation with the temporary antenna while a new one is being built.

"WONDERLAND * IS BIGGER THAN MARYLAND," said Alice

"But that would make Wonderland bigger than New Jersey or Massachusetts or Delaware too," said the timebuyer.

"Well, we do cover a lot of territory down here in Texas," said Alice. "And speaking of Delaware, there are more people in Wonderland than the whole state of Delaware. So isn't it nice that you can tell them about your clients' products over the one station that's programmed just for them? Better write KBKI for availabilities."

*WONDERLAND: the 13,000 square miles where almost 300,000 Texans listen regularly to KBKI.

Scott Decision

(Continued from page 26)

gerous sophistry that seems to be increasing these days."

FCC currently is pondering the case of WHAM, which is on temporary license pending further study of a complaint that it had refused air time to "Free Thinkers" organization [BROADCASTING, May 3].

Petition to FCC

Religious Radio Assn. a fortnight ago [BROADCASTING, Aug. 9], filed a petition with FCC asking clarification of the decision. RRA was fearful that the decision as it now stands might be construed to mean that stations "must make a right of reply available to atheists every time they broadcast church services, prayers, Bible readings,

and other kinds of religious programs."

Contrasting the United States Constitution with that of the Soviet Union, Rep. Kersten cited the difference "between the case of the atheists and that of the radio station."

Article 124 of the USSR Constitution, he pointed out, reads, in part, as follows:

"Freedom of religious worship and freedom of anti-religious propaganda is recognized for all citizens."

The United States Constitution, he said, reads, in part, as follows: "Congress shall make no laws respecting the establishment of religion or prohibiting the free exercise thereof."

"The Soviet Constitution," Rep. Kersten explained, "puts religion and atheism on an equal basis. The American Constitution makes no reference to atheism whatsoever. Atheism is foreign to our basic philosophy of government. There is no controversial public question in our philosophy of government as between religion and atheism. The framers of our form of government assumed the existence of God was beyond controversy in the minds of the founders of our government."

The legislator added that individuals may have a legal right under the freedom of speech clause to advocate atheism "all they wish" but that this, in itself, did not make atheism a "controversial public question."

"No one," Rep. Kersten declared, "will contend that the radio stations would have to give the 'Murder, Inc.' the same radio time as they give the police department in its efforts to protect human lives."

Donald Counihan, assistant to the legislator, said Rep. Kersten had "nothing definite in mind for legislation," but did intend to bring the matter to the attention of the Harness Committee.

Mr. Counihan said the legislator had been interested in and was familiar with activities of the committee.

Heffron Article

Rep. Kersten entered in the *Congressional Record* an article by Edward J. Heffron, president of Religious Radio Assn., entitled "Atheism Bids for a Place on the Air," which appeared in the July issue of *Columbia Magazine*.

In the article, Mr. Heffron pointed out that "God is officially recognized in the Declaration of Independence as the source and fountainhead of our liberties, as the bedrock of American democracy. The father of our country said 'religion and morality are indispensable supports' of good government."

He cited the Supreme Court decision in the case of Holy Trinity Church vs United States, proclaiming that "This is a religious people. This is historically true," and

PARTY LINE

Tapped Wires Provide Lively
—Show on WMAQ—

ALTHOUGH the mayors of Nome and Chicago don't agree on the summer weather, they both went on record in the first known broadcast of tapped telephone conversations Aug. 2, on a WMAQ Chicago afternoon news show. Aug. 2 was the first date on which such conversations could be recorded and aired legally under FCC regulations.

Leonard O'Connor of the news and special events staff called Mayor Martin H. Kennelly of Chicago, Mayor Luther Dunbar of Nome (reputedly the coldest spot in the U. S. and its possessions) and Henry Behoteguy of the industrial department of the Phoenix Chamber of Commerce, all of whom talked and disagreed about the weather.

The conversations, made on both local and long-distance lines, were fed into a wire-recorder direct from the Illinois Bell Telephone Co. line through a recorder-connector device attached to the telephone. Persons called in this way are told in advance of the interview that it will be used for broadcasting, and are reminded further of this every 15 seconds as an electronic "beep," a high-pitch warning note, is sounded. This can be switched off when the recording is dubbed. FCC requires constant use of the "beep" during these phone calls.

WMAQ plans to use the device for eyewitness accounts and spot newscasts.

Coast Ad Groups Meet Winners in AAAA Exam

THE 49 SUCCESSFUL candidates of the American Assn. of Advertising Agencies examination given in Los Angeles April 5 to prospective young advertisers were introduced to the Southern California chapter of AAAA and to the Southern California Advertising Agencies Assn. at a banquet Aug. 12 at Los Angeles Athletic Club. The speaker, Richard Compton, founder of Compton Adv., New York, discussed "Advertising as a Career."

Gene Duckwall, Foote, Cone & Belding, Los Angeles business manager, and secretary-treasurer of SCAAA, introduced the candidates. Carl Tester, vice president and general manager of Philip J. Meany Co., Los Angeles, and SCAAA chairman, presided.

maintained that theism is not a controversial public issue but an officially accepted public proposition.

"It is on this basis," Mr. Heffron wrote, "that I think the Robert Harold Scott opinion should be overruled . . . FCC's decision in the WHAM case will be, in a very real sense, its first clear-cut and precedent-making decision on this question."

ABC Sued

(Continued from page 22)

agreed that if it was sold, the Blue Barron band would be employed on the program, Mr. Goodson would be employed as producer and Mr. Connell as script writer.

Unauthorized Sale Charged

Mr. Barron now charges an unauthorized sale of the program, embodied in what is now known as *Stop the Music*, to ABC. He added that none of the defendants has informed him of the sale or any due profits or payments for his part in originating the idea.

The bandleader further said that despite his written demands to ABC to cease broadcast of the program, the network indicated it will continue to air *Stop the Music* because of contracts with Mr. Goodson and Louis G. Cowan Inc. Similar demands were written other defendants by Mr. Barron, he alleges, asking that they refrain from planning to sell the program rights, including television and stage show rights.

In filing suit, the orchestra leader demands payment of sums equal to half of the program profits received by the defendants, or, in the alternative, payment for reasonable value of the services performed by him in originating the program idea. He further demands that ABC be restrained from paying other defendants for any sale, release or contract relating to *Stop the Music* and that all defendants be restrained from attempting to effectuate any program sale.

KBA Meeting

THE KENTUCKY Broadcasters Assn. will hold its next meeting Oct. 22 and 23 at Owensboro. Directors attending an informal session, called in conjunction with the District 7 and 8 NAB meetings at French Lick, Ind., last week, set the dates. Those present were Harry McTigue, WINN Louisville, president; Hugh Potter, WOMI Owensboro; Charles Warren, WCMI Ashland; Ed Willis, WLAP Lexington; Pete Smith, WGRC Louisville, and Ernest Lackey, WHOP Hopkinsville.

Stock Dispute

(Continued from page 36)

sion of the four previously unissued shares.

Mr. Nelson contended that Barbara Leighton's interest meanwhile had been increased to 15 shares by the purchase of 11 from Benjamin Dubb (4 shares), Bradley Kincaid (4), and Prentiss Carnell Jr. (3).

He said Mr. Leighton bought these for a total of \$9,800, and that another share was acquired from Mr. Carnell for \$700 and issued to Harold Salern, company accountant, to hold for the benefit of Barbara Leighton. Similarly, Mr. Nelson claimed, Mr. Leighton acquired the remaining share owned by Mr. Carnell, also for \$700, and that this is now held by James O'Loughlin, the company's local attorney, for the benefit of Miss Leighton.

The result, according to Mr. Nelson, is that he and Mr. Leighton have 33 shares each, but that Mr. Leighton and Miss Leighton have 50 of the 99 outstanding shares in addition to four shares held by Mr. Leighton's mother-in-law and one by his sister-in-law.

Cites April Incident

Mr. Nelson said his partner told him on April 1 that he had acquired control and warned him to "do his bidding or else." He said Mr. Leighton threatened to "put the screws" to him if he "talked to any of the parties from whom Leighton had acquired stock or if he attempted to make an investigation of the stock purchases."

He said Mr. Leighton told him on May 14, "Pal, you're through;" that his partner dismissed him as general manager on June 21; that a new board of directors was elected on July 19 and that a new slate of officers was named July 27 with Mr. Leighton as president and treasurer, Mr. O'Loughlin as secretary, and Walter Duncan, who had been hired as acting executive assistant and sales consultant,

JACKPOT TOWN It's Fort Worth—And WBAP —Listener Does It Again—

WITH ODDS astronomically against it, a major giveaway jackpot struck WBAP Fort Worth a second time when a local listener picked up ABC's \$19,000 *Stop the Music* huddle Aug. 8.

By correctly identifying the mystery tune, a 1901 air called "Sun Dance," Mrs. Herbert Skelton, a bride of two weeks, collected one of those fabulous packages now disturbing the FCC.

Bonds, a television set, an automobile, a house trailer, a bracelet with a diamond for every birthday, a mink coat, and a Caribbean cruise were among the jackpot items.

Last December Mrs. Ruth Annette Subbie, also of Fort Worth, named Martha Graham as *Truth or Consequence's* Miss Hush for a \$22,500 roundup. This also came via ABC's Fort Worth outlet, WBAP.

in Mr. Nelson's former post of vice president.

Discussing his own dismissal, Mr. Nelson said others who "were either dismissed or resigned because of Leighton's conduct" were Cecil Woodland, commercial manager, who, he said, was required to return his two shares of stock to the company at \$400 per share under a prior agreement; Edward S. Flynn, program manager; Robert S. Cragin, promotion; Alice Pach, secretary to Mr. Nelson; Betty Tierney, assistant to Mr. Woodland; Jack Rourke, control operator-announcer; Richard Van Patten, salesman, and Jerry Coyle, singer and announcer.

Stockholders' Letters

In support of his petition Mr. Nelson submitted copies of several letters he said he had received. In one a former stockholder, James Healey, said Mr. Leighton had told him he was concerned about Mr. Nelson's mental condition and "strange behavior." In another, Bradley Kincaid, also a former stockholder, quoted Mr. Leighton as saying Mr. Nelson had assumed a dominating attitude and also had made associations which might damage the station's reputation, and that therefore Mr. Leighton wanted to get control to protect his own interests.

There were also copies of a purported exchange of letters between Mr. Leighton and Mr. Nelson, relating to the former's complaint that Mr. Nelson had made it impossible for them to determine policies jointly.

Mr. Leighton suggested in his letter that they select an impartial third person to join them in naming two other directors, and asserted that otherwise he would try to get the votes of other stockholders for election of such a board. Mr. Nelson's letter responded that

the proper method was to fill present vacancies on the board, and asked that Mr. Leighton call a meeting for that purpose. Mr. Leighton responded, according to the copies submitted to FCC, that the informal method he had proposed seemed more desirable since it would be only a short time until the regular election of directors.

In his petition Mr. Nelson told the Commission that he and Mr. Leighton had formed a partnership in 1936 to operate an advertising agency, and had founded WSNY together in 1942. Mr. Nelson said he was in charge of public service, sales, personnel, promotion and allied matters for both the agency and the station, and that Mr. Leighton was in charge of financial affairs.

"So great was the trust which Petitioner reposed in Leighton that although checks . . . required a counter-signature, for many years Petitioner affixed his signature in advance to all of the checks in the check books of both the advertising agency and the radio station. . . . All went well until February of 1948 when Petitioner and his family went to Florida for their annual vacation," Mr. Nelson declared.

