## Like kids go for bubble gum

Baltimore merchants go for WITH like kids go for bubble gum. They love the quick, profitable results they get from this low-cost station. At low, low rates, WITH delivers a huge, responsive audience—more listeners-per-dollar than any other radio or TV station in town. And that means low cost results! And that's why WITH carries the advertising of twice as many local folks as any other station in town!

So take a tip from these smart advertisers. Put WITH on your schedule. WITH can produce low-cost results for you, too! Get the whole story from your Forjoe man today!

IN BALTIMORE

TOM TINSLEY, PRESIDENT . REPRESENTED BY FORJOE AND COMPANY

#### An hour a week on WLS

# PROVES RADIO'S POWER FOR ALKA-SELTZER...

In February, 1933, Miles Laboratories decided to see what an hour's sponsorship of the WLS National Barn Dance would do for its relatively new product, Alka-Seltzer.

By the middle of summer, Alka-Seltzer was selling so well in the Chicago area that Detroit and Pittsburgh stations were added and, eventually, this popular WLS program was being broadcast over a total of 133 stations for Alka-Seltzer.

Throughout Miles' fourteen-year sponsorship of the WLS

National Barn Dance, sales of Alka-Seltzer increased so rapidly
that Miles used radio more and more, until it became one of the
largest such advertisers in the field.

Today Alka-Seltzer is using a saturation schedule every Saturday night on the WLS National Barn Dance program. WLS is one of the few *individual* stations on the Miles' otherwise network radio schedule...further proof of the pulling power of WLS, and the importance of the vast WLS listening audience.

If you want to put your product over in a big way... see your John Blair man, or contact us, today.

Alka-Seltzer is only one of many products which have started on the way to fame and fortune with WLS advertising.

#### CLOSED CIRCUIT

WHATEVER outcome of tomorrow's (Tuesday) elections, Paul A. Walker will not submit his resignation as Chairman of FCC. If new President (Ike or Adlai) wants new Chairman, Mr. Walker feels he has right under law to select him from among FCC membership. Mr. Walker, who's enjoying Chairmanship, despite his 71 years, has no intention of resigning either Chairmanship or Commissionership. His present term expires next June 30. That's word as of late Friday night.

PLAN WHEREBY full broadcasting-telecasting rights to National Professional Football League games would be sold for blanket figure of possibly \$1,500,000 being talked up in League circles. Leading proponent is George Marshall, owner of Washington Redskins. Plan could encompass two games per Sunday-one from West and other from East, or roughly four hours of time. This, it's said, could be answer to NCAA headache by placing pro football on level with big league baseball.

ROUND OF RADIO network rate and discount adjustments, which started with CBS Radio in August, appears all but complete. Though they've made no public announcement, officials of Mutual, last to make realignment move, say affiliates' acceptances in hand assure effectuation of proposed changes on Jan. 1, as planned [BoT, Oct. 20].

TELEVISION homes with three or more radios report relatively small decrease in time at least one radio is in use, just completed national research shows. Homes with two radios and one TV set show greater drop and those with one each greatest. Research also confirms widely held belief that morning kitchen and bedroom listening continue high in spite of TV set in living room.

IF EISENHOWER is elected, his "little White House" may well have radio connotations. It's whispered that Sam Pickard, former member of Federal Radio Commission and afterward one of William S. Paley's chief architects in fashioning CBS, is building special quarters at his sportsman's resort, Para-dise Point, Crystal River, Fla., for General Ike. Quarter century ago, Ike and Sam were Washington buddies—Ike was major and Sam, Dept. of Agriculture's first radio man.

DEEPFREEZE Appliance Div. of Motor Products Co., North Chicago, Ill., thinking of appropriating \$500,000 per year to television, as supplement to successful use of Gabriel Heatter on Mutual, which firm has just renewed for another 13 weeks. Deep-freeze reportedly wants TV as soon as pos-sible with right vehicle. Agency is Roche, Williams & Cleary, Chicago.

WITH space at premium in Presidential inauguration coverage, WOL Washington is quietly working on plan to set up special net-(Continued on page 6)

#### RADIO LOWEST COST MEDIUM, HEYNE TELLS ILLINOIS GROUP

RADIO offers advertisers lowest cost-per-contact medium, Norman Heyne, vice president of Ruthrauff & Ryan, Chicago, told Illinois Broadcasters Assn. Friday at Springfield. Scoffing at competitive charges that medium is dying, Mr. Heyne said it isn't even sick.

William Holm, WLPO LaSalle, elected IBA president, succeeding Charles C. Caley, WMBD Peoria. Charles R. Cook, WJPF Herrin, elected vice president, and Merrill Lindsay, WSOY Decatur, secretary-treasurer. Angus D. Faff, WNMP Evanston, elected to board.

Mr. Heyne reminded there are more auto radios than TV sets, with radio still growing twice as fast as TV. He added, though, that TV is "competitive to radio, whether you like it or not." He said radio now reaches over 95% of population compared to TV potential of 65%. Nationwide, he declared, people listen 108 minutes per day to radio compared to 43 minutes of TV viewing. He added that in TV markets they watch 21/2 hours per day compared to one hour of radio listening. Loss in radio listenership, about fourth, is enough to justify rate adjustments, he felt.

Evaluating daytime media, he cited figures showing radio reaches 934 persons per dollar, TV 365, magazines 334 and newspapers 240. Story is different at night, he said, but did not

give parallel figures.

Walter Rothschild, WTAD Quincy, moderated sales panel.

#### **AT&T ADDS 2,800** MILES TO TV NETWORK

AT&T is temporarily adding some 2,800 channel miles of TV network facilities to its permanent circuits for use tomorrow (Tuesday) in transmitting on-spot election programs over nearly 30,000 miles of intercity TV channels reaching 110 TV stations in 67 cities, A. F. Jacobson, Long Lines director of operations, announced over weekend. He estimated that 99% of nation's more than 18,700,000 TV sets would be able to receive Election Day TV network programs.

Facilities being added include eastbound channel from Chicago to New York, which with present channels will provide three separate networks between New York, Chicago and Washington; channel from Los Angeles to Denver via Oakland, making it possible for two programs to be carried simultaneously over network to Denver; third westbound channel from Oakland to San Francisco. In addition, Mr. Jacobson said, facilities are being added to permit nationwide connection of TV and radio broadcasts from headquarters of both major party Presidential and Vice Presidential candidates on election night.

#### THEATRE USES TV FILM

CBS-TV's See It Now program of June 29, titled "One Plane, One Bomb, One City" dealing with mock enemy bombing attack on New York City, will be presented as feature film at New York's Victoria Theatre for seven weeks, starting Thursday.

### BUSINESS BRIEFLY

50 MARKET CAMPAIGN • Good Luck Margarine to start radio spot announcement campaign Jan. 5 in 50 markets for 52 weeks, using five to ten participating programs [CLOSED CIRCUIT, Oct. 27]. In each case featured personnel on such programs will deliver commercial live. Agency, Hewitt, Ogilvy, Benson & Mather, N. Y.

EXTEND CAMPAIGN • Current eightweek radio spot campaign for Shulton Inc. (men's toiletries), N. Y., so successful that its agency, Wesley Assoc., also N. Y., is recommending campaign be extended to 52 weeks in at least dozen major markets.

SHAVE CREAM SPOTS Rapid Shave Cream, product of Colgate-Palmolive-Peet Co., (Continued on page 110)

#### GENERAL ELECTRIC TO UP RADIO, TV ADVERTISING

JOHN G. PORTER, advertising manager of General Electric Co.'s major appliance division, Louisville, reported Friday that its siderably increased advertising budget for 1953 includes major increases in both radio and television." Although company did not reveal how much of its \$12 million 1953 advertising budget was to be allocated to radio and TV, Mr. Porter said major and small appliance divisions are urging dealers to augment company's schedule with local spot radio and spot TV. Major appliance division through Young & Rubicam, N. Y., already sponsors Joan Davis Show on NBC-TV and Bing Crosby Show on entire CBS Radio network. Company also underwrites Fred Waring Show on CBS-TV on institutional basis.

#### MUTUAL EXECUTIVES TO MEET WITH AFFILIATES

TO HELP develop stronger network-affiliate relations, group of MBS executives, headed by President Thomas F. O'Neil, will conduct series of two-day regional meetings in six cities from Nov. 13 through Dec. 9, network announced Friday.

Seminars initiated with formation of Mutual's Affiliate Advisory Committee in May 1951, will include discussions on programming, sales, station relations, promotion and research.

Attending various meetings, in addition to Mr. O'Neil, will be William H. Fineshriber Jr., executive vice president; Earl M. Johnson, vice president in charge of station relations engineering; Robert A. Schmid, vice president in charge of advertising, research and press information; Julius F. Seebach, vice president in charge of programs; J. Glen Taylor, vice president, General Teleradio Inc. and MBS board members; Bert J. Hauser, director of co-op programs; Charles Godwin, director of station relations, and Roy Danish, Robert Carpenter and Robert Kennett, Division managers, station relations.

Schedule of meetings: New York City, Nov. 13-14; Chicago, Nov. 17-18; Salt Lake City, Nov. 20-21; Atlanta, Dec. 1-2; Biloxi, Miss., Dec. 4-5 and Dallas, Dec. 8-9.

for more AT DEADLINE turn page

#### WOW CANCELS HOOPER; OMAHA SURVEY CONTINUES

WOW OMAHA has failed to renew annual Hooper contract because, according to Sales Manager Bill Wiseman, station was dissatisfied with "1. the 'duplex' interviewing method; 2. the combination Radio-TV question; 3. the size of the sample." WOW has contracted with The Pulse for semi-annual area surveys covering one hundred counties of its primary service area.

Hooper's New York office reported they would continue Omaha survey on firm order from KOWH. When asked about reports of other cancellations they reported other stations in area had not been heard from.

In another state, Hooper interviewers were reported still on job in San Antonio, collecting data on listening and viewing, despite introduction of premium-for-identification plan by one station which allegedly twists results of telephone interviews [CLOSED CIRCUIT, Oct. 27]. Hooper TV report for San Antonio will be published; radio report in doubt at this time. Stations in that Texas city reported to be trying to resolve sticky situation themselves, hope to have it settled by mid-November.

#### WESTINGHOUSE PETITION

WESTINGHOUSE Radio Stations Inc. petitioned FCC Friday to dismiss without prejudice its uhf Channel 21 TV application for Fort Wayne, Ind., which would leave two others seeking frequency (changed to Channel 69 in correction to Sixth Report). WRS, owner WBZ-TV Boston and applicant at Portland, Ore., Philadelphia and Pittsburgh, told FCC it "has been investigating the possibility of acquiring (through purchase or application) television broadcasting facilities in a number of other cities . . . in which the opportunity for public service may be greater than in Fort Wayne."

#### AMEND FARGO APPLICATION

AMENDMENT of TV application to seek Fargo, N. D., Ch. 6 instead of Ch. 13 by North Dakota Broadcasting Service presumably leaves way open for grant to Red River Valley Television Corp. (combination of KFGO Fargo and KVOX Moorhead, Minn.), sole remaining Ch. 13 applicant there. However, change to Ch. 6 puts North Dakota Broadcasting into competition with WDAY Fargo. Principal in North Dakota Broadcasting is John W. Boler, owner of KSJB Jamestown and KCJB Minot, N. D.

#### TV RECEIVER POTENTIAL

POTENTIAL \$14 million worth of business for retail TV dealers in Lubbock and Great South Plains area during next 14 months was predicted by Dan D. Halpin, general sales manager of receiver division, Allen B. DuMont Labs., in statement released today (Monday). He added he expects sale of 40,000 receivers in areas to be covered by KDUB-TV Lubbock, which goes on air in about three weeks.

#### FM PERMITS GRANTED

TWO Class B FM permits granted by FCC Friday, one to Clemson Bcstg. Co., Clemson, S.C., for Channel 246 with ERP 53 kw; other to W\$NW Seneca, S. C., for Channel 251, ERP 6.5 kw.

#### In this Issue-

SPENDINGEST campaign in history approaches a close. Radio and television given an unprecedented workout in the 11th hour of the race. Page 23.

BUT it isn't all gravy for broadcasters by any means. Seldom if ever has a campaign produced so many legal headaches in political broadcasting. Long after the election is over, broadcasters will be coping with problems of the campaign. Page 23.

FCC backs down—at least part way—on its threat to put broadcasters in the doghouse if they refuse rebroadcast rights to their programs. Page 25.

NEW \$1 million TV film syndicating and producing company formed by a coalition of broadcasters and film executives. Page 29.

CBS and the American Cancer Society have teamed up to educate U. S. doctors in the subject of cancer and its treatment. It will be carried on by color television and if it lives up to expectations may reduce cancer to a secondary disease. Page 32.

DUANE JONES wins a precedent-setting judgment against former officers of his agency who formed another with some of his accounts. Page 40.

EASTERN annual conference of the American Assn. of Advertising Agencies looks into problems of costs, new talent and the use of TV film. Page 71.

WHAT would a shift in control of Congress mean to broadcasters? Here's the way new committee assignments would shape up if control changes parties. Page 26.

NETWORK and station coverage of the election returns will be the most elaborate ever. Page 27.

FCC issues a primer on radio and television broadcasting. It's a handy work for anyone entering the business and a good refresher course in basic information for those who are in it now. Page 28.

#### **Upcoming**

Nov. 6-7: NARTB Radio Standards of Practice Committee, NARTB Hdqrs., Washington, D. C.

Nov. 6-8: National Assn. of Educational Broadcasters Convention, Minneapolis.

Nov. 6-8: CBC Board of Governors, Ottawa, Ont.

Nov. 7: Louisiana Assn. of Broadcasters, Jung Hotel, New Orleans.

Nov. 7-8: Michigan Assn. of Broadcasters, Fort Shelby Hotel, Detroit. (Other Upcomings, page 74)

#### Closed Circuit

(Continued from page 5)

work to feed independent stations. Provision would be made for local cut-ins on restricted

FIRST WORD from FCC on actual merger of AM applicants for TV due this week, after several delays. Slated for consideration is joint application of WBML and WNEX, Macon, Ga. (Macon Television Co.). There are no signs to indicate that approval will not be forthcoming. Action, if favorable, expected to flush out scores of plans for "marriages".

LIKELIHOOD of merger action this week (see above) brought revelation that fortnight ago FCC was prepared to act on Wichita Falls, Tex., fusion of KWFT and KTRN involving both newspaper and motion picture interests. Favorable action there was indicated but block application was filed day before consideration, forcing both into hearing.

NEGOTIATIONS UNDERSTOOD underway for entry of U.S. station representative firms in Canada with branch offices through partnership or outright purchase of one or more Canadian station representative firms. Move is planned to compensate for loss of U.S. business now being placed through Canadian offices of U.S. advertising agencies.

WILLIAM WIGHT, for 14 years in charge of Washington operations of Carl Byoir & Assoc., resigns Dec. 1 to become director of public relations of Philco, with headquarters in Philadelphia. He was former crack correspondent with AP in Washington. Lyle Youngstrom, second in command, slated to succeed him for Byoir. One of principal Byoir accounts is RCA.

INDICATION of headaches facing FCC reflected in agenda, which shows that on Nov. 17 no less than 10 hearings on competitive TV applications will be held simultaneously in Washington. This not only taxes its manpower on processing of pending applications but also raises question as to where so many hearings can be held.

SOME OF FCC members really lifted their eyebrows last week when they read in Washington press that Chmn. Paul A. Walker and Comr. Frieda B. Hennock had appeared before D. C. Board of Education to urge prosecution of application for noncommercial educational TV station on reserved Ch. 26. Amazement came from quote attributed to Chmn. Walker that FCC would swiftly approve application. School Board agreed to tackle Congress for initial budget of \$400,000, and promptly filed—even without money.

HECTOR CHEVIGNY, official candidate for president of Radio Writers Guild in elections Thursday, says he will file suit against 31 Guild members who signed petition said to charge Mr. Chevigny with "consistently and publicly" supporting an allegedly pro-Communist faction within Guild.

#### NBC LIKES RULE CHANGE

FCC's order removing 10-day reporting clause from rebroadcasting rule (story page 25) is "highly gratifying," spokesman for NBC said Friday. He said network is "very pleased that the Commission took a new look at the rule and changed it."

## What Leading Advertisers Think

EDWARD R. MITTON, President Jordan Marsh Company

"Jordan Marsh is pleased to begin its fifth consecutive year with WHDH. Our exclusive fifteen minutes of news every morning 7:30 to 7:45 on this station plays an important part of our radio advertising."

ARTHUR G. PLANTE

Ass't Vice Pres. Public Relations

New Haven Railroad

"Our sponsorship of the radio coverage of the Democratic and Republican National Conventions over WHDH exclusively was one of the most effective advertising promotions ever used locally by the New Haven Railroad. It was an excellent supplement to our continuing sponsorship of 'Hal Clancy Reports the News' 52 weeks of the year."

RALPH CAREY, N. E. Manager Shell Oil Company

"Shell Oil Company has sponsored five-minute news programs at least twice daily over WHDH for the past five years. When motorists drive in to service stations with requests for the products advertised, we know WHDH is producing."

## What Leading Agencies Think

FRANCIS W. HATCH, Vice President Batten, Barton, Durstine & Osborn, Inc.

"Our programs for the First National Bank of Boston have been on WHDH without interruption during the past 2½ years. This continuing campaign has been most effective in helping to promote bank services."

J. PAUL HOAG, President Hoag & Provandie, Inc.

"For many years we have bought substantial amounts of both program and spot time on WHDH for various clients. Listenership figures provide a measure of the large and loyal audience that WHDH enjoys. Our own experience proves its response; measured by outstanding sales results."

JEROME O'LEARY, President
Jerome O'Leary Advertising Agency

"We find that Boston radio, used intelligently, will produce more customers per advertising dollar than any other medium. Our agency's radio billing is among the highest in New England. More advertising dollars are placed on WHDH than on any other individual radio station."

## About Boston's Leading Radio Station

ARTHUR J. CHANTER
New England Regional Manager
Studebaker Corporation

"Studebaker's sponsorship of the 6:00 P.M. news nightly over WHDH is now in its fifth year. Such longevity would never have been possible without the full support of individual dealers. Nor would that support have been forthcoming but for the demonstrated value of the program."

H. Gilson, *President*Washburn Candy Corporation

"The Washburn Candy Corporation has made great strides in the promotion of its Waleeco Cocoanut Bar; in this, WHDH has played a major role. Our program sponsorship is now in its fourth year."

RALSTON H. COFFIN

Director of Advertising and
Sales Promotion, Consumer Products
Radio Corporation of America
RCA Victor Division

"WHDH's promotion for 45 rpm records helped to spearhead our national campaign. Their ideas, follow-through, and cooperation have been outstanding."

## About Boston's Leading Radio Station

GABRIEL M. STERN, Exec. Vice Pres. Hirshon-Garfield, Inc., Boston

"Our numerous weekly radio programs on WHDH have all done effective jobs for our clients in the food, clothing, houseware, and luxury product fields by creating strong New England consumer demand for the clients' products, at a comparatively small cost."

John C. Dowd, President
John C. Dowd, Inc. of Boston
Dowd, Redfield & Johnstone, Inc.
of New York

"Placing business from New York as well as Boston, our agency realizes the stature of WHDH as one of the country's leading independent stations. We feel it is an extremely effective vehicle in any local advertising campaign."

GEORGE C. WISWELL, Treasurer Chambers & Wiswell, Inc.

"WHDH and Curt Gowdy make a great sports team. We are currently sponsoring a very successful sports program on WHDH five nights per week for the Chevrolet Dealers Association."

WHDH

## YOUR CONSUMER IS WSPD'S BEST CUSTOMER

Webster defines CONSUMER as "one who spends, a purchaser." Here in Northwestern Ohio each consumer spends \$1,331 in retail buying—proof that this is a Top Consumer Market. But the big job is to direct this spending—towards your product. Statistics prove radio does that job. Here in this thriving market the total owned radio sets is Above the nation's average—proof they're sold on radio. The most important statistic of all—WSPD delivers 60% more audience than any other local station—proof they're sold on WSPD. So, the answer is easy-use radio-use WSPD-because Your Consumer is WSPD's Best Customer. Sell on the station this BILLION DOLLAR MARKET'S Sold On-WSPD, Toledo.

NORMAN PETERZELL, account executive, Grey Adv., N. Y., to Biow Co., that city, on Procter & Gamble account.

## on all accounts

YEN to be outstanding anparently was the personal gadfly which drove Robert Winston Dailey up the more often than not rocky path to success in the advertising business.

The vice president and general manager of McCann-Erickson's Cleveland office some eight years ago was contented enough as director of publicity, news and special events at WTAM Cleveland, NBC's o and o station, where he

had worked for the preceding eight vears.

The transition came when an agency executive, proud of his trade, did a little scoffing within earshot of Mr. Dailey.

The better a radio newsman writes news, the advertising man allowed, the worse he writes radio commercials. Mr. Dailey promptly produced some commercials-50 of themand McCann-Erickson just as promptly hired him.

Born in Olney, Ill., Mr. Dailey had a rather peripatetic early life, spending his boyhood in Minneapolis, Billings, Mont., Kansas City, Cleveland and Toledo.

After attending the U. of Toledo, with a major in economics, he joined the Toledo Blade and spent the next four years writing gen-

eral assignment, police and labor stories, ending as radio editor, from which job he joined WTAM.

As a cub reporter on the Blade, Mr. Dailey hit the journalistic world with a bang when his photograph appeared on the lead page of Editor & Publisher, showing him sitting underneath a desk with a telephone in hand, after he covered the spectacular Electric Auto-Lite strike in Toledo from within the riot-bound plant.

Prowling through the darkened plant at night for 14 hours until the Ohio National Guard arrived to rescue non-union employes and executives, he gave a blow-by-blow account of what is said was the nation's automotive strike to readers of several extra editions issued that night. Besides the E & P trade recognition, he received his first by-lined story and his first salary increase from the Blade's editor,

Mr. DAILEY

Grove Patterson.

As radio-TV director and account executive for McCann-Erickson's Cleveland office, he helped create and produce many outstanding regional programs, including the famous Ohio Story for Ohio Bell Telephone Co. This program,

## feature of the week

HOUSANDS of commuters on San Francisco's famed Bay Bridge are "Spanning the Bay with KYA" since the station began an unusual program, controlled completely from the bridge.

Entitled Car Tunes, the KYA program is aired 4-6 p.m., Monday-Friday. By dialing 1260 kc, motorists can hear the latest reports on traffic and weather conditions on the bridge.

The program is handled by Bert Winn, KYA disc jockey, who also may claim credit for dreaming up the program. One day last year, Mr. Winn, in commuting, came to one of those seemingly inevitable slowdowns caused by some happening ahead.

Mr. Winn thought to himself, "How convenient it would be for the motorist to have some radio information of the traffic conditions just ahead." This thought was the beginning of 15 months of planning. Then H. G. (Jack) Fearnhead, KYA general manager, gave a green light for the program to begin Sept. 8.

Bridge Engineer Carl Hamilton welcomed the program from the start. "Commuters during the rush evening hours are in the worst frame of mind of any during our 88,000-car day. Morning drivers are fresh, but the 4 to 6 drivers are

tired, quick to anger and eager to get home," Mr. Hamilton observed. "Anything to keep the motorist's interest and at the same time inform him of traffic conditions will help us."

The National Safety Council also has welcomed the program and contributes special traffic messages.

Mr. Winn's radio vocabulary conforms to that of bridge officials, to whom an accident is an "obstruction." All obstructions are reported via radio by cruising traffic officers to a central control booth near the

toll plaza.

Car Tunes is controlled from the toll plaza where Mr. Winn has set up a microphone. Music and news are presented from KYA studios in the Fairmont Hotel. But at split second notice, Mr. Winn can relay traffic information to motorists, even if he has to interrupt the vocalizings of Bob Eberly or Johnny Ray.

Biggest stumbling block during the months of planning was to win approval of state officials. To keep the program primarily "public service" in nature, Mr. Fearnhead keeps commercials suitable and at a minimum.

Commuters' wives also tune in to the program. They know that any obstruction on the bridge will make their husbands late in arriving

## strictly business

Mr. JEWETT . . . better than gold prospecting

ARL JEWETT, manager of the Chicago office for Robert Meeker & Assoc., station representative, uses more refined tools to make a living in the broadcast business than he did when he prospected and mined gold.

In the late 30's, in Canada's Ontario district, he wielded a sturdy drill to blast veins of gold from the hard-rock formations. Vocal persuasion in behalf of some 40 radio and 3 video stations superceded this physical strain but results from both professions are rewarding, he says.

Mr. Jewett, who was born in Pelham Manor, N. Y., spent most of his early years in Buffalo, and grew up with a population comprised almost entirely of gold speculators as the city was directly across the border from several gold mining areas.

In addition to working the mines and helping locate fields, he also became a gold stock broker in those halcyon days when a share of stock could be had for 10 pennies.

His prospecting these days is limited to agencies and advertisers. At Meeker, he heads sales activity (Continued on page 46)

## POLITICAL TILL MOUNTS

#### Record Spending in AM, TV

By JOHN OSBON

THE MAJOR political candidates will place unprecedented reliance today on those twin electronic media—radio and television—in their 11-hour whirlwind appeal to the electorate of America.

Some day, somewhere, someone may unveil a magic device that will compute accurately the voluminous expenditures involved in the "high cost of campaigning" at all levels.

But until then, one may only estimate the flurry of time purchases purchased by the major parties and related groups.

This has been the spendingest campaign in history—and, not incidentally, one that has raised a host of problems and headaches for many broadcasters.

The 1952 Presidential campaign will be recorded in history as a multi-million dollar drive, with roots in the primary media of radio and television. Appraisal of overall totals at the national, state and local levels is nigh impossible.

Some light has been shed on these huge purchases in reports submitted to the File Clerk of the U. S. House. They also point up contributions to both parties by major radio-TV personalities and those in allied fields.

The reports do not include final timebuys on the major radio and TV networks the past fortnight as both parties scraped the barrel for funds to put their candidates before radio-TV audience.

Nor do they take account of the role that radio and television have played in whipping up public interest in the 1952 campaign—starting with the July conventions in Chicago, gathering steam around Labor Day and culminating with a gigantic organized drive for a record registration that is certain to be reflected at the nation's ballot boxes tomorrow.

An indication of the high cost of campaigning is written in the contributions and disbursements reported on Capitol Hill. The names printed here do not include all contributors from the radio-TV and related field. However,

Also see stories on Congressional lineup in '53, lnaugural coverage plans, network and station election coverage, pages 26-27.

those appearing represent leaders or well known persons who are the most readily identified within the industry. Among those revealed as contributors to one of the two major parties are such figures as FCC Chairman Paul A. Walker, NARTB Board Chairman Justin Miller, CBS Board Chairman William S. Paley and AFM President James C. Petrillo.

#### Balance Sheet

The House reports covered contributions and expenditures for September and most of October. They were submitted by the Democratic and Republican National Committees, the Senatorial and Congressional Campaign Committees of each party, and various other organizations including the Stevenson Volunteers, Citizens for Eisenhower, the CIO Political Action Committee and Labor's League for Political Education.

Among those contributing to the

Democratic National Committee:

FCC Chairman Paul A. Walker, \$100; Justin Miller, NARTB board chairman and general counsel, \$100; Milton H. Biow, The Biow Co., \$1,-500; Joseph A. Katz, Joseph Katz Co., \$2,500; Ralph E. Stolkin, former president of RKO Pictures Corp., and stockholder in three stations, \$2,-500; Nathan Strauss, president of WMCA New York, \$2,000; Marshall Field, Field Enterprises (radio, newspapers), \$3,000; Barry Bingham, Louisville Courier-Journal and Times (WHAS-AM-TV Louisville), \$5,000; James A. Noe, KNOE Monroe, La., \$2,500; Leo Resnick, FCC hearing examiner, \$100; Secretary of Commerce Charles Sawyer, owner of WIZE Springfield, WING Dayton and WCOL Columbus, \$500; (the late) Francis P. Matthews, former stockholder of WOW Omaha, and KODY North Platte, Neb., \$500; Sen. Robert S. Kerr (D-Okla.), part owner of WEEK Peoria, Ill., and KRMG Tulsa, Okla., \$2,000; Arde Bulova, New York, Mr. Stolkin, who resigned the past fortnight as head of RKO Pictures Corp. [BoT, Oct. 27], has interests in KOIN Portland, KJR Seattle and KXOB Stockton, Calif., both TV applicants, and has subscribed interest in WMAY Inc., applicant for TV in Springfield, Ill.

Among other contributors to the Democratic National Committee were Paul Herzog (\$1,000), National Labor Relations Board; Stephen J. Spingarn (\$250), Federal Trade Commission, and Albert A. Carretta (\$100), also FTC.

A report on contributions to the Republican National Committee included: Ross D. Siragusa, Admiral Corp., \$3,000; Arthur Godfrey, CBS Radio-TV personality, \$2,500; Henry R. Luce, publisher of Time, Life and Fortune, \$3,000, and Cecil B. DeMille, Hollywood producer, \$100. No other radio-TV names were identified.

The Volunteers for Stevenson re-(Continued on page \$4)

## LIBEL LIABILITY

THE most feverish campaign in recent history was almost over last week, but the end was not in sight for the libel and censorship troubles arising from political broadcasting.

Seldom if ever has there been as much controversy over the use of radio and TV in a campaign.

Toward the end—with another 24 hours to go—even the most closed-mouth observers were willing to concede the need for revising the Communications Act in particular and campaign procedures in general. Apparently, the 83d Congress will tackle the unenviable task of removing broadcasters from Dante's Inferno of political broadcasting.

The FCC was placed in the middle of most of the controversies, but displayed little willingness to act before the national elections tomorrow.

The difficulties in which stations found themselves stemmed from these developments:

WTVN (TV) Columbus, Ohio, reportedly was besieged with protests when it refused to carry the telecast of a speech by Sen. Joseph McCarthy (R-Wis.) on ABC-TV last Monday.

■ Radio consultant Morris S. Novik lashed out at an alleged practice by network stations of scheduling spot announcements for one party right after a program sponsored by the opposing party, and called on the broadcast industry to "clean our own house instead of waiting for legislative action."

● Legal counsel for DuMont TV Network revealed the gist of a protest filed with FCC charging that some video affiliates have refused political programs from networks other than those of which they are primary affiliates.

● Harold E. Stassen protested to FCC that the United Auto Workers failed to properly label a TV program as a "paid" broadcast and that CBS "declined to offer" him (Mr. Stassen) equal opportunity to answer UAW leader Walter Reuther whom he accused of misquoting him.

Other than the Stassen and Du-Mont complaints, FCC also is identified with cases involving KING-TV Seattle's refusal to carry an earlier McCarthy talk and a protest by the National Volunteers for Stevenson over the purported \$2 million GOP spot blitz.

#### **Haunts Broadcasters**

WMAL-TV Washington, D. C., also was confronted with the libel question the past fortnight. A veterans committee had sought time to oppose candidacy of Joel Broyhill, GOP House aspirant from Virginia, and claimed station refused to air its program.

The Evening Star TV outlet said its counsel felt the script contained "possibly" libelous allegations and advised the advertising agency handling the program.

FCC was not directly involved in the WTVN case. Receipt of Mr. Stassen's telegram was acknowledged in Commission quarters. Sen. McCarthy, who had promised to seek revocation of KING-TV's lisense in that case [B•T, Oct. 27], had filed no formal complaint with FCC as of late Thursday.

CBS reportedly advised FCC Wednesday it felt that Sec. 315 of the Communications Act was not applicable since Mr. Stassen is not a candidate. Network said sponsoridentification requirements were met and submitted a transcript of them.

WTYN cancelled the McCarthy speech from Chicago minutes be-

(Continued on page 52)

### **VADEBONCOEUR**

Named WSYR President

ELECTION of E. R. Vadeboncoeur as president of Central New York Broadcasting Corp. was announced effective today (Monday) by S. I. Newhouse, owner of WSYR-AM-FM-

WSYR-AM-FM-TV Syracuse. Mr. Vadeboncoeur has been acting head of the Syracuse operation s ince Col. Harry C. Wilder's retirement resignation from that office last Sept. 30 [ReT. Sept. 29].

last Sept. 30
Mr. Vadeboncoeur [B•T, Sept. 29].
Mr. Vadebon-

coeur, who will continue as general manager of the stations, joined WSYR in 1939 as news director and three years later became WSYR vice president and general manager. Before entering radio, he had spent 19 years as a newspaperman and was author of numerous short stories and articles.

The new WSYR president, who is director of NARTB District 2, was forced to drop his 15-minute daily newscast a year ago because of increased administrative duties.

## NON-N.Y.AGENCIES Seek Billings Via W&S

MAJOR agencies outside New York, representing a combined total billing of \$40 million, are making a concerted bid for their share of radio and television advertising revenue through Wyatt & Schuebel, New York, it was reported last week.

Mumm, Mullay & Nichols Inc., Columbus, Ohio, has retained Wyatt & Schuebel [CLOSED CIRCUIT, Oct. 20], it was formally announced by John Wyatt, partner of the firm. With this addition, 16 major out-of-New York agencies are co-sponsoring radio and television planning, production and placement through W&S.

Their joint effort to participate in radio and television billing increases, which totaled \$87 million last year, was sparked 20 months ago when Westheimer & Block, St. Louis, and Liller, Neal & Battle, Atlanta, named the then new W&S radio and TV team, to represent them and their radio and TV departments in New York. Since then 14 other major agencies have joined under the Wyatt & Schuebel banner.

#### **Arvin Christmas Drive**

ARVIN Industries, Chicago, plans to use radio and TV to back its pre-Christmas campaign for its full line, including radio-TV sets, electric housewares, car heaters and metal furniture. Advertising is expected to be done cooperatively with dealers and distributors. Agency is Roche, Williams & Cleary, Chicago.

## RCA SALES

#### \$473.5 Million Hits New High for 9 Months

SALES of products and services of RCA and subsidiaries for the first nine months of 1952 totaled \$473,501,673, an all-time record volume which compares with \$421,281,782 for the same period last year, Brig. Gen. David Sarnoff, board chairman, announced Thursday.

Earnings before federal income taxes amounted to \$36,443,110 as against \$37,851,841 for the comparable 1951 period, while net profits after federal income taxes were \$17,847,110 for the first nine months this year compared to \$18,356,841 for the first nine last year. Net earnings applicable to common stock for the nine-month period, after payment of preferred dividends, were \$1.12 per share while the comparable 1951 figure was \$1.15.

This year's third quarter was itself a record one, the report showed, with total sales of products and services reaching \$167,-663,848. Earnings before federal income taxes were \$13,106,180 compared with \$5,540,480 for last year's third quarter, and net profits after federal taxes were \$6,547,180, compared with \$2,653,480 a year ago.

The report is as follows:

## 'FREEDOM U.S.A.' Sales Now Total 570

SALES of the Freedom U. S. A. transcribed radio series to three insurance companies for sponsorship in nine markets, plus other sales to bring the total to 570, have been reported by Frederic W. Ziv Co.

Sales Vice President Alvin E. Unger said Farmers Insurance Co. had bought the series for KFH Wichita, KOMA Oklahoma City, KERG Eugene, Ore., and KCMO Kansas City in addition to markets the company previously had signed for; Pilot Life Insurance Co. had added WMFD Wilmington, N. C., and stations in Gastonia, N. C., waynesboro, Va., and Jacksonville, Fla., to its list and American Home Life Insurance Co. had signed for sponsorship in Topeka.