WSNY is an independent local operating on 1240 kc with 250 w fulltime.

KPNI (FM) in Palo Alto Relinquishes Its Permit

CONSTRUCTION PERMIT for FM station KPNI Palo Alto, Calif., was deleted by FCC last week upon request of Peninsula Newspapers Inc., permittee, which told FCC it "feels that it would be economically impractical to construct and operate an FM station without an AM station."

Firm said its AM request has been pending FCC decision for 20 months after the hearing record in the case had been closed. The publishing firm continued that it desired a joint AM-FM operation. The FM outlet has been functioning on interim operation since July 1947. It had been granted conditionally in December 1945.

Facilities relinquished by the FM outlet were Class A, Channel 269 (101.7 mc), effective radiated power 770 w.

New WCHV Building

CONTRACT for a new air-conditioned studio and transmitter building has been let by WCHV Charlottesville, Va., station reports. To be built at an estimated cost of \$75,000, the 21-room building is to have dual control rooms, modern studios and offices and living quarters for one engineer. A 391-ft. Blaw-Knox self-supporting tower has ready been started at the new location, WCHV reports. The 250 w ABC affiliate announced that it plans to put the new operation into use in January 1949.

DON'T WORRY MR. SPONSOR

our new Califone transcription players weigh only ten pounds, so we can rush over with your new show and have it set-up in a half a minute. Califones are two-speed players and handle up to 16-inch transcriptions, either 33½ or 78 rpm, with rumble-free, wow-free and slip-free efficiency.

GOOD!

that Califone tone quality really brings out the very best in recorded music and voice. It will be a great day for the industry when every transcription studio, agency, advertiser and broadcaster is equipped with one of these new, compact units of portable sales power.

WYLIE OF Y & R SAYS TV INTRUDES ON HOME

"SICKENED by the whole prospect of television," Max Wylie, program manager of the radio division of Young & Rubicam, New York, maintained in a lecture at the U. of Colorado Writers Conference in Boulder Aug. 8 that video will be a "bore, will destroy living room conversation and will multiply the divorce rate." He was discussing "The Case for Radio."

"Television will make American life even crazier than it is now, not only because of its incivility but also because of the sordid intrusion into American home life it represents. It will commandeer the whole household in a way that radio never could, because it can not be as optional as radio."

Mr. Wylie, who is a champion of AM programming and a founder of the "Columbia Workshop," predicted that video will replace AM "almost completely, and has already destroyed FM." Television, he said, will never be the "artistic medium it could be, because of the strain on the performers. Eventually video will become the tool of Hollywood, and memorization will be necessary."

Explaining that a network of 21 TV stations will be available by Jan. 1 to 85% of the people, he added that "it will not be too long before everyone will feel it necessary to own a set."

NEW FULLTIME OUTLET UNDERWAY AT ALBANY

WPTR Albany, N. Y., commenced operations Aug. 6 fulltime on 1540 kc with a power of 10 kw, at its premier broadcast from the Hotel Ten Eyck attended by more than 700 persons.

Officers of the Patroon Broadcasting Co. Inc., owners and operators of WPTR, are J. Myer Schine, president; Leonard Asch, vice president and general manager; Harold Blodgett, vice president and counsellor; W. Russell David, vice president in charge of engineering; Herbert DuVal Jr., vice president in charge of sales; Louis Schine, treasurer, and Willard S. McKay, secretary. Howard Maschmeier is program director of the station.

Powerful TV Signal

TELEVISION viewers in two cities, both about 900 miles from CBS television signal in New York, said last week that the signal had been received. Donald D. Brooks of Decatur, Ga., and Bill Donahue, of Wheeling, Ill., wrote CBS they picked up the television pattern, the usual range of which is 50 miles. Earlier in July a viewer in Little Rock, Ark., 1,100 miles from New York, also reported reception.

DUBS of transcription of WWL New Orleans special events broadcast are being made at request of foreign consuls in New Orleans for re-broadcast in Czechoslovakia, England, France and Holland. Broadcast featured European youngsters being interviewed on good will tour of U. S.

STATIONS STEP UP POLIO AID

Special Children's Programs Aired, Fund Drives

Held as Carolina Epidemic Continues

WITH new polio cases being reported daily in North Carolina, stations throughout the state continue their fund raising drives and special children's programs.

To date, well over \$50,000 has been raised by Bob Jones and WBIG Greensboro, the station reports, for the Central Polio Hospital, being built at Greensboro. Many special programs to help in the fight have also been presented, including: An appeal by representatives of AFL, CIO and the Brotherhood of Trainmen; a group of leading Negro citizens and doctors presenting their experience and work with the disease; and special features by the Greensboro Recreation Dept., Girl Scouts and Methodist churches of the city.

At Ahoskie a community hospital is just being completed to serve several counties. Funds, however, were not available to purchase the necessary mechanical equipment to treat polio. WRCS Ahoskie reports it started answering record requests in exchange for contributions to buy equipment for this hospital. The first goal of the station was \$500 for a whirlpool bath. Money came in so fast that the

station reports it also raised funds to buy a \$2,400 iron lung, a \$400 hot pack, three heat lamps for \$600 and ten baby cribs at a cost of \$500.

A series of children's programs, *Let's Play at Home*, is being presented by WCEC and WCEC-FM Rocky Mount in cooperation with the city Recreation Dept., station reports. Another daily children's feature is *The Old Oak Tree*. A weekly program, *The Story Book Lady*, is aired each Saturday in cooperation with the Rocky Mount Public Library. Sunday School programs are given in cooperation with the Rocky Mount Ministerial Assn. and the Colored Ministerial Assn.

Two Montreal Stations Apply for TV Licenses

CKAC and CFCF Montreal have applied for television licenses. Public hearings are expected early in October by Canadian Broadcasting Corp., at Ottawa. CKAC had the first TV station in Canada when it operated experimentally with British Baird system in 1931 and 1932, airing programs regularly, although there were but three receivers in the Montreal area.

Current plans in Montreal call for a joint television studio for CKAC and CFCF, as well as for other Montreal stations who may receive TV licenses. Plan calls for studio to be built and used by stations on rental basis. In addition, Montreal TV stations will have available moving picture studios located there making French-language films. CKAC is expected to use many French films imported from France on its TV programs, and is bringing to Canada early this fall a French TV producer, as chief program director.

Polio Sidelight

A HUMOROUS light on the fight against polio in North Carolina was credited to WBT Charlotte by the *Charlotte News*. When the city was being sprayed with DDT, one little fellow became quite excited as the machine went through his neighborhood. He was reported by the paper to have run into the house calling to his mother, "They're spraying us with WBT."

Newspaper Opinion

(Continued from page 22)

trol programming on radio or anything else. Fred Allen summed up the giveaway situation when he moaned that pretty soon the radio industry would consist of one washing machine, giving away people.

But we don't go along with the thesis that jackpot radio is disreputable because it's a lottery. This newspaper long has been convinced, and still is, that one of the most intelligent steps we Americans could take would be to drop our hypocrisy about lotteries, and have a series of bang-up sweepstakes or draws, for the benefit of our schools, hospitals, old folks and what not.

From the Washington Times-Herald Aug. 7

All the same, they are an indubitable blight on the quality of American broadcasting. The lure which their gambling chance presents puts at a disadvantage all programs attempting to attract an audience on intrinsic merit. They are, in very large measure, programs of ineffable stupidity in which the avarice of the participants is outdone by the eagerness of the sponsor to give away.

... The listening public, or at least a considerable segment of it, may be temporarily aggrieved by what the FCC proposes to do; but the caliber of American radio is likely to be greatly improved

From the Washington Post Aug. 10

Needless to say, for cracking down on all this, the FCC is going to be called a spoil-sport, a grouch and a lot worse by great numbers of irate Americans dreaming of getting rich quick by being called upon to identify a bit of music or say what Republican, whose initials are T. D., may be our next President.

... The FCC may be completely right in moving to ban them, but it will be berated for it. God Bless America. Nowhere but here do such things happen.

From the Washington Sunday Star Aug. 8

Radio comics throughout the land heaved a sigh of relief when the Federal Communications Commission announced its crackdown on those giveaway programs. "They're giving radio back to talent," commented one air executive.

From Irv Kupcinet's column (Kup's Column) in Chicago Sun-Times Aug. 9.

The only objection to the FCC proposal is that legally they can't do anything about these Jack-ass Jackpots unless they are lotteries in fact. Unless the participants pay money or assume some obligation for the privilege of participating it is strictly legal. The FCC can't stop them unless the radio industry wants them stopped.

Testimony on Stratovision was offered during FCC's recent general allocations hearing but some of it was excluded on grounds that Westinghouse had not given proper notice of all allocations that would be affected [BROADCASTING, Aug. 2].

Reviewing development of the airborne relay method, Westing-

house said in its petition that "the system is feasible, and it is the only way . . . that many millions of people will ever receive television service."

In tests, it was pointed out, an effective radiated power of 8 kw was attained. Generally, the Stratovision plane has been flown in the vicinity of Pittsburgh, at an altitude of about 25,000 feet, rebroadcasting programs from other television stations. "Reports on the reception of these rebroadcasts have been received from 270 towns in 10 states, including the states of Pennsylvania, Virginia, West Virginia, Maryland, Ohio, New York, Delaware, and Michigan," the petition reported.

Under the Westinghouse proposal, FCC's rules would be expanded to recognize "airborne television stations" and define them as being intended "primarily to render service to as wide an area as possible, both urban and rural." They would be normally protected to their 500 uv/m contours from co- and adjacent-channel stations and would be assignable on any channel. The transmitter location would be "specified as a point on the earth's surface above which the airplane shall fly in as small a circle as practicable, but with a radius not to exceed 10 miles." The main studio would be "within the 5000 uv/m contour."

FACTS ON WHICH TODAY'S RADIO DECISIONS ARE MADE

Only in BROADCASTING do you find news of ALL radio—AM, FM, TV—told all in one book, told tersely, told in the week it happened.

A few seconds to sign and mail the attached coupon insures you a full year of lens-sharp radio background—facts that mean dollars and cents by being better informed through BROADCASTING.

WENR-TV

LONG-HERALDED opening of Chicago's third television station, WENR-TV, was being planned in detail last week as John H. Norton Jr., vice president in charge of the Central Division, announced Sept. 17 as the debut of operations.

Taking the air for 30 hours weekly, the new video station will combine with WXYZ-TV Detroit early in October to form a regional network and service as midwestern nucleus of a TV route which will include Milwaukee, St. Louis, Cleveland, South Bend, Minneapolis and Cincinnati, Mr. Norton said.

He was negotiating Friday with owners of the Chicago Civic Theatre, a Shakespearean-type playhouse in the north end of the Chicago Civic Opera Bldg., for a long-term lease for use as an audience participation studio, both on AM and TV. Present AM studios are now being leased from NBC in the Merchandise Mart.

Original programs will be stressed, according to Harold Stokes, WENR-TV, AM and FM manager, although news and special events will play a "heavy" part in the overall schedule. An innovation in the new phase of broadcasting will be organization of the station's own stock company, which will include both amateur and professional talent.

"A tremendous amount of reconstruction work and power readjustment has been necessary," E. C. Horstman, engineering supervisor at the Central Division, said Thursday. "Both new and larger transformers had to be put in the basement by the Commonwealth Edison Co. in order to supply the huge amount of power necessary."