#### RAWLS NAMED

Will Head KPHO-AM-TV

RICHARD B. RAWLS, formerly ABC-TV director of station relations, has been appointed general manager of KPHO-AM-TV Phoenix, it was announced last week.

Mr. Rawls, effective Nov. 15, succeeds John C. Mullins, who remains as a consultant.

The appointment of Mr. Rawls followed by four months FCC approval of the purchase of KPHO-AM-TV by

Mr. Rawls

the Meredith Publishing Co. [B®T, June 30]. Meredith also owns WOW-AM-TV Omaha and WHEN (TV) Syracuse.

Entering television 13 years ago, Mr. Rawls joined ABC in 1946 after two years service in the Army.

From 1946-49, Mr. Rawls was manager of television operations for ABC. From then up to the present, he was ABC-TV director of station relations.

Previously, he had been with CBS as manager of studio operations for WCBS-TV New York. He served also as manager of service operations for WCBS-AM-FM.

Up to that time, Mr. Rawls had been associated with the theatre. He was national technical director of the Federal Theatre, government operator of a national theatre with productions in 43 cities in 26 states. Earlier, he was active in Broadway theatre and film circles.

#### PONTE VEDRA MEET Ends ABC Sessions

ABC top officials completed their 1952 round of regional meetings with their radio affiliates last Tuesday. Session—fifth in the series, which started Sept. 29 in Hollywood—was held at Ponte Vedra, Fla., with 48 representatives of some 35 stations in attendance.

Like the four preceding meetings, the one-day session was devoted to subjects of common interest to network and affiliates—sales, program, promotion plans and prospects, the pending merger of ABC with United Paramount Theatres and its potential effects on network operations, etc.

As in the prior sessions, officials reported, the network's plan to establish a single rate for daytime and nighttime radio also was explored. Executives said afterward that, although opposition had been manifest by some, they still were thinking in terms of effectuating the plan but were not "pushed" on it since target date is not till April 1 [B•T, Oct. 20].

## REBROADCAST RULE EASED

FCC Backtracks in Part

FCC backtracked in part last week from its threat to confront radio and TV stations with the regulatory doghouse if they refuse to let all comers rebroadcast their programs.

Heeding widespread industry indignation over its oft-termed "legal larceny" rule, adopted last May 14, the Commission Thursday dropped the clause requiring licensees to file reports within 10 days when they refuse to give consent for program rebroadcasts.

Left intact, however, is the Commission's interpretation of Section 325(a) of the Communications Act, another source of nationwide concern lest stations lose their important property rights in programs.

In essence the FCC contended in its May 14 order, and still contends, that a station does not have an absolute property right over rebroadcasts without regard to its responsibilities under other sections of the law.

The proposed 10-day requirement, which had broadcasters everywhere seething during the NARTB summer - autumn district meetings, had run into opposition within the government itself shortly after the May 14 action. This had developed when Budget Bureau officials told FCC in plain language that bureau approval is required before the Commission can force anyone to fill out a form calling for information [B•T, June 16]. (See federal forms story page 50.)

In its latest action the Commission noted it is not saying "that legitimate property rights, recognized by law, may be freely appropriated by others through the mere device of demanding rebroadcast privileges."

Immediate industry reaction was

generally favorable, particularly as to elimination of the 10-day reporting requirement. NARTB President Harold E. Fellows voiced gratification at the action and added that broadcasters around the NARTB district meeting circuit had adopted a series of strong resolutions protesting the Commission's May 14 rule.

Mr. Fellows said that enthusiasm over the FCC's action "is dampened somewhat" by its reaffirmation of intent "to make determinations as to the propriety of refusal in given cases." He said that members of the association "would hail the Commission's statement that it did not intend to state that legitimate property rights, licensed by law, may be freely appropriated by others through the mere device of demanding rebroadcast privileges. Commissioner Hyde concurred in deletion of the 10-day reporting requirement but felt the remainder of the rule should be reconsidered and deleted.

#### Commends Change

Col. W. A. Roberts, DuMont TV Network Counsel, termed FCC's action on the rebroadcast issue a "very definite improvement." He said the effect of the change "is that the FCC carefully reserves to itself the right to investigate if the denial of requests for the rebroadcast privilege is on improper grounds."

The FCC's May 14 decision arose out of an appeal for a declaratory ruling sought by WJIM-TV Lansing, Mich., in 1950, after WWJ-TV had refused permission to rebroadcast some NBC-TV programs [B•T, July 17, 1950]. The FCC issued a proposed clarification of Sec. 325(a) of the Act and called

This call brought a request from Gordon P. Brown, WSAY Rochester, N. Y., who has long feuded with networks. He claimed the section should be interpreted to mean that if a sponsor approved a reproced-

for comments [BoT, Oct. 9, 1950].

if a sponsor approved a rebroadcast of a program it owned, neither the network nor the affiliate carrying the original program could object [B•T, Nov. 6, 1950].

Joining him was Rep. Harry R. Sheppard (D-Calif.) who claimed legislative history of the provision justified such an interpretation. He charged, too, that networks were trying to stifle competition.

Opponents of FCC's proposed stand argued that the requirement of a written report on refusals to allow rebroadcasts amounted in itself to compulsion.

This fear disappears as a result of FCC's decision last week.

Twice since last May the Commission has postponed the effective date of its order. Last postponement had been to Oct. 31. Petitions had been received from NARTB; NBC; CBS; WHEN (TV) Syracuse; KLOK San Jose, Calif.; KLO Ogden, Utah; KPQ Wenatchee, Wash.; KPHO Phoenix; WKLO Louisville; KXRO Aberdeen, Wash.; KING Seattle; WOW Omaha.

#### Sees Industry's Point

Recognizing the industry's challenge of the reporting requirement, the FCC found on reconsideration "that the amendments to its rules requiring a report in each instance of a denial of consent for a rebroadcast are unnecessary." It added that no facts have been presented by opponents concerning "the probable extent of any possible burden which the reporting

requirement might involve" and chided the industry for not claiming possible burdens at the time the rule was first proposed.

FCC conceded situations could arise in which a station would have difficulty "in deciding whether particular types of inquiries are requests for rebroadcast privileges, or whether responses to such inquiries setting forth conditions for granting rebroadcast consent constitute 'refusals.' A station may thus act at its peril in failing to file a report which under a different interpretation of the circumstances involved might be deemed by the Commission to have been required under the rule."

Another possibility, FCC noted, was "an undeterminable number of requests to rebroadcast" involving situations "which would not be thought to warrant a complaint or where a refusal would not be improper."

FCC claimed "the same purposes may be achieved by leaving it to the Commission to request explanatory statements from licensees in situations in which complaint is made by another licensee of an alleged refusal to permit a rebroadcast."

The Commission would not go along with the industry claim that Section 325(a) gives "an absolute right of refusal, and that the Commission is legislating, contrary to the intent of the statute, when it declares that the right to refuse consent for a rebroadcast is not absolute."

Also cited by FCC was the argument "that the use of Section 325(a) to prevent a station from carrying a sponsor's program by means of a rebroadcast when the

(Continued on page 44)

## Eating 'Legalized Larceny' Crow . . . . . . . AN EDITORIAL

THE FCC ate crow last week. But not the whole crow; just a wing or two.

It did a partial about-face on its rebroadcast rule of last May (we called it "Legalized Larceny"). It rescinded the most vicious part requiring an originating station to tell the FCC within 10 days why it refused any station or network the right to pick up any of its programs. It was the most dangerous foray into forbidden fields since the Blue Book of 1946

The part the FCC left unchanged at first blush would appear unimportant. It uses legalistic language about arbitrary refusals to permit rebroadcasts and about doing violence to the public interest. The danger here, as we see it, is that some of the infection remains and it can flare up again.

The FCC did this on its own motion. It came after strong protests from the NARTB, stations and networks, which brought two postponements. By acting on its own, the FCC thereby, for the present, avoids a hearing and also saves some face by retaining some of the language of the rule. Of course, there are instances where the rebroadcast privilege must

be given. We have in mind a Presidential address, an extraordinary session of Congress, or similar transcendental events, where the rebroadcasting station shares its part of the expense.

The FCC lawyers seek to make much capital of the point that there was no outcry back in October 1950, when the rule-making was proposed as the result of a controversy between two television stations. Perhaps they have a point here. But that didn't justify the sneak effort last May to foist on the broadcast arts rules that could destroy property rights in programs, stifle creative talents, force stations to endless legal expense and place them in constant jeopardy.

Last May, when the FCC smuggled out its new interpretation (Vice Chairman Hyde and then-Comr. Jones were absent) we commented editorially:

In some saner moment, we must believe that the FCC will see the error of its ways.

That, obviously, has happened. Comr. Hyde, in the action announced last Thursday, favored reconsideration and deletion of the rule "previously announced." He isn't satisfied with

partial action.

Nor are we. While the Commission rescinded the most onerous provisions, it retains a degree of control by saying the same purposes may be achieved through the complaint procedure, i. e., the FCC itself can investigate complaints on refusal to permit rebroadcasts.

It can be readily seen what could happen. Crackpot complaints reach the FCC by the score. There could be endless harassment of licensees and networks through the simple device of chain letters for rebroadcast permission — letters which would be answered negatively with a resultant barrage of complaints to the FCC.

An example of this is what has happened over the years because of the damned-if-you-do-or-don't language of the FCC's interpretation of the political section.

We think the rebroadcast section of the law is adequate as written. It doesn't need the interpretative treatment of the FCC's legal geniuses. An aggrieved station has plenty of ways of getting its complaint before the FCC. Failing to get relief there, a broadcaster can always have his day in court.

## LINEUP IN CONGRESS

SHOULD a Republican majority in Congress follow the elections tomorrow (Tuesday), one possible immediate result may be the lifting of the ban on radio-TV coverage of House committees.

That might accrue with the elevation to the House speakership of Rep. Joseph W. Martin Jr. (R-Mass.).

When Speaker Sam Rayburn (D-Tex.) "interpreted" House rules to prohibit radio, TV, recordings and newsreels in coverage of House committee sessions [BoT, March 31, the minority leader told BROAD-CASTING • TELECASTING:

"What the Speaker says is that in the absence of authority, he, the Speaker, takes it. I believe that the authority rests with the committees of the House."

There should be no ban on radio and television, he indicated, and neither should the Speaker assume this authority.

Possibility that the Republicans may take control of the House is speculative likelihood among political observers. They are also quite unanimous that the Senate will remain in Democratic hands.

Continued Democratic leadership of Congress would pose no changes in important committee chairmanships. Some senior Democratic members in both houses are not returning through resignation or primary defeat, but the majority of Democratic chairmen would continue in those posts.

#### Committee Chairmanships

In the event of a Republican House, committee chairmanships will change hands. Among those in which broadcasters are interested are the following:

are the following:

Interstate & Foreign Commerce—
Rep. Charles A. Wolverton (R.N. J.),
chairman during the 80th Congress,
would return as chairman. The present
chairman is Rep. Robert Crosser (DOhio). Rep. Carl Hinshaw (R-Calif.)
would then become, it is believed,
the broadcasting-communication expert on the committee, succeeding Rep.
Oren Harris (D-Ark.).
Appropriations—Rep. John Taber (RN. Y.) in place of Rep. Clarence Cannon (D-Mo.).
Judiciary—Rep. Chauncey W. Reed
(R-Ill.) in place of Rep. Emanuel Celler (D-N. Y.). Rep. Celler has been
one of the leaders in the fight to ban
radio and TV from House Committee
sessions and courtrooms.
Rules—Rep. Leo E. Allen (R-Ill.) vice
Rep. Adolph J. Sabath (D-Ill.). This
is considered the most powerful committee in the House, since it determines what bills are sent to the floor.
Un-American Activities—Rep. Harold
H. Velde (R-Ill.) in place of Rep. John
S. Wood (D-Ga.). Rep. Wood is retiring and Rep. Francis E. Walter (D-Pa.)
would be the senior Democratic member. ng and Rep. Francis E. Walter (D-Pa., ould be the senior Democratic mem

would be the senior Democratic member.

Ways & Means—Rep. Daniel A. Reed (R-N. Y.) in place of Rep. Robert L. Doughton (D-N. C.). Rep. Doughton is retiring and Rep. Jere Cooper (D-Tenn.) would be the Senior Democratic member.

Foreign Affairs—Rep. Robert B. Chipperfield (R-III.) vice Rep. James P. Richards (D-S.C.). Rep. Charles A. Eaton (R-N.J.), who is the senior Republican member of the committee, and who would normally be in line for the chairmanship is retirng.

Though Senate switch to Repub-

Though Senate switch to Republican control is not believed likely. the following changes would occur if the GOP assumed the majority:

Sen. Robert A. Taft (R-Ohio) would

take over the majority leadership from Sen. Ernest W. McFarland (D-Ariz.). Interstate & Foreign Commerce— Sen. Charles W. Tobey (R-N. H.) in place of Sen. Edwin C. Johnson (D-Col.).

Col.).

Appropriations—Sen. Styles Bridges (R-N. H.) vice Sen. Kenneth McKellar (D-Tenn.). Sen. McKellar was defeated in the Democratic primary in Tennessee; thus, Sen. Carl Hayden (D-Ariz.) would be the ranking Democrat.

Ariz.) would be the ranking Democrat. Foreign Relations—Sen. Alexander Wiley (R-Wis.) in place of Sen. Tom Connally (D-Tex.). Sen. Connally, however, did not run for re-election; thus Sen. Walter F. George (D-Ga.) is the ranking Democrat. Sen. George is now chairman of the Senate Finance committee. Thus it is presumed that Sen. Theodore Francis Green (D-R. I.) would be the senior Democrat in the committee.

would be the senior Democrat in the committee.
Rules & Administration—Sen. Henry Cabot Lodge Jr. (R-Mass.) vice Sen. Carl Hayden (D-Ariz.). Sen Hayden would be in line for the chairmanship of the Senate AP Appropriations Committee. The next ranking Democrat is Sen. Green.

is Sen. Green.

Judiciary — Sen. Alexander Wiley (R-Wis.) vice Sen. Pat McCarran (D-Nev.). Sen. Wiley also is ranking Republican member of the Foreign Relations Committee, where, it is believed, he would prefer to be chairman; thus Sen. William Langer (R-N. D.) would be chairman.

All members of the House of Representatives are running for reelection. Among those of interest to broadcasters, other than those mentioned above, are:

Reps. Arthur G. Klein (D-N. Y.), F. Ertel Carlyle (D-N. C.), Homer Thornberry (D-Tex.), Joseph P. O'Hara (R-Minn.), J. Edgar Chenoweth (R-Col.) and Harmar D. Denny Jr. (R-Pa.). All are members of the Harris subcommittee investigating the "moral climate" of radio and TV programs.

Rep. O'Hara also was the author. although unsuccessful, of amendment to the McFarland Bill which would have permitted broad-

#### Pinned on Election

casters to censor cand speeches for "defamation." candidates'

Another Congressman up for relection is Rep. Walt Horan (R-Wash.), who successfully persuaded the House to amend the Mc-Farland Bill to exempt from damages any station over which a political candidate uttered libel. This provision was eliminated in joint conference before the bill was repassed and sent to the White House.

Others Seeking Re-election

Other House members running for re-election are Rep. Harry R. Sheppard (D-Calif.), author of several proposals affecting networks and the right of rebroadcast privileges; Rep. Harris Ellsworth (R-Ore.), broadcaster-publisher who has interests in KRNR Roseburg, KFLW Klamath Falls, and KYJC Medford, all Oregon; Rep. William E. Miller (R-N. Y.). author of a proposed bill which would have given broadcasters a better credit base for excess profits tax purposes; Rep. E. C. Gathings (D-Ark.), author of the resolution which established the Harris subcommittee to probe radio-TV programs, and Rep. Joseph R. Bryson (D-S. C.), who proposed legislation to bar liquor advertising on the air.

Running for re-election in the Senate are the following whose standing, come Nov. 4, are of interest to broadcasters: Sen. William Benton (D-Conn.), author of proposals to establish a national advisory council on radio and TV programs; Sen. Lodge, in line for the chairmanship of the Senate Rules Committee, and Sen. Langer, in line for the chairmanship of the Senate Judiciary Committee.

Missing from the 83d Congress will be Sens. Herbert R. O'Conor (D-Md.), who decided to resume his Baltimore law practice, and Owen Brewster (R-Me.), defeated in the primaries. Both are members of the Senate Interstate & Foreign Commerce Committee.

Also not returning are Reps. Lindley Beckworth (D-Tex.) and Leonard W. Hall (R-N. Y.), both members of the House Interstate & Foreign Commerce Committee. Rep. Beckworth was defeated for the Democratic Senatorial nomination for the seat vacated by Sen. Tom Connally (D-Tex.). Rep Hall resigned to return to his law prac-

#### Not Returning

Sen. Fred A. Seaton (R-Neb.), one of GOP Candidate Dwight D. Eisenhower's top level confidantes, declined to run for the seat to which he was appointed last December upon the death of Sen. Kenneth S. Wherry. Sen. Seaton is associated with his family in newspaper publishing in Nebraska and Kansas and in the ownership of KHAS Hastings, Neb., and KMAN Manhattan and KGGF Coffeyville, both Kansas.

Rep. Clinton D. McKinnon (D-Calif.), former owner of KCBQ San Diego and former publisher of the San Diego Journal, lost the Democratic nomination for the Senate.

#### LBS SUIT

#### Depositions To Be Given

FORMER executives of Liberty Broadcasting System were in Chicago last week to give depositions in the long-pending \$12 million Liberty anti-trust suit against major league ball clubs.

Former LBS President Gordon McLendon arrived there Monday from Dallas to begin a week-long stint with attorneys from Sidley, Austin, Burgess & Smith, representing the 13 major league baseball clubs named as defendants in the conspiracy charge.

Scheduled to follow Mr. McLendon in giving testimony are James Foster, former executive vice president, and James Kirksmith, former vice president of Liberty. The baseball clubs have not yet filed an answer to the original complaint brought by LBS. Court dates set by U. S. District Court, Chicago, have been postponed several times. The next one set for a formal answer is Nov. 17, when the court may insist upon an answer even if the taking of depositions has not been completed.

Practice is for the plaintiff to collect depositions after defense has finished. This would put the testimony of more than 40 persons back farther because McConnell, Lutkin & Van Hook, representatives in Chicago for Liberty, have this number as a minimum with which to begin. Trial date is Jan. 19.

#### INAUGURAL PLANS TAKE SHAPE

Radio-TV Specifications Spelled Out

SPONSORSHIP of the 1953 inaugural ceremonies, under the same conditions which governed the political conventions last July, was recommended last week by the radio-TV subcommittee of the District of Columbia Inaugural Committee.

The subcommittee also asked that the inaugural committee extend to radio and TV correspondents the same courtesies proffered in the 1949 inauguration.

Conditions for sponsorship of the political conventions carried the following restrictions among others: (a) approval of the sponsor by the committee and (b) commercial messages only at recess or during pauses, and pitched at the highest level.

Need for cooperation of D. C. Inaugural Committee for all Jan. 3 activities, except those occurring at the inauguration proper on Capitol Hill, was considered more serious this time than in 1949 because TV coverage in 1953 will be individual rather than pooled as previously. This will mean four networks plus an unknown number of independents at about six positions during

the inaugural parade down Pennsylvania Ave. to the White House. It also means proper credentials for the camera crews and technicians and for the commentators who will cover the procession.

Situation at Capitol Plaza also is giving concern. Contract for erection of stands is based on duplication of 1949 inaugural [B.T. Sept. 22]. At that time, only two TV cameras covered the oath-taking ceremony. This inaugural is expected to have a minimum of eight TV cameras. Robert M. Menaugh, superintendent of the House Radio-TV Correspondents Gallery, is handling requests for space on Capitol Hill.

Radio-TV subcommittee for Washington activities is headed by Bryson Rash, ABC. Other members are: Kenneth H. Berkeley, WMAL; Walter Compton, DuMont; John Hayes, WTOP; Eugene Juster, NBC; Hollis Seavey, MBS; Lewis Shollenberger, CBS; Ben Wilbur, WOL, and William Wood, CBS.

Co-chairmen of the D. C. Inaugural Committee are Melvin Hildreth, Democratic national committeeman; and Joseph McGarraghy, chairman of the D. C. Republican Party.

## NETWORKS' ELECTION PLANS

RADIO and television audiences will receive the most comprehensive election night coverage in history tomorrow (Tuesday) evening with major networks fortified by a host of commentators, electronic computing devices, visual aids and other techniques to give up-to-theminute news developments and trends from across the nation.

For the past month, the networks have been hammering out work schedules, testing calculators and mapping programs for coverage of every conceivable angle of the election story. Preparations have been made to go on the air in radio at 8 p.m. and television at 9 p.m. EST and remain on the job through the wee hours of the morning, if necessary, until choice of the new President has been determined.

All network spokesmen declared late last week that they are prepared for any contingency that may arise and voiced confidence that this year's coverage will surpass all previous ones.

Plans for election night coverage as reported by the networks follow:

#### NBC

NBC will begin radio coverage at 8 p.m. and television at 9 p.m. EST, both under sponsorship of Philco Corp. Network reports will originate from NBC's combined radio-TV election night headquarters in studio 8-H, Radio City, New York, under direction of William R. Mc-Andrew, overall supervisor.

The staff in New York, according to Mr. McAndrew, will number about 250, including 15 top commentators. For NBC-TV, Bill Henry will give the overall running commentary, with John Cameron Swayze concentrating on Presidential returns; Richard Harkness on Senate and Gubernatorial contests, and Ned Brooks on the Congressional elections. For radio audiences. George Hicks and Merrill Mueller will describe the Presidential contests and the general election story; W. W. Chapman will report on Senate and Gubernatorial races, and Ray Henle on House elections. William Sprague will provide color and human interest angles.

#### At Party Headquarters

Stationed outside New York headquarters will be Frank Bourgholtzer and Ben Grauer, who will broadcast latest news developments on both radio and TV from Gen. Eisenhower's headquarters at the Commodore Hotel in New York. Similarly, Ray Scherer and Jack Angell will report from Gov. Stevenson's headquarters in Springfield, Ill.

The Springfield hookup will be made possible by Illinois Bell Telephone Co. with a special microwave relay to the nearest coaxial cable circuits 120 miles away at Danville, from where signals will be relayed to the four TV stations in Chicago and the rest of the country.

NBC will use its electronic calculator, "Mike Monrobot," to give a rapid comparison with Presidential returns in 1948 and to compute important trends. Teams of tabulators will be on hand to post the results and these figures will be translated into visual presentations, such as animated cartoons, for which NRC has hired the Howell-Rogin staff for the night. Arrangements have been made for NBC radio stations to report local results at 25 and 55 minutes after each hour and for NBC-TV stations, on the hour and at 35 minutes past each hour.

#### CBS

CBS coverage, under sponsorship of the Westinghouse Corp., will start at 8 p.m. on radio and an hour later on television. Overall direction of election night activities will be under Wells Church for CBS Radio and Sig Mickelson for CBS-TV, directors of news and special events for their respective networks.

A combined radio-TV force will operate out of New York and Washington. The running story will be provided by a relay team of Walter Cronkite, Robert Trout, Allan Jackson and Douglas Edwards. From time to time special reports, analyses and interviews will be broadcast by Edward R.

DEMOCRATIC Presidential nominee Adlai Stevenson (1) confers with Edward Lamb, owner of WICU (TV) and WIKK Erie, Pa., and other radio-TV stations and publisher of *Erie Dispatch*. Scene took place on special train en route to Erie where Gov. Stevenson spoke Oct. 23. Mr. Lamb publicly supported the Governor in an editorial on one of the former's stations.

Murrow, Lowell Thomas, Larry LeSeuer, Charles Collingwood and Don Hollenbeck. Bill Wood will supervise pickups from Washington headquarters of the Democratic and Republican parties, assisted by Bill Shadel and Ron Cochran. Ed Morgan will cover Gov. Stevenson and Bill Downs will cover Gen. Eisenhower.

CBS plans an election night staff in New York City headquarters and

#### Biggest in History

will utilize visual devices to interpret the course of results.

#### MRS

Mutual's election returns will be broadcast under sponsorship of Chevrolet Div. of General Motors and the Chevrolet Dealers of America, beginning at 8 p.m. EST. Before that time, MBS will feature programs during the day in connection with its "Lights-Out-Votes-On" campaign to get out the vote.

The night's coverage, under cosupervision of Milton Burgh, MBS news director, and Arthur Feldman, special events director, will be implemented by a working force of 250 in New York headquarters. MBS commentators who will report developments include Gabriel Heatter, Fulton Lewis jr., Cedric Foster, Bill Cunningham, William Hillman, H. R. Baukhage, Robert F. Hurleigh, Everett Holles, Fred Van Deventer, Lew Nichols, Frank Singiser, Joe McCaffrey, Ed Petitt, Prescott Robinson and Henry Gladstone, plus the network's regional news directors. The network has arranged a three-minute cutout every half hour and hour to permit local stations to report local election results.

#### ABC

Election results will be broadcast over ABC radio, starting at 8 p.m. EST and over ABC-TV an hour

(Continued on page 61)

## STATION COVERAGE Of Campaign, Election

NATIONAL political campaign coverage and plans for election reporting by radio and TV stations on the local level across the nation were exemplified by reports received at BROADCASTING • TELECASTING last week.

In the East, outlets in New York, Philadelphia, Pittsburgh, New York

THIS is how one station, WBTH Williamson, W. Va., promoted its vote campaign. Pictured is the black-lettered, white-background button, nearly 4 inches in diameter, distributed by the station before elections.

State, Washington, D. C., Baltimore, Bridgeport and Hartford disclosed their projected activities.

WNEW New York planned to devote its entire facilities and commercial time to election returns and analyses starting at 7:30 p.m. in cooperation with the New York Daily News. News Director John Jaeger will head WNEW personnel at the News while Program Director Bill Kaland will direct activities at headquarters. Plans called for broadcasting returns as received; analysis by WNEW, News and World Telegram & Sun experts, and telephone interviews with public figures.

WPIX (TV) New York, owned by the Daily News, also enlisted the cooperation of that newspaper. Camera interviews with News political writers and reports from election headquarters at the station were planned. WPIX is to go ahead with regular programming, but will interrupt with election bulletins. John Tillman and Kevin Kennedy will coordinate coverage.

WINS and RKO Theatres of the

Greater New York area worked out a joint promotion to give late election news to RKO theatre patrons via announcements and lobby radio sets tuned to WINS in a plan by Dick Winters for WINS and Ira Morais for RKO.

#### Other Station Plans

WMGM New York said it would give full returns starting at 7:30 p.m., with Program Director Raymond Katz supervising. George Hamilton Combs, news analyst and former Congressman, is slated to analyze developments.

Municipally-owned WNYC New York, which FCC refused permission to operate beyond its customary 10 p.m. sign-off [B®T, Oct. 27], said its personnel again would have "exclusive access" to police headquarters, where totals from precinct stations would be sent directly to station studios. WNYC will stop at 10 p.m. but WNYC-FM will continue "until the final results are known," according to Seymour N. Siegel, the city's director of radio communications.

WNYC arranged with stations in (Continued on page \$6)

November 3, 1952 • Page 27

## 'BROADCAST PRIMER' FCC Compiles Data

WANT to start a radio or television station?

Need the latest official dope on educational telecasting?

FCC has the answers-hundreds and hundreds of them. They are wrapped up in a compact 22-page pamphlet modestly titled "Radio Broadcast Primer."

For persons uninitiated in the intricacies of radio and television the new Commission document is a quick and easy education in the essentials of electronic media.

For those engaged in the business and techniques of radio and TV broadcasting the primer is a pleasant refresher course.

The long job of boiling down the basic facts of radio and TV broadcasting history, regulation and operation was handled by the FCC's Office of Reports & Information, of which George O. Gillingham is chief. It represents three years of compiling and editing, covering AM, FM, TV and related services. The Commission hopes the primer will serve as a catch-all answer to routine inquiries, which run about 50 letters a day to say nothing of telephone calls and personal inquiries.

Because of limited funds the primer is not available in quantity but single copies will be available at the Commission offices.

Since the job of explaining electronic media involves historical background, the primer naturally starts with the evolution of broadcasting. Referring to advances in the fields of electricity and magnetism, it cites Maxwell's prediction of radio waves in 1860 along with similar experiments leading up to Marconi's transmissions in 1895.

#### Station Claims

Moving along into early broadcasts, the primer dwells briefly on conflicting claims without deciding them. The oft-argued subject of who made the first commercial broadcast is handled this way:

"In 1919, station WHA of the U. of Wisconsin was transmitting weather and market reports. A Detroit experimental station, which later became WWJ, claimed to have started daily programs on July 7, 1920. However, records of the Dept. of Commerce, which first supervised radio, show KDKA Pittsburgh as the first commercially licensed standard AM broadcast station, dating from November 1920,"

Taking the air by 1921 also were WJZ Newark, WRR Dallas, WBZ Springfield, Mass., WCJ New Haven, KQL Los Angeles, KQV Pittsburgh, WJX New York, KYW Chicago and WDY Roselle Park, N. J., according to the primer. From that point it traces use of telephone lines for experimental networking, citing a six-station broadcast of President Coolidge's message to Congress in December 1923.

Here the primer goes into broadcast regulation, recalling the chaotic frequency situation before the first radio act was passed in 1927. Reviewing legislative history of regulatory bodies, the document outlines the FCC's powers and operations in considerable detail.

Separate paragraphs are devoted to such topics as program control, censorship and free speech, political broadcasts, lotteries and obscenity, time charges and station management, networks, monopoly, receivers, call letters, radio operators and policing the ether.

#### Power to Review

The legal power to review overall performance of stations "does not, however, give the Commission authority to direct a station to put a particular program on or off the air," it is stated, supported by language from the law. "The Commission has held that freedom of speech on the radio must be broad enough to provide full and equal opportunity for the presentation of both sides of public issues," the primer says, adding, "Under such conditions, licensees of broadcast stations have the right to edito-

Pertinent sentence in the law is cited as follows: "Nothing in this act shall be understood or construed to give the Commission the power of censorship over the radio communications or signals transmitted by any radio station, and no regulation or condition shall be promulgated or fixed by the Commission which shall interfere with the right of free speech by means of radio communication."

The paragraph on political broadcasts is handled rather gingerly, an obvious concession to general confusion inside and outside the Commission. All that's revealed is the paragraph from the Communications Act specifying equal opportunity and banning premium time charges for political talks.

Regulatory resumes include an explanation for the Commission's call-letter procedure. Recalling that the demand for call letters in the early '20s soon began to exhaust

the three-letter combinations, the primer tells about calls having special significance, including appropriation of KOP by the Detroit police.

"This brought a flood of requests for call letters embodying the initials of places, names or slogans," it is explained. "Thus, WRC became the Washington station of the Radio Corp.; WGN was selected by the Chicago Tribune because of its slogan, 'World's Greatest Newspaper'; WCCO by the Washburn Crosby Co., Minneapolis, and WACO by the Texas city of that name. WMCA started in the Hotel McAlpin, New York; WNEW took its name from the New York Daily News; WINS New York from the International News Service, and WLIB New York from its slogan, 'The Voice of Liberty'; and WNYC is operated by New York City.

"WCFL bears the initials of the Chicago Federation of Labor; WEVD New York identifies the (E. V.) Debs Memorial Radio Fund: and WCBS and WNBC New York incorporate the initials of the Columbia Broadcasting System and the National Broadcasting Co., respectively.

#### Other Call Examples

"Other broadcast station calls honor individuals. Examples are KFDR Grand Coulee, Wash., initialed for President Franklin D. Roosevelt; WJJD Chicago for Sen. James J. Davis; WMMN Fairmont, W. Va., for Sen. Matthew M. Neely; WABD New York for Allen B. DuMont; WTTG Washington for Thomas T. Goldsmith, DuMont engineer, and WRGB (TV) Schenectady, N. Y., for Dr. W. R. G. Baker of the General Electric Co.

"Many stations use calls indicative of their local areas. WFTW Fort Wayne is typical. Others refer to slogans. WIOD Miami typifies 'Wonderful Isle of Dreams,' and KAGH Crossett, Ark., stands for 'Keep Arkansas Green Home.' KXGI Richmond was licensed to ex-G. I.'s. In Washington WTOP

#### Habits and Suds

SOVIET Union, which recently reported plans for plug-in color television, claims that 2,000 TV receivers have been installed in Kiev, and that the number of sets has increased in all villages. Radio Moscow adds: . "Regularly, three times weekly, concerts and films are being telecast from the studio of the Kiev television center. The use of television sets is becoming a habit of the Soviet people." Radio Moscow also is portraying the U.S. as a villain in a new radio soap opera about World War II titled Happiness.

signifies 'Top of the Dial'; WGMS, 'Washington's Good Music Station,' and WCFM, 'Washington's Cooperative Frequency Modulation Station'."

Commission methods of policing the ether are explained as the primer winds up its story of basic regulatory techniques. From that point it goes into more detail in outlining broadcast application procedure, including ways of obtaining construction permits, licenses, renewals and other grants.

The radio spectrum receives careful and enlightening attention, with two full pages of relatively simple explanation of radio waves, channels and frequency allocations. Similar attention is given the general subject of broadcast operation, including a dissertation on electronic phenomena. Types and numbers of stations are tabulated.

Brief chapters explain AM and FM broadcasting. The television section is necessarily more involved, starting with this simple definition, "Television (TV) broadcasting involves radio transmission of visual and aural programs so synchronized that at the receiving set they are seen and heard in a manner resembling talking motion pictures."

Historical outline starts with the scanning disk patented in 1884 by the German, Nipkow. Vhf and uhf problems are discussed with clarity.

A history of educational broadcasting reviews AM and FM operations, winding up with a summary of the TV educational situation.

#### RTMA Names Manson

STANLEY H. MANSON, advertising and public relations manager of Stromberg-Carlson Co., has been named by Radio-Television Mfrs. Assn. as vice chairman of the RTMA Public Relations & Advertising Committee. Appointment was made by John W. Craig, chairman of the RTMA Set Division. He succeeds James M. Toney, RCA Victor Division, who has resigned from the committee post. Mr. Manson heads the public relations group of the combined RTMA committee, created Sept. 17 at the RTMA fall meeting.

REPRESENTATIVES of 12 North Dakota stations met Oct. 18 and formed the North Dakota Broadcasters' Assn. Officers include (I to r) Elmer Hanson, KNOX Grand Forks, secretary-treasurer; Orville F. Burda, KDIX Dickinson, president; F. E. Fitzsimonds, KFYR Bismarck, vice president, and Charles Scofield, KWBM Williston, one-year director. Also elected a one-year director was John B. Cooley, KLPM Minot. Messrs. Hanson, Burda and Fitzsimonds will serve as two-year directors.

## NEW FILM FIRM

#### \$1 Million Vitapix Formed

FORMATION of a \$1 million TV film producing and syndicating company by four prominent broadcasters, a Washington attorney specializing in radio-TV practice and two Hollywood film executives was announced last weekend.

The company is Vitapix Corp. Its principals are John E. Fetzer, president of WKZO-AM-TV Kalamazoo, Mich., and WJEF Grand Rapids, Mich.; C. Howard Lane, president of KOIN Portland, Ore., and KJR Seattle and part owner of KFBI Wichita: Harry C. Wilder. who retired a month ago as president and director of WSYR-AM-FM-TV Syracuse and who has interests in WELI-AM-FM and WBIB (FM) New Haven and in WTRY Troy, N. Y.; Richard A. Borel, general manager of WBNS-AM-TV Columbus, O.; Horace L. Lohnes, of the Washington law firm of Dow, Lohnes & Albertson; William F. Broidy, president of William F. Broidy Productions Inc., Hollywood, and Don G. Campbell, owner of the D. C. Electric Co., Hollywood, supplier of electrical equipment to the film industry.

President of the new corporation is Robert H. Wormhoudt, who resigned as sales manager of Unity Television Corp., New York, as of last Saturday.

At present the stock of the corporation is divided among the original principals, none of whom owns more than 20%. A redistribution of stock is planned to include Mr. Wormhoudt in the stockholders. When the redistribution is complete, he and the original principals will hold equal shares.

#### Other Officers

In addition to Mr. Wormhoudt, the corporation's officers are Messrs. Broidy, Fetzer, Borel and Wilder, vice presidents; Mr. Campbell, treasurer, and Mr. Lohnes, secretary. The board of directors includes the officers and Mr. Lane.

Vitapix will syndicate film which is produced especially for it by its production arm, the Broidy company in Hollywood, and which is acquired from other sources.

It has already bought both television and theatrical rights to 27 Monogram westerns, 21 starring Johnny Mack Brown and six star-Whip Wilson-all released since 1947. The cost of that acquisition is reported to have been nearly \$700,000. Vitapix is reprocessing the features on fine grain film.

Although its corporate formation was not complete until last week. the company has begun selling these westerns and has sold the features to 10 stations.

At the Broidy studios it has in production a 26-time series, Case History, a 261/2-minute show about the adventures of a doctor, starring Regis Toomey, and another 26-time series, Trail Blazers, starring Alan

Mr. BROIDY

.... In key posts for the new Vitapix Corp.

Hale Jr. in a 261/2-minute adventure strip for boys.

It has also acquired rights to 100 Tele-Discs, which are threeminute films to be synchronized with standard musical recordings by top performers.

As president, Mr. Wormhoudt will direct operations and sales. Mr. Broidy, as vice president, will be the production chief.

The other officers and Director Lane will not be concerned with the detail of administration or operations but will act in advisory capacities in the overall management and in the selection of properties

#### NETWORK CLIENTS Oct. '51-'52 Compared

MORE advertisers used radio networks last month than in October 1951-139 this October to 127 for the same month of last year-according to an analysis made by Executives Radio-TV Service.

Reverse is true for TV, the report notes, with 141 advertisers on the video networks in October 1952, compared to 173 TV network clients in October 1951.

Both media in October 1952 had more food advertisers than any other type, 28 food companies using network radio and 27 using network TV to advertise their products. Makers of home furnishings and appliances ranked second, 17 advertisers of this category using the radio networks and 20 buying TV network time. Drug companies ranked third, 13 using network radio, 14 using network television.

There were fewer commercial network programs on the air this October than a year ago, the summary shows, declining for radio from 210 in October 1951 to 196 in October 1952 and for TV from 170 to 149.

to be handled by the firm.

Mr. Wormhoudt was sales manager of Unity for three and a half vears. Before that he was a salesman for Official Films, which he joined in 1947 after working for a year writing TV news shows at CBS in New York. Mr. Wormhoudt served in the Army during World War II, emerging as a captain. A native of Iowa, he is 41 years old.

#### Sees Unified Effort

"Vitapix is the best thing that ever happened to the television film business," Mr. Wormhoudt said, "both in its conception of pulling together all the elements of the business and in its people, all of whom have the proven ability to create business in the best principles and with the soundest results."

Mr. Wormhoudt pointed out that

#### NARTSR NOW SRA

To Stress Spot Growth

JOSEPH WEED, head of Weed & Co. and president of National Assn. of Radio & TV Station Representatives, is announcing today (Monday) that NARTSR's name has been changed to Station Representatives Assn. Inc. (SRA), effective immediately [BoT, Sept. 15]. Mr. Weed explained the change was made not only to simplify the name, but to avoid conflict with similar titles.

SRA reported that in spite of continued expansion of television business in 1951, there was also a "rapid growth" of national spot radio in that year. Due to the increase in activity the station representatives "individually and through their association" are engaged in promotion of spot radio business, "to hold and increase the large volume of business already established.'

Mr. Broidy, the company's production chief, was among the most experienced TV film producers in Hollywood and that Mr. Campbell was a veteran in the movie industry. The broadcasters in the firm, he said, were highly regarded in radio and television and included the chairman of the NARTB Code Review Board (Mr. Fetzer). They will be able to provide sound and practical advice on the kinds of film which the company will distribute, he said.

### **SEARS TESTS**

Summarized by BAB

RADIO "out-performed" newspapers in 10 out of 12 dollar-for-dollar sales effectiveness tests made by the ARBI method in Sears, Roebuck stores during the past 18 months, BAB reported last week.

BAB said this superiority of performance referred both to traffic drawn to the stores and to volume of sales.

Results of the surveys, which BAB said were conducted in "Sears stores from the Pacific Northwest to Washington, D. C.," are summarized in a new 24-page presentation, "Sears Counts Its Customers," which has been sent to BAB members. Some principal conclusions of the presentation, similar to those contained in the larger "Count Your Customers" summary of ARBI tests which was issued by BAB earlier this year, were described as follows:

- "(1) Radio and Newspaper advertising seem to reach entirely separate audiences.
- "(2) Radio reaches a slightly larger audience than newspapers.
- "(3) There is relatively little over-lap between the radio and newspaper markets for retailers.
- "(4) Store traffic is created by daily advertising. Other factors including the carry-over effect of previous advertising seem to produce relatively little traffic even for the well-established Sears stores."

"Sears Counts Its Customers" recounts some tests included in the earlier "Count Your Customers" brochure, some of which have been made and released since [BoT, Aug. 18], and some which have not been made public before, BAB officials reported. They said copies are being released to members only.

#### Reynolds Radio Plans

REYNOLDS Metals Co., Louisville, for its new product, "Liquid Aluminum," plans to distribute radio spots in cooperative advertising. Reynolds, which sells the "Liquid Aluminum" pigment and distributes labels and promotion material to paint manufacturers, currently does not plan any direct advertising program. Agency is Price, Robinson & Frank, Chicago.

### **NBC STATIONS**

EFFORTS of some NBC affiliated stations to stir up a December convention of their own following the network's abandonment of plans for the annual session appeared at the weekend to have developed little support.

Affiliates in some areas were slow in replying to informal polls conducted by members of NBC's Stations Planning & Advisory Committee. P. A. Sugg, WKY Oklahoma City, requested the polls at the instigation of affiliates who felt there should be an NBC station meeting regardless of the network's stand [BoT, Oct. 27].

Mr. Sugg told BROADCASTING . TELECASTING a large number of affiliate officials were too busy with political problems, and related management headaches, to reply to the polls by SPAC committeemen.

Chance that a convention may be held next spring developed during the week, with some feeling that NBC officials might go along with the idea. One suggestion was that NBC stations get together during the Los Angeles NARTB convention April 29-May 1.

A meeting of the NBC Television Affiliates Committee is scheduled Nov. 12, with rate compensation as the main topic. The so-called Damm Committee, headed by Walter J. Damm, WTMJ-TV Mil-waukee, may meet before the yearend. This group has had several discussions during the past year.

#### Majority Opposes

E. R. Vadeboncoeur, WSYR-TV Syracuse, a television SPAC mem-. ber, said the 13 affiliates in his district were preponderantly opposed to a December convention at Boca Raton, Fla. He added, however, that they voiced belief that some form of meeting of TV affiliates is necessary or desirable.

Of the 13, he said eight were opposed to proceeding with the Boca Raton general convention. Most of these expressed a need for a business session of TV affiliates. Two affiliates favored a general convention, two stated no preference and one did not reply, he said.

Key problems stirring desire for a TV meeting, it was understood, are network - affiliate negotiations over a new formula to compensate stations for carrying network commercial programs, and the belief voiced by several stations that NBC is not paying enough attention to morning programming.

On the compensation question, an affiliates committee submitted a proposed new formula in late summer, NBC came back with a counter-proposal, and further negotiations are due at the Nov. 12 session.

NBC officials indicated no intent to re-schedule the cancelled Boca Raton meeting. Mr. Sugg had notified SPAC members he had been informed by Tony Provost of WBAL Baltimore, that Boca Raton could be made available the week of Dec. 13.

COL. A. FRANK KATZENTINE, owner WKAT Miami Beach, was presented with a baby Mexican tiger to use as the station's mascot. The station uses a cat as its symbol. Posing with the "kitten" are (I to r) John I. Prosser. WKAT general manager; Judy Allen, lion tamer, and Walter A. Callahan, WKAT sales manager.

#### **ELECTION RESULTS**

**VOA to Air Overseas** 

DEPT, of State's Voice of America will carry U. S. election results to various countries in 46 languages. it was indicated last week.

A staff of 300 announcers, newsmen and engineers will be utilized to assemble and broadcast the returns starting at 7 p.m. Tuesday, with stress on shortwave broadcasts behind the Iron Curtain. Among places slated to receive full coverage are countries in Europe, Latin America and the Far East, Near and Middle East.

Voice programs will be relayed by domestic networks overseas. Broadcasts to the Iron Curtain will employ a special pattern. All phases of the political race will be reported, Voice officials said.

#### **EKCO SWITCHES**

EKCO Products Co., Chicago, which spends about \$900,000 yearly on advertising, has switched several portions of its account from Earle Ludgin Agency to Dancer-Fitzgerald-Sample, both Chicago. The transfer, effective last week, brings the entire Ekco line into one

Ekco products include Diamondware cutlery, Minute Mop products, various Flint lines of kitchen tools, cutlery and food mixers and Ekco Ware cooking utensils. For the past two years, the list has been divided between Ludgin and D-F-S, with the latter handling Diamondware stainless steel table ware and Minute Mop products.

In a short one-week period, the client planned and signed for sponsorship of a quarter-hour segment of Welcome Travelers on NBC-TV.

#### SET SALES RISE

Reported in Dept. Stores

DEPARTMENT store sales of radio - TV receivers and phonographs last July showed a 19% increase over the same month in 1951 but the 1952 seven-months total was off about 23%, according to the Federal Reserve Board.

These figures were contained in the October bulletin of the Board of Governors of the Federal Reserve System. Total of 174 stores reported in this survey. Drop of 63% was recorded in stocks on hand in stores at the end of July. Ratio of stock on hand in terms of sales was 2.6 for July, indicating stores sold about half their available supply at month's end.

## WITCHES Full Line to D-F-S AUDIO FAIR

Bingural Demonstrated

FOURTH Annual Audio Fair, under the sponsorship of the Audio Engineering Society of America, was held Wednesday through Saturday at New York's Hotel New Yorker with more than 100 displays of sound equipment on exhi-

Highlights of the fair included displays of binaural sound systems by Magnecord Inc. and Ampex Electric Corp. In binaural ("two eared") recording, musical sound is picked up by two microphones, recorded on two independent sound tracks and played back through separate speakers.

Binaural recording was described as an effort to give an added dimension to recorded sound in much the same way that a stereoscope adds the illusion of depth to a photograph.

Magnecord presented a demonstration of binaural sound reproduction at a news conference Wednesday and later that evening cooperated with WQXR New York in a broadcast demonstration. The binaural effect was accomplished by broadcasting one sound signal over AM and the other over FM.

Magnetic binaural recording is presently not available on a commercial basis as no satisfactory method has been found to massproduce tape recordings. A binaural system that uses a disk with two sets of grooves, one set at the outside of the record and the other halfway across it, was demonstrated by Cook Laboratories, Stamford,

Harry N. Reizes, fair manager, estimated that at least 15,000 persons visited the exhibition. He said that 29 technical papers were delivered at the Audio Engineering Society's convention, which is held each year in conjunction with the fair.

Mr. Reizes also announced that the fair has established an annual \$250 scholarship to be awarded to a deserving student specializing in audio engineering. First presenta-tion will be made at next year's show.

The Audio Engineering Society of America is composed of more than 1,100 members in the United States and abroad.

#### SEPT. SET OUTPUT RTMA Lists TV Rise, Radio Drop OUTPUT of TV receivers in September was 124% above the same

month in 1951, according to Radio-Television Mfrs. Assn. Radio set production fell below the level a year ago. The industry produced 755,665 TV sets in September, a five-week

month, compared to 337,341 sets a a year ago. Radio production totaled 865,654 sets compared to 1,-100,246 in the same 1951 month.

In all, 3,670,591 TV sets and 6,-689,535 radios have been produced in the nine months of 1952.

Of home radios, 21,507 had FM tuning facilities, according to RTMA. Another 7,664 TV sets had tuners for the FM broadcast band. Shipments of receiving tubes by RTMA member companies totaled 34,196,286 units in September compared to 27,946,193 a year ago. For the nine months of 1952, shipments totaled 245,689,629 tubes compared to 280,795,338 a year ago.

Radio-TV receiving set production for the first months of 1952 is detailed below:

						•
	Television	Home Sets	Portables	Auto	Clock	Total Radio
January	404.933	288.723	68,433	195,147	80,152	632,455
February March	409,337	312,705	72,866	267,779	106,103	759,453
(5 weeks)	510,561	357,689	99,720	343,314	175,169	975,892
April	322,878	286,164	110.529	275,250	176,003	847.946
May June	309,375	288,927	128,351	215,478	115,588	748,344
(5 weeks) July	361,152	297,669	205,186	246,909	124,489	874,253
	198,921	203,868	81,353	95,220	61,295	441,736
August September	397,769	235,728	105,006	94,315	108,753	543,802
(5 weeks)	755,665	324,786	126,666	230,706	183.496	865.654
	3,670,591	2,596,259	998,110	1,964,118	1,131,048	6,689,535

#### Sesac Xmas Scripts

SESAC transcribed library, New York, will send special Christmas programs to subscribers along with regular November shipments. which will include a complete list of SESAC's Christmas music. Special program scripts are: "Music and Christmas," "Music for Once-Upon-a-Time," "Home for Christmas," "The Wondrous Gift of Christmas," "Christmas Tree Decoration-Homemade Style," "The Toys' Christmas Eve," and "Mister Muggins Rabbit."

In the 1952 Iowa Radio-Television Audience Survey, just completed by Dr. F. L. Whan of Wichita University and his staff, every third family reached by personal interview was asked to keep an "In-home Activities Diary", quarter-hour by quarter-hour, the day following the interview.

The graph above shows one significant finding from this diary study. Dozens and dozens of other new facts also merit your careful study.

9,143 families were personally interviewed for the 1952 Study. Their response has furnished much new and authentic data which will be of greatest value to every advertising and merchandising man who has a stake in Iowa. Write today for your copy of the 1952 Survey—or ask Free & Peters. It will be sent you free, of course.

## CBS CANCER PROJECT

CBS and the American Cancer Society are joining forces in an ambitious venture in medical education by color television which they hope will help reduce cancer to a "secondary" disease.

Expected to start in about six months, the project calls for hourlong weekly programs on cancer detection and treatment to be transmitted by a closed circuit color TV network, into cities having one-third of the nation's

The programs, which leaders hope will be approved by medical colleges as "courses" for which credits will be allowed, will be prepared under the supervision of cancer experts with an experienced radio-TV producer to help make them "interesting and exciting" as well as factually educational.

CBS-TV has committed its Tuesday 6-7 p.m. EST time period for transmission of the programs. The Cancer Society has committed up to \$250,000 to underwrite the project, and leaders are hopeful that others-individuals and organizations-will make contributions to defray additional expenses. particularly for more projection receivers and other equipment.

CBS Labs. Vice President Peter C. Goldmark, developer of the CBS color TV system and originator of the cancer education project, said enough now is known by a few cancer experts to render the disease comparatively "insignifi-cant" if the knowledge is imparted to doctors throughout the nation.

#### Save 10.000 Lives

By extending this presentlyknown information to doctors generally, the programs could be responsible for saving 10,000 lives a year after the first year, he estimated. Dr. Goldmark is adviser on the project, which is headed by Dr. Charles Cameron, medical director of the society.

The society was said to be planning to work closely with county medical societies in developing its "audience," since most doctors are members, and a search is being made for convenient sites for receivers in the various cities involved. CBS-TV will transmit the programs, and it is expected that they will be taken off the intercity relay by local TV stations for feeding to the receiver locations.

A special projection receiver, with a screen four feet wide, has been developed by CBS Labs. each one, Dr. Goldmark said, can serve as many as 500 persons.

Color recordings of the programs also will be made for use in cities not linked by radio relay. Dr. Goldmark said such recordings definitely have been proven feasible.

Approximately 55,000 of the nation's estimated 157,000 practicing doctors are concentrated in the cities selected for the programs, and it is expected that at least half of these will take part in the "courses." The cities, with their estimated doctor populations shown in parentheses, are as fol-

New York (17,000); Los Angeles (4,-100); San Francisco (2,400); Denver (1,200); Baltimore (2,300); Omaha (545); Salt Lake City (500); Cleveland (2,-000); Toledo (550); Lancaster, Pa. (151); Philadelphia (4,900); Chicago (7,500); Des Moines (360); Pittsburgh (1,600); Johnstown, Pa. (130); Boston (3,400); Detroit (3,000); Providence (560); and Washington, D. C. (2,500).

The network at the outset is expected to include the cities of the Eastern Seaboard and as far west as Chicago. Those west of Chicago

#### Is Planned

would be added later.

The project, first revealed Oct. 24, with the Cancer Society's appropriation of the \$250,000, was described as "not a commercial venture" of either CBS or the society. CBS is providing its circuits and its color TV technique, which has been employed extensively in medical demonstrations since May 1949 and which also won FCC approval for commercialization despite almost unanimous industry opposition. CBS-TV has not engaged in color broadcasting on a regular basis since closing down at governmental request to conserve raw materials.

although this ban was later lifted.

Dr. Goldmark revealed that one of the primary purposes of the transcontinental relay of a color pickup of a heart operation on the West Coast several months ago was to provide a fore-test of the current project. He felt the cancer program ultimately would be extended to other fields of medicine with vast benefits.

As an indication of the anticipated results of the cancer education project, he pointed out that in the case of stomach cancer, for example, the survival rate among detected cases is 65%, as against 6% where the disease is not detected in time.

In addition to training the nation's doctors to detect the disease at an early stage and to treat it properly, project encompasses. a public educational campaign.

As this course progresses, local radio and television stations will be asked to acquaint their audiences with the fact that their doctors are "enrolled" and learning about cancer, and should be contacted for checkups if any question arises.

The CBS-type color equipment has been used frequently for medical demonstrations in cooperation with Smith, Kline & French Labs... and currently is in daily teaching use at the U. of Kansas, the U. of Pennsylvania, and a hospital in Paris.

#### **Doctor Survey**

The Journal of the American Medical Assn., describing medical color TV, has reported that a survey of physicians attending the Missouri State Medical Assn. in 1950 showed that 91% (of 116) preferred to watch surgery on color television rather than from an operating-room amphitheatre, and that 52% preferred it to a place beside the operating table.

The Journal also reported on a survey by Wayne U.'s college of medicine, which it said showed that: "(1) 96% expressed a preference for watching surgery by means of color television, as compared with viewing it from an amphitheatre; (2) 85% expressed a preference for a clinical presentation on color television, as compared with the conventional paper read from the platform; (3) 42% of this audience considered diagnosis the subject matter of greatest interest, 38% treatment, and 20% the new advances in research."

#### **NPA-Industry** EQUIPMENT STATUS Give Views

PROSPECT of a backlog in orders to equip new and prospective TV stations was raised before the National Production Authority (NPA) last Tuesday.

A member of an industry broadcast equipment advisory committee who represents a large company suggested some firms may find it "uneconomical" to gear their pro-

His statement came during a discussion by industry and NPA officials on the TV station picture since the Commission lifted its freeze last April, and particularly the future demand for broadcast equip-

duction to FCC's TV processing

NPA reported that since July FCC has issued more than 80 construction permits for new outlets, with an approximate ratio of three to one for uhf to vhf. (There was a total of 92 post-thaw cp's as of last Thursday).

The industry member, who was not identified by NPA, said a backlog of orders looms from these new stations and for the many whose applications now pend before the FCC, NPA reported. Feeling was expressed that manufacturers should not feel obliged to expand their production facilities in view of the present status of the TV grant situation-at least until more stations receive permits.

A number of CP holders, however, have had orders on file throughout the past year as they anticipate FCC approval of their applications.

Continuing shortage of skilled technicians and engineers also was reported by the manufacturers. Some foreign personnel is being imported, it was revealed. Production and operating efficiency losses due to complex electronic designs also were discussed. Military authorities are attempting to meet the problem, the committee was informed.

Pinch on first-quarter steel allocations for commercial broadcasting production may be eased by extra deliveries in January and February, NPA said. Components and materials remain an acute problem in point of supply and quality.

Meeting was attended by representatives of Westinghouse, RCA, General Electric, Gates Radio, Du-Mont Labs, Collins Radio, Continental Electronics and Standard Electronics. J. Bernard Joseph, NPA Electronic Div., presided.

Manufacturers of receiving and transmitting tubes also met with NPA in separate conferences last week. Receiving tube producers said they were against any plan for centralized government procurement of electron tubes as government - finished equipment, expressing doubt such a system would

#### 487 Million Units

NPA estimated 1953 receiving tube output at 487 million units, including overall total military requirements. Industry representatives felt 450 million units would be a better guess. No serious shortage of these tubes was reported.

Another industry group asked NPA to relax building curbs Jan. 1 instead of the May 1 originally set, citing an easing of steel supplies in all categories except structural. NPA promised to study this recommendation.

While the relaxation would more directly benefit commercial and recreational construction, any easing in these fields generally would be regarded as an indication of greater allotments for buildingminded radio-TV broadcasters and other industrial groups.

Broadcasters still may self-authorize per project and per quarter: 25 tons of carbon steel (including structural), 5000 pounds of copper and 4,000 pounds of aluminum.

NPA also held out hope for increased steel allotments early next year for civilian goods products, but did not specify whether setmakers would benefit [B • T, Oct. 6].

#### 72-76 mc Notice

BECAUSE of extensive interest in FCC proposals to limit interference potential of fixed stations (non-broadcast) in the 72-76 mc band, the Commission has postponed until Dec. 22 the deadline for filing of comments. The proposals, issued Sept. 3, would require operational fixed stations and fixed stations in the domestic fixed public service to prevent interference to TV stations on Chs. 4 and 5 [BoT, Sept. 8].

#### Political Till Mounts for Radio-TV

(Continued from page 23)

ported only \$9,000 in contributions as of Aug. 31, with \$5,000 of that sum donated by Gov. Stevenson. A later report also will be given in a subsequent issue. The Democratic Senatorial Committee showed donations of \$3,000 by Lehman Bros., New York, and \$2,000 by Marshall Field.

Lehman Bros., a New York stock firm, reportedly had disseminated some 500 copies of the GOP "blitz" plan before the volunteers group "revealed" it to the press. Ted Bates & Co., through Rosser Reeves, creative executive, had announced the plan publicly weeks in advance.

Among contributors to the Republican Congressional Committee were Arthur Godfrey (\$2,500) and Henry R. Luce (\$2,000). Mr. Luce also contributed \$3,000 to the GOP Senatorial Committee.

Listed among contributors to the Citizens for Eisenhower-Nixon organizations are: A. C. Nielsen, A. C. Nielsen Co., \$500; T. L. Bates, \$1,000; William C. Esty, William C. Esty Co., \$1,000; Sigurd Larmon, Young & Rubicam, \$1,000; William S. Paley, CBS board chairman, \$3,000; Mrs. Oveta C. Hobby, KPRC-AM-FM-TV Houston, \$100. Contributing to the Stevenson-Sparkman Forum Committee was H. Leslie Atlass, CBS Central Div. vice president, with the sum of \$5,000.

Confirmation of the huge network timebuys by both parties also was given in the House reports as the campaign drew to a close.

#### Democratic Spending

The Democratic National Committee reported disbursements of \$943,260.88 and contributions of \$870,087.66 from Sept. 1 to Oct. 23. The committee paid out these sums:

Sums:

To CBS—\$1,233, \$10,865.80 and \$36,-530.00 listed as broadcasts; to MBS—\$14,091.84 for expenses of a broadcast Sept. 15; to ABC—\$22,847.78 for broadcasting; to Joseph Katz Co.—\$50,529.55 for newspaper ads in connection with program on CBS Radio and ABC-TV Oct. 3, \$52,670.80 for ads with program on CBS-TV and CBS Radio Oct. 7 (including cable charges), \$47,144.80 for ads with programs on CBS Radio, \$1,-275.15 (advance payment) for program on DuMont TV Oct. 9, \$23,388.60 for ads with programs Sept. 8 through Sept. 24, \$6,298.19 for ABC radio Oct. 9; to Audio-Video Recordings—\$10.41; to Joint Senate-House Recording Facilities—\$343.91 for recordings. Unpaid obligation was shown for Joseph Katz Co. (\$7,969.17).

GOP National Committee reatz Co. (\$7,969.17). GOP National Committee re-

ported expenditures of \$2,086,921 and contributions of \$2,464,174 during that period. Among disbursements:

bursements:
To Kudner Inc.—\$36,017.62, \$87,447.20, \$140,082.50, \$27,853, \$53,388, \$60,673, \$57,-041, \$74,889.10, \$24,000, all for radio and TV broadcasting; to Western Recorders, Hollywood—\$168.39; Lewiston-Auburn Broadcasting Corp., Lewiston, Me.—\$45.50 and \$21; to NBC Washington—\$26.32 for transcriptions; to WhDo Augusta, Me.—\$256.30; to Radio City —\$45.50 and \$21; to NBC Washington—\$26.32 for transcriptions; to WHDO Augusta, Me.—\$256.30; to Radio City Sales & Servicing, Lewiston, Me.—\$105; Audio-Video Productions, Washington, D. C.—\$99.40; MBS New York—\$9.75 for transcriptions; Royalty Recording, Hollywood—\$69.87 for transcriptions; to KWBM Williston, N. D.—\$45.50 for transcriptions; to WMAL-AM-FM-TV Washington—\$15 for TV service; to Radio Reports, New York—\$41.47.

Republican Congressional The

Committee also reported disbursements of \$528,827 and donations of \$512,587. Disbursements included:

To Kudner Inc.—\$27,850, \$15.812.50, \$22,200, \$15.812.50, \$11.667, all for radio-TV broadcasting; to Audio-Video Productions—\$35.13, \$1,287.79, \$10.063.58 and \$2,656.18, for slide films and radio; to Joint Senate-House Recording Facility—\$9 for platter service and \$27 for slide film.

The GOP Senatorial Committee reported additional payments of \$27,852 to Kudner for a Nixon broadcast; of \$3,500 for organization work on the campaign of Prescott Bush, Senatorial candidate in Connecticut and CBS minority stockholder, and of \$15,000 for the Herbert Hoover Broadcast fund. Mr. Hoover spoke Oct. 18. This group spent \$226,352 as against \$198,667 in receipts.

#### GOP Money

Citizens for Eisenhower paid out to Ted Bates & Co. \$10,000 on Sept. 24, \$5,000 on Sept. 30 and another \$5,000 on Oct. 7-all for the controversial GOP radio-TV spot campaign. Other expenditures: Harry Frost Advertising, \$12,500; BBDO, \$44,000 and \$87,500, for radio-TV broadcasting; John Gilbert Craig Adv. Agency, Wilmington, Del., \$3,000; Curt Freiburger & Co., Denver, \$4,400 and \$1,100; Kudner Inc., \$674.75 and \$74,000; ABC, \$3,000; Movietonews Inc., \$27.81.

The Stevenson-Sparkman Forum group reported an unpaid obligation of \$8,880 to Joseph Katz Co. for advertisements and extensive production costs related to radio-TV broadcasting as of Oct. 22. Among its disbursements were these:

To Joseph Katz Co.—\$56,179.80, \$55,-000, \$70.000, and \$4,000 (for newspaper ads, radio TV broadcasting); to NBC—\$10,910.50, for radio.

The CIO Political Action Committee reported total contributions and distribution of literature of \$222,339.73. It listed among expenses recording done by Westinghouse Radio Stations Inc. totaling \$17.50 and work on TV films by Henry J. Kaufman & Assoc., Washington, D. C., amounting to \$1,845.64. Contributions included \$4,261 from the Communications Workers of America and \$1,000 from the International Union of Electrical Workers.

James C. Petrillo, AFM president, donated \$100 to the Labor's League for Political Education, which also cited an expense of \$150 for a political broadcast, with work handled by Leon Loeb & Co.

Commenting on financial problems, President Truman exhorted fellow workers to "fight hard" and reflected that "today, as four years ago, our opposition has unlimited campaign funds while we Democrats never know from one day to the next whether we can pay for another radio and television broadcast for Gov. Stevenson."

Mr. Strong of the GOP District

Club had a different version. He · asserted the Democrats' complaint over money "doesn't mesh with the radio and television time they are buying."

This financial plight has produced some embarrassing incidents for both parties during the campaign.

The Republicans were forced to cancel one network commitment when they failed to come up with \$65,000 for an Eisenhower talk on the West Coast in September. Nevertheless, they had to shell out \$12,000 to a network in this instance, according to a Kudner Agency executive.

When President Truman spoke in Providence, a local Democratic group reserved time for radio coverage on WPJB. When the group failed to come up with funds, it implored the station to carry the address as public service. When WPJB declined, the committee reportedly prevailed on three other local stations to do so. WPJB also reportedly carried the talk. As a result, all stations were besieged with requests by GOP and other groups for equal time.

#### Windup on Radio-TV

There were few 11th-hour timebuys by the rival political camps. The Democratic National Committee bought time on NBC radio-TV, 9:30-10 p.m., for a Stevenson radio address at the Academy of Music in Brooklyn last Friday. It also lined up a last-minute "fireside" chat for the Governor for Monday (this) morning on NBC-TV at 11 a.m. from Springfield, Ill.

Both candidates were active on radio and television last week, a highlight being the Madison Square Garden rally for Gov. Stevenson last Tuesday on DuMont TV, 10-11 p.m., and on NBC-TV, NBC radio and CBS Radio, 10:30-11 p.m. He also spoke in Chicago Nov. 1. Hollywood stars joined in the Stevenson Garden reception.

Gen. Eisenhower was featured on simulcasts from Oct. 28 through Oct. 30, successively, and again on Nov. 1. Stars of stage, film and TV also joined in his rally at the Garden last Thursday.

The big avalanche comes off this evening, of course, with pre-election appeals to the electorate, and tomorrow when election returns will dominate the airwaves.

Gen. Eisenhower closes with Sen. Nixon in Boston with a rally starting at 10 p.m. on combined ABC and NBC radio-TV networks and culminating with a full hour from 11 p.m. to 12 midnight on all major networks. Gov. Stevenson wraps up his campaign in Chicago with an address at 10:30 p.m. on all major networks. Vice President Alben Barkley also will speak from St. Louis, President Truman from Kansas City, and Sen. John Sparkman (D-Ala.) from Chicago.

In other developments last week:

The Federation of Women's Republican Clubs of New York State scheduled a quarter-hour "Get Out the Vote" broadcast on 14 radio stations in the state this evening (Monday),

while the New York Republican State Committee reported a series of last minute programs on varying radio and TV station lineups within the state.

• Sen. Hubert Humphrey (D-Minn.) urged a change in campaign procedures, suggesting it might be "feasible for the government to make . . . radio and TV time available to all bona fide candidates on an equal basis."

● Nathan Straus, WMCA New York, deputy chairman of the National Democratic Finance Committee, arranged a luncheon for Monday to raise funds for a Stevenson radio-TV appearance.

Sen. Wayne Morse (R-Ore.), who resigned from the Republican party, spoke last Tuesday over WBKB (TV) Chicago, on a statewide radio network from Peoria, Ill., and on NBC last Thursday from Milwaukee.

Thursday from Milwaukee.

National Republican Congressional Committee made two time purchases under which Gen. Eisenhower was seen presiding over two panels of governors at the same time on CBS-TV stations last Wednesday (10-10:45 p.m. EST). He conducted one panel of 25 GOP governors in a broadcast originating in a CBS-TV studio in New York. While this telecast was sent to most sections of the country, affiliates in about a dozen southern states were fed, from WTOP-TV Washington, a film of the nominee and the governors of South Carolina, Louisiana, Texas.

Dumont's WABD (TV) New York

DuMont's WABD (TV) New York meanwhile reported Citizens for Eisenhower had purchased "a heavy series" of one-minute and 20-second spot announcements on the station.

#### POLITICS & TV

Discussed in Nov. 'Harper's'

NUMBER of voters going to the polls tomorrow (Tuesday) will be a better measure of the effect of TV on the 1952 Presidential election than the victory of either candidate, Bruce Bliven concludes in an article, "Politics and TV," in the November issue of Harper's Magazine.

Reviewing the introduction of television into politics on a national scale this year and its role before, during and after the convention, Mr. Bliven writes:

The claims made for television as the cure for all that is wrong in our politics are obviously too sweeping to be true. Those of us who are middle-aged (a phrase used to describe himself by everyone who is less than a hundred) remember how radio was supposed to reform our political life. Before that, it was woman's suffrage and still earlier, the secret ballot, the direct primary, and the initiative, referendum, and recall. None of these things, nor the combination of all of them, has prevented the continuance of corruption, boss rule, and demagoguery.

We shall know better before long whether television has reformed politics as much as predicted, or at all. The answer will not come in the outcome of the election; both political parties used television in about the same way, and anyhow, many factors enter into a victory. It will come when we learn what proportion of the eligible voters went to the polls this year. In the past few elections about 50% of those entitled to vote have bothered to do so. Conceding that television has brought politics closer to most of the set-owners, it is still possible that they may regard it as purely a spectator sport, or may feel that merely by viewing the candidates and their friends they have accomplished something. Not unless it can pry televiewers in large numbers out of their easy chair and down to the polling place on the corner can television get credit for any sort of effective political miracle.

You may have heard about a Panhandle wind-gauge—a concrete block at the end of a ten-foot chain anchored to the top of a ten-foot iron pole. If the chain and block are blown parallel to the ground, it's too windy to work. There isn't much need for paint-removers hereabouts, either. Folks just put the woodwork outdoors, fasten it down, and let the wind blow the paint off.

Citizens of Amarillo, in common with most other Texans, have a fondness for tall tales. Actually, the biggest wind on record was a 75-mile-an-hour gale. Cotton John, KGNC's farm editor, says it disrobed a young lady crossing Polk Street at Sixth (our Broadway and 42nd). She was spared embarrassment, though, because the same wind blew sand in men's eyes, opened a store door, and sailed her right up to the drygoods department, where it wrapped her in a piece of calico. Cotton John's got a piece of sand to prove it.