Workmen on a 24-hour daily routine are completing interior

WMBD's Studios Moved; Now Located in Theatre

WMBD Peoria, Ill., has moved its studios to Peoria's Majestic Theatre Bldg. Eventually the station's offices, still located in the First National Bank Bldg., also will be moved to the new location, WMBD officials have announced.

Occupying the new quarters now are members of the operational staff—announcers, musicians and engineers. As offices are completed in the theatre building the station management and the advertising and continuity departments will move in.

WMBD, which operates with 5 kw on 1470 kc, will occupy three floors (including an entire basement in the theatre building). Offices will be on the basement level and on the first floor. Also on first floor will be a newsroom. Station will have four studios on the second floor, including one seating 270 persons where the first balcony of the theatre used to be.

Chicago Outlet Plans September Start

★ construction work at the station site, the 44th and part of the 45th floors of the Opera Bldg. where transmitter, studio, offices and storage rooms will be located. All studio and field equipment—telecameras, tele-film projectors, control and lighting facilities, as well as the first custom built truck of a mobile video fleet—have been received by ABC and are ready for installation.

WENR-TV's antenna, 613 ft. above street level, is the highest in the city. Its five-ton weight, along with the half-ton television section, is borne by a 52-foot high base and steel girders. The base will be used also as an FM transmitter for the station.

Test Pattern

Transmission of a test pattern will begin within the next week, according to Mr. Horstman. The Austin Co., Chicago is contracting firm. The 5 kw transmitter comprises eight cabinets which contain the newest type RCA video equipment.

Assisting Mr. Horstman in the technical work during the past six months were Robert Whitnah, station engineer for WENR-TV and FM; William Cummings, operational supervisor for WENR AM TV and FM, and Hugh Abfalter, Mr. Whitnah's assistant.

The video staff also includes Gerald Vernon, coordinator of tele-sales; Fred Kilian, director of TV programming; Jack Gibney, executive producer; Monte Fassnacht, production director; Gregg Garrison, staff director; Nancy Goodwin, staff writer, Herb Cuniff and John Mayers, program assistants.

RADIO advertisers and four major networks were credited with playing major role in the Advertising Council Inc.'s nationwide nurse recruitment campaign conducted first seven months of this year. Total of 800,000,000 listener-impressions were heard, with more than 250 commercial and sustaining programs carrying the announcements.

The People's Voice

WHEN Sen. Homer Capehart (R-Ind.), spokesman for the Senate Banking Committee, was reported to have said that "the public just does not seem to be interested in the problem of inflation," Bob Brooks of WSCR Scranton, Pa., had other ideas. From his program, *Inquiring Microphone*, Mr. Brooks had received an entirely opposite impression. To make this point a bit more vivid to Sen. Capehart, Mr. Brooks sent transcriptions of two *Inquiring Microphone* programs to the Senator with a note saying "Dear Senator: I send not one letter to show the public's interest in anti-inflation but the cross-sectional testimony of all Scranton's and Lackawanna Valley's citizenry."

KMAC Opposes Cab Firm Adjacent Antenna Plan

KMAC San Antonio, Tex., has filed a petition with FCC opposing adjacent antenna site selected by local Yellow Cab and Baggage Co. for its two-way FM radio system. It was said to be first complaint of this nature.

Cab company, according to KMAC complaint, plans to erect tower in lot bordering the KMAC site and the station said the new FM antenna would act as a parasite radiator and would "greatly influence directional pattern of KMAC." The AM outlet is assigned 250 w fulltime on 1240 kc.

KMAC pointed out in its petition that although it does not know the exact location of the Yellow Cab antenna it could not be more than 420 ft. distant from the KMAC tower. This is 0.6 wave length at 1240 kc, station said.

The AM outlet requested the Commission to reconsider its FM facilities grant to the cab company, designate for hearing Yellow's application and require FM antenna be moved.

AERICAN field and track stars perform for Cincinnati televiewers through series of films made especially for video by WLWT that city. Series includes 12 films, most of them slightly over 10 minutes in length and narrated by Bill Slater, former WLW announcer. Movies were made last year in cooperation with U. S. Olympic Commission and American Athletic Assn. United World is owner of films, which were first shown over WNBC New York, and are being shown now for first time on sustaining basis.

Juvenile Delinquency

NEW FORMAT has been introduced on "We Human Beings," broadcast by WCOP Boston in cooperation with the Lowell Institute Cooperative Broadcasting Council. Future programs will consist of a dramatic presentation of a Greater Boston juvenile delinquency problem, and at intervals in the story a panel of faculty experts will interpret the action and relate it to the community as a whole. Radio series is based on the content of regular courses at Boston College, Boston U., Harvard, M. I. T., Northeastern and Tufts.

Air Service Inaugural

INAUGURAL flight of Eastern Air Lines' service at Lafayette, La., was broadcast last week by KVOL Lafayette. Ground ceremonies were tape recorded and broadcast within an hour. Wire recorder was taken aloft for a Banquet in the Air during which 54 people, including radio and press representatives, were given a complete meal and a 250 mile flight. This program was broadcast as part of the station's evening schedule.

Political Issues

NEW SERIES on CBS television network is "Presidential Straws in the Wind," giving factual background on issues relating to the coming Presidential election, as prepared by Elmo Roper, public opinion analyst. Series started Aug. 10 and will be presented fortnightly from 9:35 to 10:05 p.m. Lyman Bryson, CBS counselor on public affairs, is moderator.

'Tele-Pun'

AUDIENCE participation television quiz show now running on WNBW Washington is called "Tele-Pun." Participants act out charade puns in an attempt to stump the jury of four. Prizes go to those taking part and also to home viewers who write in suggestions for "Tele-Puns" which are used.

Mobile Phone Demonstration

TWO-WAY telephone conversation between Betty and Floyd Pattee in the studios of WHTT Hartford, Conn., and Newsman Hank Murphy, in a radio equipped "Hartford Times" car eight miles away, was broadcast recently by the station. Occasion of the broadcast, which reportedly took the form of a demonstration, was the inauguration of urban mobile telephone service by the Southern New England Telephone Co.

Canadian Report Extended

INTERNATIONAL news as well as Canadian news will be interpreted in extension of "Report From Parliament Hill," series prepared and distributed to 66 stations by Canadian Assn. of Broadcasters. Edmund Morris, Ottawa Parliamentary correspondent for "St. Catharines Standard," has taken over preparation of feature. While Parliament is in session, all M.P.'s are invited to broadcast regularly in series over their local independent stations.

Programs

Service will be on same basis as before with entire cost borne by cooperating stations.

'Roundtable' on TV

FORUM program has made its TV debut on WTVR Richmond, Va. It is "Richmond Roundtable," which has been running on both WMBG and WCOD (FM) Richmond for some time. The "Roundtable" presents topics of especial interest to Richmond area audiences, discussed by outstanding local personalities.

Safety Drive

DRAMATIZED editorials from county and city newspapers are basis of new safety drive over WMAR-FM Baltimore, during its "Maryland Opinion" program. Dramatizations of letters to editors of these papers also are presented. Series is presented in conjunction with Maryland governor's proclamation of a "Safety on the Highway" campaign, which is now in progress.

'Songs of the Century'

PREMIER showing of "Songs of the Century," grandstand show at the Wisconsin Centennial Exposition, was shown Aug. 7 by WTMJ-TV Milwaukee. The \$100,000 musical extravaganza was built around Wisconsin's most beloved songs and features famous Wisconsin stars of radio, stage, screen and the musical world.

BBC via WTAG

LISTENERS in Central New England are now getting several programs from the BBC by way of WTAG and WTAG-FM Worcester, Mass. The average

British woman's viewpoint on social and civic affairs is presented on the "Julie 'n' Johnny" show by short wave pickup. Ross Buckner, British home economist, is heard via transcription on the "Modern Kitchen" program and mystery fans are entertained with the Saturday night show, "Appointment With Fear."

'Coaches Roundtable'

ATHLETIC directors of all Southern Indiana high schools will get together to discuss their teams on "Coaches Roundtable," to be aired on WSCI-FM Columbus, Ind. The weekly program reportedly will be broadcast during the football and basketball season under the direction of Dick Jackson, sports editor.

'Word to the Wives'

FADS AND FACTS in everyday affairs are aired to women five minutes daily by Jim Conway and Fahey Flynn on "A Word to the Wives" over WBBM Chicago. The fast news round-up will stress the humorous, interesting and informative.

Election Returns

TENNESSEE primary and general election returns were presented Aug. 5 by WETB Johnson City. The daytime station remained on the air until 4:30 the next morning, with FCC permission, to bring complete election returns, the station reports. Station used the news gathering resources of its affiliated paper, "Press-Chronicle," and carried remote broadcasts from several of the polls.

"OVER The Line Fence," program aired by WRFD Worthington, Ohio, is shown here, in action. Bob Miller (r), WRFD farm service director and conductor of the program, is interviewing the farm manager of Rio Grande College in Gallia County, Ohio, at the site of Ohio's Second Frontier and National Conservation Days to be held Sept. 23-24. Preview of event was heard on Mr. Miller's program.

'Musical Memories'

DAILY program of older melodies and poems is being conducted by Harold Stephens on WSA Harrisonburg, Va. Called "Musical Memories," the program also features background on the music and birthday and anniversary greetings. Mr. Stephens reports that he has been asking listeners to send in a pin with their name attached. These are placed on a map at the station to show the listening coverage of the program. Mr. Stephens claims 125 towns, some reported as far as 60 miles away from Harrisonburg.

Junior Roundtable

JUNIOR roundtable program, emanating from local Jive Kennel, Columbus youth center, will be aired by WSCI-FM Columbus, Ind., station reports. The program, "Youth Expresses Its Opinion," will feature a panel of Indiana youths viewing their opinion of important questions of the day. The panel reportedly will feature youth versus adults on the program.

Technical

BUCK PIERCE CAMELL, formerly of KALW San Francisco, and **OSCAR C. DARACH** have joined engineering staff of KDPC Sausalito, Calif., new FM station to begin operations on Sept. 1, on 102.1 mc, Channel 271.

BERNARD KELLOM, former executive field engineer at Federal Telephone and Radio, has joined WVNJ Newark, N. J., as engineer. The 5-kw AM and FM station will go on the air in September on 620. Kc.

GENE POLLOCK, formerly with KGAK Gallup, N. M., has joined technical staff of KSTL St. Louis.

DeLONEY HULL, former traffic manager of WEAS Decatur, Ga., has joined WSB-TV Atlanta, Ga., as cameraman. Mr. Hull has just returned from New York where he received TV training at NBC.

BOB MARTIN has joined KPMO Pomona, Calif., as engineer and announcer.

GORDON STRANG, of NBC New York engineering department, is in Hollywood supervising conversion and construction of network's television studios for KNBH Los Angeles.

Unit Demonstrated

APPROXIMATELY 3,700 persons inspected the new mobile television unit, an RCA TK 30 A, of KDYL-W6XIS Salt Lake City, last Monday afternoon during a public demonstration, station officials reported. While inspecting the unit, visitors had the whole process of televising remote events explained to them and also watched themselves on a monitor set picking up signals from a camera trained on them through the unit's roof.

KLEE-TV Equipment

EQUIPMENT for KLEE-TV Houston, Tex., is now being built by General Electric, according to an announcement by the company. A \$235,000 contract covering a low-channel transmitter, antenna, and studio and remote mobile equipment was reported to have been signed recently. KLEE-TV expects to be in operation late this fall.

THIS new FM support tower just completed by WJPR Greenville, Miss., is 115 feet across the bottom corners and stands 590 feet above average terrain. An eight-bay GE antenna has been mounted on the top. WJPR-FM was scheduled to start operation Aug. 15 with 19.1 kw on Channel 270, 101.9 mc.

NEW RANGERTONE INC. RECORDER ON MARKET

RANGERTONE Inc., Newark, N. J., has begun delivery on a new portable tape recorder which is said to have higher fidelity and a wider range than was hitherto attainable with portable equipment.

One of the new sets, which cost \$3000, has been sold to Standard Recorders, Hollywood, and another to Radio Diablo, the San Francisco FM outlet.

According to Rangertone officials, a sample tape has been received from Spain, where a Rangertone is in use by Fabrica De Discas Columbia, Madrid. Another Rangertone portable has been ordered by Radio Programas de Mexico, in Mexico City. The latter firm reportedly plans to promote the interchange of Spanish-language programs between Spain and Mexico by means of the portable tape recorders.

The Rangertone portable is packaged dismantled in three cases, totaling 165 pounds in weight. The main casting is made of lightweight magnesium.

General Instrument Shifts Ownership

SALE of working control of General Instrument Corp., Elizabeth, N. J., one of the largest makers of radio and television components in the U. S., to a group headed by C. Russell Feldmann and Richard E. Laux "for about \$1,000,000" was announced last week.

Mr. Feldmann, who was the founder of Transitone, later sold to Philco, has been elected chairman of the board of General Instrument, succeeding Samuel Cohen. Mr. Laux, executive vice president of General Instrument since 1941, becomes president and treasurer succeeding Abraham Blumenkrantz, from whom controlling interest in the firm was bought.

The new officers would not disclose the size of the controlling bloc, beyond saying that it was more than 10%. Messrs. Cohen and Blumenkrantz have resigned from the General Instrument board, and have been replaced by Kenneth C. Meinken, president of National Union Radio Corp., and Harry E. Collin, Toledo investment banker and industrialist.

The firm manufactures variable condensers, automatic phonograph record changers, and other components. Its wholly-owned subsidiary, the F. W. Sickles Co., Chicopee, Mass., makes radio coils and permeability tuning devices.

A spokesman for the firm denied reports that General Instrument will begin making radio or television sets. He said that the only occasions in 26 years when the firm has failed to make money were two years when it was turning out its own sets. GI reported gross sales of \$16,500,000 in the fiscal year ended Feb. 29, 1948.

Turntable

JOHN J. NOWAK and **VICTOR MAY-OEER**, who have been associated for past 15 years in broadcasting and recording transcription firms, will open own transcription and recording company Sept. 2, under name of "Syrana" Recording Corp. Studios will be located in Passaic, N. J., and Detroit, with general offices at 33 Parker Ave., Passaic. Company will specialize in foreign language transcriptions, and records in all languages.

ROBERT ROSS, formerly associated with Tom Parker, management firm, has been appointed assistant to S. H. SHOLES, RCA Victor Specialty Recordings. Mr. Ross will be located in Nashville, Tenn.

NBC RADIO RECORDING Div. is making "Touchdown Tips With Sam Hayes" available in west for first time. In past series has been sold in other sections of country via NBC and aired live on Coast. Series consists of 13 programs in quarter-hour format.

DOCKET CASE ACTIONS
Petition Denied

Announced memorandum opinion and order denying petition for rehearing, filed by Yankee Network Inc., directed against Commission's decision of Dec. 3, 1947, in Bridgeport-Danbury FM cases (Dockets 7462 et al), requesting that findings of fact and conclusions in decision be corrected to conform to evidence of record and that, upon basis of corrected findings of fact and conclusions, petitioner's application be granted, or, in alternative, that record be reopened to admit evidence with respect to availability of additional FM facilities in Bridgeport, and upon basis of such additional evidence, petitioner's application be granted conditioned upon amending its application to conform to such facility as may be assigned by Commission.

ACTION ON MOTIONS
By Commissioner Webster

Bunker Hill Bstg. Co., Boston.—Granted petition requesting continuance in hearing scheduled Aug. 9, upon applications of Beacon Bstg. Co. Inc., The Northern Corp., Boston Radio Co. Inc. and Bunker Hill Bstg. Co. for FM stations in Boston; continued hearing indefinitely.

Yamhill Bresters. Inc. and McMinnville Bstg. Co., McMinnville, Ore.—Denied petition of Yamhill requesting dismissal without prejudice of its application for new station; on Commission's own motion, dismissed said application, and removed from hearing docket application of McMinnville Bstg. Co.

Mahaska Bstg. Co., Oskaloosa, and KWWL Waterloo, Iowa.—Denied petition of Mahaska requesting dismissal without prejudice of its application for new station; on Commission's own motion, dismissed said application, and removed from hearing docket application of KWWL. Dismissed as moot petition of Mahaska Bstg. Co. requesting leave to amend application and for severance of amended application from consolidated hearing with application of KWWL.

WJEF Grand Rapids, Mich.—Dismissed as moot petition requesting leave to intervene in consolidated pro-

RCA-5671—The power triode with thoriated-tungsten filament

Save up to \$1200 a year* in filament power ...with the new RCA-5671

Here it is . . . a triode for 50-kilowatt transmitters . . . a tube that draws 60 per cent less filament power than a conventional pure-tungsten-filament type. Here is a tube that makes possible approximate savings of \$1200 a year* in standard transmitters.

This unusual economy results from the use of a thoriated-tungsten, multi-strand filament of proved design . . . that provides a reserve of emission for long, uninterrupted

*Based on the operation of four tubes for 6500 hours at 1 cent per kilowatt-hour.

service . . . that reduces hum modulation below FCC requirements—even without feedback.

To obtain all the power-tube performance you pay for, buy RCA tubes. They're available, for your convenience, directly from RCA . . . or from your local RCA Tube Distributor. For full information, write: RCA, Commercial Engineering, Section HP36-2, Harrison, N. J.

Political Parties Get Time on CBC Networks

WITH THREE political party conventions in Canada this summer, Canadian Broadcasting Corp. policy on broadcasts from political party conventions has been altered. It allows broadcasts from each of the three conventions, and special time for the fourth major political party on CBC networks during August and September.

The Liberal Party Congress to choose a new leader and party platform was held at Ottawa, Aug. 5-7; the Progressive-Conservative Party Conference for the same purposes is being held at Ottawa early in October; the Bi-Annual Convention of the Co-operative Commonwealth Federation (Socialist) Party is being held this autumn at Winnipeg. This leaves the Social Credit Party to be allotted free time on the networks.

NAB By-Laws Committee To Hold Meeting Aug. 19

BY-LAWS committee of NAB will meet Aug. 19 at the Cavalier Hotel, Virginia Beach, to work out details and language of proposed changes to the association's by-laws. Decisions of the committee will then be reported to the next NAB board meeting in November for approval.

Attending will be G. Richard Shafto, WIS Columbia, S. C., chairman; Michael Hanna, WHCU Ithaca, N. Y.; Campbell Arnoux, WTAR Norfolk, Va., and C. E. Arney Jr., NAB secretary-treasurer who will act as secretary of the committee.

KTBI, 'TACOMA TIMES' SEEKING TV CHANNEL

INITIAL commercial television application for Tacoma, Wash., was filed Aug. 5 by Television Tacoma Inc. [BROADCASTING, Aug. 9]. Facilities requested are Channel 4 (66-72 mc) with 12 kw visual and 6 kw aural.

Principals in the application were shown as KTBI Tacoma and The Tacoma Times. Officers and directors of Television Tacoma, as listed by the newspaper, are H. J. Quilliam, president; E. W. Scripps and George Skaugset, vice presidents; Harold S. Woodworth, treasurer; J. G. Scripps, secretary, and A. E. Blair, assistant secretary.

Mr. Quilliam is also president of KTBI and heads the Washington Assn. of Broadcasters. E. W. Scripps is chairman of the board of The Tacoma Times Pub. Co. and J. G. Scripps is a member of the board. Both are officials of KVNI Coeur d'Alene, Idaho, and KNEW Spokane. Scripps interests, the Times points out, pioneered the television field in Cleveland with the construction of WEWS there.

The interests of other officials in Television Tacoma, as shown by the Times, are: Mr. Woodworth, contractor; Mr. Blair, corporation lawyer, and Mr. Skaugset, business manager of the Times.

SENATE FAILS TO ACT ON WENE NOMINATION

THE SENATE, before adjournment, failed to act on President Truman's nomination of Elmer H. Wene, official of two New Jersey stations, for the post of Assistant Secretary of Agriculture.

Mr. Wene, president of WTTM Trenton and WSNJ Bridgeton, was nominated by the President Aug. 7. He had been nominated previously for the same post in June but indicated he did not want the job. No appearance was made by Mr. Wene early in July when he was scheduled to take the oath of office at the same time Albert J. Loveland was to have been sworn in as the new Under Secretary of Agriculture. Mr. Loveland was sworn in alone following a day's delay.

A former member of Congress, as well as the State Senate, the 56-year-old Mr. Wene has been mentioned prominently in Democratic circles as that party's candidate for Governor in 1949.

Mr. Wene, who operates a chicken hatchery in Vineland, N. J., may now receive a recess appointment from the President for the agriculture post to succeed Charles Brannan, who was named secretary.

KANS Wichita's Power Up to 5 kw D, 1 kw N

POWER of KANS Wichita, Kans., an NBC affiliate, was increased July 31 to 5 kw daytime and 1,000 w night on a new frequency of 1480 kc, Archie J. Taylor, station manager reported.

Mr. Taylor described installation of four 200-ft. towers and a new transmitter, at a total cost of \$75,000, as another current improvement. The station has occupied new studios at 1015 North Broadway.

More DuMont Programs

EFFECTIVE yesterday (Aug. 15) the DuMont Television Network began serving its television stations on the south-bound coaxial cable with twice as much programming as it had previously. Originating at WABD New York, key outlet of the network, the schedule provides for a daily total of four hours of programming for delivery to WTTG Washington, WMAR-TV Baltimore and WFIL-TV Philadelphia.

TV Survey in Ohio

A SURVEY by television set distributors in Northeastern Ohio shows that, as of Aug. 1, there are now 8,390 television receivers in operation in that area, according to officials of WEWS (TV) Cleveland. There were 6,087 home and 2,303 public receivers. The total represents a substantial gain over the July 1 figure of 7,100 and an increase of more than 240% over the May 1 figure of 3,402.

day, Eddie Condon, Stan Kenton and others. He also lays cautious claim to the discovery of the disc jockey, Fred Robbins.

The Andersons have been married for seven years and have twin girls, Allie and Marny, five. The family live in Jackson Heights, New York.

Income for Spending Up 4% in 1948 1st Quarter

CONSUMERS' disposable income, that amount available for spending after payment of personal taxes, increased more than 4% during the first quarter of the year, the Dept. of Commerce announced last Tuesday.

Factors contributing to the increase, the Department's Office of Business Economics disclosed, were reduced tax payments starting in May, and a jump in June of personal income to an annual rate of \$211.9 billion from \$207.2 billion in the previous month. The June increase resulted from the absence of major strikes, the effects of third-round wage increases in some of the durable-goods industries and higher prices paid farmers for livestock products. Bulk of the increase was centered in factory pay rolls.