Cotton John also has a passel of surveys which prove he and KGNC have a loyal following of farmers and ranchers. Because he was born and raised on a Texas farm and knows about 80% of the farmers in the Panhandle by name, he is personally familiar with their problems. His early morning and early afternoon farm, weather, and market broadcasts provide information for farmers and ranchers throughout Amarillo's trading area. The programs typify the way KGNC serves its wealthy agricultural and industrial market.

The market is well worth the attention of an advertiser interested in business, well covered day and night by KGNC's 10,000 watts of power. For further information, please check with our national reps.

#### Station Coverage

(Continued from page 27)

key states for mutual exchange of late news, and said the Amateur Radio Relay League, a "ham" radio operators' network covering 400 county seats, and the New York State Civil Defense amateur radio service also would be funneling local returns to WNYC. As in the past, the WNYC-AM-FM coverage was made available to other radio and also TV stations.

WNJR Newark scheduled an "election night party" to start at 8:30 p.m. and last at least until 1 a.m. The program is to be broadcast from the Newark News city room, under sponsorship of Howard H. Miller, oil distributor. WNJR News Editor Tom Costigan, staff newsmen. and Newark News reporters will cooperate in presenting late news, interviews, and analyses.

#### Philadelphia Planning

WFIL-AM-TV Philadelphia, to make voting easier, will send newscaster Shelly Gross to polls in the WFIL mobile unit to report on the flow of voters, with the station interrupting regular programs for election news. Voting returns will be handled by John Corcoran for TV and Chuck Harrison for radio, with a special newsroom to handle returns and a direct line to the Philadelphia Inquirer. WFIL will feed returns to the Quaker Network for Pennsylvania, New Jersey and Delaware.

WIP Philadelphia will begin airing returns at 7 p.m. election day with Fulton Lewis jr. Program Director Murray Arnold reports a staff of 35 persons will cover the election. The station will run special lines to headquarters of both parties.

KYW Philadelphia, will focus coverage on the city and tri-state area of Pennsylvania, New Jersey and Delaware. Local returns will be aired in five-minute segments before the half hour starting at 8:25 p.m., with station cutting away from NBC. KYW correspondents will be stationed at key points in city. Station will maintain dual hookup with sister outlet, KDKA Pittsburgh. Election reporting is under supervision of Jim Gantz, news editor, and Fred Harper, producer in charge of coverage. News-

#### Mammoth Square Dance

FIFTEEN states will send more than 6,000 dancers to the third annual International Square Dance Festival in Chicago Nov. 8. Sponsors are WLS Chicago and Prairie Farmer, in cooperation with the Chicago Park District and the Chicago Area Callers Assn. The festival is a station promotion and public service.

OFFICIALS of Ashland Oil & Refining Co. talking to Sports Director J. B. Faulconer (r), WLAP Lexington, Ky., sportscaster for Ashland Aetna Oil Sports Network, at reception given Kentucky Broadcasters Assn. at the group's fall meeting Oct. 13-14 at Ashland, are (1 to r) Everett F. Wells, vice president; F. W. Munro, advertising manager, and P. G. Blazer, board chairman.

men include John Raleigh, John Franklin, Paul Taylor and Hal Woodard.

WCAU-AM-TV Philadelphia reports radio news director Charles Shaw will air news flashes and election returns, with Alan Scott reporting for TV viewers. A staff of 25 will back the airings and the station will cut into network newscasts twice hourly to give returns on local, Pennsylvania, New Jersey, Delaware and Maryland balloting. Newscasters will be stationed in Harrisburg, Wilkes-Barre, Pittsburgh, Newark and Wilmington, Del., and facilities of the Philadelphia Bulletin and City Editors Election Service will be available.

Philadelphia's WPTZ (TV) will telecast news on two five-minute station breaks every hour, with George Skinner handling local returns and Norman Brooks and Dr. Edgar B. Cale assisting with background material. Tally boards and maps for states, Congressional districts and counties will be televised. A staff of 50 will be used.

WPEN Philadelphia will begin airing returns at 8 p.m., cutting regular programs for latest election news. Jules Rind will head the station's coverage, to include tape recordings of telephoned interviews with candidates and political figures of both parties.

Election coverage for WIBG Philadelphia will be handled by Doug Arthur, Rube Werling, Roy Walton, Tom Donahue, Bob Knox and Toni Bourg, with broadcasts to include street interviews. Direct wires will connect the Philadelphia Daily News with parties' headquarters.

#### Pittsburgh Sponsors

In Pittsburgh, KQV has lined up sponsors for full election coverage. J. A. Williams Co. (Duotherm heaters wholesale distributor) has signed to sponsor local returns and is plugging the broadcasts with spots. Sealtest has bought a spot package for election night and Levinson Steel backed a weekend

campaign urging citizens to vote. KQV also will carry MBS national returns.

In New York, WENE Binghamton will air returns direct from the Binghamton Sun offices, and from headquarters of the two parties. Program director Hal Graves will spark the operation from GOP headquarters, with Daily Bulletin reporter Martha Doyle interviewing guests. WENE news editor Hal Hancock and assistant Bob Maas will report local returns from the Sun offices and the station's sales manager, Norm Flynn, and announcer Tom Rowley will handle interviews at Democratic headquarters. Station manager Stephen W. Ryder will edit UP regional material for announcer Peter Ellis. Endicott National Bank will sponsor twice-hourly local returns.

#### WGY Preparations

At Schenectady, WGY has established wire lines in Albany, Schenectady and Pittsfield, Mass., according to Albert G. Zink, programs manager. Senior announcer Howard Tupper will broadcast from the Albany Times-Union. Bill Carpenter will be at the Schenectady Union Star and Bill Bradley will be at Pittsfield. Telephone reports will be made from 20 other counties in cooperation with area newspapers. WGY also will feed results to WRGB (TV) at alternate halfhours with its twice-hourly radio reports.

WPTR Albany has mobilized its staff for coverage beginning at 7 p.m., with a staff of more than 30, and pickups scheduled from six remote points in the Albany - Schenectady - Troy area. Cooperating with WPTR to bring coverage of other areas will be WBEN Buffalo, WNYC New York, WAGE Syracuse, WRUN Utica and others. News commentator Leo W. O'Brien will analyze INS returns every hour from New York City. WPTR news editor Roger Stevens will direct integration of returns from the six remote points and several

metropolitan areas. Coverage will extend into Wednesday morning.

WGMS - AM - FM Washington plans FM airing of AP reports from 7 to 11 p.m. and direct broadcasts from the New York Times radio room from 11 p.m. through the night. Special features will include actual recorded voices of every President and his election opponent from Grover Cleveland to President Truman, plus excerpts from the writings of Abraham Lincoln and Thomas Jefferson. WGMS-AM will duplicate the special broadcast beginning at 4 a.m. Wednesday.

WMAR-TV Baltimore, Md., plans an innovation in TV coverage election night. It will cut in to the city's Stanley Theatre every half-hour for a five-minute segment. Election night schedule gets underway at 8 p.m. with switch to CBS-TV at 9 p.m. Gunther Brewing Co. will sponsor local coverage through Biow Co. Reporting will be handled by David Sickle, news director, and Ernest V. Baugh Jr., Baltimore Sunpapers analyst. Cartoonist "Moko" Yardley will provide humorous sidelights.

WAAM (TV) Baltimore will begin special election features at 7 p.m. Tuesday with the commentary program of Gerald W. Johnson; at 7:15, WAAM commentators will be introduced and visual devices for election coverage will be demonstrated, with a WAAM-produced film to show "Election Trends in Maryland, 1916-1952." Election returns will begin at 8 p.m., with Baltimore and Maryland reports, and starting at 8:25, five-minute reports will be given until all results are complete. American Oil Co. will sponsor local segments, which will supplement ABC national returns and other material hv ARC-TV.

WTIC Hartford begins election coverage at 7 p.m., with 370 workers reporting from all Connecticut's 169 towns, and Hartford's 60 polling places. At WTIC studios 90 of the workers will be on hand to compile returns. Remote pickups are planned from candidates' homes and party headquarters. INS, the AP and the New York Herald Tribune will use WTIC facilities and information. State-wide reports will be sponsored by Travelers Insurance Cos. When state votes are counted, WTIC will join NBC for national returns.

In the Midwest, Chicago stations which completed elaborate plans for election coverage included WBKB (TV) WGN-AM-TV WNBQ (TV) WMAQ WENR-TV WBBM WIND and WLS.

WBKB (TV) in that city plans complete local coverage there at Springfield, and also will air full CBS-TV reports. Ulmer Turner, news editor, and Frank Reynolds, announcer, will handle local cutins, to be sponsored by Nelson Bros. Furniture Store, Wieboldt's

(Continued on page 38)

is not an arithmetic average of the Day-Part Indexes.

<sup>†</sup> The above measurements are adjusted to compensate for the fact that Radio Station KBIG signs off at 7:00 PM in September.

#### Station Coverage of Election

(Continued from page 36)

Dept. Store and Household Finance Corp. Station expects to be on the air from 7 p.m. until all results are in.

The NBC radio outlet, WMAQ, will begin newscasts at 7 p.m., with its sister station, WNBQ (TV), to start with a roundup at 8. Newsmen will include Clifton Utley, Alex Drier, Len O'Connor, Jim Hurlbut and Jack Angell on the air, with leg men under Bill Ray, news and special events chief.

WMAQ will cut in with local information five minutes every half-hour, while WNBQ will air five minutes of video news 10 and 40 minutes past each hour through evening and morning. Both will feed the networks.

News at WGN-AM-TV will be supplied by the stations' own staffs as well as by the Chicago *Tribune*, Chicagoland Newsreel, Mutual, Du-Mont Network and CBS-TV. WGN's special features crew will be spotted throughout the city and state. Carl J. Meyers, engineering director, has supervised preparation of a special news center.

Programming, headed by Bruce Dennis, WGN program director, will feature Robert Hurleigh, WGN news director, and Bruce MacFarlane, Holland Engle, Leslie Nichols, Spencer Allen and Stephen Fentress. TV reports will be sponsored by Westinghouse, with AM news paid for by Chevrolet Div. of General Motors and Chevrolet Dealers of America, network - wise. The Chicago Tribune will sponsor local portions.

Admiral Corp. has bought local coverage on WENR - AM - TV (ABC). ABC Chicago will begin

feeding its reports at 7 p.m. Con O'Dea, director of news and special events, will supervise news. Commentators will include Austin Kiplinger and Paul Harvey.

WBBM (CBS) Chicago men will cover candidates' headquarters in Chicago and Illinois, and other key Midwest areas, such as Wisconsin and Michigan. Julian Bentley is news director. Chuck Wiley, special events director, will head a crew in Springfield and others in Morris and Dixon. Newscaster John Harrington will handle most air work, aided by Fahey Flynn, Joe Foss and Larry Alexander.

WIND, 24-hour independent, will headquarter at the Chicago Daily News. News Director Jim Dale will broadcast from there. Newscasters will include Jack Quinlan, Bud Campbell, Tom Pickering and Bill Guthrie.

Ervin Lewis, news editor at WLS Chicago, and Bob Lyle will handle the bulk of the work there. Stationing remote crews at Democratic and GOP Chicago headquarters, WLS, which shares time with WENR, expects to carry full ABC network coverage.

Twelve commentators and newsmen will provide latest developments at all levels for WLW Cincinnati. They will broadcast directly from Indianapolis, Louisville and Charles P. Taft Headquarters in Cincinnati. Newsmen include Peter Grant, Dallas Deweese, William Hassler, Joseph Sagmaster, John Baker, Glen Wilson, Alan Stour, Dick Bruce, Dick Witty, Jim Bruce, Barry Lake and Howard Chamberlain.

On the West Coast, KPIX (TV) San Francisco is planning coverage of returns from nine counties in the Bay Area. Pre-election telecast from Hollywood by CBS-TV for an hour will start at 5 p.m. plus a quarter-hour of national coverage beginning at 6 p.m., before CBS-TV begins feeding from New York and Hollywood alternately at 6:15 in 20- and 15-minute telecasts, respectively. William Winter, KPIX news analyst, and Sanford Spillman, program and news director, will head election programming, with Frank Schiro, promotion director, assisting. Local coverage will be backed by a KPIX film team coursing through the city, recording interesting events. Political notables also will appear before KPIX cameras.

#### AFRS to Overseas

Overseas, servicemen will get election returns from 50 specialists of Armed Forces Radio Service, Los Angeles, in a 13½-hour broadcast from 5 p.m. Tuesday to 6:30 a.m. Wednesday, according to Col. William M. Wright Jr., officer in charge. He said AFRS tabulated returns will be interspersed with election programs from the networks.

KSFO San Francisco, independent sister outlet of KPIX, will join forces with the San Francisco News for complete national and local coverage, according to Alan Torbet, general manager. Newspaper will provide latest returns, even from correspondents in field. KSFO plans to start coverage at 5 p.m. Regular programming will be interrupted frequently for bulletins. KSFO program director Bob Hansen will head up the news crew, including Bob Colvig and Herb Kennedy.

#### Brewer Names W & G

TERRE Haute Brewing Co., Terre Haute, Ind., has named Weiss & Geller, Chicago, to handle advertising on its Champagne Velvet beer and 76 Ale effective Jan. 15. Radio and TV are expected to be used. Account executive is Eugene Cooper.

#### AIM YOUR SALES STORY THROUGH WLW

- Greater Cleveland's strongest signal

- Sales-minded merchandising

WJW BUILDING

BASIC ABC

CLEVELAND 15, OHIO RESENTED NATIONALLY BY H-R REPRESENTATIVES, INC.

## **JONES WINS SUIT**

AWARD of \$300,000 was made to Duane Jones, President of Duane Jones & Co., New York, by an 11-man jury in New York County Supreme Court Tuesday in his conspiracy suit against nine former employes and Frank G. Burke, treasurer of the Manhattan Soap Co.

Exempted from the damages award was one of the nine former workers, Donald Gill, now with Scheideler, Beck & Werner, and the Manhattan Soap Co.

In a statement following the announcement of the award by Judge Dennis O'Leary Cohalan, Mr. Jones noted that this was the first time in the history of advertising that a verdict of damages had been won for "pirating of agency accounts and personnel" by executives and employes.

"The significance of this one," Mr. Jones declared, "is that hereafter officers and employes of any advertising agency, or other service organization, will think twice before stealing the top accounts to start a business of their own."

Neil P. Cullom, counsel for the defendants, made a motion immediately after the verdict announcement to set it aside on the grounds it was "excessive." Thomas Boyle, counsel for Mr. Jones, asked that Manhattan Soap Co. and Mr. Gill be included in the verdict. It was explained that this step was taken better to assure the collectibility of the damages.

Commenting on the verdict, Mr. Cullom issued the following state-

ment Wednesday:

Because we had expected complete exoneration, we are more than surprised by the verdict. The facts, fully and competently reported . . . in advertising publications, make the true picture of our case clear to anyone who is familiar with the advertising agency business.

It is our intention to press the issue to final legal conclusion, which necessarily is sometime in the fu-

Mr. Jones' announcement claiming

#### 'JIVE BY NIGHT' WMT Beams Show to Truckers

TRUCK drivers in the WMT Cedar Rapids, Iowa, area will have weather and road condition reports blended with music and news in a new "all night" program.

WMT has arranged a network of strategically located all night truck stops in Iowa, Illinois, Missouri, Minnesota and Wisconsin. Truckers who have weather and road reports, news of accidents and other obstructions, may leave such information at these stops, from where they will be relayed to WMT for general broadcast.

Wally Pearson, former WMT announcer, traded his Air Force uniform for mufti, the same day he took over the program.

the jury's verdict and the judge's award is erroneous. Judge Cohalan has reserved his decision on all aspects of the case until Nov. 14.

Mr. Cullom's latter remarks referred to his motion to set aside the verdict on which Judge Cohalan reserved decision.

Defendants named in the verdict are: Joseph Scheideler, Paul Werner, Philip Brooks, Lawrence Hubbard, Eugene Hulshizer, Joseph Beck, and Robert Hughes, all at present with Scheideler, Beck & Werner; Robert Hayes, now with Doherty, Clifford, Steers & Shenfield and Mr. Burke.

The conflict between Mr. Jones and his employees began on July 3, 1951, according to his attorneys, who claimed the group handed him an ultimatum to resign by July 5 or they would walk out, taking their accounts with them. Mr. Burke was accused by Mr. Jones of "masterminding and directing the conspiracy that resulted in loss of personnel and accounts to the new SB&W agency." The Manhattan Soap Co., at that time, was one of the principal accounts of the Jones agency.

Mr. Jones, his attorneys claimed, refused to accede to his employes' demands and filed suit for \$4,500,000 against the group, Manhattan Soap Co., and Mr. Burke.

The trial began Oct. 8, during which time Mr. Jones lowered his damage demands to \$2 million, withdrawing one cause of action seeking \$1½ million for alleged slander. Another was shifted on technical grounds to Equity Court.

During the course of the trial Mr. Cullom sought to develop the line of attack that Mr. Jones, through dissipation and inattentiveness to business, had lost many accounts, including Manhattan Soap. He asserted that the defense had to prove that Mr. Burke directed the alleged conspiracy and he sought to bring out by questioning of both defense and prosecution witnesses that this contention was not established and not proved.

Milton Pollack, an associate of

#### Is Awarded \$300,000

Mr. Boyle, who served as trial counsel, paraded witness after witness on the stand, including Mr. Jones, to bolster his assertion that the new 71-man SB&W agency and its 10 accounts could not develop without conspiracy.

Following the verdict, Mr. Jones said he would not seek, through the courts, an accounting of the profits of SB&W on the accounts he claims that agency took from him. According to Mr. Jones these include: Manhattan Soap Co., Wesson Oil and Snowdrift Sales Co., G. F. Heublein & Bros., International Salt Co., The Borden Co., McIlhenny Corp., and Marlin Firearms Co.

In a separate legal action, the nine former employes of the Jones Agency on June 4 last filed a \$13,-150,000 slander suit against Mr. Jones [B•T, July 14].

#### JUDGES CHOSEN

For Voice of Democracy

NATIONAL judges for the sixth annual Voice of Democracy Contest for high school students were announced last week by Robert K. Richards, national chairman of the committee and NARTB assistant to the president-public affairs director.

Associate Justice Tom C. Clark, U. S. Supreme Court, again will serve as honorary chairman of the contest committee.

contest committee.

National contest judges will be Dr. Ralph Bunche, director, Dept. of Trusteeship, United Nations; Joseph Johnson, president, Carnegie Endowment for International Peace; Charles Kuralt, a winner in the 1948-'49 contest; Theodore S. Repplier, president, Advertising Council; Dr. Susan B. Riley, president, American Assn. of University Women; John D. Rockefeller III; Anna Rosenberg, Assistant Secretary of Defense; Eric Sevareld, CBS news analyst; FCC Chairman Paul A. Walker; Judith Waller, NBC director of education.

The contest is endorsed by the U. S. Office of Education and approved by the National Assn. of Secondary School Principals. Cooperating in sponsorship are NARTB, Radio-Television Mfrs. Assn. and U. S. Junior Chamber of Commerce.

AT PARTY marking third anniversary of Guenther, Brown & Berne Inc., Cincinnati and Dayton ad agency, are (I to r) Wilfred Guenther, agency's president; Glen Moore, general appliance sales manager, Cincinnati District Graybar Electric Co.; Mort Watters, Scripps-Howard Radio vice president and WCPO-TV Cincinnati general manager, and Van Beck, manager, Graybar-Raytheon Television Sales.

#### **WCKY Twist**

C. H. TOPMILLER, station manager, WCKY Cincinnati, is cooperating with the current BAB promotion to "Use Radio to Sell Radio." Since Oct. 6, WCKY has been using 35 spots weekly (five announcements daily) to boost radio. The station has added a twist of its own which brings in a WCKY advertiser or prospect. Typical of the spots is this one: "Here's a word for Mr. George Farr, of Farr's Trade Mart, Reading, Ohio, who gets results with WCKY advertising." A BAB prepared announcement, selected to fit the type of business, follows. Mr. Topmiller and Bob Fleming, WCKY promotion director, report much favorable comment on the personalized series. Campaign is to continue for three months.

#### ATKINSON NAMED

#### To ABC Radio-TV Co-op Post

PROMOTION of Frank Atkinson, manager of ABC's radio co-op department, to the post of manager of the newly-integrated radio and television co-op department was announced last week by Alfred R. Beckman, ABC national director of radio and television station relations departments.

Mr. Atkinson joined ABC in February 1942 as a member of the sales service department. He was assigned to ABC radio's co-op department in March 1946, following his discharge from the U. S. Army.

Mr. Beckman also announced the promotion of Ross Worthington to assistant manager in charge of television co-ops and James O'Grady to assistant manager in charge of radio co-ops.

#### Pulse Extends Service

EXPANSION of Pulse coverage to Kansas City, Louisville, Denver, Salt Lake City and the Quad City group (Davenport, Moline, East Moline and Rock Island) was announced last week by Pulse Director Sydney Roslow. TV reports will be issued for all five markets with radio also reported in Kansas City. Dr. Roslow noted that Pulse now covers 45 TV and 70 radio areas throughout the country.

#### C-P-P's Net Income

NET INCOME of Colgate-Palmolive-Peet Co. for the first nine months of 1952 totaled \$6,794,000 compared to \$3,749,000 for the same period last year, President E. H. Little reported last week. Domestic net sales for the three quarters amounted to \$188,990,403 this year as compared to \$173,063,030 for the first three quarters in 1951. Third quarter domestic net sales were up from \$52,158,164 in 1951 to \$65,685,553 in 1952.

# This is Milweukee... where Cominctes

#### and here's why...

Although Milwaukee is a thriving metropolis, it's a small town in many respects. Milwaukee folks, you see, have an eager interest in both local and state news.

\*\*\*\*\*\*\*\*

For 30 Years WTMJ has led the field in news broadcasting. WTMJ's news department alone numbers seven full-time newsmen, backed by the active co-operation of The Milwaukee Journal's 40 reporters, plus nearly 300 correspondents throughout Wisconsin.

Full local and state news coverage is one of the reasons why more people in Milwaukee and Throughout wealthy Wisconsin listen to WTMJ than any other station.

Your Henry I. Christal representative will welcome the chance to give you all the compelling reasons why WIMJ dominates in Milwaukee and throughout Wisconsin. Why not call him?

#### OKLA., N. D. HOMES

RADIO home saturation in Oklahoma reached a peak in Midwest City, with 99.5% of homes having radios, according to 1950 U. S. Census data just released by the Census Bureau. TV set ownership was relatively small at the time the census was taken in April 1950, there being only 5 million TV sets in the nation compared to around 19 million at this time.

Statewide average of radio homes was 94%, according to the 1950 data, with highest concentration in urban areas.

Census Bureau also announced radio saturation in North Dakota is well above the national level. The bureau found that cities and rural areas alike had unusually high saturation as of April 1950, when the census data were gathered

North Dakota's radio saturation was found to be 96.9%, compared to 95.6% for the nation as a whole. Two cities reached the exceptional figure of 99%, it was found. In Jamestown 2,950 of 2,970 reporting homes were found to have radio sets, a concentration of 99.3%. In Grand Forks 6,900 of 6,970 homes, 99%, reported radio ownership.

TV ownership was negligible at the time the census data were collected. The state had no TV service of its own and at that time TV circulation was only one-fourth the present figure.

(Continued on page 44)

STATISTICS in adjacent tables are extracted from final reports of the 1950 Census of Housing, Series H-A, No. 36 for Oklahoma and No. 34 for North Dakota, which will be available in about six weeks from the Superintendent of Documents, Washington 25, D. C., at 60 and 35 cents per copy, respectively.

Statistics on distribution of the population in the states are presented in final reports of the 1950 Census of Population, Series P-A, no. 36 and 34, now available from the the Superintendent of Documents at 20 cents a copy. Descriptions and maps of "urbanized areas" are presented in these reports.

Statistics on characteristics

of the population in the states are presented in final reports of the 1950 Census of Population, Series P-B, No. 36 and 34, available from the Superintendent of Documents, at 60 and 40 cents per copy. Descriptions of Standard Metropolitan Areas, if any, are presented in these reports.

A Standard Metropolitan Area is generally described as a county or group of contiguous counties with at least one city of 50,000 or more. In New England, it is defined on a town or city rather than county basis.

An urbanized area contains at least one city of 50,000 or more and includes surrounding closely settled incorporated and unincorporated areas.

## KTUL Delivers a Mighty Market ... Tulsa

Tulsa's Metropolitan Area ranks 73rd in population in the U.S. (258,000) . . .

But ... it also ranks—

- 65th-in TOTAL RETAIL SALES
- 47th-in RETAIL SALES PER CAPITA
- 56th-in DRUG STORE SALES
- 53rd-in WHOLESALE SALES
- 54th-in AUTOMOTIVE STORE SALES
- 46th-in FILLING STATION SALES
- 54th-in BUILDING MATERIAL and HARDWARE STORE SALES
- 56th-in APPAREL STORE SALES
- 65th-in HOME FURNISHING STORE SALES
- 68th-in FOOD STORE SALES
- 62nd-in GENERAL MERCHANDISE STORE SALES
- \* Tuisa Folks SPEND MORE, EAT MORE, DRIVE MORE, DRESS BETTER, LIVE BETTER than practically any other folks in the good old U.S.A. . . .

FROM 10% to 50% BETTER!

- KTUL serves the rich Tulsa trade area of Eastern Oklahoma BEST . . . with no waste coverage!
- CBS Radio . . . top local programing!
- Get the KTUL story from your nearest Avery-Knodel, Inc. office.

AFFILIATED with KFPW, FORT SMITH, Ark., and KOMA, OKLAHOMA CITY

The "HAPPY MEDIUM" Station

#### Rebroadcast Rule

(Continued from page 25)

sponsor desires to have that station carry the program, involves a restraint of trade, and that rebroadcasts are valuable both to sponsors, independent stations, and the public."

Explaining its attitude on property rights, the FCC said:

... we wish to make clear that we have not said, and we are not saying, that legitimate property rights, recognized by law, may be freely appropriated by others through the mere device of demanding rebroadcast privileges. Moreover, we have not implied, nor are we implying, that many, if not most, cases in which request to rebroadcast a station's program is denied may not be justified under the circumstances there presented.

It is clear however, that a licensee

circumstances there presented.

It is clear, however, that a license may abuse its right to refuse rebroadcast privileges, just as it may abuse other rights. The principle involved is not novel. Thus, a broadcast station has a right to decide who shall use its facilities and for what type of program, but not the right to act arbitrarily in this respect without due regard to the public interest in a well-rounded program service. . . .

refusal is Justified or where it is unjustified.

Such determinations will obviously depend upon the facts of particular cases and upon an evaluation of such factors as whether licensees of stations, through express or implied agreements or understandings, act in concert with each other or with other interests in refusing rebroadcast requests, whether requesting stations serve the same or a different area as the station whose program they wish to rebroadcast, whether the request is for permission to carry a simultaneous rebroadcast or to rebroadcast a program at some subsequent date, whether the requesting station has indicated a willingness to pay a reasonable share of the legitimate costs of the originating station, whether or not other persons having interests in the program have requested or agreed to the rebroadcast, and whether the program concerned has public service aspects that make its wide dissemination to the public clearly desirable.

The FCC denied a petition by

The FCC denied a petition by Mr. Brown requesting investigation of an alleged conspiracy to restrain rebroadcasting.

#### AYLESWORTH WILL

Estate Less Than \$10,000

ESTATE of the late Merlin Hall Aylesworth, first NBC president, was valued at less than \$10,000, according to a petition for probate of his will filed in New York Surrogate's Court last week. Mr. Aylesworth died Sept. 30 [B•T, Oct. 6].

He bequeathed his residuary estate to his widow, Mrs. Caroline McEnter Aylesworth of Reading, Conn., and named her executrix of his estate. Mr. Aylesworth left legacies of \$1 each to a son, a daughter and former wife, but it was explained he had provided for them by designating them as insurance beneficiaries.

Mrs. Aylesworth was quoted as reporting that the son, Barton Jerome Aylesworth, disappeared from his home in Denver in October 1948 and efforts to locate him during his father's last illness failed.

RECORDING of Beethoven's Ninth Symphony, autographed by Arturo Toscanini, is presented to Dr. Luther Evans (r), Librarian of Congress, by George Marek, RCA Victor Record Co., for the permanent archives. The presentation Tuesday was broadcast on NBC's Hi, Neighbor and Voice of America. The symphony manuscript is on exhibition at the Library.

#### RCA MOTION Judge Explains Denial

REASONS for denial of a RCA motion to quash a government subpoena, regarded as the first step toward investigation of possible anti-trust law violations in the radio and television manufacturing industry, were in a court order made available last week [B•T, Oct. 27].

Judge Edward Weinfeld of the U. S. District Court for the Southern District of New York ruled RCA's two principal objections to the subpoena invalid. RCA's position, outlined by Judge Weinfeld, was (1) the consent decree of 1932 covers all matters up to that date and "operates prospectively as a bar to any further proceeding, civil and criminal, and the sole and exclusive remedy remaining to the government is to move for action" in the District Court of Delaware which entered the decrees and (2) the subpoena was so "broad in scope as to render compliance unreasonably burdensome."

On the first argument, Judge Weinfeld said the subpoena was not limited to information of RCA's patents and licensing records but to many documents, dealing with color TV, FM and other items not touched by the consent decree. He asserted the grand jury's right to inquire into these matters "is not questioned . . and the connection, if any, between these latter items and the patent and licensing policies of RCA, may relate to the conduct of corporations other than the movant."

In ruling that the subpoena was not broad and burdensome, Judge Weinfeld cited that other companies had complied with it. He argued that "inconvenience" is no defense.

COMPLETE sponsorship of Brown U.'s football home and away games is being carried by Ballou, Johnson & Nichols Co., Zenith TV distributors, on WHIM Providence.

#### WMAZ OBSERVES

#### 30th Year of Broadcasting

GROWTH from a "dining room" operation to 10 kw fulltime was noted by WMAZ Macon, Ga., as the station observed its 30th anniversary last Thursday.

WMAZ, which actually began broadcasting in the spring of 1922 before its license was issued, claims to be the second oldest and second most powerful station in Georgia. Besides lesser awards, WMAZ received a duPont Award in 1943 and a Peabody citation for news in 1950. WMAZ is applicant for vhf Ch. 13 in Macon [B•T, June 16]. George P. Rankin is president of Southeastern Broadcasting Co., the licensee.

#### AIMS Annual Meet

ANNUAL meeting of the Assn. of Independent Metropolitan Stations will be held Nov. 13-15 at the Conrad Hilton Hotel, Chicago.

#### Igloo Impact

STATIONS wishing to put in rival claims to a unique distinction credited to WWVA Wheeling, W. Va., may think twice before setting out to substantiate them. "WWVA is heard with the greatest regularity of all the American radio stations by Eskimos in the Eastern Arctic," reports R. D. Cowen, president of the Mononaghel & Ohio Coal Co. and who recently completed a tour of several Hudson Bay posts. Mr. Cowen wrote the station: "I wish you could have seen a group of Eskimos dancing in a pattern similar to our square dance to the strains of your mountain music." This Arctic region he referred to is 3,000 miles from the WWVA transmitter.

## To a time buyer who will vote Dem. tomorrow

If your candidate is elected, somebody will have to eat some words. Man cannot live by words alone. How much better to eat a hamburger—from Iowa. Or an egg—from Iowa. Or an et cetera. (Iowa raises delicious et ceteras.)

Iowa produced 781,231,000 pounds of slaughter beef the first 7 months of '52. Figuring 4 hamburgers to the pound, Iowa has the inside track on an awful lot of hamburgers.

Iowa hens are also working overtime. They laid 3,454,000,000 eggs so far this year—10% ahead of '51. Ref. the et cetera, the '51 total for all farm livestock was 6,392,238,000 pounds.

These are grass roots facts which politicos, time buyers and WMT like to stay close to. WMT is also close to Iowa's annual cash farm income of \$2.125 billion; industrial income of \$3.737 billion; and 338,480 radio families listening to WMT every week. After 30 years of cultivating the latter, we like to think we know what these folks vote for in the way of programming. (Up in Waukon, 110 miles hence, WMT was elected the favorite radio station of 71% of the respondents in a poll WMT had nothing to do with.)

... well, may the better man\* emerge victorious.

## To a time buyer who will vote Rep. tomorrow

If your candidate is elected, somebody will have to eat some words. Man cannot live by words alone. How much better to eat a hamburger—from Iowa. Or an egg—from Iowa. Or an et cetera. (Iowa raises delicious et ceteras.)

Iowa produced 781,231,000 pounds of slaughter beef the first 7 months of '52. Figuring 4 hamburgers to the pound, Iowa has the inside track on an awful lot of hamburgers.

Iowa hens are also working overtime. They laid 3,454,000,000 eggs so far this year—10% ahead of '51. Ref. the et cetera, the '51 total for all farm livestock was 6,392,238,000 pounds.

These are grass roots facts which politicos, time buyers and WMT like to stay close to. WMT is also close to Iowa's annual cash farm income of \$2.125 billion; industrial income of \$3.737 billion; and 338,480 radio families listening to WMT every week. After 30 years of cultivating the latter, we like to think we know what these folks vote for in the way of programming. (Up in Waukon, 110 miles hence, WMT was elected the favorite radio station of 71% of the respondents in a poll WMT had nothing to do with.)

... well, may the better man\* emerge victorious.

This is a non-political advertisement published in the interest of WMT by WMT, Cedar Rapids, Iowa. 600 kc. 5000 watts. Basic CBs Network.

(Continued from page 14)

in the Midwest, with high spots at Detroit, St. Louis, and Minneapolis. The company has represented three TV stations for about three years, one being the originally experimental WTTV (TV) Bloomington, Ind.

Mr. Jewett has been with the company since November 1951. Previously he was Chicago manager of Everett McKinney, station representatives. In 1945 he was eastern sales representative for Radio Market Guide in Cleveland. After leaving the market data publication he joined WKAN Kankakee, Ill., as commercial manager. He stayed there about a year for on-the-job-training before going to Everett-McKinney.

For five years during the war, Cary Jewett served with the Coast Artillery and the Army Transportation Corps. He enlisted early in the war, and when discharged was a first lieutenant. His work included the procurement of and the shifting of amphibian trucks and was centered in France and Belgium, "very old countries" which he has no desire to re-visit.

Mr. Jewett worked briefly in the advertising department of the Diamond Match Co., New York, after completing his schooling. He attended Salisbury Preparatory School in Salisbury, Conn., and the U. of Buffalo, where he majored in commerce and business administration.

He lives on Chicago's North Side, loves to go duck hunting along the Illinois River and dreams of playing golf next summer.

#### HEARING EXAMINERS Court to Hear Argument

SUPREME COURT has agreed to hear arguments on the status of government hearing examiners—and its decision will determine finally just how independent federal agencies' junior judges are of the agency for which they work.

The court accepted certiorari two weeks ago on an appeal by the Civil Service Commission from a decision of the U. S. District Court and of the U. S. Court of Appeals which invalidated a Civil Service regulation concerning examiners.

At issue is the legality of the Civil Service Commission's regulation involving hearing examiners' tenure, compensation and assignments. Opposing Civil Service Commission is Federal Trial Examiners Conference and others. Under present procedures, the FCC is following the practice upheld by the lower courts—single compensation for all examiners and rotation of assignments.

PEEWEE REESE, captain of the Brooklyn Dodgers, will star in 13 WHAS Louisville programs beginning in mid-November. Program will be directed to young audience and will co-feature Don Hill, area's playby-play reporter of Louisville Colonels' games.

#### SALES ADVICE

Aids Advertising—Mitchel

ADVERTISING is "nothing but a sales help" and close attention to its effectiveness at the local level is a vital function of a manufacturer's sales staff, Maurice B. Mitchell, vice president of Associated Program Service, asserted last Friday.

Addressing the Sales Executives Club of the Missouri Valley at Omaha, he branded as "ridiculous" the idea "that advertising should be left to the advertising men," voicing regret at the tendency to place advertising in the hands of "specialists" without first getting recommendations from field sales staffs.

Mr. Mitchell said that "nobody is in a better situation for evaluating media than the man who must depend on it in his daily work for that vital sales boost."

He urged the salesmen to "speak up about advertising," and continued:

"After all, it's no longer an 'optional' sales aid. It's a must in today's selling world, and that means it's a part of your working condition. . . You shouldn't have to take the rap for advertising that doesn't pay off for you.

"One sure way to decide about the advertising that is being done for you is to look at the selection of media. Copy appeal and other technical factors are simply not as important as media selection. If the advertising that is supposed to help you just doesn't reach the people to whom you are selling, or if it doesn't reach their customers, then it just isn't efficient advertising in your area and you owe it to yourself and your management to show them the facts..."

#### SINGLE RATE

Set by WLAV-AM-FM, KFGO

KFGO Fargo, N. D., and WLAV-AM-FM Grand Rapids, Mich., have established a single rate for both day and night.

The KFGO new rate for all time between 7 a.m. and 11 p.m. becomes effective Nov. 15, Charles G. Burke, general manager, announced. At the same time, Mr. Burke announced that in line with the standardization, a 10% increase in its local charges for daylight hours has been effected.

WLAV on Oct. 25 equalized the day and night rates, setting an overall base hourly rate of \$90. This represented a 25% reduction from the previous base rate of \$120. Rate cut was passed along to all advertisers immediately. Daytime clients are to be protected against the slight overall increase for six months.

The switch to a single rate has been the subject of much discussion among broadcasters [B•T, Oct. 271.

BROADCASTING . Telecasting

#### ZIV 'FAVORITE STORY'

**Brewers Take in 14 Markets** 

FOUR brewing companies have signed for Favorite Story, forth-coming Ziv television series, in 14 markets, H. J. Rifkin, sales vice president of Ziv Television Programs Inc., reported last week. He predicted the series, for release in January, will set a new company sales record.

sales record.

Brewers which have bought the program, starring Adolphe Menjou as narrator and actor, were F. & M. Schaefer Brewing Co., New York, for showing in the New York (WNBT). New Haven, and Hartford markets; Genessee Brewing Co., Rochester, for Buffalo, Rochester, Syracuse and Binghamton, N. Y.; Blatz Brewing Co., Milwaukee, for Milwaukee (WTMJ-TV) and other markets not yet set; and Olympia Brewing Co. for Portland, Seattle, Spokane, San Francisco, Los Angeles and San Diego.

Sold thus far on a regional basis.

Sold thus far on a regional basis, the series will be offered to local sponsors starting this week.

#### Buy 'Smith' Segments

TWO new advertisers have signed for 15-minutes of Kate Smith Hour on NBC-TV (Mon.-Fri., 4-5 p.m. EST). They are Block Drug Co., through Cecil & Presbrey, New York, which will sponsor the Tuesday 4:30-4:45 p.m. period for 39 weeks starting Nov. 25, and James Lees & Sons (carpets and rugs), through D'Arcy Adv., New York, which will underwrite the Monday 4:15-4:30 p.m. segment for 26 weeks effective Dec. 8.

#### FTC SUIT

Vs. Liggett & Myers

SUIT seeking a preliminary injunction against Liggett & Myers Tobacco Co. (Chesterfields) was filed in Federal District Court in New York last week by the Federal Trade Commission.

The injunction was asked to require the firm to cease certain advertising claims and to prevent "injury to competitors who are unwilling to use false advertising." Claim attacked was that Chesterfields "are manufactured in such a manner as to prevent irritation to the nose, throat and accessory organs of smokers."

Suit was filed on order of FTC Comr. Stephen J. Spingarn.

#### CBS-TV Post to Frank

MILO FRANK of the Hollywood office of the William Morris Agency, has been named chief talent scout for CBS-TV to operate on a roving assignment in line with CBS-TV's plans to find new talent. A graduate of the U. of California at Los Angeles, Mr. Frank entered the talent field in 1946 with the Sam Jaffee Agency, Hollywood. In 1949 he joined Century Artists as head of picture development and went to William Morris a year later.

#### Watchman' Clocked

LETTERS attesting listenership to WDOD-AM-FM Chattanooga's new all-night programming have been received from points as distant as Miami and Detroit, Vice President Norman A. Thomas reported last week. He said a number of all-night grocery stores, restaurants, and filling stations are sponsoring portions of The Night Watchman program, and that national advertisers have shown interest in early - morning spots. The stations commenced around - the - clock operations in late September.

#### C. G. SIMS Station Executive Succumbs

C. G. (Preacher) Sims, 45, technical director for WKYB and WKYC (FM) Paducah, Ky., died unexpectedly Tuesday at Illinois Central Hospital. Mr. Sims suffered a cerebral hemorrhage earlier that day while at his desk.

Mr. Sims entered radio in 1930 as chief engineer of WPAD Paducah. He was engineering consultant on construction of at least 20 other stations in Kentucky, Illinois, Tennessee and Missouri. Survivors include his wife, the former Ethlyn Rooks, and two daughters.

#### METROPOLITAN PLANS

Opera Via Theatre TV

PLANS are under consideration by the Metropolitan Opera Co. to channel its productions by television into theatres throughout the country, it was reported last week. Anthony A. Bliss, chairman of the opera's TV committee, said the project would "give some 200,000 people throughout the country the experience of coming into the Metropolitan's home."

Mr. Bliss said plans are still in the formative stage. It was learned that the Metropolitan has been negotiating with Theatre Network Television for such a program.

#### Sawyer to Europe

SECRETARY of Commerce Charles Sawyer left New York Friday for Europe to study business conditions. Secretary Sawyer, owner of WIZE Springfield, WING Dayton and WCOL Columbus, all Ohio, will be accompanied by Henry H. Fowler, director of the Office of Defense Mobilization, and other officials. He is expected to return late this month.

SUCCESS stories of people in show business are recounted in a new book by Henry F. Woods Jr., How to Get the Breaks, published by Wilfred Funk Inc., New York. Author is manager of Young & Rubicam's publicity department.

NEW SCORPION F-89 jet fighter tucks in its wheels and climbs with afterburners blazing on night interceptor mission. Jet flames show how F-89 eats

up fuel—around 8 times as fast as World War II fighters. Jet fuel consumption is just one of the many record oil needs met by U. S. oilmen every day.

#### **New Jets Gulp Fuel 8 Times Faster Than World War II Planes**

## U. S. Oilmen Meeting Biggest Petroleum Product Demands in History

Defense authorities have issued an urgent call to U.S. oil companies for sharply increased supplies of jet fuel, as a result of greatly stepped-up air activity.

Since jet fuels are made from the same base stock as heating oils, this new demand adds to oilmen's present problems in meeting this winter's record heating oil needs. Motorists are also using more gasoline than ever before.

In spite of these sharply increased demands, U.S. oilmen are presently meeting all military and civilian needs. They are able to do this because they have constantly planned ahead, plowed back much of their profits into expansion, and taken great risks.

This is the only way America's demand for more and more oil can be met: under a system of free competition where privately-managed oil companies have a chance to stay in business by earning a profit while serving you.

For a free, intriguing booklet, "20 Questions," write to Oil Industry Information Committee, American Petroleum Institute, Box 14, 50 West 50th Street, New York 20, N. Y.

# SOME REASONS WHY U. S. OIL USAGE IS NOW AT ALL-TIME HIGH 1952 2 JET FIGHTERS NOW USE AS MUCH FUEL AS AN ENTIRE WORLD WAR II FIGHTER SQUADRON FLYING SAME MISSION 25.6 MILLION Cestimoted PEOPLE TODAY OWN MORE CARS, drive further than ever before. Car owners will use an estimated 27 billion gallons of gasoline this year—an increase of almost 109% since 1945. 6.3 MILLION (estimated) FAR MORE AMERICANS than ever before now enjoy the comfort and economy of oil heat. Heating oil demand has jumped 103% since 1945.

## FCC RED TAPE Working Unit Would Simplify Forms

NEW steps to cut red tape out of FCC forms were taken last week by the Budget Bureau's Committee on Radio and Television Broadcasting, a unit of the Advisory Council on Federal Reports.

A series of changes in the FCC's annual financial report (Form 324) received committee sanction last Monday [BoT, Oct. 6]. The recommendations go to the Budget Bureau, which has complete power to regulate the record requirements of nearly all government agencies, including the FCC.

Monday's actions capped a decade-long series of cooperative steps involving

Mr. Strouse

the bureau, FCC and broadcasters. Ben Strouse. W W D C Washington, is chairman of the radio-TV committee.

Currently on the committee's lists of projects F C C's is the

May 14 order which would force stations to file reports to the FCC within 10 days after each refusal of consent for rebroadcast. While no action was taken last Monday because the FCC's rule has been stayed repeatedly in line with industry protests, the committee will be consulted before the Budget Bureau decides whether it will approve any FCC proposals that would require reports from stations or networks [B.T., June 16].

#### NARTB Files Petition

NARTB last Tuesday filed a petition with the FCC asking it to grant a further stay of its order. slated to go into effect Nov. 1 (see story this issue).

The FCC's May order drew widespread protests from stations and networks. It became popularly known as the "legalized larceny rule" because it would put the burden on broadcasters to justify their refusal to give away programs to any broadcaster who wanted to rebroadcast them.

Under the Federal Reports Act of 1942 the Budget Bureau's approval is required any time FCC calls on stations to supply infor-mation. The bureau does not question FCC's authority from a policy standpoint but points out that a rule requiring information from broadcasters would be invalid without bureau approval.

The advisory council, which has just celebrated its 10th anniversary, is the central agency through which government contacts with business are cleared in an effort to ease the burden on those who must fill out federal forms. Russell Schneider is executive secretary of the council. David E. Cohn is the Budget Bureau's liaison on the radio-TV committee.

In the 10-year period, the radio-

TV committee's activity has led to a reduction in the number of FCC application forms from 18 to eight. and from 379 to 52 pages. Originally the FCC forms were unsuitable for preparation of carbon copies and were difficult to process. Cooperation between FCC and the industry has brought about improvement and simplification of forms, benefiting both FCC and industry by making available more necessary information and reducing the cost and labor involved in preparation.

#### Committee's Function

Mr. Cohn put it this way, "Our function is to weigh the needs of information against those burdens the needs impose on industry.'

Last Monday's committee meeting was devoted principally to improvement of FCC's annual financial report (324). Under the committee's revision, applicants will be able to submit their own balance sheets to the FCC, providing the material prepared for their own use is substantially that in which FCC is interested.

This simple step will mean important savings to broadcasters, since it will not be necessary to have accounts draw up special balances just for this one FCC form. The old balance sheet covered many items considered of minor importance by the advisory committee. These included listing of items such as goodwill, prepaid insurance and others. Stations will be able under the revised form to lump many current asset items.

The Form 324 changes were discussed at the committee's June 10 meeting and submitted to FCC for suggestions. Most of the recommendations were accepted by FCC.

Still pending is a proposal to allow filing of reports May 1, a 30day extension. The committee felt the present April 1 deadline is too close to the March 15 date for tax reports.

#### Another Project

Another project before the committee centers around the filing of contracts affecting management. Present FCC requirements are fuzzy and indefinite, according to committee members, with broadcasters often feeling obliged to file large stacks of contracts in which the Commission has no interest.

The committee is now trying to find out just what types of contracts the FCC wants and then will draw up new language designed to clear up the confusion, with benefit to both government and industry.

In the last decade, the radio-TV advisory group has spearheaded hundreds of changes, with FCC cooperation. For example, the original CP application form required such detailed material as bank balances at the end of each year for four years, and each month for 12 months, from each principal. Bank

references were required. Furthermore, each party had to include listing of assets and liabilities, with net worth. This has been simplified so each party must show ability to meet his obligations.

Budget Bureau officials point out that the government gets priceless technical advice without cost from leading figures in industry. The advisory council was formed in October 1942. Its membership embraces major business organiza-tions. These are American Chamber of Commerce Executives; American Retail Federation; American Trade Assn. Executives: Chamber of Commerce of the U.S.: Controllers Institute of America; National Assn. of Manufacturers; National Industrial Council, as well as members-at-large.

Attending last week's meeting of a panel representing the radio-TV committee, besides Chairman Strouse and Messrs. Cohn and Schneider, were Kenneth Berkeley. WMAL Washington Leon Brooks, CBS; Arthur W. Scharfeld, president, Federal Communications Bar Assn.; Richard Steele, WTAG Worcester, Mass.; Gordon Hawkins, for Joseph E. Baudino, Westinghouse Radio Stations Inc.; Richard Allerton, Ralph W. Hardy, NARTB, and Elsie Caldwell of the committee

First chairman of the radio-TV committee when it was formed a decade ago was J. Harold Ryan of the Storer stations. He was succeeded by Wayne Coy then of WINX Washington and now KOB Albuquerque, who resigned when he became FCC chairman in late 1947.

The full radio-TV advisory group consists of Messrs. Strouse, Baudino, Berkeley, Brooks, Scharfeld and Steele; Charles Barham Jr., WCHV Charlottesville, Va.; Carl J. Burkland, CBS Radio Sales; John Elmer, WCBM Baltimore; E. K. Jett, WMAR Baltimore; Calvin T. Lucy, WRVA Richmond, Va.; Gustav B. Margraf, NBC; Lawrence H. Rogers II, WSAZ-AM-TV Huntington, W. Va.; Thomas Tinsley, WITH Baltimore; Charles J. Truitt, WBOC Salisbury, Md., and C. T. Arney Jr., NARTB.

#### Seeks Election STA

SPECIAL temporary authority to operate all night following national election day, tomorrow, was asked of FCC fortnight ago by WEEB Southern Pines, N. C., a 1 kw daytime outlet on 990 kc. "An approval of our request will make it possible for the people of this community to receive news of local election returns along with national returns," WEEB said, pointing out ours would be the only primary signal rendered this section which is now without any nighttime primary service. The penetration of other signals is negligible and of poor quality in this area."

MESSRS. Diehm, Rollo and Magee at the mountain party.

#### DIEHM PARTY

#### **Timebuyers Are Guests**

TIMEBUYERS were guests of Victor C. Diehm, WAZL Hazleton, Pa., at second annual party given by the Pennsylvania broadcaster at Magee Museum, Bloomsburg, Pa. Guests were flown to the mountain site in a chartered plane.

Aiding Mr. Diehm in entertaining guests were staff members from WAZL; WHOL Allentown, Pa.; WHLM Bloomsburg; WIDE Biddeford, Me. Mr. Diehm is president of WAZL and managing consultant of WHLM as well as part owner of WHOL and of WIDE. Harry L. Magee is owner-operator of WHLM.

Guests included: Sally Reynolds, Scheidler, Beck & Warner; Frank Daniels, Lennen & Newell; Mildred Fulton, Biow Co.; Sid Hartzel, Lennen & Newell; Ethel Weider, Biow Co.; Tom McDermott, N. W. Ayer & Son; Adelide Hatton, Young & Rubicam; Joan Rutman, N. W. Ayer & Son; McDonald Dunbar, Ted Bates Dean Eger, Ed Fillion, Lou Moore, Robert Meeker Assoc.; John Purves, N. W. #### **Libel Liability Haunts Broadcasters**

(Continued from page 23)

fore air time, asserting it had no advance text to check for possible libel. The Ohio State Journal reported a "tornado of protest" at WTVN switchboards.

Some of the protests raised questions bearing on the political philosophy of Edward Lamb, owner of WTVN and other radio-TV properties. The Journal quoted one televiewer as asserting he had written to the McCarran (Senate) Internal Security Committee. No protests had been acknowledged by that group, the Senate Interstate & Foreign or House Un-American Activities Committees.

Walter McGough, WTVN sales manager, said he was advised by ABC in New York that "we would have to carry the speech at our own risk." He noted Sen. McCarthy was not a candidate in Ohio. Mr. Lamb issued this statement:

The rules governing political broadcasts are clear. A station may be held liable for libelous and slanderous statements even though the station is without power to censor the

speech of the candidate himself. However, a non-candidate's speech can be examined for possible libelous statements. WTVN officials were merely enforcing the ordinary rules when they insisted on having copy of Senator McCarthy's speech for examination by the station attorneys.

There is no political preference shown in my stations even though I personally endorse Mr. Stevenson's candidacy. I suspect that the Republicans have had a vast majority of the broadcast time in this campaign. But every candidate must play according to the same rules.

Nor is there any element of free speech involved. I have defended hundreds of civil liberties cases. I dare anyone ever to point to a case where as attorney, newspaper publisher or broadcaster, have ever failed to be on the side of protecting the free exchange of ideas.

According to a spot check by AP, WTVN was the only TV outlet in the country to cancel the McCarthy speech after scheduling it. It also was reported that WTVN and WICU (TV) Erie, Pa., another Lamb property, had declined to carry Clare Boothe Luce's talk on

communism on ABC-TV Oct. 26.

In the DuMont case, Col. C. A. Roberts, of the law firm of Roberts & McInnis, Washington, D. C., said he had filed a protest with FCC on behalf of that network, citing alleged network - affiliate practices with respect to politicalcasts. FCC advised him, he said, that more data is needed, and he has so obliged.

Citing clearance problems, Col. Roberts asserted DuMont has been frozen out of some one- and twostation TV markets despite a lower rate for time purchases. He questioned whether stations can legally refuse to carry DuMont network political programs and take those offered by another network with which it has primary affiliation. He said both parties have wanted to place time on DuMont but that the network was thwarted by station clearances in some instances, with affiliates claiming they had to maintain program balance.

#### Novik's Objection

Question of clearances also was posed by Mr. Novik in New York.

Mr. Novik, who is radio consultant to the Liberal Party and the New York Volunteers for Stevenson, and special assistant to the chairman of the Democratic National Committee in addition to serving as consultant to the AFL, the ILGWU-AFL, and the UAW-CIO, wrote in a letter released Thursday night:

The principle of voluntary clearance for competing products, an established practice in our industry, has seemingly been forgotten during the furore of the closing days of the political companies. cal campaign.

cal campaign.

No one, in our business, thinks of scheduling a "Pepsi" spot after a "Coke" program. Yet, within the past week, network stations have aired Eisenhower spot announcements immediately after Stevenson programs: A clearcut violation of the concept of commercial clearance for competing products.

ing products.

Due to the limited number of hours in the broadcast day it is patently impossible to avoid scheduling competing political programs in adjacent periods, especially during the hectic days at the end of a campaign. And even here the political purchaser knows that a competing political program is adjacent.

But the same situation does not prevail where "spots" and "breaks" are concerned. It is inconceivable and indecent for our industry to permit such incidents to occur; after all, why buy a program if the station permits the competition to reach your audience via spot announcement or station break.

break.

This situation transcends party politics since it adversely affects every party. However, on behalf of the New York Volunteers for Stevenson, and on behalf of the Liberal party, I am asking you to consider this situation and to take whatever steps are required to end the practice of following a political program with a "spot" of a competing political group.

For unless it is ended, I have only two alternatives:

A. To file a protest in behalf of the

A. To file a protest in behalf of the New York Volunteers for Stevenson and the Liberal Party, against any sta-tion or network permitting such prac-tice;

B. To purchase the adjacent "r "break" to protect my client.

Mr. Novik reminded networks that the Senate Elections and Privileges Committee "has already announced its intention to hold public hearings on radio and television."

Because Mr. Novik is a consultant to the New York Volunteers

for Stevenson, his charge was viewed in some quarters as another prong of the national volunteers group's protest over the socalled GOP spot "blitz." A spot program had been prepared for Citizens for Eisenhower Commit-

It was held doubtful Thursday whether the national group would re-pursue its complaint with the FCC before the approaching election. FCC refused to consider the original complaint which charged that large corporatons and stations had conspired to set aside choice time for the Republicans.

FCC did say it would consider any additional specific informaton and the volunteers embarked on a drive to elicit data from about 300 radio - TV broadcasters on the amount of time sold to GOP groups.

Whether the volunteers' protest has the sanction of Gov. Adlai Stevenson, Democratic Presidential nominee, was not known. In view of his glancing references to the GOP "blitz," it was presumed that he has given his blessing to the volunteers, to which he himself had contributed \$5,000.

The Governor told his Madison Square Garden audience last Tuesday that the Republican "air attack" would be over soon and the "all-clear will be sounded."

District of Columbia Republicans branded the "blitz" report as a "hoax" and the Democrats continued their attack on media coverage and advertising agencies in general.

#### \$20,000 Spent

A report filed by the Citizens for Eisenhower-Nixon for the period Sept. 9-Oct. 22 showed a sum of \$20,000 in disbursements to Ted Bates & Co., which undertook the original creative and production work on the citizens' spot program. The sum covered three payments.

The agency is not involved in the timebuying phase of this campaign. The citizens' group parcels out recordings and films to GOP state directors who, in turn, buy time through their agencies on local stations.

The \$2 million figure was originally recommended by Ted Bates as part of a plan since discarded as inoperative. The plan called for "saturation" of some 63 counties in 12 "key" states lost to the GOP in 1948.

George W. Ball, executive director of the volunteers, claims there is evidence of such a "blitz," and has denied any attempt by his organization to harass or intimidate stations which carry the announcements-a charge raised in FCC, broadcasting and other circles.

Mr. Ball has acknowledged the 'extremely cooperative" attitude of broadcasters in replying to the volunteers' questionnaires seeking time purchase data, and has said stations would be willing to offer equal time for a reply to the Eisenhower spots.

Many stations filed replies while others declined.

## IDEALLY SUITED TO DIRECTIONAL ANTENNA OPERATION

## ...The continental Type 315 5000 WATT AM TRANSMITTER

Radio stations utilizing directional antenna systems find this modern 5 KW AM Transmitter especially suited to their requirements. It offers unexcelled performance, plus many extra features not ordinarily incorporated in transmitters of this class, including special equipment for matching transmitter output into sharply tuned loads often encountered in directional arrays.

For 10 KW operation, CON-TINENTAL also offers the Type 316 Transmitter with identical features and performance.

The Continental Type 315-C
CONTROL CONSOLE

This up-to-the-minute console is now available for use with either the Type 315 or Type 316 Transmitter. Complete control and supervision of normal operation of either type of transmitter and associated equipment is provided. Microphone and turntable inputs for testing or for local emergency operation are incorporated. Control panel is designed with maximum accessibility for servicing.

WORLD Broadcasting System's af-· filiated stations soon will receive 12 Christmas and New Year programs and features for local sponsorship, World's vice president, Robert W. Friedheim, announced

last week.

Some of the programs and features: "Christmas Lane," half-hour dramatic show starring Pat O'Brien; 30 "Shopping Days to Christmas" songs featuring "The Jesters"; four half-hour holiday programs of music and continuity; "Sell Sounds," a variety of holiday sound effects and attention-getting devices; music selection guides for musical programs, starring Monica Lewis and Dick Haymes; special programs presenting holiday readings by show business personalities and seven Christmas and New Year's prayers read by Raymond Massey.

#### **Retroactive Pay**

SOME \$1 million will be distributed to Hollywood film extras within the next couple weeks. Sum represents the retroactive pay provision contained in a Wage Stabilization Board-approved bargaining pact between Screen Extras Guild and the Assn. of Motion Picture Producers. Studios have been paying the basic wage increase since Sept. 21. Extras now collect in a lump sum the difference between the old and new wage rates retroactive to Oct. 25, 1951, the effective date of the guild's

#### WGN CORN PICKING CONTEST

Points Up Station's Farm Service Operation

POINTING up its farm service operation, WGN Chicago, 50 w clear channel station, co-sponsored the first mechanical corn picking contest in southern Illinois as a safety and public service promotion.

The competition, which took place Oct. 11 on a 640-acre farm near Bloomington, attracted an estimated 30,000 persons, most of whom, station officials believe, attended in direct response to onthe-air mentions.

Sponsored by WGN and the Bloomington-Normal Junior Chamber of Commerce, the contest brought together 23 downstate farmers to husk and pick corn along a four-tenths of an acre course.

Norman Kraeft, station farm service director who broadcasts nearly two hours of farm news daily, handled most of the broadcast originations. A temporary studio was set up atop two flat-bed trucks, with Mr. Kraeft using a portable transmitter to relay onthe-spot reports from the corn fields more than a mile from the mobile unit.

Other staffers on hand were Bruce Dennis, program director; Jim Hanlon, publicity and public relations director; Don Coleman

MISS ILLINOIS, Glenna Pohly, was WGN's official hostess at its corn picking contest. Other participants were (l to r) Messrs. Kraeft and Long.

and Gene Filip, special events; Dick Coughlin and Butch Davis, farm service; Virginia Gale, wom-an's editor; Ernie Simon, Del Ward, Saxie Dowell and Frank Sweeney, station personalities, and Paul Risdorf, Dick Swan and Don Raydon, engineers.

Station officials are planning a similar contest next year.

#### PROFIT RATE **FTC Releases Figures**

REPORT on profit rates (after taxes) for 512 companies in 25 major industry categories was released by the Federal Trade Commission Oct. 22, comparing 1951

with 1940.

Categories showing lower profits last year compared to 1940 were cigarettes, cigars, smoking tobacco, wool carpets and rugs, soaps and cleansers, and motor vehicle equipment. Substantial increases were reported by companies engaged in production of paper and allied products, petroleum and refining, tires and tubes, and matches. Electrical machinery, equipment and supplies, with 63 corporations reporting, showed a percentage increase from 14.3% in 1940 to 15.2% in 1951.

#### U. of Tampa Visit

BROADCASTERS and mayors of central and western Florida cities were guests Oct. 19 of the U. of Tampa, at Tampa, Fla. Guests included Roger Bennet, WDAE Tampa; Mr. and Mrs. H. D. Parker, WTAN Clearwater; Art Mundorff. WPIN Clearwater; Dick Bothwell, WTSP St. Petersburg; Robert Taylor, WONN Lakeland, and Mr. and Mrs. Max G. Kimbrel. WIPC Lake Wales. The university tour included a visit to the studios and control rooms of the college's radio station. Gail Potter, WFLA Tampa, assists in radio instruction at the university.

#### IRTAC FORMED

#### For International Exchange

FORMATION of an International Radio and Television Advisory Council, under sponsorship of the National Assn. of Educational Broadcasters, has been announced in New York. Object is the interchange of radio and TV programs, primarily for educational broadcasters but it is expected to be of value for the entire radio-TV industry. Members of IRTAC are:

dustry. Members of IRTAC are:

Peter Aylen, UN Radio; James Fisher-Northrup, Voice of America; Lt.
Comdr. H. A. Spindt, Armed Forces
Radio Service; J. Basil Thornton, British Broadcasting Corp.; Pierre Crennesse, French Broadcasting Corp.; Edward Bellemare, Canadian consulate;
Hartney Arthur, Australian consulate;
Max Tak, Netherlands consulate; John
Embertsen, Norwegian Information
Service; Licurgo Costa, Brazilian consulate; Sam Eifert, Israeli consulate;
Philip Barbour, Radio Free Europe;
Seymour N. Siegel, National Assn. of
Educational Broadcasters.

#### HEEBNER NAMED

Succeeds Ogden at Capitol

APPOINTMENT of Walter S. Heebner as general manager of the Studio and Recording Service Sales Div. and the Broadcast Sales

Mr. Heebner

Div. of Capitol Records was announced last week by Glenn E. Wallichs, president of Capitol Records Distributing Corp. His office will be in Hollywood and he will report directly to William H. Fowler, CRDC's act-

ing general manager.

Mr. Heebner was with Capitol Records' Artists & Repertoire Dept. for the past year. He joined the firm after a decade with RCA Victor, where he was manager of the Custom Record Div. and later West Coast recording director.

In his new capacity, he absorbs the duties of Clifford Ogden, who resigned as vice president and general manager of Capitol's Broadcast Div. to become supervisor of NBC's West Coast TV films sales division [BoT, Oct. 20].

Mr. Wallichs said the appointment of Mr. Heebner is part of a plan to strengthen Capitol's position in the broadcast field.

#### FTC Penalty Order

CIVIL penalty judgment has been obtained against Domestic Short-Wave Diathermy Co., New York, for violation of an order prohibiting false advertising, the Federal Trade Commission announced Oct. 23, FTC complaint charged that a diathermy device was misrepresented in radio, newspaper and other advertisements. Cease and desist order was issued by the agency on June 21, 1943. Penalty judgment of \$20,038.20 was entered by Federal Judge Irving R. Kaufman of the U.S. District Court, Southern District of New York, when the respondent failed to answer charges of the violation. Principal in the diathermy firm is Maude S. Jaret.

#### ALASKA BIRTHDAY Hailed by Territory Outlets

THE 85th anniversary of U.S. possession of Alaska was hailed Oct. 17 with simultaneous broadcast over all stations in the Territory, plus KVI Seattle.

Half-hour transcribed program was presented as a public service by the Alaska Steamship Co. and was arranged by its agency, Frederick E. Baker & Assoc., Seattle.

Program was rebroadcast Oct. 19 as one of the first shows of the new Midnight Sun Broadcasting outlet, KJNO Juneau.

#### AWRT MEETING

**Program Creation Discussed** 

CHARLES C. CALEY, WMBD Peoria, Ill., general manager, represented management at a discussion on creating radio and television programs for sale before members at a meeting Oct. 24 in Chicago of the Illinois chapter, American Women in Radio & Tele-

Mr. Caley appeared with Peter Cavallo, radio-TV director, J. Walter Thompson Co.; Fred Killian, ABC-TV program director; Tom Elvidge, assistant program director, WGN-AMTV; Judith Waller, NBC director of education and public service, and Beulah Karney, ABC radio-TV home economist, all Chicago.

Meeting, which took place at the Normandy House, was planned by Josephine Wetzler, AWRT vice president and education director at WLS Chicago.

#### FETZER EXPANDS

#### there's no room for doubt

There can be no room for doubt in the continuity and fidelity of your broadcast. You demand - and get the best in transmitting and studio equipment.

Nor should you compromise with quality in the tape recorder you select.

AMPEX Recorders are engineered to the highest professional standards of reliability and performance.

AMPEX brings you these cost-saving operating advantages:

Uninterrupted service

Under the demand of heavy-duty programming, AMPEX Recorders deliver thousands of hours of unbroken service. Recently a set of AMPEX heads was returned from Honolulu for routine replacement after 11,000 hours continuous use, 17 hours a day. The heads were still within AMPEX specifications for new heads and had several thousand more hours of use remaining.

#### MINIMUM "DOWN TIME"

AMPEX Recorders are designed for thousands of hours of continuous operation with minimum down time, resulting in low maintenance costs and protection from sudden broadcast failures.

#### ACCURATE TIMING

AMPEX split-second timing accuracy protects your programs and commercials from embarrassing time overlaps.

#### • HIGHEST FIDELITY

Even when programs are repeatedly transcribed from one tape to another, there is no noticeable build-up of noise level, "wow" or distortion.

#### . LONG LIFE

AMPEX Recorders are designed and built for years of service dependability. Its recordings match established NARTB standards. When you have an AMPEX, you have a machine built for years-ahead performance

If you plan for tomorrow, buy an AMPEX today

#### editorial

#### **Prudent Programming**

'HE VOLUNTARY restrictions which WKZO-'V Kalamazoo, Mich., has imposed on crime rogramming and beer and wine commercials re a handsome example of self-discipline.

The example is the more significant for havng been set by a station whose president, ohn E. Fetzer, is chairman of the NARTB-TV lode Review Board.

WKZO-TV has reorganized its schedule to onfine crime shows to hours at which children re not apt to be in the audience and has limted the frequency and number of beer and vine commercials. The action was taken after careful analysis of audience mail, and as uch it represents the correct method of programming regulation, evolving from the will of the audience rather than the ukase of government.

We do not say that the WKZO-TV model should be precisely imitated by other stations, since conceivably the tastes of their audiences nay differ from the attitudes of those who riew WKZO-TV. The motivation behind the WKZO-TV restrictions, however, deserves praise. It combines self-discipline with enlightened self-interest.

#### Here's a Proposition . . .

IT WILL be the natural reaction of the nation's newspapers to circumvent, with every wily resource at their disposal, the offer by Broadcast Advertising Bureau to underwrite the research costs of a conclusive test of radio's ability to move goods for retailers.

The local retailer has been kept so long as Exhibit A in the newspapers' private preserve that newspapers are bound to resent, as a poacher, anybody who wants to let Exhibit A out.

In the past, newspapers have regarded every radio development as a death threat to themselves and have reacted with more violence than objectivity. If they will but examine the purposes of the new BAB offer, they may find t possible to treat it calmly.

In making the offer, Kevin Sweeney, BAB rice president, pointed out that the 200 ARBI comparisons of radio and newspaper retail advertising effectiveness indicated that the two nedia "seem to complement one another and should be used together for maximum coverage" [B•T, Oct. 20].

These are not the words of a spokesman of one enterprise which hopes to kill off another.

We venture that the major test which BAB lopes a big store or retail chain will underake (with BAB financing the research cost) vould only prove out what already is indicated.

Now if newspapers really believe in their wn promotion, they should not be seriously vorried over the outcome of an honest job of omparative research. No one imagines for a noment that a comparative test would suggest he elimination of newspapers from a retailer's chedule.

What it would probably show is that the dvertiser should distribute his budget between ewspapers and radio, if he wants to get the

most out of his advertising dollar.

Presuming that newspapers are interested in improving the efficiency of retail advertising and thereby strengthening the financial status of retailers in their communities, we suggest that newspapers not only should refrain from attacking the test which BAB proposes but indeed should actively assist in conducting it.

BAB's counterpart in the newspaper world is the Bureau of Advertising of the American Newspaper Publishers Assn. Why shouldn't the Bureau of Advertising, which has a much larger budget than BAB's, chip in on the expenses of the test and participate in supervising it?

It would be revolutionary, we must admit. But it would also be intelligent.

#### Timing When it Counts

WHATEVER the outcome of tomorrow's elections, it is not mere optimism to hope that they will result in a clarification and improvement of the basic law governing political broadcasting.

In the 1952 campaigns, as in no others of the past, politicians realized the power of radio and television. What is more important, they began to understand the almost intolerable difficulties imposed upon broadcasters in an election year. Some of the difficulties were illustrated in the Volunteers for Stevenson complaint to the FCC regarding the alleged Republican blitz, the cancellation of a scheduled telecast by Senator McCarthy on KING-TV Seattle, the complaint to the FCC by the Progressive Party charging stations had violated the law by refusing to carry a speech by the Progressive Presidential candidate.

Enough of these problems have come up during this campaign to make politicians of both major parties acutely aware that an overhauling of the political broadcasting law is needed before another political season arrives.

We have reason to believe that at the next session of Congress the legislators will be receptive to suggested changes in the law. There will be a chance for broadcasters to present their case to a far more interested audience than they have heretofore been able to summon in either House or Senate.