Ziv Show Expands

FREDERIC W. ZIV Television Programs Inc., Cincinnati, has notified sponsors of its *Sports Album* television show, that football, basketball, boxing, wrestling, horse racing, golf, swimming and tennis "Albums" will follow current baseball series, at rate of three-per-week during coming year. Stations carrying series: WCBS-TV New York, WCAU-TV Philadelphia, WBZ-TV Boston, WBBN-TV Buffalo, WWJ-TV Detroit, WEWS Cleveland, WLWT Cincinnati and KSD-TV St. Louis.

ADVERTISING and Sales College of Southern California, Los Angeles, announces new course in advertising, starting Sept. 9.

FM LEADER!

110-mc ring-seal power tetrode streamlined for new transmitters. Forced-air-cooled. A pair will put out more than 3 kw, with only 120 w drive required!

Also best for your final stage because...

1. Tube installation or replacement takes only a few seconds (see sketch).
2. Wide terminal-contact areas greatly increase h-f efficiency.
3. Internal shielding is complete... tube inductance low... little if any neutralizing is needed.

GL-7D21

RING-SEAL CONTACTS

Sketch shows how easily the GL-7D21 can be plugged into a coaxial socket. Ring-seal design also provides ample contact surface for all terminals.

CHARACTERISTICS

Filament voltage	6.3 v
current	30 amp
Inter-electrode capacitances:	
grid-plate	0.4 mmfd
input	39 mmfd
output	14 mmfd
Frequency at max ratings	110 mc
Type of cooling	forced-air
Max plate ratings, Class C telegraphy:	
voltage	4,000 v
current	1 amp
input	3,000 w
dissipation	1,200 w

TAILORED to your needs as builder or designer of new broadcasting equipment, Type GL-7D21 is the right tube for medium-power FM. Check the low drive requirement of 120 w—real economy!—against an output (push-pull in open-line circuits with proper external shielding) of well over 3 kw. Note the convenience of forced-air cooling!

Study the tube's other advantages given above, then add plus-features like silver-plated contacts to reduce r-f losses; strong, lasting Fernico metal-to-glass seals; trim contour and compact construction to match the other advanced components of your ultra-modern transmitter.

One of a distinguished family of ring-seal power tubes for FM and television, the GL-7D21's

brilliant all-around performance also marks these larger types:

GL-5513. A 220-mc forced-air-cooled triode, with typical Class C output (per tube) of 2.45 kw.

GL-5518. A 110-mc forced-air-cooled triode with typical Class C output (per tube) of 6.4 kw.

GL-9C24. A 220-mc triode, cooled by water and forced air, with typical Class C output (per tube) of 9 kw.

In this group is a tube directly suited to your requirements, no matter what type or size transmitter now is on your drawing-boards. For prices and detailed information phone your nearby G-E electronics office, or wire or write to: *Electronics Department, General Electric Company, Schenectady 5, New York.*

COLLEGE PROFESSORS ORGANIZE TV COURSES

PROFESSORS from Northwestern U., Illinois Institute of Technology and Michigan State College, after taking television training at WBKB, the Balaban & Katz video station in Chicago, this summer, are organizing new TV courses for their students.

Don Feddersen, chairman of the School of Speech at Northwestern, is opening a fall seminar for a limited number of upperclassmen and selected students. Instructors are all WBKB trainees. The university is planning to construct a miniature studio for laboratory training, Mr. Feddersen said.

Theodore Lindgren, chairman of the Visual Education Dept. at Illinois Tech in Chicago, is preparing a TV course on programming which will be given as soon as space at the school is available for a studio laboratory.

J. D. Davis, professor in radio at Michigan State's Dept. of Speech, will begin lectures on video next month. Prof. John Dietrich of the U. of Wisconsin will arrive in Chicago for WBKB training late this month.

WBKB's training plan is open also to video stations with construction permits and to advertising agencies.

Sterling Drug Shows 3% Increase in Sales

STERLING DRUG Inc., and its subsidiary companies, radio advertisers, reported a net profit increase, before deductions of preferred dividends, of \$7,534,573 for the first six months of 1948 ending June 30. Tax deductions were computed in arriving at the figure.

James Hill Jr., president of the company, announced that sales for the first half of the year reached \$68,906,796.

(Continued from page 50)

kind has mounted since the Zenith Annual Report and your message to Zenith stockholders, dated April 30, 1948, and most recently from newspaper articles carrying what purports to be a statement from you at the July 27 meeting of Zenith stockholders which implies participation by telephone companies in phonevision this fall. The telephone companies referred to presumably include Bell Companies, especially since they are the ones serving most of the areas in which television broadcasting has started or is imminent.

Below are some typical excerpts from recent publicity:

"... it will not be long before you will be able to call your telephone operator and, without any interference with your regular telephone service, see first-run movies on your phonevision-television receiver for a modest charge which may appear on your monthly telephone bill." From Zenith Annual Report—statement dated July 2, 1948.

"In the near future you will be able to call your telephone operator and say, 'I want to see "Gone With the Wind" or "Cass Timberlane" in my home tonight.' You will see it over your own television receiver, and at the end of the month find a charge of about a dollar on your monthly telephone bill. Your payment will be divided between the telephone company, the television broadcaster, and the producer of the entertainment." From message to Zenith stockholders—April 30, 1948.

"With the phonevision device, it will only be necessary for the owner of a television set equipped with phonevision to pick up the phone and to see in his home a full length, new feature movie for about a dollar, which will be billed on the regular telephone bill at the end of the month," he said. From article in New York Times—July 29, 1948.

The position of the Bell Telephone Companies with regard to phonevision is as follows: We, of course, do not know whether your contemplated technique for utilizing telephone facilities to transmit signals to the individual television receivers could be used without impairing normal telephone service. There have been no specific proposals of telephone company tests with regard to this question. As you will recall, when you told us of your ideas for a fee type of television service last year, we stated that the Bell Telephone Companies are always receptive to suggestions of new uses to which their plant may be put, provided they do not interfere with the primary undertaking of furnishing telephone service. In my letter to you of May 15, 1947, I said "I should think the telephone companies would wish to study the proposal and consider its use at such time as a specific arrangement is suggested." We subsequently offered in my letter of June 16, 1947 to conduct tests over telephone company lines when your development reached the stage to make this desirable. While one of our people viewed a preliminary model of your set, we have not been advised that your development has been completed.

We understand that your own interest in phonevision is solely in the licensing and manufacturing of television equipment as indicated in your letter of April 18, 1947. In that letter you state:

"We here at Zenith have no desire to enter the broadcasting or entertainment fields. We intend to license the use of our invention but, of course our real profits will come from building our share of the television receivers. We also will license others to build these receivers."

As also stated in my letter of May 15, 1947, the telephone companies do not feel that it would be appropriate for them to sponsor or undertake phonevision. Presumably then if phonevision is to be provided it will have to be sponsored and organized by some other group such as television broadcasters or program producers. Up to the present, we have received no requests for facilities from any such group. We therefore have no way of knowing whether the principals in any contemplated phonevision enterprise would simply request circuits from the telephone company or would ask them also to switch the signals in response to calls from owners or receivers.

Further, it has been stated that the telephone companies would bill, collect and disburse the fees for viewing the special programs. As I mentioned to you in one of our discussions, the fact is that there are good reasons why the Bell Companies would probably not find it practicable to do more than provide circuits to any prospective customers desiring such facilities.

It was unfortunate also in this general connection that an article in the July 26 issue of the magazine "Broad-

FIGURES, BMB figures, that is, catch the attention of David Hogue (seated 11), publisher of the Utica "Observer-Dispatch" and holder of a TV CP in that city. Appreciative quintet are (seated) Edmund J. Shea, radio director, James Thomas Chirug Agency, Boston; Louis Saiff Jr., WNNY Watertown, (standing 1 to 5): H. S. Brown, Rural Radio Network, Ithaca; George Bolling, New York; Thomas B. McHugh, WMSA Massena, N. Y.

casting," which you may have seen, contained a statement attributed to an official of the Illinois Bell Telephone Company to the effect that this company "has the accounting and billing setup to take care of phonevision fees" and that phonevision gives it "a chance for added revenue by finding a new use of existing facilities without interrupting their normal service." We are advised that no official of the Illinois Bell Company has made any such statement.

I have gone into this matter carefully because we believe that it would be helpful to correct the misunderstandings that now exist. If you have any questions regarding this matter or would like to discuss it further, we should be glad to do so.

/s/ J. J. Hanselman
Assistant Vice President

Advanced Boston Radio Workshop Now in Session

THE advanced workshop on radio in education at Boston U. opened Aug. 2 and will continue through Aug. 20. Presented under the joint sponsorship of Boston U. and the New England Committee on Radio in Education, the course is stressing scriptwriting, production and the use of radio in schools.

Planned to meet the needs of educators who have had some previous experience in radio, the emphasis is being put on practical work, using the facilities of Boston stations. Thirty-two teachers, supervisors and librarians are taking the course, according to Prof. Samuel B. Gould, director.

(Continued from page 50)

Commission, predecessor of the present FCC. His ability as a trial lawyer soon led to his designation as chief trial attorney.

Named to aid the Justice Dept. in prosecuting criminal violations of the Radio Act, he drafted the first criminal indictment ever returned by a federal grand jury under that law. It was the case of the U. S. vs. Fellows, involving (1) operating a station without a station license, and (2) operating without an operator's license. The late U. S. Judge Farris, of St. Louis, before whom he won a conviction, commended him publicly as the best attorney who had ever represented a Washington agency in his courtroom.

Other criminal prosecutions followed, all of them successful, and late in 1929 Mr. Spearman was made FRC's assistant general counsel. He handled several appeals for the Commission and lost only one—a case in which he had told the Commission in advance that its decision was wrong and could not be supported.

When he resigned to enter private practice on June 10, 1931, Gen. C. McK. Saltzman, then chairman, gave him a letter in which the Commission recognized that "on very many occasions when new and trying legal problems incident to radio matters have confronted it [FRC], you have labored most assiduously without regard to hours, and rendered the Commission valuable service."

Entered Private Practice

Mr. Spearman entered private radio practice in Washington with the late Thomas P. Littlepage in September 1931. He left that partnership on July 11, 1934, when the FCC was organized, to become its first general counsel. He served until June 30, 1935, when he returned to private practice.

Partners in his firm have included the late Sen. Hubert D. Stephens of Mississippi and the late Judge E. O. Sykes, also a Mississippian and a former FRC and FCC member and chairman. Mr. Spearman now

heads the law firm of Spearman & Roberson, in which he is associated with three partners; Judge Frank Roberson; his brother, John C. Spearman, and Russell Rowell.

Mr. Spearman probably has tried as many technical radio cases as any communications attorney in practice today, but is best known, perhaps, for his representation of the Regional Broadcasters Committee in the perennial clear-channel proceedings before the FCC.

More recently he won a notable victory over the Commission in an appeal taken for WCKY Cincinnati in one of the so-called daytime-skywave cases, when an appeals court held with him that FCC may not grant an application without first affording a hearing to any existing station that claims it will suffer interference.

True to Native State

Prosperous and demanding though it is, Mr. Spearman does not permit his law practice to interfere with his interest in his native state, and, particularly, its political affairs. It is a by-word of his friends that "no matter where his feet are, his heart's in Mississippi."

He was born May 24, 1898, at Amory, Miss., the son of Marcus D. L. and Sarah Jane (Green) Spearman. From his father, an outstanding mathematician, he inherited an adroitness at the exact sciences which has served him well in his work in radio engineering. He was educated at Mississippi State College and Cumberland U. Law School, and, on Dec. 19, 1919, he married Effie May Holley, of Hamilton, Ala.

From the heavy-voting northeast section of Mississippi, where his family has been identified with state politics for three generations, Mr. Spearman has been a delegate to the Mississippi State Democratic Convention continuously since 1924, and was a delegate to the national conventions of 1932, '36, '40, and '44. He also was one of the youngest members of the party's State Executive Committee, on which he served for eight years.

While still a student at Mississippi State he led in a successful campaign for a bond issue to es-

tablish the first high school and junior college in his home county. He contributed the land and designed the main building of the Tremont High School, one of the largest consolidated schools in Mississippi, and when money to complete and equip the building ran low, he and a cousin put up the necessary additional funds.

He has retained his membership in the Methodist Church in the rural community where he grew up, and is still a member of the Masonic Lodge to which his father and both grandfathers belonged and which he himself has served as Worshipful Master.

Aside from his law practice and Mississippi, his hobbies are (1) his family, and (2) the study of technical publications of all sorts. He and Mrs. Spearman have four children and three grandchildren. The daughters are Mrs. Sarah Paul Thompson, Mrs. Louise Imogene Luther, Mrs. Marguerite Sue Macgregor, and Miss Eloise Lenore Spearman, a 1948 graduate of George Washington U. in Washington, where she made Phi Beta Kappa during her junior year.

But the grandchildren, Diane Thompson, 9; Lynda Luther, 1, and Bruce Macgregor, five months, are the final bosses. He proudly admits they're the only authorities to whom he has never entered an objection.

Questioning of Employees By WSB Brings Censure

NATIONAL LABOR Relations Trial Examiner James R. Hemingway has recommended that the Atlanta Journal Co. (WSB) cease "interrogating its employees or applicants for employment as to their union membership or choice of bargaining representatives." The trial examiner also recommended that WSB cease "threatening its employees with reduction in salaries or loss of pay if they choose the union (Atlanta local, AFRA) as their collective bargaining agent."

WSB in an answer filed April 9 to charges discussed above, denied alleged unfair labor practices. The station's answer alleged that "the union abandoned negotiations and for the two years past has not even purported to be the exclusive bargaining representative for any unit of (WSB's) employees..."

Notices of the NLRB recommendation were sent to WSB and the Atlanta AFRA local Aug. 6. Both parties have 20 days to file exceptions.

Radio Book Reprint

THE SECOND printing of *Radio Receiver Design, Part II* by K. R. Sturley has just been announced by John Wiley & Sons Inc., New York. This second part starts with audio frequency amplification and carries through the special requirements of FM and television reception. The book is priced at \$5.50 and is available through John Wiley & Sons Inc., 440 Fourth Ave., New York.

LAWRENCE MENKIN, former script writer for **Frederic W. Ziv Co.**, New York, has been appointed program director of **WVUNJ** Newark, new 5-kw station to go on the air in September. Mr. Menkin was previously with **NBC**, **CBS**, **WLW Cincinnati**, **Warner Brothers** and **Office of War Information**.

KENNETH HIGGINS, **KFI** Los Angeles writer-producer, has been made television director of **KFI-TV**. Mr. Higgins joined **KFI** in 1940 as announcer, and was made writer-producer in 1946 after return from **Navy**. He has been succeeded as station writer-producer by **LES BARRY**, former **WBEN** Buffalo announcer-producer.

MARY ANN KELLY, former assistant to sales manager of **WLWT Cincinnati**, has been named assistant to program director of that station.

SEYMOUR C. ANDREWS has been appointed program director of **WBAP-TV** Fort Worth, Tex. first television station, to begin about

Sept. 29. With varied West Coast radio and television experience, Mr. Andrews was most recently as a principal in **Andrews-Johnson & Assoc.**, Hollywood agency. He was formerly a director of radio for **McCallister & Assoc.**, producing network programs. He also worked in motion picture production at **Universal International Studios**.

DAN RUSSELL has been named program director of **KFMV** Los Angeles. Mr. Russell formerly did foreign publicity and advertising for **Sam Goldwyn**, Hollywood. Before that he was producer for **ABC New York**, was chief of production and continuity for **International Div. of CBS New York**, and prior to that was **NBC New York** announcer.

AL BELL, m.c. of "Iowa Barn Dance Frolic" on **WHO** Des Moines, has resigned to devote full time to organize and construct a new station, **KASI** Ames, Iowa. In addition to his position as secretary of **Ames Broadcasting Corp.**, Mr. Bell also will serve as program director for the new station.

HOWARD E. MACKEY, formerly with **WELL** Battle Creek, Mich., and **KFRU** Columbia, Mo., has joined announcing staff of **WKRS** Waukegan, Ill.

WILLIAM HYVONEN, formerly with **MBM** Adv., Minot, N. D., has been named continuity head and promotion manager of **KNOX** Grand Forks, N. D.

CHARLES GUSTAFSON, also formerly with **MBM** Adv., has joined **KNOX** as program director.

ROBERT (Doc) LIVINGSTON has joined **KFI-TV** Los Angeles, as director of remote programming. He was formerly freelance director and producer in television and radio.

MIKE FRANKOVICH, moderator for **MBS** "Leave It To The Girls," is on five weeks business trip to Rome, Italy.

WENDELL WILLIAMS, former program director with **NBC** San Francisco and

Hollywood, has joined **KAGH** Pasadena, in similar capacity. **CHAP ROLLINS**, former traffic manager with **KYOR** San Diego, has been named **KAGH** musical director.

ALBERT DeBARR, graduate of **U. of Illinois** School of Journalism, has joined announcing staff of **WVLN** Olney, Ill.

POLLY SHANNON BANGERT, formerly with continuity staff of **KMOX** St. Louis, has been named director of continuity for **KSTL** St. Louis.

FRED C. BECKWITH, former continuity director at **KCRA** Sacramento, Calif., has been named production manager at **KULA** Honolulu.

HAL SHORE, former program director of **WLOG** (FM) Logan, W. Va., has joined staff of **WAND** Canton, Ohio, as disc jockey and announcer.

RALPH HENRY, chief announcer of **KVER** Albuquerque, N. M., and formerly with **WBLK** Clarksburg, W. Va., has been appointed program director of **KVER**.

BUD LILLY has resigned from **NBC** Hollywood press department to become assistant producer at **KFI-TV** Los Angeles. **CHAN HADLOCK** succeeds him at **NBC**.

JAMES ALT, former freelance announcer, has joined announcing staff of **KXOK** and **KXOK-FM** St. Louis.

HOWARD L. CORDERY, formerly with **NBC** Television as a producer-director, has joined **ABC** Television as a producer.

BOB FRANKLIN has joined announcing staff of **KSEK** Pittsburg, Kan.

JAMES L. CADDIGAN, director of **Dumont** programming and production, and **ANITA CLERY**, former manager of **NBC** promotion and production department, have announced their marriage.

BILL SIMON, staff pianist and organist of **KVOO** Tulsa, will soon have Christmas anthems and children's teaching piece, which he has composed, published by **Shattinger Publishing Co.**, St. Louis.

ALAN BLACK, formerly with **WJPA** Washington, Pa., has joined announcing staff of **WPIT** Pittsburgh.

ROBERT SAVAGE, chief of the continuity department at **ABC's** Central Division, is the father of a girl, **Bridget**, born Aug. 1.

FRED DIEHL and **STAN ARMSTRONG**, former announcers at **CKUA** Edmonton, have joined announcing staff of **CBX** Edmonton.

DUKE TURNER, announcer at **KPMO**

Hon. James J. Neale
Dancer-Fitzgerald-Sample
Chicago, Ill.

Dear J. J.:

Grandpa come 't town fer his second visit in four years, said he was rain' t move fur-ther into th' hills cause the way things was goin', he expected t' be engulfed in th' middle of a buildin' boom at any time. . . He wasn't started t' know that 90 million dollars is bein' spent in construction in Charleston, West Virginia. Course, some people like Grandpa will try t' escape the fact that Charleston is growin' like leaps . . . then there are others who'll take advantage of it by usin' WCHS, which has 5000 watts at 580-plus CBS. Yrs.

Algy.
WCHS
Charleston W. Va.

WEDDING BELLS rang for Bill Cullen, m.c. of CBS' "Winner Take All" and "Hit the Jackpot," and Carol Ames, singer on the network's "Sing Along." They were married at Christ Church, New York, July 30.

KFI'S RYAN ANSWERS WALLACE COMPLAINT

REFUSING time to Henry Wallace and the Independent Progressive Party does not constitute discrimination, William B. Ryan, general manager of **KFI** Los Angeles, pointed out last week.

He explained that the station refused time to all parties when they sought to answer President Truman's message to Congress. "We did not carry Wallace's, Taft's and Halleck's speeches for the reason that the President's talk was an official message to Congress in his capacity as President, and in such case we do not provide time to opponents to answer him," Mr. Ryan concluded. Further, he emphasized this had been station policy of long standing "both in election and other years."

Reiteration of the station's position followed reported complaint by the Wallace party to the **FOC** that station had neglected its responsibilities in public interest.

5000 Watts

WDSU broadcasts 5000 watts from the French Quarter to the Gulf and South Louisiana listeners. From daily association with time-honored New Orleans institutions WDSU has developed a high quality of integrity. WDSU devotes program time regularly and exclusively to the St. Louis Cathedral, the International House, Moisant International Airport, Tulane University, Union Station, the Municipal Auditorium, Symphonies and Operas.

WDSU's dominate Hooperating proves that hooring local institutions creates high listener loyalty.

UTILIZING commercial slogan of Gillette Safety Razor Co., WISL Shamokin, Pa., has issued promotion piece highlighted by attached Gillette razor blade. Prepared on WISL letterhead, promotion is in form of letter from Charles R. Petrie, WISL general manager. Under razor blade, which is attached to top of sheet, is written: "Look Sharp! Yes, look sharp at that advertising budget. Spend your dollars on clean-cut RADIO advertising that delivers lowest-cost-per-customer return." Similar copy appears under headings, "Feel Sharp" and "Be Sharp." Letter concludes with: "We're writing just gillette you know what radio can do for you."

"B & G" Monthly

PLANS for national monthly magazine built around ABC "Bride & Groom" program will result in first issue in October, according to program's promoters John Masterson, John Reddy and John Nelson. Published by Farrell Publishing Corp., New York, editorial slant will be aimed at young housewives and approximately one sixth of its content will be directly concerned with program itself, according to Mr. Masterson who conceived idea for program magazine, as well as "Tom Breneman Magazine."

WTNS Presentation

FULL-SIZE presentation brochure is now being presented to each prospective client by WTNS Coshocton, Ohio. Material contained includes station coverage, format of proposed program and samples of copy to be used.

WCSI Greeting Card

SPECIAL greeting brochures have been prepared by WCSI (FM) Columbus, Ind., to send to its clients who have renewed contracts with the station. Every client that has been with station past year, and renews his contract, is sent form letter from management of station, along with WCSI greeting card. Station has set up new discount rates granted only to charter subscribers who renew contracts.

Money-Saving Cook Book

COOK BOOK containing "Money Saving Main Dishes" has been offered to listeners by Bill Leonard on his "This Is New York" program over WCBS New York. Mr. Leonard told listening audience about the cook book obtainable free by writing to him. Station reports that within a week, 6,000 housewives had sent in requests. Book consists of 48 pages and gives various main dishes and what is tasty to serve with them.