It is a chance they cannot afford to squander. They must begin work now on proposed legislation which will improve their own lot in political years and yet will be acceptable to Congress

At the last session, it will be recalled, at least four different amendments to the political broadcasting section of the Communications Act were offered, but none survived. For the long-run benefit of broadcasters, it is probably just as well that all these pieces of legislation died, for although each had its own merits, each also had defects that could have added to the broadcasters' burdens.

All had one characteristic in common. They were drawn up in haste and without adequate consideration.

The next proposal to correct the law must not suffer from these shortcomings. If work is begun at once on framing proposed legislation, there will be time to prepare it carefully for introduction at the next session.

It is a job which should be given highest priority by the NARTB and the most skillful and experienced legal advice it can draw on. For once, the Congress will be not only willing but actually eager to listen. What it hears had better be good.

JOYCE CLYDE HALL

HE "HALL" in the Hallmark Greeting Card Co. is a rangy, soft-spoken individual who set out to create a brand-name preference for his firm's product despite warnings from the experts that his advertising dollar would benefit—not only his own Hallmark cards—but those of the entire greeting card industry.

But Joyce C. Hall knew what he was about and with steady growth, his company by 1943 was the unchallenged leader of the industry. Hallmark employs more than 2,800 persons at its main headquarters in Kansas City, Mo., and at branch plants in Kansas and Missouri.

The Hallmark president had requested three of the nation's leading advertising agencies to survey the market for him. The agencies came to the conclusion that a greeting card was such a personal thing—an expression of friendship and sentiment—that it would be hard to advertise a brand name effectively.

President Hall recalls: "They said our ad-

President Hall recalls: "They said our advertising also would benefit other greeting card publishers, but we felt this was all right. For in addition to establishing a brand-name preference for Hallmark Cards, we were interested in building up the quality greeting card market—a development that we felt had to go hand-in-hand with the progress of our company."

Network radio was chosen by Mr. Hall to tell the story of Hallmark Cards to the nation, after his careful review of all media. Mr. Hall says:

"Our first radio program was the Tony Wons Show, on which Tony Wons read poetry—and sentimental verses from Hallmark Cards. The show was a definite success. Tony Wons acquainted millions of Americans with the variety, beauty, convenience and good taste of Hallmark Cards."

A number of radio programs since then have been sponsored by Mr. Hall's company, including the Charlotte Greenwood show, the wartime Meet Your Navy Show, the Hallmark Radio Readers' Digest and the current Hallmark Playhouse (CBS Radio 9-9:30 p.m. Sunday).

This month, on Nov. 23, the Hallmark Hall of Fame returns on NBC-TV, replacing the summer television program, Hallmark Theatre. Hall of Fame dramatizes high points in the lives of famous persons. During the past season on two occasions Hallmark sponsored the hour-long Amahl and the Night Visitors, composed and directed by Gian-Carlo Menotti. The opera's Christmas Eve performance re-

#### LAB TO CONVENE

#### Thursday at New Orleans

FALL MEETING and election of officers of the Louisiana Assn. of Broadcasters is set Thursday in New Orleans, according to LAB President George H. Thomas, KVOL Lafayette. The meeting will close with a dinner dance at the Jung Hotel that evening.

Featured speakers will be Carl Haverlin, BMI president; Richard P. Doherty, NARTB Employe-Employer Relations director; Henry Clay, NARTB Sixth District director, KWKH Shreveport; Max Thomas, Louisiana Press Assn. president; Thad Holt, WAPI WAFM-TV Birmingham, and others.

#### WLIB Block Increase

WLIB New York has revealed that business for its Negro programming block is up 29% for the third quarter of this year as compared with the same period last year. New accounts for the Negro programming, which runs from 7 a.m.-12 noon daily and 2-6 p.m. EST Saturdays, include Grove Labs., Miles Labs., Red Cross Salt and Black Draught Cough Syrup.

#### PSI-TV PLANS Setup Nears Completion

PHYSICAL organization of PSI-TV will be completed as soon as production studios in New York and Hollywood are acquired, Paul White, president, announced Tuesday before leaving for a business trip to Europe.

"Our schedule is well ahead of that announced two years ago," Mr. White said. "We are in negotiations for studios in Hollywood and New York. In addition to executive offices in New York, we have a separate film center, also in New York, and sales offices in Boston, Chicago, Beverly Hills and London."

Mr. White said PSI-TV had completed arrangements with Gavelord Hauser, author and lecturer, for a new series of quarter-hour TV films and radio transcriptions. Another PSI-TV film series, Play of the Week, will go into production shortly, Mr. White added.

While in Europe, Mr. White will inspect first rough cuts of Orient Express, a film series being produced on location in Berlin, Paris, London, Rome and Istanbul, and also plans to arrange for distribution of his company's film series in England.

(Continued from page 27)

later under sponsorship of Admiral Corp. Heading overall operations will be Thomas Velotta, vice president for news and special events at ABC radio, assisted by John Madigan, ABC-TV director of news and special events, and Don Coe, ABC radio director of news and special events.

Forty commentators, comprising a radio-TV team, have been lined up for the night, including Walter Winchell, Drew Pearson, Elmer Davis, John Daly, Mary Margaret McBride, Martin Agronsky, Dr. George Gallup, Paul Harvey, Quincy Howe, George Sokolsky, Ted Malone, Leo Cherne and Walter Kiernan. ABC will have a staff of 300 at its New York headquarters.

#### DUMONT

DuMont will use CBS-TV's Westinghouse coverage of the election on its three O & O stations plus WGN-TV Chicago, beginning at 9 p.m. From 8:30-9 p.m. election night, DuMont will present the Keep Posted forum program with Martha Rountree and Lawrence E. Spivak as moderators. Archibald Crossley, John Roosevelt and James A. Farley will discuss the topic, "Who Will Win - Eisenhower or Stevenson?"

Election night broadcast will be made available by all networks to Armed Forces Radio Service for transmission to U.S. troops overseas and to all naval vessels at sea.

Returns will be broadcast all over the world in 46 languages, starting at 7 p.m. Tuesday and continuing to Wednesday morning, by the Voice of America. A staff of 300 announcers, reporters, technicians and special correspondents will assemble material and broadcast it from headquarters in the General Motors Bldg. in New York. The Voice will have at its disposal the facilities of the major press services and radio networks. Special repetition patterns have been worked out for broadcasts beamed behind the Iron Curtain, to circumvent Soviet jamming.

Other broadcasts around the world will be over the short-wave station, WRUL Boston, starting at 7 p.m. and lasting until 5:30 a.m. Wednesday. The program will be presented on three wave lengths: 6.015 mc in the 49 meter band, which beams directly to Europe, and 9.585 mc in the 31 meter band and 11.79 mc in the 25 meter band, which are beamed at the western hemisphere especially, but reach other areas of the globe, including parts of Africa.

GENERAL Foods Corp., New York, has announced net sales for six months ending Sept. 30 were \$324,-243,438 compared with \$283,640,951 in same period of 1951. Six month net earnings were \$11,032,097 equal to \$1.91 per common share as against net earnings of \$8,613,071 or \$1.47 per common share in the same period last

#### Network Election Plans 770 KC CASE

WJZ New York has petitioned FCC to reconsider its Sept. 30 action further extending the special service authorization of KOB Albuquerque to operate on WJZ's clear channel 770 kc [B•T, Oct. 6]. ABC's key outlet, WJZ urged the Commission to end the 11-year "temporary" tenure of KOB on 770 kc by requiring it to return to 1030 kc, its licensed channel on which it has not operated in order to protect WBZ Boston.

KOB's frequency problem grew out of the 1941 reallocation of U.S. standard stations according to the provisions of the North American Regional Broadcasting Agreement. FCC's Sept. 30 action also included consent to amendment of KOB's application to show Time Inc. and ex-FCC Chairman Wayne Coy as new owners and removal of the case from the pending file to proceed "as expeditiously as possible" to render a proposed decision.

WJZ requested that (1) the sixmonths' extension of the SSA for KOB be set aside; (2) KOB be ordered to return to 1030 kc (with such extension for 48 hours on 770 kc as may be needed to adjust KOB's transmitter); (3) that the 770 kc record compiled in 1945 be dismissed or returned to the pending file to await a decision in the clear channel proceeding; and (4) KOB and WBZ be ordered to show cause why they should not afford each other substantial protection on 1030 kc. The 1945 hearing involved KOB's bid for regular license on 770 kc.

#### Cites Court Opinion

WJZ pointed out that the court opinion of July 19, 1951, which remanded the KOB case to the Commission, "makes it clear that the Commission has adequate legal authority" to return KOB to 1030 kc "'temporarily' even over WBZ's protest," pending solution of the case.

A "more permanent solution (pending the outcome of the clear channel decision)," WJZ's petition said, "would be to order KOB and WJZ to show cause why they should not modify their operations to provide substantial protection to each other. . . Both WBZ and KOB would in this way be able to serve substantially the same areas they now serve."

WJZ explained "the costs to KOB of adding one tower and to WBZ of moving one tower" to effect the mutual protection "would be insignificant compared with the losses which KOB's illegal operation has caused WJZ over the past 11 years. Such operation on 1030 kc would be in accordance with all Commission rules and would not require further 'exceptional' action. It would not prejudge the clear channel case. It would carry out the court's mandate calling for a prompt solution expeditiously reached."

#### WITH EFFICIENT NEW ALTEC CONSOLES

The Altec 250A and 230B consoles represent a new quality standard for speech input equipment. Their frequency response, noise level and low distortion more than meet the most stringent broadcast requirements. They are compact and completely self-contained, without external power supplies, junction boxes or other equipment. Flexibility, compactness, accessibility and ease of operation are just a few of the outstanding features of these new consoles.

control the 250A Console is the finest unit ever made for AM, FM or TV studio use. Its compactness is made possible by the use of newly designed miniature plug-in preamplifiers, line amplifiers and power supplies. The preamps are only 1 % "x4 $\frac{1}{4}$ "x9". The line amplifiers and power supplies are 2%"x4%"x9". You will find that the new Altec 250A Console leads to better control, more economical operation.

Frequency Response (± 1 db 20-20,000 cycles) Very low distortion Very low noise level As many as 12 balanced line mike inputs (mix 7 simultaneously) - line inputs
4 utility inputs } (mix 4 simultaneously)

Miniature plug-in amplifiers and power supplies Color coded controls according to function Two output channels with illuminated VU meters Complete patching panel Only two amplifier types, three tube types **Built-in tube checking facilities** Compact (36" x 31" x 55" including desk)

by four mixing controls and four line inputs controlled by two mixers. Its low height (9%") provides maximum studio visibility. The controls are color coded and all parts are readily accessible. No other console in its price range offers as much as the Altec 230B.

#### OBA FALL MEETING

Chairman Walker to Speak

FCC CHAIRMAN Paul A. Walker, honorary member of the Oklahoma Broadcasters' Assn., leads the list of speakers to address the association's fall meeting in Norman, Nov. 18-19.

Special sessions are planned on sales, announcing, news, sports and community relations. Broadcast executives are urged to bring along members of their staffs in order that they may attend the workshop sessions. Allan Page, KSWO Lawton, Okla., and president of the association, suggests early registration be made with John B. Freeman, of the U. of Oklahoma.

NIMO PAUL, creative musical head of Phil Davis Musical Enterprises, N. Y., has just completed a symphonic poem entitled "The Cycle."

## air-casters

**■ ERRY LEE PECHT** appointed program director, KFMB San Diego.

LYNN MORROW, director of public relations, WTVJ (TV) Miami, named to new post of merchandising directhere, assisted by GENEVIEVE ANN GEISS, director of media, Grant Adv., Miami.

LEO GUILD, national syndicated columnist, Warner Bros., Burbank, to KLAC-AM-TV Hollywood, as publicity director.

PHIL ALAMPI, farm director, WJZ New York, named to National Garden & Honie Food Preservation Advisory Committee to serve for 1953.

#### **Baked beans in Boston-**chili con carne in Texas

To capitalize on regional tastes and preferences spot radio does a job, say Printers' Ink Editors.

Since the release of Printers' Ink's "National Spot Radio" report, radio stations across the country have solicited and sold spot campaigns to many local, regional and national advertisers.

Reprints of this remarkable study are now in the hands of hundreds of Radio executives. And advertisers tell us that it has helped them to a better understanding of your medium.

In it our editors listed ten specific ways to use Spot. Specific No. 5, "To capitalize on regional tastes and preferences," points out clearly the differences every advertiser encounters. Baked beans sell well in Boston, but if you happen to make a good dish of chili con carne, Texas is a good place

In the Far West sport clothes are worn for work and play. Everybody wears seersucker clothes in New Orleans, but you don't see many suits of this material in New York. Spice sales in California are about twice the sales in the Middle West. They like their groceries hot out there.

Even programming changes from market to market. On a 500-mile trip in any direction your car radio will bring you a variety of shows. "Often one section will prefer one radio personality or type of pro-

gramming, and will turn a deaf ear to the darlings of other areas," wrote our editors.

has not settled down to telling our readers regularly about its station and market (more than 16,000 of our circulation are buyers of advertising) is in for a real surprise.

In Printers' Ink, the Voice of Authority, you can tell the advantages of a spot schedule built and released to capitalize on the tastes of your own region. Here, in one magazine, you can tell your story week after week, at a modest cost, to the buyers of advertising. Here, in one magazine, you plow up the market for your representatives and make your direct mail more effective.

We are ready to help you add new customers to your present list of successful accounts. When may we call and tell you our complete story? Contact any of our five offices, or write me direct.

> ROBERT E. KENYON, JR. Advertising Director

If you haven't yet seen the National Spot Radio reprint, I will be glad to send you one without charge. Additional copies 50¢ each.

YOLANDA TINI, Westinghouse Corp., to accounting department, KYW Philadelphia. CHARLENE MacGOWEN, WCAU that city, to KYW merchandise staff. BETTY DAVIDSON, Philadelphia Evening Bulletin, to KYW program department.

BERNIE LaPLANTE appointed sales promotion manager at WTAG Worcester, Mass., succeeding ED QUINN. JEANETTE BELTZ added to WTAG staff as special program assistant on Julie n' Johnny show.

EDDIE WAITKUS, Phillies baseball player, to sports staff, WPTR Albany, N. Y.

ANNE HAYES, director of women's activities, KCMO Kansas City, named first national honorary member by American Women's Business Assn.

JEAN HERSHOLT, star of CBS Radio Dr. Christian, named to Christmas Seal Fund Committee of L. A. County Tuberculosis & Health Assn.

LARRY SAUNDERS, announcer, WRVC Norfolk, Va., to announcing staff, WHYU Newport News, Va.

ALLAN BERG, program director, KALI Pasadena, to KRKD Los Angeles, as staff announcer and disc m.c.

JOAN SPENCER to music library, KSFO San Francisco.

AYCOCK, program director, WMFC Monroeville, Ala., to announcing staff, WABB Mobile, Ala.

HOWARD TINLEY Jr., announcer, WBTM Danville, Va., to WREV Reidsville, N. C., in same capacity.

JOAN MILLAR to WMTR Morristown, N. J., as advertising copywriter.

CLAUDE MERRITT to cast of Radio Rodeo on WOAI San Antonio, as featured vocalist.

HELEN STROHM, Hollywood juvenile radio actress, assigned role of Kathy on NBC radio Father Knows Best.

DORIS FOLK, traffic coordinator, KGO San Francisco, to KVSM San Mateo, in similar capacity. EDYTHE TRIMBLE BENNETT, commercial program director, WDSU New Orleans, to KVSM as Barbara Allen on Barbara Allen Show.

PAUL MASTERSON, disc m.c., KECA Los Angeles, father of boy, Paul Curtis, Oct. 22.

STEPHEN R. CALLAHAN, assistant chief of programming branch, AFRS Hollywood, father of girl, Teresa,

WILLIAM FROUG, CBS Radio network program supervisor in Hollywood, father of girl, Oct. 23.

DICK SMITH, program director, WORC Worcester, Mass., and Virginia Brown were married Nov. 1.

#### News . . .

PHIL BROOKS, KRKD Los Angeles disc jockey, appointed news editor.

BEN OMAN Jr., WORD Spartanburg, S. C., to WTAG Worcester, Mass., on news staff.

ED HAAKER, NBC foreign correspondent headquartered in Germany, to network's Western Div., Hollywood, as newscaster.

JEAN LEWIS, Mutual Central Div. press writer, and Harold R. Krefting were married in Chicago Oct. 4.

#### 'JUKE BOX' **WSB Polls Listeners**

WSB Atlanta, Ga., reports "amazing success and significant results" after applying a "Juke Box" radio concept to the program preferences of its listeners. The idea may even revolutionize program scheduling practices, the station feels.

WSB launched the experiment Oct. 13, asking listeners to phone in their preferences by program category between 5 and 9 p.m. for use at a later hour. Station reported total of 1,275 calls, with mystery-adventure and classical music formats running one-two. Sole promotion consisted of chainbreak announcements at half-hour intervals until 9 p.m.

Elmo Ellis, WSB program director, claimed results indicated people are "more interested in programming than they have had a chance to show." He termed the experiment an "ideal method" for programming schedules and said it goes a step beyond the ordinary survey.

"It gives you a chance to determine the success of a program idea before its presentation," he noted.

#### Fry's Fan

EDITOR:

There is no doubt that your story in the Oct. 27 issue was correct in stating Governor Stevenson's use of radio and television has been more effective than General Eisenhower's.

I had thought that this was probably due in the main to the superior skill of Ken Fry of the Democratic National Committee. Regardless of our political leanings, I think those of us in the business must admire Mr. Fry for his sensitive, imaginative and brilliant use of radio and television. I feel he has set new standards.

#### Political Pitfall

EDITOR:

The [implication] of favoritism in the current Presidential campaign . . . recalls to my mind a mess that I once innocently found myself involved in.

We had a local option election coming up in a West Texas county back in 1938. I, as commercial manager of a radio station, was approached by the wet forces who sought to purchase all available spot announcement and program times. . . This group was told by me that the dry forces would have to be furnished with the same facilities to argue their side, that

the time would have to be divided equally on a commercial basis.

The drys finally contacted me, heard the story, leaving my office saying they would be back to contract for the time periods. This they never did. When the set deadline was reached, a contract was consummated with the wets.

Then all hell broke loose.

The drys hit the streets with thousands of circulars containing a statement that our station had sold out to the wets, had refused time to the drys. . . . The prohibition forces of America, the Anti-Saloon League of America, the WCTU and the late Senator Shepherd of Texas, another leading prohibitionist, were brought to join the fight against our 100 w outlet. Through Senator Shepherd's effort, we received a "show cause" citation from the FCC. . . . There was plenty of anxiety before the whole mess was finally lived down. . . .

#### Great Day

EDITOR:

age of the biggest day that Shenandoah has ever experienced. We not only had the President of the United States as a guest of the annual Harvest Jubilee, to ride in our parade and make a speech, but we also had his bitterest rival and opponent [Sen. Robert A. Taft] to duplicate his actions, nearly, on the same day, in the same parade and on the same platform.

To my knowledge nothing like this has ever happened to a town before—especially a town of this size. Our cup would have been running over if we could have had them meet. But I suppose you can't have everything. . . .

Wip Robinson III News Editor KFNF Shenandoah, Iowa

#### KNEW COMPLAINT Against KXLY-TV Tower Site

COMPLAINT against permitting use of Mt. Spokane, 25 miles north of Spokane, Wash., by KXLY-TV [AT DEADLINE, Oct. 27] is based on two premises, according to the papers served on the Ed Craney-Bing Crosby TV grantee by applicant KNEW. It was held that construction of a TV tower would mar the beauty of the state-owned park, and also that the Browne Mt. site chosen by the KNEW applicant is superior to the Mt. Spokane site in coverage of the Spokane area.

In addition to KNEW, plaintiffs include a Mr. and Mrs. Sidney W. Streeter, owners of Browne Mt., which KNEW optioned for its TV site. If KXLY-TV is successful in transmitting from Mt. Spokane, KNEW said that it would have to join KXLY-TV there, due to the prestige involved. This would damage Mr. and Mrs. Streeter, in that they would lose their opportunity to sell their property because of competition from the state, the complaint stated. The summons and complaint were filed in the Washington State Superior Court in Spokane.

#### RADIO-TV TRADE PRACTICES FTC Plans Dec. Hearing

PUBLIC hearing on proposed trade practice rules for radio-TV manufacturing industry and related fields has been tentatively set by the Federal Trade Commission for mid-December, it was revealed last week.

This will be the final hearing on trade standards, with FTC soliciting comments and recommendations from manufacturers, dealers, distributors and other groups. A final draft then will be submitted to the full Commission for its approval and promulgation, probably sometime next spring. Hearing will be held around Dec. 15.

Two sets of rules, governing pricing, labelling and other practices, have been proposed already—one a staff draft by the Commission's Trade Practices Bureau and the other by an industry group. Hearings were held on both drafts. Present standards apply only to the radio industry and will be amended to encompass TV as well.

#### S-C Gross Income

STROMBERG-CARLSON Co., Rochester, N. Y., reported last week that gross income for the nine months ended Sept. 30 amount to \$31,333,382, compared to \$22,162,033 for the corresponding period last year (both figures including broadcast sales). Net earnings were \$779,604, or \$2.06 per common stock share, after provision for preferred dividends as against \$158,921, or \$1.17 a share, for the same period last year. Stromberg-Carlson operates WHAM-AM-TV Rochester.

#### WINN-COLONELS

#### McTigue to Air Baseball

PRESIDENT and General Manager Harry McTigue of WINN Louisville and the station's sports director, Jim McIntyre, will air play-by-play broadcasts of the Louisville Colonels baseball games next year. Mr. McTigue is a former sports announcer.

The WINN pair supplants Don Hill, who for 14 years was "Voice of the Colonels" on WAVE that city, which did not bid for the baseball broadcasts for next season because of network commitments. WAVE had carried the American Assn. club's baseball games recorded at 10:15 p.m., with Mr. Hill announcing.

Only other time-of-play broadcasts before the new WINN arrangements had been those by WRXW (FM), a WAVE affiliate which went off the air Sept. 22 [B•T, Oct. 6].

TITO GUIZAR, star of KTTV (TV) Hollywood's program, *Tito Guizar Show*, has signed an exclusive two-year contract with the station.

#### "GOOD NEWS" DAYENPORT IN 10WA

Sends 2,000 Sweaters to the Cleaners

Dry cleaners, Yerbury-Dana Co., with 3 stores, 4 routes serving Quint-Cities, has sponsored "Good News" on WOC since February, 1950... five 5-minutes weekly, with Mary Louise Marshall handling woman-slanted commentary.

Firm's only media advertising, "Good News," has increased business to extent that new finishing equipment had to be installed. Has sparked many special promotions . . . e.g.: last Fall, Yerbury made special dry cleaning offer on sweaters. Ordered 1000 cellophane bags for packaging these sweaters. Heard there was shortage of such bags, so ordered additional 1000 from another firm.

Both supply houses delivered; Yerbury had 2000 bags on hand—plus doubts that there were that many sweaters in area needing cleaning.

BUT "GOOD NEWS" TURNED THE TRICK. Helped deliver the necessary customers in less than 3 weeks ... and there were 2000 freshly cleaned in the Quint-Cities. Take your cue from Yerbury-Dana ... buy at their local "cash register level" and you'll buy on this station.

#### KPAC PETITION

#### Would Enlarge Hearing Issues

PORT ARTHUR College, licensee of KPAC Port Arthur, Tex., and applicant for vhf Channel 4 there, petitioned FCC last week to enlarge the issues in the competitive hearing on that channel so as to require comparison of Port Arthur and Beaumont under Sec. 307(b) of the Communications Act. The section calls for fair and efficient distribution of facilities among the states and communites.

Other applicants for Channel 4 there include Smith Radio Co., Port Arthur, and Lufkin Amusement Co., Beaumont. They are also parties to the hearing. KPAC noted the two cities are 15 miles apart and are distinct and separate communities, hence the applicability of the Sec. 307(b) issue as allowed by FCC in the Channel 21 hearing for Portland, Ore., and Vancouver, Wash. [BoT, Oct. 13]. KPAC also asked FCC last week to accept amendment of its Channel 4 bid so as to increase daily hours of operation from 61/2 to 161/2 and change estimated cost of construction from \$289,128 to \$320,128.

#### Air Coach Agency

COMPLAINTS that a Buffalo user of radio time, Royal Air Coach Agency, failed to provide air transport reservations purchased from it, have been referred to Civil Aeronautics Board by the Buffalo Better Business Bureau. Similar types of complaints involving freelance ticket agencies have been received by BBB branches in Boston and Chicago.

## "HE SAID OVER 15,000,000 PEOPLE COULD BE WATCHING US TONIGHT!"

As of September 22, 1952, the stations listed at the left cover nearly five million television homes — offer a potential audience of perhaps 15,000,000 viewers, or nearly 10% of the United States' total population.

Actually, of course, no advertising medium ever reaches its total "potential" audience. But if you would like some conservative and reliable figures — and costs — for actually reaching television viewers in any or all the markets at the left, we have them for you. A lot of conscientious work has gone into this research. You'll be interested!

## HELICAL DESIGN MAY BE APPLIED TO VHF ANTENNAS

## Many Advantages Seen In New Application to VHF High Channels

A new twist is being used in development of the VHF high gain Helical TV antenna. Heretofore, most UHF advancements stemmed from VHF developments. This is one instance where the procedure is being reversed.

#### Design Used For VHF

General Electric engineers, realizing the effectiveness of the UHF helical design, are investigating its adaptation to VHF- high channels. Distinct advantages of this application would be: (1) very high gain per antenna bay—tests now indicate this gain might be as much as 4 per bay; (2) a single feed point per bay to eliminate a multitude of complex adjustments; and (3) application will find itself particularly useful since many stations at the same location would be able to stack or combine their antennas on the same tower.

#### G.E. equips highest transmitter in the country

New 5 kw transmitter and 3-bay antenna installed on mountain 9,054 ft. above sea level

The highest television transmitter in the country has just been installed by Station KSL-TV, Salt Lake City, Utah. The G-E 5 kw VHF transmitter and 3-bay antenna have been put on top of 9,054 ft. Coon Peak in the Oquirrh Range. The tower is 370 ft., bringing the combined total elevation to 9,424 ft. above sea level.

Vince Clayton, chief engineer for Station KSL-TV said, "On-theair operation confirms our judgement that G-E equipment would perform most satisfactorily at our high altitude and under our extremely adverse weather conditions. We were also after wider coverage—and, again, General Electric filled the bill!"

## NO RETUNING NEEDED AFTER WHEN-TV MOVES TRANSMITTER

Station Manager Applauds G-E Equipment Performance

In a letter to W. R. G. Baker, General Electric Vice-President, Paul Adanti, Station Manager and Vice-President of WHEN-TV Syracuse, told an out-

Paul Adanti

standing equipment performance story resulting from the station's recent move.

Mr. Adanti said, "On the night of September 6th, a crew of your engineers together with our people, moved our four year old G-ETT-6D transmitter from our Court Street studios to Sentinel Heights, a distance of approximately nine miles.

"There are several things about this move I should like to call to your attention. In the first place, under the supervision of your men, the move was completed in approx-

imately nine hours from switch-off to switch-on, a feat which enabled us to make the change of location with no loss of air time. The second, and in my estimation, the most important thing, is that after being banged and bounced and otherwise subjected to treatment I'm sure your design engineers do not list under 'normal operating conditions', that four year old transmitter not only produced a perfect picture as soon as power was applied, but the meters registered the same readings as before moving, even though the transmitter was not retuned!

#### **Crew Praised**

"Finally, and by no means least, the General Electric engineering crew in charge of the move was tops and handled all the details smoothly, efficiently, and skillfully."

#### Wells R. Chapin

After 32 years of amateur radio operation, Wells R. Chapin counts as many friends in that chosen field as in the business world.

Wells R. Chapin

A graduate of St. Louis University, Mr. Chapin has many years of experience in nearly all phases of commercial and military electronics. He was chief engineer of station WIL in St. Louis for a year and a half prior to joining General Electric.

#### War Experience

During World War II he worked as a field engineer for the Raytheon Manufacturing Co. His experience includes work on radar, sonar, and radio communications and the problems allied to using this equipment on airplanes and ships.

FCC Adds 10, Post-Thaw Total 92

## **GRANT TEMPO RISES**

INDICATING FCC's temporary "speed up" processing plan of Oct. 15 is beginning to take effect, the Commission last week issued grants for 10 more new TV stations, including eight uhf and two vhf outlets. These authorizations boost post-thaw permits to 92 and the total number of TV stations in the U. S. to 200.

Of the 92 post-thaw construction permits, 83 are for commercial stations and 9 for noncommercial, educational outlets. Of the 200 stations now authorized, a total of 110 are operating, including two post-thaw stations.

Applications newly filed since April 14, when FCC issued its Sixth Report and Order lifting the TV freeze, plus amendments of prethaw bids now pending, total in excess of 760, the Commission reported last week. Some 460 are for vhf stations and more than 300 are for uhf, the report said.

An unofficial check of applications now designated for hearing or notified shows nearly 190 bids contesting for about 80 channels in 50 different cities. Hearings for a few of these cities are already underway and several others are to begin in the next few weeks (see story, this page).

#### Hearing Backlog

The temporary speed up plan, announced in September and effective Oct. 15 [B•T, Sept. 22], seeks to expedite processing of applications for uncontested channels in cities presently without service. FCC ruled to suspend, for a limited time, further processing of contested channels when they are reached on the city priority lines in view of the large backlog of hearing cases already in hand. Cases already set for hearing will be worked on in the interim, however.

Last week's authorizations, including one to WEST Easton, Pa., for uhf Ch. 51 at Bethlehem, Pa., to which three Commissioners dissented, were as follows:

Little Rock, Ark. (City priority Group A-2, No. 27)—Great Plains Television Properties Inc., granted uhf Ch. 23, effective radiated power 17.5 kw visual and 9.9 kw aural, antenna height above average terrain 510 ft.

Sioux City, Iowa (Group A-2, No. 39)—Great Plains Television Properties Inc., granted uhf Ch. 36, ERP 18.5 kw visual and 10.5 kw aural, antenna 530 ft.

Charleston, S. C. (Group A-2, No. 55) WCSC Inc. (WCSC), granted vhf Ch. 5, ERP 100 kw visual and 50 kw aural, antenna 310 ft.

Pueblo, Col. (Group A-2, No. 63)—Star Broadcasting Co. (KCSJ), granted vhf Ch. 5, ERP 12 kw visual and 6 kw aural, antenna 260 ft.

Atlantic City, N. J. (Group A-2, No. 66) — Neptune Broadcasting Corp. (WFPG), granted uhf Ch. 46, ERP 18 kw visual and 9 kw aural, antenna 430 ft.

Muncie, Ind. (Group A-2, No. 67)— Tri-City Radio Corp. (WLBC), granted uhf Ch. 49, ERP 16 kw visual and 8.1 kw aural, antenna 500 ft.

Asheville, N. C. (Group A-2, No. 72)

—Radio Station WISE Inc. (WISE),
granted uhf Ch. 62, ERP 23 kw visual
and 13 kw aural, antenna 1,140 ft.

Waterbury, Conn. (Group B-1, No. 7)—WATR Inc. (WATR), granted uhf Ch. 55, ERP 245 kw visual and 125 kw aural, antenna 800 ft.

Battle Creek, Mich. (Group B-1, No. 15)—Booth Radio and Television Stations Inc., granted uhf Ch. 64, ERP 24.5 kw visual and 14 kw aural, antenna 230 ft.

sion set aside its order of July 23 staying the effective date of its July 11 grant of a construction permit to WKNB New Britain, Conn., for uhf Ch. 30. FCC ordered that the permit be issued, effective immediately. The stay order had been issued in connection with uhf channel reallocations in other cities to correct deficiencies in the Sixth Report [B•T, July 28].

FCC also announced grant of the request of KGMB-TV Honolulu for special temporary authority to commence interim operation on a commercial basis Dec. 1 on Ch. 9 with ERP of 500 w visual and 250 w aural from a single-bay antenna atop KGMB-AM's existing tower. The STA is good until April 1, 1953.

KXOA Sacramento, Calif., former Ch. 10 applicant, was notified its amended bid for Ch. 3 has been set for hearing with applications of KCRA and KROY scheduled

Nov. 17 at Washington. W. S. Butterfield Theatres Inc., former Ch. 16 applicant at Flint, Mich., was advised its amended bid for Channel 12 must be consolidated with bids of WJR Detroit and WFDF Flint, also seeking Ch. 12 at Flint, scheduled Nov. 17 at Washington. This leaves unopposed the Ch. 16 application of WTAC Flint, with which Butterfield earlier had been set for hearing Nov. 17.

KDZA Pueblo, Col., was asked by the Commission to furnish additional information on financial qualifications and engineering data respecting its Ch. 3 application.

By memorandum opinion and order, the Commission denied a second petition of WISC Madison, Wis., seeking further reconsideration of the Sept. 22 denial of WISC's request that vhf Ch. 3 now assigned to Madison for commercial use be switched to educational use and that uhf Ch. 21 reserved there for education be made commercial. WISC desired that all three uhf facilities there be commercial. Comr. Hennock and

(Continued on page 108)

#### HEARINGS FACILITIES

POST-THAW comparative television hearings went into their fifth week before FCC examiners last week as the Commission, faced with commencement of several additional cases during the next fortnight, found itself without sufficient quarters to accommodate the proceedings.

By November 17, when hearings for five more communities are to commence, the Commission will have a total of 10 proceedings underway with another to begin Dec. 8.

Last week, Portland, Ore., Denver and Tampa - St. Petersburg hearings were in session in the Commission's existing hearing rooms. Three more rooms have been found at FCC's present head-quarters, it was reported unofficially, but there is only speculation now where the other four or five will come from when they are needed.

In the past, FCC has used rooms of the Interstate Commerce Commission, Labor Dept., Commerce Dept. and the Post Office Dept. for various hearings. It is believed the Commission will have to "borrow" such quarters again to take care of TV.

On Nov. 12, the Wichita hearing on Channel 3 is to begin, while on Nov. 17 the Harrisburg Channel 27 case is expected to get underway. On the latter date, FCC also has scheduled hearings for certain applicants in the following cities: Flint, Mich.; Beaumont, Tex.; Duluth, Minn.; Sacramento, Calif., and Fort Wayne, Ind. The Canton, Ohio, Channel 29 case is scheduled Dec. 8.

#### 12 Hearing Examiners Now

The Commission has an even dozen hearing examiners and has funds to name two more. These are enough to handle the cases for which dates have been thus far scheduled.

There is, however, a total of some 190 applications designated or notified for hearing in about 80 different channel competitions involving some 50 cities. Thus far, one examiner has been designated to hear

#### Is FCC Problem

all applicants for all channels in a given city.

Highlights of the Portland, Ore., Channel 12 hearing last week aftermath of the earlier unexpected resignation of the general manager of one applicant during the proceeding [B•T, Oct. 27]—included:

Further details concerning correspondence between the president of Oregon Television Inc. and the president of a Portland bank respecting latter's policy on bank officers making investments in competitive situations. Letter had been requested by the bank head.

Testimony by Russell M. Colwell, the bank officer who also is stockholder in Columbia Empire Telecasters Inc., that there is no bank rule precluding his TV investment. He volunteered that Oregon Television principals involved in incident "apparently did it with no malice and they are perfectly willing that I should be a stockholder."

Extensive cross examination of Columbia Empire witnesses who are also principals in *Portland*

C. SCHMIDT & SONS BREWING Co. of Philadelphia will sponsor The Abbott & Costello Show on WCAU-TV Philadelphia for 26 weeks. Celebrating contract signing are (I to r) Alex Griffin, radio-TV dir., Al Paul Lefton agency; Robert N. Pryor, v. p., WCAU-AM-FM-TV; Marvin Shapiro, acct. exec., WCAU-TV, and Bud Abbott and Lou Costello, stars of program.

#### **DENVER U.** Ignores Non-Commercial TV, Favors Business Approach Favors Business Approach

THE U. of Denver has adopted an official television policy which is based on cooperation with commercial television stations and ignores the availability of a non-commercial, educational channel reserved in its area by the FCC.

The university stated that its policy, announced last week, was based in part upon the assumption that its favorable experiences with commercial radio broadcasters would be repeated with commercial TV operators.

The university said that since it and commercial operators "are mutually concerned with the public interest, convenience and necessity, ways and means will be found for the finest possible relationship, guaranteeing to the people of our community the richest use of our resources toward the mutual objective of their cultural and intellectual enrichment through the medium of television."

Its own objectives in utilizing TV, the university said, would be threefold: To provide professional instruction in the field of communications, to provide adult education beyond the campus, and to keep the public informed of university activities

If it hews to its announced policy, the U. of Denver will not undertake a heavier programming load than it can produce with skill and finish. "The university will participate in televison programming only when it can do so on a basis that will produce excellent results consistent with the high standards of the university itself," its statement said.

Not only will the university cooperate with commercial telecasters but it also will offer its programs for sale to stations, agencies and sponsors.

The university said that "consistent with its belief in the Amer-

#### SCREEN EXTRAS

#### Support SAG in Break-off

SCREEN Extras Guild (SEG) board of directors, by unanimous vote, is supporting Screen Actors Guild (SAG) in its break-off of collective bargaining negotiations with American Assn. of Advertising Agencies and New York film producers over issue of additional payments to actors for re-use of TV film commercials.

"The unlimited use and overuse of filmed commercials, as practiced by the advertising agencies is unfair to all performers and unfair and insulting to all television viewers," the SEG board said. Other actor's unions and guilds also are being enlisted in active support of SAG's stand. They include American Federation of Television and Radio Artists, Actors Equity, Chorus Equity, American Guild of Variety Artists and American Guild of Musical Artists. All are members of the AFL Associated Actors & Artistes of America as is SAG.

ican system of broadcasting based upon the sale of programs to commercial sponsors, [the university] asserts that the commercial sponsorship of its programs is not only a proper and legitimate arrangement but also one at the moment best calculated to bring to the university the financial resources prerequisite to its optimum use of television."

The school, of course, will insist on the right to approve sponsors and to retain complete control over the content and presentation of its programs.

In working out cooperative arrangements with commercial stations, the university will ask the stations to provide mechanical and engineering resources for the in-struction of students. What the university hopes to achieve is a cooperative relationship that will give the commercial broadcasters programs and give the university practical workshops in which to train its students who are preparing to enter TV professionally.

The university intends to be strictly independent in its television policies. It said that although it had subscribed to the restrictive football television plan of the National Collegiate Athletic Assn., it did so of its own choice.

"The university has entered certain agreements with other institutions and organizations [the NCAA] in regard to the release of its program resources for television [football]," the policy said.
"It has done so freely, believing that for the present wisdom dictates this course of action.

"It declares, however, that it is unequivocally opposed to any condition which, through threat of retaliatory action on the part of other institutions or organizations, would impose upon the U. of Denver any loss of its freedom to pursue any course consistent with its own judgment of proper conduct in the public interest."

All U. of Denver TV activities will be coordinated by R. Russell Porter, chairman and coordinator of the radio department.

#### WNBK (TV) Sales Up

WNBK (TV) Cleveland reported last week that its local sales for 1952 have increased 62.5% over the same period in 1951. Charles H. Philips Jr., WNBK sales director, said also that the station's national spot sales are showing a 44% increase. Combined figures of local and national spots business show an overall increase of 47.8% over 1951 figures.

BROADCASTING . Telecasting

## FILM OUTLOOK 4 A's Weigh Current Problems

and use of television film were explored at the radio and TV production group meeting at the 1952 Eastern Annual Conference of the American Assn. of Advertising Agencies Inc., held at the Hotel Roosevelt in New York last Monday and Tuesday.

Speakers saw these topics as

stumbling-blocks that have arisen during the formative days of television's growth and offered various recommendations to meet them in a manner consistent with the conference theme of "Creative Progress Is Our Responsibility.'

Summarizing the problems that radio and TV personnel must solve to achieve "creative progress" was Lewis H. Titterton, vice president and director of radio and TV production for Compton Adv. Inc. Mr. Titterton, who presided at the session, subsequently outlined in detail the difficulties of effecting a wholly satisfactory solution with talent unions on production of TV film.

Basic disagreement at the present time revolves around the principle advanced by the unions of increased compensation for additional showings, Mr. Titterton declared. He claimed this principle is "brand new in Hollywood" and will create problems when the costs of a feature film, for example, are borne by sponsors other than the original advertiser.

"If the negative is to be encumbered by certain re-use payments," Mr. Titterton contended, "then the producer has to assess carefully the business risk involved in deferring his recouping part of his negative cost through re-uses of the picture under secondary sponsorship."

#### Differing Approaches

Mr. Titterton emphasized there was no unanimity of opinion among the various unions as to the method of implementing the re-use principle. He cited the case of the Screen Writers Guild, which up-holds indefinite re-use payments, in contrast with the Screen Actors and Screen Directors Guilds, which specify a cut-off point after which no further payments are required.

Mr. Titterton predicted that all parties concerned with the making of TV film would benefit by an agreement patterned after those effected by the Screen Writers and Screen Directors Guilds. But he warned that if writers balked at this approach, producers who must rely upon syndication to recoup part of their investment face even darker days.

The future outlook for syndicated films was pictured as "sunny" by David Sutton, vice president of MCA-TV Ltd. He declared there is a market for film which "by virtue of its quality and top stars is expensive." Mr. Sutton conceded that these programs initially met resistance from advertisers because they were costly, but said they soon won acceptance.

Mr. Sutton predicted that the syndication film field will flourish if the industry places the emphasis on "good taste, competence of production plus intelligence in distri-bution." He saw a need for enter-He saw a need for entertainment programs, including children's dramatic shows and family situation comedies, at a price economically feasible for both advertiser and syndicator.

Turning to the problem of finding new talent for television, Rodney Erickson, manager of radio and television contact service for Young & Rubicam, proposed a three-way cooperative effort by the networks, the sponsors and the talent agencies to meet this challenge.

He presided over a panel discussion of the problem by Charles C. Barry, vice president in charge of programs for NBC; Gail Smith, associate member of the advertising production division of the advertising department of Procter & Gamble Co., and Herbert C. Rosenthal, vice president in charge of television for MCA.

#### NBC's Talent Technique

The network approach to the new talent question as practiced at NBC, is met by the auditioning program, the comedy development program and several other projects in the formative stage, Mr. Barry explained. He said the auditioning department has more than 7,000 performers classified and tries to audition new talent to the fullest possible extent.

"Our comedy development program encompasses those comedians who have been screened by our auditioning department as possible comers," Mr. Barry continued. "We put them on programs in our theatres where we invite talent people, agency people and advertisers."

Mr. Smith, speaking for the advertisers, confessed that assistance for dramatic actors and actresses was a perplexing problem though his company was continually on the look-out for talent that might become a "personality." He said he tries to encourage young actors and actresses by using them in minor roles when the occasion is propitious.

Mr. Rosenthal advanced two recommendations for the development of new talent. One encompassed a commitment from all major networks to run a half-hour program, 52 weeks a year, on which aspiring performers could "expose" their talent. The other envisioned the use of new talent during the months of July and August.

During a question-and-answer period, Mr. Barry expressed the opinion that the new talent would come from the stage and nightclubs, rather than local television stations throughout the country. He said he based this contention on the realization that the local station did not have the money to experiment and attempt programs that were different.

#### Live Shows' Merits

In a discussion on costs, Paul Philips, radio and TV director of the Aitkin-Kynett Co., Philadelphia, defended the live show, rather than film, as the saviour of television's future, both on the national level and "to a very great degree on the local level." He urged creative programming and cooperation among station, agency and advertiser and cited case histories of success stories to support his contention.

The costs question was further explored by Arthur Bellaire, head of television and radio commercials for BBDO, and E. Carl Winckler, manager of production for CBS. Mr. Bellaire outlined methods by which old commercials could be re-edited and re-used, old industrial films could become part of a film commercial and shots in commercials that run over a long period of time could be repeated in later stages. Mr. Winckler illustrated the use of new production techniques to reduce costs and to en-

KGMB-TV Honolulu will become a CBS-TV affiliate Dec. 1 [B+T, Oct. 27]. At contract signing in New York were (I to r) Herbert V. Akerberg, vice president in charge of station relations for CBS-TV; J. L. Van Volkenburg, president, CBS-TV, and C. Richard Evans, vice president-general manager, KGMB-TV.

large the range of story material. He listed such developments as a special paint for use on new type of flats that results in cleaner pictures and an electronic process that creates rain with no water at

At an international advertising group meeting Tuesday afternoon, Alfred J. Scalpone, vice president of McCann-Erickson, reported on "Television Overseas-Its Problems and Its Opportunities." He declared that a tremendous advertising opportunity existed in South America but warned that "if you want to take full advantage of TV's opportunities abroad . . . you've got to continually help all phases of TV" there.

Entertainment was provided at Tuesday morning's session by NBC comedians "Bob and Ray" in a skit on how to become a successful junior advertising executive.

The two-day meeting opened Monday with a talk on "The Challenge of Creative Thinking" by Marion Harper Jr., chairman of the conference and president of McCann-Erickson. Other first-day speakers were Bayard Pope, vice president and account group head of BBDO, on "A Look at the Account Executive," and John P. Cunningham, executive vice president of Cunningham & Walsh and chairman of the AAAA board, on "The Creative Challenge in the Job A head."

At the two-day sessions were special panel discussions aimed at such specialized phases as mechanical production, research management and copy.

#### ABC-TV Signs KGMB-TV

KGMB-TV Honolulu will become an ABC-TV affiliate Dec. 1, its target date for commencement of operations, Alfred R. Beckman, national director of the ABC radio and TV station relations departments, announced last week. The station, assigned Ch. 9, is owned by Hawaiian Broadcasting System, licensee of KGMB, and is under the general managership of Vice President C. Richard Evans. Signing gave ABC its 67th affiliate, KGMB-TV also will be with CBS-TV [BoT, Oct. 27, also picture above].

AT premiere luncheon in New York for CBS-TV's Heaven for Betsy are (I to r) John Allen, manager, radio-TV shows for Lever Bros. Co.; Mike Roche, Lever general advertising manager; Jack Lemmons and Cynthia Stone (Mr. and Mrs. Lemmon), stars of show; West Woodbridge, Pepsodent advertising manager, and Len Erickson, vice president, McCann-Erickson. Lever sponsars shaw for Pepsodent and Shadow Wave.

# These for Tiv

GATES offers three speech input consoles that fully meet every TV need. Whether you select the ultra complete SA-50 dual channel equipment, the much used SA-40 single channel console, or the very popular 52-CS studioette, you can be certain of top quality through advanced GATES engineering. For 30 years now, GATES has been building fine speech equipment — and for TV there is nothing finer!

#### GATES SA-50 Dual Channel Console . . .

Nine mixing channels, dual program amplifiers, dual V. U. meters, 10 watt monitoring amplifier, self-contained cueing amplifier, five preamplifiers with room for two more where required. Complete remote, override, cueing and talk back facilities. Extremely low cross talk combined with high gain. Deluxe equipment all the way!

#### GATES 52-CS Studioette . . .

All GATES consoles have the same top quality components. This popular, modestly priced console is made possible by combining functions through key control. Many TV stations will prefer to use several 52-CS Studioettes instead of a single larger console. Every progressive TV engineer will find it worth while to investigate the 52-CS Studioette!

#### **GATES SA-40 Single Channel Console...**

Perhaps the most used speech input console in TV and radio today. Nine mixing channels, wide circuit selection, low cross talk, high gain and extreme ease of servicing are but a few of the SA-40's many features. GATES will gladly send detailed circuit data on request.

GATES Speech Input Catalog — Yours for the asking is a 44-page catalog on GATES speech equipment plus a new 12-page brochure on remote control apparatus. No obligation, of course. Why not write now?

# THEATRE HEARING

AT&T to Give Cost Data

hearings, which ended suddenly early last week, will be the submission by AT&T of costs and apparatus data requested earlier this year by movie counsel.

Telephone company promised a few weeks ago that it would submit answers to a long list of estimated requirements late this year. The information will be used to make a comparison with figures submitted two weeks ago by motion picture witnesses on estimated costs for exclusive theatre TV microwave hookups [BoT, Oct.

Curtain for the second phase of the FCC en banc hearings on the request for the allocation of theatre TV frequencies is scheduled to go up Jan. 12. At that time, Manfred K. Toeppen, Los Angeles cost consultant, will testify on overall costs.

Following Mr. Toeppen's testimony, it is possible that cross examination of engineering and cost accounting witnesses may be the first order of business. That may mean AT&T, which has had a battery of scientific and legal counsel observing the hearings, may be given the opportunity to present its side of the case.

Direct, formal policy presentation is scheduled to begin next January also. A long list of motion picture executives are scheduled to testify in support of their industry's request for an allocation of frequencies for theatre TV.

Requested was 360 mc in the common carrier 5925-6875 mc band for a six-system service, comprising two 30 mc channels for each service. An additional 60 mc was requested in the mobile services frequencies, for pickup purposes, on a share basis.

Last witness was Dr. John W. Clark, sales manager of Varian Assoc., Palo Alto, Calif. Dr. Clark testified there were available Klystron tubes capable of meeting the power and bandwidth requirements

# **MONRONEY SEES**

**New TV-Bred Politicking** 

TELEVISION will "make completely obsolete the old-type [Presidential] campaign and do away with whistle-stop politicking in the future," Sen. A. S. (Mike) Monroney (D-Okla.) has asserted. He spoke at the Advertising Women of New York's first fall luncheon meeting Oct. 21.

Agreeing in essence with Sen. Monroney's opinions of radio and television's strength as "the best medium for reaching the voting public," Republican Gov. John Lodge of Connecticut added that there is still great need for individual citizen enlightenment. He praised the efforts of the nationwide, non-partisan "Get-Out-the-Vote" campaigns.

Cost for the elaborate intercity and intracity microwave hookup suggested by motion picture witnesses for a New York to Washington nine-city theatre TV network, may be expected to be between \$50 and \$60 million to build and more than \$2 million a year to operate.

This is the best estimate of total costs, based on segment breakdowns submitted two weeks ago by movie witnesses.

The capital investment figure is based on an approximate \$6.5 million construction cost to link the following cities in a six-program service: New York-Trenton-Philadelphia - Wilmington - Baltimore -Washington, with feeders to Allen-

town - Bethlehem, Reading and Atlantic City. It also envisages a building cost of \$650,000 for program source links in five of the cities—New York, Philadelphia, Baltimore, Washington and Atlantic City.

Although the construction cost for linking up all indoor theatres in each of the nine cities could not be estimated, the detailed plan for hooking up greater Washington's 93 theatres was figured at \$1.5 million. Overall, approximately 1,500 theatres may be considered to be involved in the nine cities chosen as a sample theatre TV network.

Operating costs were based on a three-year amortization for capital equipment and on a six-hour daily operation.

# CHANNEL SWITCH

Chief Engineer Wins Battle With Elements

AT channel-switching ceremony were (l to r) Hal Condo, GE field engineer and Messrs. Latham, McElroy and Taft.

WKRC-TV Cincinnati switched from Ch. 11 to Ch. 12 Oct. 22 but only "after as pesky a group of problems as ever haunted an engineer's nightmare."

Chief Engineer George A. Wilson had to cope with rain, sleet, fog, broken parts, high winds and other obstacles before he could announce that everything was ready for the switch.

When Neil H. McElroy, president, Procter & Gamble, pushed a button to put Ch. 12 in operation, Engineer Wilson was sagging after 36 sleepless hours.

Hulbert Taft Jr., executive vice president, Radio Cincinnati, licensee of WKRC-TV, considered sending Mr. Wilson to a quiet South Pacific island to recuperate.

Trouble began compounding immediately after the start of the installation of a new 12-bay supergain turnstile. Rain and sleet made work inadvisable on the 545-foot antenna. Winds up to 50 miles an hour added further complications.

The target changeover date-

Sept. 27-passed. Each week thereafter was set as the changeover But each time mishaps pushed the date back.

Climax came Oct. 20. Just as WKRC-TV was taking full page newspaper ads to announce the change for the following day, the vital "T match assembly" was bent while being hoisted. After hours of work, it was straightened.

Then, after dark, it was sent aloft again. This time it caught in a girder and was broken beyond repair.

A hurried phone call to Syracuse was made to order a new part. An airplane took off and ran into 65-mile-an-hour headwinds. Meanwhile, Mr. Taft and U. A. Latham, WKRC-TV general manager, were directing switchboard operators who answered 6,000 inquiry calls. Mr. Wilson, General Electric Co. engineers and local technicians worked around the clock. At 7:27 p.m., Oct. 22, the switch finally was made.

## Hooper Adds 22

SUBSCRIBERS to the new Los Angeles and San Francisco TV-Area Hooperatings, as announced by C. E. Hooper Inc., include the following advertising agencies and agency branch offices:

agency branch offices:
Abbot Kimball Co., BBDO, Calkins & Holden, Carlock, McClinton & Smith, Campbell-Ewald Co. Foote, Cone & Belding, Hixson & Jorgensen Inc. Mays & Co. Adv., Walter McCreery Inc., Dan B. Miner Co., Roche-Eckhoff & Assoc., Barton A. Stebbins Adv. Agency, Milton Weinberg Adv. Co. and West-Marquis Inc., all of Los Angeles. Also BBDO, Brisacher, Wheeler & Staff, Foote, Cone & Belding, Honig-Cooper Co., McCann-Erickson, Richard Meltzer Adv. Inc., and J. Walter Thompson Co., all in San Francisco.

#### Amends Bid

W. S. BUTTERFIELD Theatres Inc., TV applicant at Flint, Mich., has petitioned FCC to amend its bid to specify vhf Channel 12 in lieu of presently requested uhf Channel 16. WFDF Flint and WJR Detroit also seek Channel 12 at Flint. There is only one other bid pending for Channel 16, that of WTAC Flint. WBBC there dismissed its Channel 12 application in September [B•T, Sept. 29].

#### N. J. GROUP

#### Named on Educational TV

APPOINTMENT of a 10-member commission on educational television in New Jersey was announced last Wednesday by Frederick M. Raubinger, state commissioner of education.

Group—which includes Allen B. DuMont, Allen B. DuMont Labs.; E. W. Engstrom, RCA Labs. Div., and Robert B. MacDougall, WATV (TV) Newark—is similar to the committee set up earlier this month for the State of New York by Gov. Thomas E. Dewey [BoT, Oct. 13].

New Jersey's group is to study the possibilities of educational TV and to submit a report by next Jan. 1. Six channels have been reserved for non-commercial television in New Jersey.

Other commission members are Mrs. A. Hobart Anderson, president. New Jersey Congress of Parents and Teachers; State Sen. Samuel L. Bodine; State Budget Director J. Lindsay de-Valliere; Charles W. Hamilton, executive assistant to the State Commissioner of Education; Assemblyman Thomas J. Hillery; Sampson G. Smith, County Superintendent of Schools, Somerville, and Herbert W. Voorhees, president, New Jersey Farm Bureau.

#### COLORCASTING

#### San Diego Applicant Set

PROPOSAL to "start right off with 30 hours" of color telecasting weekly upon beginning operations was made last week by T. B. C. Television Inc., applicant for vhf Channel 10 in San Diego [BoT, Oct. 27], if it is granted the channel. T. B. C. Television is the first applicant to propose color telecasting since lifting of the TV freeze by FCC on April 14.

In a statement to BROADCASTING • Telecasting, T. B. C. General Manager L. N. Papernow said his firm proposed 30 hours of color telecasting of a total of 91 hours weekly, "and we will go to 100% at the earliest possible moment."
T. B. C.'s application is mutually exclusive with those of Airfan Radio Corp. (KFSD) and Charles E. Salik (KCBQ). The statement: (1) Did not indicate how soon T. B. C. would go on the air in case of a grant, (2) expressed belief government restrictions on color equipment would be removed before any FCC hearing over the channel grant and (3) said T. B. C. did not anticipate network affilia-

#### Studebaker Plan

STUDEBAKER Corp., South Bend, Ind., reportedly may make a major entrance into network TV next year after its current 100th anniversary observance. Studebaker is expected to look for a prestige show of the non-variety, noncomedy type. Meanwhile, Studebaker dealers in Chicago have bought 20 spots weekly on WENR-TV (ABC) Chicago for minimum of eight weeks. Agency is Roche, Williams & Cleary, Chicago.

# DAY TV IMPACT

ADVERTISERS have at last found out how good daytime television really is, a discovery the home viewers made long ago, Craig Lawrence, general manager of WCBS-TV New York, said Thursday at a news luncheon in New York.

Last April, Mr. Lawrence said, WCBS-TV had 27 daytime clients, using 58 announcements a week. Today, he reported, the number of daytime advertisers has increased to 46, the number of announcements to 267. He credited much of the increase, which is running at the rate of \$1 million a year, to the station's "12 Plan" offering 45% discounts on daytime spots to advertisers using 12 or more announcements a week. The rest, he said, is due to an intensive WCBS-TV sales drive, pointing out the advantages of daytime TV.

Launched early in the summer [B•T, July 14], when 85% of daytime TV advertisers in New York were using three or fewer spots a week, the 12 Plan has encouraged advertisers to use daytime TV frequently enough to achieve real penetration with the 25% to 35% of the more than 3 million TV homes in the New York area, who see the advertiser's message twice a week on the average.

Tom Dawson, general sales manager of CBS Television Spot Sales, said that the success of the 12 Plan at WCBS-TV had led to the adoption of this or a similar daytime volume discount plan by all other TV stations represented by the network's Spot Sales division except WCAU-TV Philadelphia, and that station is going to begin such a plan soon, he said.

#### WNBQ OPEN HOUSE Draws More Than 300 Guests

BUYERS with a yen for television satisfied their video curiosity in Chicago last Wednesday and Thursday as they toured facilities of WNBQ (TV), the NBC station

More than 300 executives from advertising agencies and manufacturing companies in the area were guests at the station's first TV open house [BoT, Oct. 20].

NBC Chicago personnel, headed by Vice President Harry C. Kopf, were hosts. The special promotion was coordinated by John Keys, WNBQ promotion and advertising manager, and by George Heine-mann, TV program manager, working with John McPartlin, sales manager.

## Skippy Renews

SKIPPY Peanut Butter has renewed You Asked for It on ABC-TV (Sun., 7-7:30 p.m.), for 52 weeks effective Dec. 7. Agency is Guild, Bascom & Bonfigli, San Francisco.

# Special Release for Breweries ...

#### NEW CARTOON SERIES OF TV FILM COMMERCIALS!

Since ancient times, beer has played a prominent role in the life and pleasure of people around the world. A beer shortage, for example, was the key reason why the Pilgrims landed at Plymouth Rock! . . . Such highlights from history furnish the interest-compelling theme for the new series of Alexander film commercials for the brewery.

Thirteen 20-second and four 60-second films are included in the series, and are done in cartoon animation! The result is TV advertising that is packed with appeal and impact!

Available under a low-cost licensing plan, the films can be used at a fraction of their production costs. Breweries interested in sponsoring the series should act now, as display rights are allotted on an exclusive basis in each of the TV markets. . . . Write or wire today for full details!

DOROTHY SINCLAIR and Elementary School students. "Know Your Schools" KPRC-TV, 5:00 p.m. daily.

# The Hickory Stick-

... as a school room accessory, went out with highbutton shoes! Today's school room methods look to the future instead of the past. Today's children are taught by reason instead of rule. In Houston, children and adults alike look through the word "Education" and see the machinery that makes it work . . . look behind the vine-covered walls and examine techniques, observe activities, meet the educators.

From January 18 through July 4, 1952, KPRC-TV and the Houston Public Schools presented a total of 73 television programs designed to extend education in Houston beyond the borders of the school room. The series, entitled, "Know Your Schools," was conducted by the Supervisor of Television Programs for the Houston Public Schools, Dorothy Sinclair.

Mrs. Sinclair, acting under the direction of the School Board, utilized the facilities of KPRC-TV to present nine different types of programs: Interviews, with teachers, students, and personnel of professional, community and cultural agencies; Panel Discussions; Films of Activities Within Schools; Master Teacher Demonstrations (elementary, junior, and senior schools); Pupil Demonstrations, music, dance, civil defense, scientific and others; Exhibition, driving, home

economics, hobbies and others; *Dramatizations*, folk lore, citizenship, safety and others; *Musical*, instrumental, choral, ensembles and others; and *Film Discussion* groups.

A total of 529 school children from 38 schools, 45 school administrators and 61 teachers and principals plus 32 persons from community, cultural and other educational institutions took part in "Know Your Schools."

"Know Your Schools" makes no attempt to fabricate any program. Rather, it presents the schools as they are and situations as near reality as possible, striving to bring the schools to the people informally and naturally.

Another series of "Know Your Schools" is now under way. Each afternoon at 5:00 p.m. on KPRC-TV Dorothy Sinclair greets Houston televiewers with more information about the schools they support. Reporting, demonstrating, showing and interviewing, Mrs. Sinclair proves that Channel 2 in Houston is the direct path to community comprehension of its educational facilities and the stimulation of greater interest and cooperation throughout the community.

CHANNEL 2 . HOUSTON

JACK HARRIS, Vice President and General Manager Nationally Represented by EDWARD PETRY & CO.

#### **Hearings Facilities Problem**

(Continued from page 69)

Oregon Journal, part owner of applicant, respecting paper's financial qualifications.

Disclosure there have been informal talks on possible merger of the Journal and the Newhouseowned Portland Oregonian, with both sides deciding not to hold further "discussion" of the subject. Newhouse group owns KGW Portland, Channel 6 applicant.

The witness who resigned during the Portland hearing a fortnight ago was Walter J. Stiles Jr., general manager of Oregon Television, who had not yet been called to testify. He gave "personal reasons" for his action.

petitioned Oregon Television FCC last week to amend its application to show removal of Mr. Stiles as manager and show different stock distribution since he relinquished his subscription to 50 Oregon Television also shares. proposed to increase its board of directors from five to six members.

On Monday, Henry A. White, Oregon Television president, returned to the stand to relate further details of his correspondence with Frank Belgrano, president of the First National Bank of Port-

Earlier, it had been brought out that Julius L. Meier Jr., Oregon Television director, met Mr. Belgrano at a party Sept. 21 and Mr. Meier mentioned an amendment of Columbia Empire's bid showing the addition of Mr. Colwell, the bank official, as stockholder. Because of Mr. Belgrano's expressed interest, it had been related, Mr. White showed him a photostat of the amendment the next day and

upon Mr. Belgrano's request, wrote a letter inquiring as to the bank's

policy.
Mr. White, after reading his letter into the record last Monday, testified it was dated Sept. 22 whereas the copy shown him earlier by opposing counsel was dated Oct. 15. The letter to Mr. Belgrano

stated:

Our Washington lawyer, [Maurice] Barnes, who is processing our television application for Channel 12 here in Portland, has forwarded to us the amended application of Columbia Empire Telecasters Inc. showing change of ownership... by adding Portland people. We are very much surprised that (Wesley I.) Dumm of San Francisco has sold a portion of his stock to local people, probably in the attempt to strengthen their case by showing a larger percentage of local ownership. The original application reflected that Mr. Dumm had 60% of the stock of Columbia Empire and the Journal and KPOJ had the remaining 40%.

Included in this amended application is Mr. Russell M. Caldwell (Colwell), vice president of the First National Bank of Portland, who has agreed to purchase 6.67%...

We were rather surprised to learn that an officer of the First National Bank would be a party to this applica-

tion and are making inquiry as to whether or not this is the policy of your bank.

Mr. White also read into the record Mr. Belgrano's reply of Sept. 24 which stated bank rules forbid employes from becoming officers in other organizations without prior approval, but "while there is no specific reference to this matter in our rules, we do view with disfavor any investment made by any of our employes, and particularly officers, in any new undertaking or organization that may be in conflict or competition with any customers or friends of this bank."

"Does it make any difference to you personally whether or not Mr. Colwell is a stockholder in Columbia Empire Telecasters Inc.?" Mr.

Barnes asked.
"No, it does not," Mr. White testified.

In response to questioning by James Juntilla, FCC counsel, Mr. White said two other bank directors are interested in applicants "who have made proposals for channels other than Channel 12."

Hearing Examiner Elizabeth C. Smith, however, indicated she was not clear how this was material to the Channel 12 case.

#### Budget for Application

Under cross examination by Jack Blume, counsel for Columbia Empire, Mr. White testified Oregon Television budgeted "about \$38,000 or \$39,000" for prosecuting its application, including hearing costs.

"Do you expect that that sum will be somewhat increased over your original estimate?" Mr. Blume asked.

"In view of the extent of time involved here, it probably will be, I don't know," Mr. White replied. Of initial funds of \$55,000, he said, less than \$18,000 is now unex-

pended.

Harry Becker, counsel for Northwest Television and Broadcasting Co., third competitor for channel 12, noting Oregon Television's original application specified esti-mated cost of \$250,000 while an amendment specified \$558,600, asked, Mr. White, what happened ... that caused the estimated cost of operation for the first year to

go up roughly 135%
"As we analyze our project there, on the basis through our engineer, our business consultant and our counsel, it was determined that the figure referred to was not an adequate figure," the witness said.

"Did you conclude that after examining the applications filed by the other two applicants in this proceeding?" Mr. Becker asked.

"No, sir," the witness responded.

"Then your bid was not in the nature of an auction?" Mr. Becker

"No, sir," was the answer again.

Mr. Colwell was called to the stand by Mr. Blume to testify on the Belgrano matter. The witness, vice president of the First National

# NEW "FRONT PORCH" OF THE NATION

Television has brought campaigning a long way from 1920, when candidates campaigned from the front porch of their homes. Today, presidential candidates simply step before the television cameras and are seen and heard by many millions of people.

The first intercity network television broadcast using today's methods took place between New York and Philadelphia, only seven years ago. In the relatively short period since then, the Bell System has expanded its television network from coast to coast...so that 99% of

the country's television sets can receive the same program at the same time.

Such development, at such a pace, requires great investments of effort, ingenuity and money. Radio-relay and coaxial cable routes have to be built. Special equipment has to be designed, and special personnel trained to install, maintain and operate it.

Yet the cost of the service is low. Bell System charges, for use of its intercity network facilities, average about 10 cents a mile for a half hour.

BELL TELEPHONE SYSTEM

#### **Hearings Facilities**

(Continued from page 82)

Bank in charge of its investment department, related Mr. Belgrano "was quite concerned" over his interest in Columbia Empire and said he had "gone against the regulations of the bank." The witness said he replied "that I felt I had not."

He continued, "Mr. Belgrano then produced the regulation book ... and after spending considerable time in reading . . . advised me that he was wrong and that I had not violated any regulation."

Mr. Colwell testified he discussed his continued investment in Columbia Empire with Mr. Belgrano but no decision was given.

"What is your present intention with regard to continuing your investment in Columbia Empire Telecasters?" Mr. Blume asked.

"I sincerely hope if we are successful in getting this channel," Mr. Colwell replied, "that the powers to be in the bank will permit me to carry on and hold my stock, especially since the boys that have written the letters and talked to Mr. Belgrano apparently did it with no malice and they are perfectly willing that I should be a stockholder."

Mr. Colwell, to questions by other counsel, said his position at the bank is not in jeopardy because of the incident and his relations with Mr. Belgrano are "very congenial."

On Tuesday, Mr. Meier returned to the stand to relate efforts to obtain a general manager to replace Mr. Stiles. He testified:

place Mr. Stiles. He testified:

I would like to state . . . that the persons I contacted relative to recommending to Oregon Television qualified, competent personnel for our consideration were Joseph McConnell and Harry Bannister of NBC Television, after I found out Frank Folsom [RCA president, a personal friend] was still in Europe; [Herbert] Akerberg and Fritz Snyder of CBS Television; Ed Friendly Jr., national director of sales, ABC Television Network; and Dr. Allen B. DuMont, president of DuMont Labs. Each of these gentlemen assured methey would render full cooperation to our group and would submit names for our consideration.

Philip L. Jackson, editor and

Philip L. Jackson, editor and publisher of the *Journal* and president of its KPOJ there, testified on Tuesday and Wednesday. He is chairman of the board of Columbia Empire.

He was asked by Mr. Blume, "How much cash did you think it would take to get you into television when you filed the original application in 1948?"

"As I remember," the witness said, "we thought it might cost \$100,000 in cash and the rest would be in credit, but that did not turn out that way."

"What happened to the financial condition of the *Journal* and KPOJ in the period between 1948 and 1952?" his counsel inquired.

"For one thing, the Journal had to borrow a great deal of money for the new building," Mr. Jackson related, indicating a total of \$2.5 million was borrowed in 1948. "The escalator cost of our press went up from \$800,000 to about \$1,500,000 in the period between ordering it

HUMBOLDT J. GREIG (1), president-general manager, WHUM-TV Reading, Pa., which plans to begin operating Dec. 1 on uhf Ch. 61 with 260 kw ERP, discusses the station's coverage area with Frank Barnes, broadcast equipment sales manager for General Electric Co. GE reports it is supplying all station equipment for the Reading outlet.

and having it installed in our building," he continued, "and other cost estimates went up too, and we were forced to borrow."

"What security were you required to post in connection with those loans?" Mr. Blume asked.

"Everything the Journal had," the witness said, "including Mary Cullen's [KPOJ] kitchen stove." He explained KPOJ stock was included as security, but all voting rights were retained.

Mr. Jackson was examined by opposing counsel respecting the earlier testimony of William W. Knight, general manager of the Journal and vice president of the applicant. Mr. Jackson affirmed Mr. Knight's view that the financial condition of the paper is sound.

Mr. Knight, testifying Oct. 24, was cross examined on the Journal's balance sheet. Asked if he felt the firm is sound in view of the fact the ratio between total current liabilities and total current assets is 87%, he replied, "On the face of it, no, but I repeat that knowing the details as I do, the company's position is sound." He reported deferred liabilities are first mortgage 4.5% bonds, issued in 1948, at present totaling about \$1.9 million. Payment is \$18,000 a month, he said.

Mr. Becker, in questioning the witness, brought out that the *Journal's* monthly payroll is about \$320,000 and the firm's "cash situation" on Aug. 31 was \$297,000 plus and on Oct. 21 was \$326,000.