Home Weather Station Charts

PLANS for building home weather station are being offered by Lowell Institute Cooperative Broadcasting Council, Boston, on its "Our Weather" course over WBZ Boston. Different set

Promotion

will be offered each week to listeners for six weeks. Charts explain simple methods of constructing thermometer shelter, hygrometers, weather vanes and wind speed instruments, rain gauge, cloud measurement device and suggestions for proper use of barometer. Institute believes listeners may become amateur weather forecasters by taking advantage of these charts.

Benrus Cards

GIANT postcards, measuring 11 by 6 1/2 inches, are being used by Benrus Watch Co., New York, to announce such things as additional schedule of radio and television spots in certain city; installation of giant clock over scoreboard in major league ball park, or new promotional tie-up. Cards are mailed to jewelers in the marketing area concerned.

Introducing L & G

FIRST in series of promotion folders has been distributed to the trade by Lewis & Gilman Adv., Philadelphia. Cover of first folder displays bleed picture of two hats hanging on rack. In red print is inscription: "Who Are Lewis & Gilman?" Inside pages answer questions as to organization and service offered by the agency. Back of folder, headed, "These Are Lewis & Gilman," lists some of agency's staff members with brief background sketches. Succeeding folders will be prepared to describe further activities of firm.

WBAL Promotion

PROMOTION folder has been sent to the trade by WBAL Baltimore, Md., carrying caption: "Only One Offers Both." Second fold continues with: "Yes! In Baltimore Only ONE Offers Both." Inside spread carries white lettering on black background and reads "In Baltimore WBAL and Only WBAL Offers Both." Bottom of spread identifies "both" as "greatest shows in radio are on WBAL" and "greatest shows in television are on WBAL-TV."

KFWB Billboards

OUTDOOR advertising campaign is being conducted by KFWB Los Angeles to promote its "Hollywood Bandstand" program and sponsors who pay for the six-hour musical show. Five individually painted billboards are utilized with special rotating plan. Each billboard features a different sponsor of "Hollywood Bandstand."

WBAP-TV Day

TWO-COLOR placards reading, "Coming Soon WBAP-TV Day," are being distributed to television set dealers in Fort Worth-Dallas area by WBAP Fort Worth. These reportedly will be followed by placards announcing exact date that WBAP-TV will begin broadcasting, about end of September.

KMOX Popularity

"MID-AMERICA reflects a favorite son..." is title of promotion folder being distributed by KMOX St. Louis. Inside is convention hall drawing with people carrying placards saying "We Want KMOX," "KMOX the Peoples Choice," "Mid-America wants KMOX" and others. Printed matter covers the popularity of KMOX in the 1948 CBS-KMOX Listener Diary... a 6 to 1 favorite in the listening area, according to the folder.

WLAW Greetings

JUMBO greeting card was sent to Mark Woods, president of American Broadcasting Co., by staff of WLAW Lawrence, Mass., upon inauguration of WJZ-TV, ABC outlet. "Congratulations to WJZ-TV" appeared across top of card and on right side was WLAW microphone and across bottom in small type was printed: "From the staff of 'The Voice of ABC in Industrial New England.'" All members of WLAW staff signed their names across face of the card.

McNeill Pretzels

REAL PRETZELS, 2,000 of them, were sent to friends of Don McNeill, ABC's Fourth Party Presidential candidate, on the eve of his first national political convention last week in New Philadelphia, Ohio. Pretzels labeled with slogans, "Put a New Twist in Gov-

ernment" and "Breakfast Club, the Salt of the Earth," were garnished with a red, white and blue ribbon and a McNeill for President button. Mr. McNeill, toastmaster of the five-a-week show, 8 to 9 a.m. CDT, and his cast broadcast from the convention site Friday.

Bulletin Increases

MONTHLY merchandising bulletin released by WMAQ Chicago to 6,100 retail druggists in station's listening area will jump from two to four pages in the September issue, and will include pictures and merchandising copy on products of NBC-WMAQ clients. Bulletin is published in cooperation with the National Assn. of Retail Druggists and Illinois Pharmaceutical Assn.

WBT Team

TWO-COLOR folder announcing that "With three big hits WBT leads the league," is being distributed by WBT Charlotte, N. C. Inside shows drawings of the three lead-off men heard on WBT in baseball uniforms with microphones for bats. The three are Grady Cole (5:00 to 9:00 a.m.), Kurt Webster (9:00 to 10:30 a.m.) and Arthur Godfrey (10:30 to 11:30 a.m.). Strength of the team and advantage of advertising with the first two are expounded in the text.

Corn Growing Contest

ANNOUNCEMENT of a corn growing contest and the formation of a "100 Bushel Club" has been announced by WKY Oklahoma City. Edd Lemons, WKY farm director, in announcing the contest said, "The Oklahoma farmer who has the highest yield of corn will receive title 'Champion Corn Grower of the State of Oklahoma' and will be awarded plaque appropriately engraved." All growers who enter contest and produce over 100 bushels of corn per acre will receive certificate from WKY stating their yield and acknowledging their membership in "100 Bushel Club."

Golden Jubilee Celebration

HIGHLIGHT of Golden Jubilee celebration of Gulfport, Miss., was reception and entertainment of two couples whose golden wedding anniversary fell on same day as city's charter. Search for the two couples was made through nationwide press and radio campaign, including announcement over ABC's "Bride and Groom" program. Couples, who were center of week's festivities, were interviewed over ABC's affiliate in Gulfport, WGCM, giving interesting stories of their lives and discussing events of Jubilee week.

Promotion Personnel

EMIL J. ROHNER, of NBC research department, has been appointed research assistant, replacing CHARLES C. SQUIRES, who has resigned to join Fletcher D. Richards Adv., New York.

MELVIN S. STAHLMAN has joined WBAP Fort Worth as publicity assistant to JACK ROGERS, director of public relations, promotion and merchandising.

GRATTAN P. MCGROARTY, formerly with United Press for seven years, has joined NBC press department as assistant copy editor. MICHAEL H. DANN has joined department as staff writer.

GEORGE MAMAS has joined WHKK Akron, Ohio, as promotion manager.

WILLIAM D. CONNOLLY has joined NBC's Central Division as assistant in the advertising and promotion department.

RAY GORDON, promotion manager of KTRT Lufkin, Tex., and LYNN MCCLAIN, woman's editor of KTRT, have announced plans to marry in September.

A 28-PAGE illustrated booklet, "Let's Take a Look at Television," has been prepared by Stromberg-Carlson Co., Rochester, N. Y., as a dealer handout. Video operations behind scenes are explained in laymen's terms.

Milwaukee Agency Men Agree on TV's Potency

"ADVERTISERS can't afford to overlook television," 25 Milwaukee advertising agency executives agreed at a TV discussion session conducted by WTMJ-TV, the Milwaukee Journal video station, at its Radio City studios.

Results of a recent TV survey in Milwaukee, showing high sponsor identification figures among set owners and an average nightly audience of 40,000, were studied by the agency executives. They agreed that "the costs are low in view of the medium's effectiveness."

A demonstration by WTMJ-TV officials showed a variety of commercials, ranging from high cost national to low cost local spots.

ANIMATED CARD for a video commercial is explained by Bill Tulloch, member of WTMJ-TV Milwaukee sales staff, to Charles McLaughlin (l) and Joel Kursel of Scott-Tender, Milwaukee agency.

UP-Fox Video Newsreel Shown for Dist. 2 Group

FIRST PUBLIC showing of the United Press-20th Century Fox Television newsreel [BROADCASTING, July 19] was viewed Aug. 6 by delegates attending the NAB District 2 convention at the Hotel Sheraton, Rochester, N. Y.

The newsreel, which is composed of Fox Movietone News clips supplemented by UP wire news and stills from a basic film library, was shown as a movie run off on a 16-mm projector. Leroy Keller, UP general sales manager, who presided at the demonstration, said that cost figures for the service will be announced shortly.

Kent Story in 'Look'

ATWATER KENT, retired radio manufacturer and now big time Hollywood party giver, is the subject of the Picture Personality feature in the Aug. 17 issue of Look. Described as "the most publicized party giver in the town's history," the article states that Mr. Kent spends \$50,000 a year on entertainment "to make people happy." Numerous pictures from his recent parties are included, showing Mr. Kent with his guests. The story points out that Mr. Kent also gives parties for worthy organizations, at which he pays all expenses, and is now helping disabled veterans and young singers. Mr. Kent was host at one of the parties given for NAB members in Los Angeles [BROADCASTING, May 24].

Corporation has 2,500 shares common stock authorized with 265 shares issued and 935 shares subscribed. Principals in firm include: John A. Schroeder, engineer WMLO Milwaukee, president 191 shares; Gerald F. Kraus,

UNITY LOSES APPEAL FOR RECONSIDERATION

FCC has refused Unity Broadcasting Corp. of New York's request for reconsideration of its FM channel assignment, which the permittee company contended, puts it "at a severe competitive disadvantage" from the standpoint of dial position.

Unity, a subsidiary of the International Ladies Garment Workers Union (AFL), was assigned Channel 282 (104.3 mc) in FCC's decision on the New York FM cases [BROADCASTING, April 12], then petitioned for a lower frequency.

Denying the request, FCC said that in May and June 1947 WMCA New York and ABC requested No. 222 and 238, respectively, and that Unity had failed to raise any objection during oral argument. The only other frequencies available, FCC said, are Nos. 274 and 278, which the Commission considered engineeringly "undesirable" for Unity because of the nearness of its transmitter site to that of WFMQ (FM) Jersey City, which uses Channel 276.

Coast Guard Anniversary Saluted By Radio Shows

THE U.S. COAST GUARD, on its 158th anniversary, Aug. 4, was saluted by stations throughout the country. According to Capt. S. F. Gray, USCG, chief of the Public Service Division, the response of the industry has been the greatest in the history of the Coast Guard.

Among outstanding network programs honoring the Coast Guard's anniversary were: *Suspense*, *Chesterfield Supper Club*, *Stop the Music, Can You Top This?*, *Mel Torme Show*, *We the People*, *Studio One*, *An Evening With Romberg*, *Fred Waring*, *Horace Heidt and Arthur Godfrey*. *David Harding*, *Counterspy* devoted one entire program to the Coast Guard Aug. 1. Aug. 8, a special, half-hour program originated over Mutual, saluting the service. And the U. S. Army and U. S. Navy Band programs on MBS also added their tributes.

The Coast Guard had two programs on the networks during 1948: *This Is Adventure* on ABC, and *Coast Guard on Parade* on Mutual. There is a current series of transcriptions being aired for recruiting.

employee of Radio Institute of Chicago, vice president 191 shares; Mason Evans III, assistant manager Baker Memorial Bowling Alleys, secretary 193 shares; Vernon A. Kaplin, merchandise manager, Motorola Inc., director 120 shares; W. Scott Lynn, partner Shields & Co., Chicago investment banker, director 120 shares; John Coleman Jr., faculty member, Lake Forest Academy, Lake Forest, Ill., director 120 shares; George R. Haase, vice president-general manager Operadio Mfg. Co., electronics manufacturer, director 120 shares; J. McWilliams Stone, founder and majority owner Operadio Mfg. Co., director 120 shares; William P. Gray, chief engineer WMMB Melbourne, Fla., director 25 shares. Estimated cost is \$25,889.60. Filed Aug. 12.

Discuss TV Site

SURVEY of possible television studio sites was made in Hollywood fortnight ago by Charles E. Rynd, ABC vice president, in consultation with Don Searle, network's Western vice president. Although several sites are being considered, it was pointed out that all decisions will be made in New York following Mr. Rynd's return.

At Deadline...

MBS ANNOUNCES 12 SUNDAY RENEWALS, ONE NEW SERIES

MBS Friday announced 12 Sunday renewals and launching of new series. New program, John B. Kennedy, begins Sept. 12, 1:15-1:30 p.m. Sunday, under sponsorship of Doubleday & Co. Agency is Huber Hoge & Sons.

Renewals of half-hour programs, all effective this fall, are:

"Ernie Lee's Omega Show," H. C. Cole Milling Co., Gardner Agency; "Juvenile Jury," General Foods, Benton & Bowles; "House of Mystery," General Foods, Benton & Bowles; "True Detective Mysteries," Williamson Candy Co., Aubrey, Moore & Wallace; "The Shadow," D. L. & W. Coal Co., Ruthrauff & Ryan.

"Quick as a Flash," Helbros Watches, William H. Weintraub; "Roy Rogers Show," Quaker Oats Co., Sherman & Marquette; "Nick Carter," Cudahy Packing Co., Grant Advertising; "Sherlock Holmes," Trimount Clothing, William H. Weintraub, and "Behind the Front Page," Mutual Benefit Health & Accident Assn. of Omaha, Ruthrauff & Ryan.

The two 15-minute programs renewed were "William Shiner," Piedmont Shirts, William H. Weintraub, and "Jimmy Fidler," Carter Products, Sullivan, Stauffer, Colwell & Bayles.

Closed Circuit

(Continued from page 4)

sending Texas Co., and Milton Berle to appear as m.c. on both advertiser's television and radio shows this fall is about set. Berle has been acting as m.c. on video show on NBC. Radio half-hour show has not been set with any network but negotiations in progress.

HUNT FOODS, Los Angeles, studying fall entry into television with start expected in Eastern markets. Spot announcements likely first through Young & Rubicam, Hollywood.

INSIDE CONSENSUS at RMA-Engineering meeting in New York last week, was high-band television is five to ten years off. Engineers felt present band is stable and will be kept in addition to high band. Also thought use of high-band would require more expensive equipment.

NATIONAL TEA Co., Chicago, planning "storecasts" to entertain its customers with FM recordings and spots. Series expected to take air on WEHS Chicago, FM station of WHFC Cicero, Ill., early in fall when outlet goes commercial.

ALTHOUGH NBC has been signing short term contracts with TV affiliates on nonexclusive basis—but with conditions that some affiliates regard as onerous—network is understood to be reviewing provisions with view towards revision, which presumably would be more equitable and hew closer to standard AM affiliation agreement.

FM ASSN., trade group formed by FM broadcasters and manufacturers to foster development of medium, may undergo reorganization following convention in Chicago next month. Revised structure will be premised upon changes in scope and functions deemed desirable and consistent with "realistic" budget ordered by board several weeks ago. New board will determine magnitude of reorganization.

TINTEX through its agency, Charles M. Storm, New York, discussing possibility of spot campaign in fall.

CP'S FOR COMMERCIAL VIDEO STATIONS GRANTED

CONSTRUCTION PERMITS for new commercial television stations granted Friday by FCC to Jacksonville Broadcasting Corp. (WPDQ) and The Metropolis Co. (WJHP) for Channels 6 (82-88 mc) and 8 (180-188 mc) respectively at Jacksonville, Fla. WCBS-TV New York granted increase in visual power to 13.7 kw on Channel 2 (54-60 mc) while KFI-TV Los Angeles given special temporary authorization to commence operation with facilities specified in CP: Channel 9 (186-192 mc), visual power 31.4 kw, aural 15.7 kw.

M. R. Schacker, Sacramento, Calif., granted petition to dismiss TV application for Channel 6 (82-88 mc).

Jacksonville Broadcasting to use power of 19.4 kw visual and 10 kw aural on Channel 6 with antenna 355 ft. above average terrain. Estimated cost \$188,242, first year operating cost \$70,000, revenue \$40,000. Metropolis Co. on Channel 8 to use 25.1 kw visual, 13.2 kw aural power with antenna 345 ft. Estimated cost \$245,870, first year \$100,000, revenue unknown. WMBR Jacksonville holds CP for Channel 4 (66-72 mc). Channel 2 (54-60 mc) still open, is sought by City of Jacksonville, licensee WJAX there.

In grant of STA to KFI-TV, for period ending Oct. 8, FCC rules waived to provide operation of not less than six hours per week, which hours are to be spread over three days per week.

Midland Broadcasting Co., KMBC Kansas City licensee, denied petition seeking conditional grant of its TV application pursuant to FCC rule allowing such type grant when service needed in area. Midland told FCC it could be on air in two or three weeks. Six requests pend there for three remaining channels. Commission Friday also denied requests of Television Productions Inc. and Television California, San Francisco TV applicants, asking FCC to set aside its memo opinion of May 13 which severed Don Lee TV request from consolidated hearing and placed it with Don Lee AM-FM renewal proceeding.

WPIX GETS THE JUMP

WPIX New York, *Daily News* TV station, claimed several hours beat on coverage of melodramatic leap of Russian school teacher from third-floor window of Soviet consulate in N. Y. WPIX mobile crew, posted outside consulate to await whatever developed, shot entire sequence from time Mrs. Oksana Stepanovna Kosenkina plunged and landed in courtyard at 4:20 p.m. until she was put into ambulance and rushed to hospital. Station carried about five minutes of strange tableau on regular *Tele Pix* Telecast at 7:30 p.m., repeated it at 11:05. *Daily News* used blowups of WPIX shots in editions later that evening, and WPIX invited other papers to monitor 11:05 show for their own information.

TV COUNCIL APPOINTMENTS

MELVIN L. GOLD, chairman of National Television Film Council, announced additions to Council's working committees: Jose Di Dinato, television station representative for Edward Petry Co., to video committee; Jay A. Maurer, president, J. A. Maurer Inc. and vice president, Society of Motion Picture Engineers, to production committee; Bertrand Keane and Brian Calhoun, members of Keeneleigh & Calhoun, to production committee. Robert W. Wormhoudt, executive vice president, Telecast Films, is membership chairman.

FM ACTIONS INCLUDE REGULAR CP'S FOR 4 'CONDITIONALS'

FCC Friday issued regular CP's to four FM conditional grantees, reinstated another FM CP, replaced one that had expired, and granted modifications of 20 others mostly for changes in power and/or antenna height.

New CP's, all for Class B stations, went to NBC for KOA-FM Denver, Channel 239 (95.7 mc), 43 kw, antenna height 405 feet; Hazleton Broadcasting Co. (WAZL-FM), Hazleton, Pa., No. 250 (97.9 mc), 8.7 kw, 680 feet; Northwest Broadcasting Co. (KFMY), Ft. Dodge, Iowa, No. 274 (102.7 mc), 10 kw, 310 feet; Fayetteville Broadcasters (WFLB-FM), Fayetteville, N. C., No. 236 (95.1 mc), 12.6 kw, 390 feet.

Cur-Nan Co., Boston, was granted reinstatement of CP for WBKA-FM (107.1 mc), with extension of completion date to Sept. 15 provided station commences interim operation by that time. John H. Phipps, Tallahassee, Fla., was given CP to replace one that had expired (103.9 mc), with Sept. 30 specified as completion date.

NBC LEASES 20,000 SQ. FT.

MORE IN MERCHANDISE MART

NBC Chicago sparked its drive for fall opening date of its key video outlet, WNBQ, with lease of 20,000 sq. ft. of additional space in Merchandise Mart headquarters. Network plans to enlarge Studio A, largest in its Chicago plant, for television.

Video technical and administrative staffs will be quartered in added first and second floor space of Mart, with some 14,000 sq. ft. on first floor used for storage rooms, work shops, shipping room and video field engineering shop and office. Production offices—directors, engineers and administrative personnel—will be constructed in the 6,000-sq. ft. areas on second floor.

FIVE AM'S, TWO FM'S GRANTED TRANSFERS

HALF-MILLION dollars represented in considerations for five AM and two FM outlets granted transfers by FCC Friday. Properties involved:

WEIM WEIM-FM Fitchburg, Mass.—Granted assignment of AM license and FM permit for Radio Station WEIM for \$235,000 to WEIM Fitchburg Inc., new firm headed by Henry G. Molina, San Juan, P. R., attorney. Sellers, co-partners, are Mitchell G. and Milton N. Meyers and Ruben E. Aronheim.

WARK Hagerstown, Md.—Granted transfer of 100% interest from Andrew K. Coffman and associates to Raymond J. Funkhouser, local businessman, for \$107,000.

WWXL WWXL-FM Peoria, Ill.—Granted transfer control from Joseph H. Giddan and associates for \$74,650 to Myron A. Rick and Homer D. Morrow, 50% each, with WCFL Chicago sales staff. Mr. Giddan, chief owner and general manager, retires because of illness.

KBNB Bemidji, Minn.—Granted assignment of license from partners Robert W. Bradford and Henry F. Pihl to Butler Broadcasting Co., new firm, for \$60,000. Butler Broadcasting controlled by Ed. W. Butler, formerly with KILQ Grand Forks, N. D., and his family.

WIBB Macon, Ga.—Granted transfer of control from Thomas Carr and five others to Mr. Carr, 10%, Oliver Thornburg and Thomas Maxwell, 45% each. Latter two buy holdings for \$13,500 apiece.

DON LEE WITHDRAWS

DON LEE Broadcasting System withdrawing its San Diego television application, leaving seven applicants to battle over three available channels in FCC hearings scheduled Sept. 7. Withdrawal attributed to pendency of Los Angeles and San Francisco applications which, when and if granted, will keep engineering staff engrossed in installations, plus desire to continue high-band experimental activities. **SULLIVAN**, Stauffer, Colwell & Bayles has moved its New York offices from 270 Park Ave. to 437 Fifth Ave. New telephone number is Oregon 9-2500.

MORE PROOF!

The KMBC-KFRM Team Is Doing A Job

July 12, 1948

Mr. Arthur B. Church
Stations KMBC-KFRM
Kansas City, Mo.

Dear Mr. Church:

I thought you might be interested to know that I am highly pleased with the results of my program on The KMBC-KFRM Team.

Being in the hatchery business, ~~we have to analyze~~ advertising results very carefully. And our inquiries and sales from KMBC-KFRM have been superior to any other media we have used.

The sales coming from the area served by KFRM have been particularly gratifying. And I would say, without reservation, that The KMBC-KFRM Team is tailor-made for an advertiser such as myself who wants to cover the entire Kansas City trade territory.

Yours very truly,

Fred O. Boehm

Fred O. Boehm
Belton Hatchery

Only the KMBC-KFRM Team delivers complete coverage of the actual Kansas City trade area—coverage specifically designed to provide the advertiser with an economical means of reaching those who are in the habit of looking to Kansas City as their trading center.

Programmed from Kansas City, The Team likewise renders an invaluable service heretofore unavailable to trade-area listeners . . . market broadcasts direct from the Stock Yards, grain, poultry and produce quotations right up-to-the-minute, informative broadcasts of a practical, understandable nature direct from the KMBC-KFRM Service Farms, area weather forecasts direct from the area weather bureau.

To this, add one of the largest and most popular talent staffs for stations this size . . . and you have a well-rounded combination that is doing a job!

The KMBC-KFRM Team Serves 3,659,828 People!