Mr. Becker on Wednesday asked Mr. Jackson if he had ever discussed with Samuel Newhouse the merging of the *Journal* and the *Oregonian*.

"We have talked with Mr. Newhouse but never gotten to the point of discussion," Mr. Jackson answered.

"How far did those discussions go?" the attorney questioned.

"To say that we would not talk," the witness replied.

"Did Mr. Newhouse ever make a definite offer for the Oregon Journal?"

"No," the witness said.

"Did you ever enter into discus-

sion as to how much more economic it would be to operate out of one plant?" Mr. Becker inquired.

"Yes, we have done that," the publisher acknowledged.

"In entering that discussion, what conclusions did you reach?" the attorney pressed.

"Mr. Newhouse would not act and we would not act," Mr. Jackson affirmed.

Choice of John Sullivan, Denver investment banker and prominent civic leader, as the seventh KOA director highlighted last week's testimony when the hearing for Denver's Channel 4 entered the final stretch. KOA is contesting with KMYR for the last remaining Denver TV channel.

Mr. Sullivan, who heads Bosworth-Sullivan & Co., was chosen at a stockholders meeting Friday in Washington. KOA is half-owned by a Denver group, headed by Mayor Quigg Newton, and half-owned by Bob Hope and associates. Don Searle, former ABC west coast network director, owns 6.67% of each class of stock. Mr. Searle is executive vice president and general manager of KOA.

The board was comprised of three Denver directors and three Hope directors, with the seventh to be chosen by the six directors.

Exhibits introduced last week showed that KOA plans to spend \$521,050.51 on construction of its TV station, with \$602,244.60 for operating costs the first year. A net loss of \$44,882.60 is estimated for the first year. Payroll amounting to \$271,688 is also planned. First rate card carries a \$500 Class A time charge for a one-

#### AFTRA L.A. Talks

WITH current contracts expiring Nov. 30, American Federation of Television & Radio Artists started negotiations Thursday with the seven Los Angeles television stations for a new basic agreement calling for an overall 20% wage increase and improved working conditions for talent and staff announcers.

hour live program.

The KOA exhibit also showed that Mr. Searle is a 40% stockholder in KMMJ Grand Island, Neb., and KXXX Colby, Kan., and is associated in an application for 950 kc in Columbia, Mo. He is also half owner of Searle & Parks, radio-TV package producer.

During cross-examination of KMYR's A. G. Meyer, allegation of hidden ownership was made by KOA counsel. It was claimed that he was a one-third owner of KMYR from 1941 to 1944, although FCC records showed F. W. Meyer reporting as sole owner during that period. It also was charged that he was named in a 1939 Securities & Exchange Commission complaint. A. G. Meyer suffered a heart attack as his cross-examination was drawing to a close and has been in Doctors Hospital, Washington, since.

In the Tampa-St. Petersburg, Fla., hearing for Channel 8, WTSP St. Petersburg General Manager Joseph Kelley was on the stand when the hearing was recessed until Nov. 12 due to a prior commitment of Hearing Examiner Basil P. Cooper.

# HEARING SPEEDUP Rule Changes Adopted

FIRST steps to simplify and speed up television hearings were taken last week by the FCC in line with suggestions developed at a series of conferences between the Commission and Federal Communications Bar Assn.

The cooperative discussions led to issuance of a report and order liberalizing rules on depositions by cutting down paper work. Another action specifies that Commission attorneys, in stipulations, henceforth will rely on information already sworn to in applications if such matter is not disputed by any party to a hearing.

Under the new rules a motion and order will not be required before depositions are taken, and the fixed time limits were relaxed.

In admission of depositions, the Commission adopted this step:

The provision that depositions of "parties in interest" may only be admitted in evidence upon a showing that "the witness is dead or seriously ill or that the requirement to produce the witness at the hearing would cause undue hardship." This provision was designed to exclude from our hearings, except in the circumstances enumerated, deposition testimony relating to controverted mat-ters of persons with a substantial interest in or who hold positions of responsibility with a party to the proceeding. The term "parties in interest," however, may be defined to include within it a larger group of persons than was contemplated. In addition the present rule does not permit the admission into evidence of a deposition where in view of the nature of the testimony no useful purpose would be served by insistence upon oral presentation at the hearing. The rules adopted herein relating to the admissibility of such testimony have been in light of these considera-

#### Mark Twain must have been referring to WSB-TV.

Because if anybody talks about the weather, we sure do! Six times daily, either as straight weather shows or as summaries included in news programs, WSB-TV provides this area with weather information. This long established service is another of the reasons why WSB-TV has such an overwhelming degree of audience dominance in the Southeast. If you are interested in weather or in news why not contact a Petry man? He might have something good for you.

World's largest TV tower, 50,000 watts, Channel 2. Affiliated with The Atlanta Journal and Constitution

<sup>\*</sup>Popularly attributed to Mark Twain, most authorities claim the expression originated with Charles Dudley Warner. Take your pick.

#### Dichter Says of TV It Bares Politician

(Report 240)

TELEVISION brings political life to its original emotional basis of personal contact, Dr. Ernest Dichter, psychological consultant and president of the Institute for Research in Mass Motivations Inc., reported last week in announcing results of a study on voting habits.

"Television has brought the candidate so close that he is unable to disguise sufficiently his full reaction to a situation," Dr. Dichter said. "The voter can tell when the candidate is tired, less enthusiastic than he might be, concerned about the effects of his words and in any way inconsistent with his verbal pronouncements."

#### CTPN Distributes First Rate Card

RATE CARD No. 1 of the newly formed Columbia Television Pacific Network has been sent to advertisers and agencies, James T. Aubrey Jr., general manager of KNXT (TV) Hollywood and CTPN, announced last Monday. Besides KNXT, stations in the regional network are KFMB-TV San Diego, KPIX (TV) San Francisco, KSL-TV Salt Lake City and KPHO-TV Phoenix.

Advertisers may buy four listed

station combinations using CTPN facilities. Charges for talent and production facilities vary with the type of program.

One-time charge for the various CTPN combinations for a half-hour, Class A, program follows:

No. 1: Statian time (KNXT and KPIX) \$1980. Cable charge \$125. No. 2: (KNXT KPIX KFMB-TV) \$2400. Cable \$165.

No. 3: (KNXT KPIX KFMB-TV K51-TV) \$2750. Cable \$380,

No. 4: (KNXT KPIX KFMB-TV KSL-TV KPHO-TV) \$2970. Cable \$500.

CBS Television Spot Sales represents CTPN nationally.

#### September Videodex Lists Top 10 Shows

TOP 10 network television programs listed by national Videodex Reports for the Sept. 8-14 period for both number of TV homes reached and percentage of TV homes reached in the number of cities indicated are as follows (in order listed):

#### NUMBER OF TV HOMES REACHED\*

No. Cities		Homes
Checke	d Program	(000)
57	Godfrey and Friends (CBS)	6,869

# '52 TV Advertising Listed by Rorabaugh

TELEVISION advertising for the first three quarters of 1952 is well ahead of such advertising for the comparable period in 1951, exclusive of political billings, N. C. Rorabaugh reports.

The Rorabaugh Report, issued last week, covers 104 stations in 63 markets.

For the third quarter of 1952, the report showed that there had been 145 network advertisers, 1,144 regional radio spot advertisers and 4,952 local-retail advertisers.

Studio location 1125 Colorado St. Transmitter location at intersection of State Highways 145 and 329. Geographic coordinates 40° 41′ 04″ N. Lat. 75° 31′ 20″ W. Long. Transmitter

and antenna RCA. [For application, see TV Applications, B.T. July 21.] City priority status: Gr. B-1, No. 6.

GALVESTON, Tex.—Rudman Television Co. Change to uhf Ch. 41 (632-838 mc): ERP 227 kw visual, 119 kw aural; antenna height above average terrain 469 ft., above ground 482 ft. Studio and transmitter location on State Highway 6, 14 mi. NW of Galveston. Geographic coordinates 29° 20' 59" N. Lat., 95° 01' 13" W. Long. [For application, see TV APPLICATIONS, B.T., Sept. 22.] City priority status: Gr. A-2. No. 58.

GREEN BAY, Wis.—Norbertine Fathers (WBAY). Amended application to change studio location to Bellin Bldg., Green Bay. [For application see TV APPLICATIONS, B.T. July 7.] City priority status: Gr. A-2, No. 73.

#### EXISTING STATION

Changes Requested
WCBS-TV NEW YORK CITY-CBS
Inc. vhf Ch. 2 (54-60 mc). Change ERP
to 41.7 kw visual, 20.9 kw aural. Antenna height above average terrain
1.300 ft., above ground 1,465 ft. Estimated cost of change \$109,266.

CRUSADE for Freedom, N. Y., moved headquarters there to 10th floor, 29 W. 57th St. Telephone is Plaza 3-5201.

SIGNING contract affiliating WBRE-TV Wilkes-Barre, Pa., with NBC-TV are (I to r) David Baltimore, son of owner who will hold an executive post; Sheldon B. Hickox, NBC-TV director of station relations, and Louis Baltimore, WBRE-TV owner-general manager. Station will operate on uhf Ch. 28. Target date is Dec. 15.

# KCJB CLOSED CIRCUIT TV BONUS

Gets Jump on Community Video, Trains Crews

TV BONUS for advertisers on KCJB Minot, N. D., is one way an AM operator can train a TV crew and also get the jump on community TV systems, according to John W. Boler, president of North Dakota Broadcasting Co., licensee of the Minot station and also of KSJB Jamestown, N. D. Both stations are TV applicants.

With camera and small crew, KCJB started telecasting closed circuit last July during State Fair week. Crew operated 13 hours daily, covered automobile races, livestock shows, the Midway, and highlights of the station's AM schedule which was originated at the fairgrounds. Subsequently, the telecasting was cut back to a nine-hour daily operation—from 11:45 a.m. to 6 p.m. and from 8 p.m. to 10:30 p.m.

Programs are mostly simulcasts—including coverage of disc jockey shows. Also covered are local sports and other events of topical nature.

Most of the station's 50 TV subscribers are Minot business establishments. If they are KCJB advertisers, they pay only \$100 installation fee; if not, charge is \$200 installation and \$25 monthly. Most such TV sets are in store windows. Home subscribers pay \$110 installation fee plus \$10 monthly; multiple home residences pay \$67.50 installation and \$5 monthly. Potential "circulation" is believed to be from 300 to 500 subscribers, Mr. Boler estimated.

There is no charge to KCJB advertisers; they get TV coverage as a bonus, according to Mr. Boler.

"We think we have the formula for small town TV," Mr. Boler said. "But we still have to prove it. So far with our closed circuit we are ahead financially. We are learning at the same time—so how can we lose?" Mr. Boler added:
"AM broadcasters who allow outside promoters to set up a [community TV] system in their communities will find that they have
made a grave mistake. It can be
operated very economically in conjunction with your broadcast station."

#### LIU CLASSES

#### Started at WCBS-TV

LONG ISLAND U. is conducting workshop classes of its new TV writing and production course in studios of WCBS-TV New York, started last Saturday, it was announced Wednesday by officials of the college and the station,

WCBS-TV General Manager Craig Lawrence asserted, "This is another way where commercial broadcasters can cooperate with educational institutions in utilizing and furthering the television medium. WCBS-TV's association with Long Island U. in this new off-the-air educational activity augments substantially the station's existing on-the-air educational endeavors."

## Friedland Appointed

MILTON D. FRIEDLAND has been appointed national TV spot sales manager at WBKB (TV) Chicago. Mr. Friedland, with the station four and one-half years, is succeeded in his former post of traffic manager by Julian P. Kanter.

EDWARD L. BERNAYS Foundation radio-TV award for 1952 was presented to a married couple, Gladys and Kurt Lang, at the annual meeting of the American Sociological Society in Atlantic City, N. J. Award was presented for the study, "The Unique Perspective of Television and Its Effects."

#### PARENT GUIDANCE

Theme of Kaufman Series

GUIDANCE to parents on rearing of children highlights a new 15minute series, Bringing Up Parents, produced by Henry J. Kaufman & Assoc., Washington, D. C., and distributed by United Television Programs Inc., Chicago and New York.

Assn. for Childhood Education International acted as the series' adviser. It has arranged special showings in principal cities before educational, civic and community leaders. It sponsored a preview Oct. 23 at the Museum of Natural

History in New York.

"We found the reaction among these leaders excellent," asserted Aaron Beckwith, UTP sales director. "We feel this series will do well as inexpensive, daytime programming pointing up problems that are highly important to all parents."

#### SAG MEET SET Pidgeon Succeeds Reagan

WALTER PIDGEON, by acclamation, will be elected president of Screen Actors Guild at its annual meeting next Sunday night in the Academy Award Theatre, Beverly Hills. SAG's president, Ronald Reagan, retires after more than five years, but continues on the board. Others to be elected without opposition are:

Leon Ames, John Lund and William Holden, first, second and third vice presidents, respectively; Paul Harvey, recording secretary; and George Chandler, treasurer. New board members are Ward Bond, Richard Carlson, Fred Clark, John Litel, Millard Mitchell, Emory Parnell, Barry Sullivan, Audrey Totter, Robert Wagner, Rhys Williams, all for three-year terms; Bub Linn, two-year term; Frank Lovejoy, one-year term. Class A-J members of the board, elected for three-year terms, are Anne Cornwall and George Sowards. One-third of the board is elected annually.

Heavy attendance is anticipated at this meeting to support SAG's strike threat against the American Assn. of Advertising Agencies and New York film producers [B.T, Oct. 27].

## Schlitz 'Playhouse'

HEEDING union and guild pleadings that TV shows filmed abroad cause unemployment among technicians and talent in this country, Schlitz Brewing Co. has assured the Hollywood AFL Film Council that all future productions of Schlitz Playhouse of Stars on CBS-TV will be made in the U.S. The beer company, through its agency Lennen & Newell Inc., told the council that a new company Pictures) has been (Meridian signed to film future productions. Edward Lewis Productions formerly filmed the series.

CLAUDE McCue, West Coast representative, American Federation of Artists, was named Coast executive secretary of American Federation of Television and Radio Artists, following merger of AFRA with Television Authority.

# A revolutionary **NEW TV ANTENNA** -via Graybar

## . . . for present or proposed high-band VHF TV stations

Federal's new 16-bay triangular loop antenna overcomes the tendency of conventional high-gain antennas to "overshoot" near-by receivers. Successive bands of low-signal intensity produced by conventional high-gain antennas in near-by service areas are virtually eliminated by this new FTL design. (See graph below.)

Distributed nationally by Graybar, the Federal 23B-16 produces 316 KW ERP with a 25 KW transmitter - permits the installation of smaller, less expensive transmission lines . . . minimizes transmitter investment and operating costs.

Graybar can supply a complete line of FTL television equipment, Blaw-Knox towers, plus any other item of quality broadcasting equipment. The names and locations of the Graybar Broadcasting Specialists available to serve you are given in the adjoining column. Check with the Specialist nearest you, he'll be glad to assist you in selecting equipment best suited to your requirements - whether AM or TV. Graybar Electric Co., Inc. # RTMA APPEAL

To Oppose OPS Parts Recontrol

AN APPEAL to "higher governmental authorities" was being mapped last Thursday by Radio-Television Mfrs. Assn. in a move to reverse OPS recontrol of the component parts industry.

RTMA has challenged the reimposition of controls on radio - TV parts levied by the Office of Price Stabilization Oct. 24 after granting a hearing to the trade association. Price controls were restored last Monday.

What action RTMA would take was not known Thursday pending analysis of legal ramifications by its attorneys. But it promised an appeal to authorities "who we believe will be more inclined to follow the clearly expressed intent of Congress" with respect to controls over products selling below ceilings.

James D. Secrest, RTMA executive vice president, claimed that while industry had "kept faith" with the agency in holding prices below former ceilings, OPS "reneged on its own promise to restore controls only after prices had passed a fixed 'trigger' point."

In announcing its recontrol action, OPS noted that there has been a "continued demand" by the Defense Dept. for components, and also a "sizable increase in demand" for TV sets which might affect the supply of parts [B · T, Oct. 27]. OPS also cited some price increases within the industry on new models.

In another action more favorable to RTMA, OPS last Tuesday announced that clock radios are properly "radio receivers" and therefore suspended from price controls. RTMA had asked for specific decontrol through a clarifying order.

#### Text of Protest

Partial text of Mr. Secrest's protest over the OPS action follows:

The decision of the Office of Price Stabilization to restore price controls on radio-TV parts in the face of uncontradicted facts presented by indus-try representatives is as amazing as it is high-handed in View of the admission by OPS it was not based on price movements since controls were suspended on August 29.

top-level committee representing parts, tube, and set manufacturers re-futed every argument advanced by OPS in support of its action at an OFS in support or its action at an ATMA-OPS conference on Tuesday (Oct. 21). Then, to our astonishment, OFS officials reached into their bag of tricks and came up with a new excuse for their decision. It was that some standard radio-TV components are purchased by the military services.

are purchased by the military services.

All of these facts were well known to OPS at the time it suspended price controls on radio and TV sets and parts. They were discarded as insignificant by the OPS administrators who were charged with enforcement of controls on our industry. OPS officials, who have now over-ruled their predecessors and who admittedly have had little or no contact with our industry, based their present action on the discovery that some radio-TV components are used in a variety of end equipment—a fact long known to every other Government agency having to do with the electronics industry.

At a hearing granted by OPS

At a hearing granted by OPS Oct. 21, an RTMA committee cited an informal industry survey which showed that prices of radio-TV components remain well below their former ceilings. The group categorically challenged OPS claims that suspension of controls over components threatens to impair effectiveness of ceilings in other industries and renders controls over repair services ineffective.

Overwhelming percentage of industry production is used in manufacture of radio-TV sets. RTMA cited a survey showing that not more than 3% of cathode ray tubes and not more than 8% of receiving tubes are used in other products. Estimates on resistors were placed at about 5%.

Service contracts provide for replacement of parts within a warranty period and for service calls, usually one year, without charge, RTMA said. The average TV set owner calls a service man about twice a year, with average cost between \$8 and \$12. About 70% is attributable to labor, and 30% to parts. Nearly 90% of all calls involve repair in the home, with between 60% and 70% requiring merely that receiving tubes be replaced. The balance can be effected by minor adjustments or use of components of negligible cost.

#### Pending Release Order

The committee also noted a pending OPS order which would remove about 60% of service establishments from controls.

The RTMA survey also found that cathode ray tubes, principal components and replacement parts are selling at an average 30% below ceilings. Receiving tubes are 8% below. RTMA also observed that average list prices on TV sets are about 15% below ceilings, and on radio receivers 5% to 7.5% under. These end products have been decontrolled, though OPS is eyeing table model sets.

#### WASHINGTON APRA Sets TV Workshop Series

WORKSHOP series on television public relations problems will be conducted Nov. 3, 10, 17 by the National Capital Forge Chapter of the American Public Relations Assn. Luncheon sessions will be held at the Lafayette Hotel, Washington, D. C., concluding with an afternoon-evening meeting in the studios of WMAL-TV Washing-

The workshop is expected to produce tangible methods by which TV stations and public relations practitioners can work together to mutual advantage. Gene Juster, general manager of WNBW (TV) Washington, will be interviewed at the Nov. 3 workshop, followed Nov. 10 by Tom Taussig, program operations director of WTOP-TV Washington, and Nov. 17 by Walter Compton, general manager of WTTG (TV) Washington.

#### TOWER CRASH Delays WSBA-TV's Debut

TOWER of WSBA-TV York, Pa., fell while being hoisted last week and was irreparably damaged, thereby crashing hopes of the station making its debut early this month on uhf Ch. 43.

The 39-foot antenna was to have been placed atop the 400-foot tower of WSBA-FM. It fell from a height of 380 feet when part of the hoisting equipment gave away. A workman on the hoisting crew was slightly injured. The \$12,000 antenna was insured.

WSBA-TV said late last week that RCA was rushing a duplicate antenna to York and that the station hoped to get on the air about Dec. 1. The station reported that it already had taken orders from commercial sponsors for November. Station said, however, it had not estimated what financial loss may ensue.

#### THEATRE TV

#### Lees to Air Sales Meeting

SIGNING of what was said to be the first contract for use of theatre TV for a national sales conference-to be conducted by James Lees & Sons Co., Bridgeport, Pa., carpet manufacturer, on Dec. 8has been announced by Nathan L. Halpern, president of Theatre Network Television.

Lees will present its program "live" over closed circuits to a network of theatres in 15 key cities: Boston, Chicago, Cincinnati, St. Louis, Cleveland, Denver, St. Paul, New York, Philadelphia, Pittsburgh, Washington, Detroit, Salt Lake City, San Francisco and Los Angeles. A two-way audio hook-up will permit questions from viewers.

The programs are called "Theatre Tele-Sessions" and are under the direction of Victor M. Ratner, formerly vice president of CBS. Mr. Ratner said the telecasts will enable business organizations "to hold national business meetings with a minimum of travel, time and expense and, at the same time, provide discussion and demonstration as planned by the company.'

The Lees program will originate in NBC-TV's New York studios. D'Arcy Adv. Co., New York, assisted in negotiating the contract for the program but Mr. Halpern said no agency or production firm has been selected thus far to supervise production details.

#### KDUB-TV Debut Plan

KDUB-TV Lubbock, Tex., will go on the air with a test pattern on Wednesday and commence regular programming Nov. 13, spokesmen reported last week. President W. D. (Dub) Rodgers had announced the preceding week that the station, on Channel 13, would commence operations "within three weeks" [B•T, Oct. 27]. Sales . . .

NBC-TV's film division has sold half-hour Hopalong Cassidy TV film series in 45 markets with the latest sale to Roberts Dairy Co., Omaha, for 52 weeks. One-hour version of the same series is now appearing in 34 TV areas.

Jamieson TV Productions, Dallas, announces that its 15-minute film series, Betsy and the Magic Key, is now being telecast by KPRC-TV Houston.

Sarra, Chicago, has completed commercials for Zenith Radio Corp. and Hamm's Beer. Zenith, via Young & Rubicam, Chicago, will use 20-second spots to show its new K-53 chassis. Three one-minute commercials were produced for Hamm's Beer, which is handled by Campbell-Mithun, Minneapolis.

Tom Kelley TV Studios, Hollywood, is completing 12 one-minute TV film commercials, featuring testimonials by Hollywood personalities for North American Airlines, Burbank. New 13-week spot announcement campaign has started in eight major markets. Agency is Holzer Co., Hollywood.

W. E. Long Co., Chicago agency, has completed a series of 60-, 20and 8-second spots for Holsum Bread at United Broadcasting

Studios, same city. United also has completed several film spots for Studebaker Corp., through Roche, Williams & Cleary, Chicago.

Volcano Productions, Hollywood, is in alternate weekly production on three one-minute combination animated and live action TV film commercials for Liggett & Myers Co., N. Y. (Chesterfield cigarettes), to be shown on NBC-TV's Gangbusters. Agency is Cunningham & Walsh Inc., Hollywood.

INS-Telenews has sold daily film services and regular INS wire report toWDUB (TV) Lubbock, Tex., starting Nov. 13, and the complete package—daily news film, special TV news wire, regular INS news wire, INP service, two weekly Telenews film programs, weekly news review and This Week in Sports to WTVU (TV) Scranton, which expects to get on the air Jan. 1.

#### Distribution . . .

United Television Programs Inc., New York and Chicago, distributing new 15-minute film series, Thrill of a Lifetime, presenting Quenton Reynolds in interviews with people whose exploits and experiences made headlines in other years. The series was produced by Lifetime Productions.

Harry S. Goodman Productions, New York, has signed an exclusive sales distribution contract with Galbreath Picture Productions, Fort Wayne, Ind., for its TV filmed programs, King Calico and Bert and Elmer, both 15-minute presentations.

\* \* \*

M. C. Pictures Inc., New York, has acquired U. S. TV distribution rights to two British full-length feature films, "Close Quarters" and "Life in Her Hands."

#### Availabilities . . .

Atlas Television Corp., New York, announces availability of five reels of Football Hi-Lites, devoted to big games of past years. Each reel runs 10 minutes. Ford Bond gives playby-play description.

Documentary & Experimental Films, New York, has completed series of five 50-second TV films on what to do in case of an atomic

attack. Films, produced in cooperation with New York civil defense authorities, have 10 seconds open at end for sponsor's commercial or local civil defense announcement.

#### Production . .

Beck Productions, Burbank, Calif., has been signed by Gyro Skid-Control Co. (anti-skid device), Beverly Hills, Calif., to produce a series of television commercials and dealer-training films. TV campaign is planned for Chicago, Kansas City and Seattle.

Arrow Productions Inc., Hollywood, begins the second unit of 13 half-hour Ramar of the Jungle TV films on Nov. 3.

4

Telepix Corp., Hollywood, begins production Nov. 10 of the pilot film in *The Traveling Salesman and . . .*, a half-hour TV series featuring a panel of four traveling salesmen. Grace Lenard will act as m.c. for questions concerning each contestant's most humorous experience and ability to sell unknown products.

Paramount Pictures Corp., Hollywood, tomorrow (Nov. 4) starts filming a series of TV spot announcements, featuring top stars,

## MOVIE TECHNIQUE

Will Promote TV Series

EXPLOITATION of a TV film with publicity and merchandising devices that have characterized treatment of theatrical films has been planned by Gross-Krasne Productions, Hollywood, for its series, Heart of the City.

The company has assigned Sol Dolgin, veteran Hollywood publicist, to promote the films. In the promotional program are 20-and 55-second trailers for use by stations and sponsors, autographed glossy stills of leading performers, "Why I Like Heart of the City" contests and elaborate press books.

Series is being syndicated nationally by United Television Programs Inc. Aaron Beckwith, UTP sales director, said his firm has completed arrangements with Mr. Dolgin to support the campaign. Milt Blink, UTP executive vice president, said: "The movies have been using these techniques with great success for years. There is no reason why these same ideas won't sell television. . ."

for use during Infantile Paralysis

#### Random Shots . . .

Reid H. Ray, president of Reid H. Ray Film Industries, Minneapolis, has formed Reid Ray Telefilms Inc., with headquarters in that city, to produce TV films. Saul Elkins, producer-director for Warner Bros., is vice president in charge of production and will headquarter in Los Angeles at 8762 Holloway Drive. New firm is reported to have access to \$1 million. First video film series, A Sporting Chance, is a mystery show.

Shannon & Shallow Inc., Hollywood, with headquarters at 1552 Highland Ave., has been formed to produce TV film series and commercials. Partners are Bob Shannon, Hollywood radio-TV m.c., and Jack Shallow, motion picture producer. Firm is currently in production on 12 TV film spot announcements for Whiz Kids, Culver City (used car dealers). Agency is Hunter & Scott Inc. Adv., Hollywood.

Robert Frost, a Pulitzer Prize poet, will appear in a film, At Home With Robert Frost, on NBC-TV on Nov. 23 from 5:30-6 p.m. EST. The program will be second in the NBC-TV series of conversations with "elderly wise men." The first

#### CANCER TELETHON

L. A. Show Raises \$250,000

PLEDGES totaling \$250,000 resulted from Cancer Society's 13-hour City of Hope Telethon, telecast Oct. 25-26 by KNBH (TV), KLAC-TV, KTLA (TV), KTTV (TV) Hollywood, KPIX (TV) San Francisco and KFMB-TV San Diego. Sponsored by the Greater Los Angeles Press Club, the program, emanating from Earl Carroll Theatre, began on Saturday, Oct. 25 at 11 p.m. (PST) and finished Sunday, Oct. 26 at 12 noon (PST).

Kinescope, consisting of 28,080 feet of film, was made of the program by KNBH (TV). After being edited to about nine hours, it will be shown in cities throughout the country by organizations which support the City of Hope.

#### RADIO'S VALUE

Stressed by Retailer

RADIO offers retailers an effective means of becoming an integral part of the community, C. B. Dulcan Sr., vice president of the board and managing director of the Hecht Co., Washington, D. C., said Tuesday at a luncheon celebrating the fifth anniversary of the Store's Community Reporter program on WGAY Silver Spring, Md.

"It's good business to participate in community life," Mr. Dulcan said. He recalled that the store, one of the top-ranking retail outlets in the nation, had set out some years ago to study the difference between a store that just sells goods and a store that realizes a community is more than "just people with money in their jeans."

Mr. Dulcan lauded radio and WGAY for a "great job on behalf of Hechts." He commended Joseph L. Brechner, WGAY general manager, and Ernie Tannen, program conductor, for their contribution "to mutual good."

Plaques commemorating their five years of participation in the project were presented to Messrs. Dulcan and Tannen, as well as to James Rotto, Hecht Co. assistant vice president and publicity director. Presentations were made by Harold E. Fellows, NARTB president. Guests at the luncheon included civic leaders; John W. Kluge, WGAY president, and Harwood Martin, head of the agency bearing his name.

The program has attracted nationwide attention as an example of effective use of broadcasting by a major department store [B•T, July 11, 1949]. The Hecht Co. operates a downtown store and two large suburban stores.

## RUSSELL COMER CO.

Mrs. Comer Now Manager

MRS. ELOISE COMER, wife of the late Russell C. Comer who died Oct. 17, has assumed management of the Russell C. Comer Co., it was announced last week. Mrs. Comer has been an active partner in the radio transcription firm since 1945.

Shortly before his death, Mr. Comer made arrangements with C. Alec Pollard, of New York city, to join the firm as head of its Public Relations Dept. Warren Comer, son of the late Mr. Comer, is soon to join the company at termination of his Naval Air Force service.

#### Hoosier Theme

"EDUCATIONAL TV for Hoosiers" is the theme of the Indiana U. video conference scheduled for Dec. 5-6 at Bloomington. Elmer G. Sulzer, director of radio and TV communications for the university, has planned a Saturday session on "Low Cost Educational TV Pro-

# book reviews . .

ENCYCLOPEDIA OF ADVERTISING. By Irvin Graham. Fairchild Publications Inc., 7 E. 12th St., N. Y. 3, N. Y. 606 pp. \$6.50.

MORE than 1,100 terms, in advertising and allied trades, have been catalogued in this reference source and working manual. Explanations of existing laws affecting the advertising industry, postal regulations and the various services available to advertisers are described in detail. An additional section lists trade associations directly or indirectly related to advertising. Mr. Graham heads an advertising agency bearing his name.

RADIO & TELEVISION COMMUNI-CATION. By Charles Frederick Lindsley. Published by McGraw - Hill Book Co., 330 W. 42d St., New York, N. Y. 492 pp. \$5.

DESIGNED as a college text, this book offers the reader a not-too-technical course in the evolutional and vocational aspects of the broadcast media, and is of interest to both the embryonic broadcaster and the seasoned veteran. To the student, it can be an intelligent discussion of broadcasting's past, present and immediate future. To the veteran, it should afford a kaleidoscopic view of many developments which have taken place within the span of his professional career.

Mr. Lindsley is a professor of speech at Occidental College and is director of radio at the Pasadena Community Playhouse.

STORAGE TUBES AND THEIR BASIC PRINCIPLES. By M. Knoll and B. Kazan. Published by John Wiley & Sons Inc., New York 16, N. Y. 143 pp. \$3.

PURPOSE of this book, authored by two staff members of RCA Labs. Division, is to explain in concise form the fundamental operation of different type storage tubes and provide data in an easily accessible form. Substantial part of book originally was prepared for U. S. Army Signal Corps in a report. Book comprises sections on equilibrium factors, definitions, methods of reading and writing, signal converter storage tubes, viewing tubes, computer tubes and TV camera tubes.

MR. WIZARD'S SCIENCE SECRETS. By Don Herbert. Published by Popular Mechanics Press, 200 E. Ontario St., Chicago 11. 244 pp. \$3.

A BOOK of sheer entertainment, this volume by Don Herbert, who is "Mr. Wizard" on the NBC-TV Saturday program of that name, brings together under cover the home-type scientific experiments which have been the TV series' mainstays.

As in the network show, the stress is on entertainment but viewers-in this case, readers-of all ages cannot but help to gain some knowledge of the scientific principles pointed up by the experiments. The book is illustrated profusely with photographs and drawings. Featured in the book are the show's stars who in addition to Mr. Herbert are the youngsters, Willy Watson and Betsy Taylor, One could agree with the book's fly-leaf. "The 'wizard' is Don Herbert, and his wizardry consists in showing that science can be fun!"

#### Ruppert Radio Buying

JACOB Ruppert Brewery, New York (Knickerbocker beer), has expanded its radio avertising for the Negro market in metropolitan New York. Company now sponsors 15-minute segments of After Hours Swing Session starring Willie Bryant and Ray Carroll on WHOM New York five nights a week, in addition to the Bryant and Carroll afternoon program on WHOM. Participations also will be used on the station's Negro women's shows. Ruppert sponsors Ralph Cooper's Snotlight in Harlem, Monday, 10-11 p.m. EST over WJZ-TV New York. Agency is the Biow Co., New York.

NORMAN GERMANI, chief announcer, KXO El Centro, Calif. promoted to chief engineer.

#### Canadian Research

SPECIFIC STANDARDS for methods of radio audience measurement now being used in Canada are being worked out by the research and development committee of the Bureau of Broadcast Measurement, Toronto. The committee is making an analytical study of the co-recall method being developed by Gruneau Research Ltd., Toronto, and hopes to make a report at the next annual meeting of the BBM and Canadian Assn. of Broadcasters at Montreal in March. Technical advisers on statistical and psychological factors are Dr. A. H. Shephard and Prof. K. S. Bernhardt of the Univ. of Toronto.

#### Our Respects To

(Continued from page 58)

ceived the Peabody Award. Foote, Cone & Belding is Hallmark's agency.

At the Hallmark president's personal direction, all these programs have been presented on a high plane. Mr. Hall feels his company's programs must meet the same high standards of quality claimed for its greeting cards; thus, the Hallmark program formula aims at constructive entertainment, suitable for family listening or viewing, which will give the audience a lift.

Friends describe the Hallmark president as a happy combination of sentimentalist and realist. He has, they say, an unshakable conviction that most people are good, that the old-fashioned virtues never go out of style and that character, loyalty and hard work will decide a man's success.

Born in David City, Neb., in 1891, Joyce C. Hall attended school in Norfolk, Neb., where the Hall family later moved. Working as a youth in a Norfolk book store owned by his brothers, Rollie and William, he became acquainted with picture postcards, then becoming popular.

The engraved Christmas cards and ornate Valentines of that era later caught young Mr. Hall's fancy. In 1910, he enrolled in a business college in Kansas City, Mo., attending school evenings and during the day jobbing postcards, Christmas cards and Valentines. Within three years he had formed the Hallmark greeting card company, beginning with four employes.

Mr. Hall today supervises the Hallmark operations from his farm just outside Kansas City. His daughters, Elizabeth Ann and Barbara, are married, and his son, Donald, is in the Army.

An insight into Mr. Hall's lack of pretensions or artificialities is revealed in his address to employes last year in which he disclosed two of his New Year's resolutions:

"To think a little longer and little harder before I speak."

"To have all my pants let out another inch."

#### MRS. CAROTHERS

Was an Ad Executive

MRS. MINNA HALL CAROTH-ERS, 65, retired advertising executive, died Oct. 24 in Lenox Hill Hospital, New York.

A native of New York, Mrs. Carothers' advertising career began in 1914 when she was one of the early members of the League of Advertising Women, now called the Advertising Women of New York (AWNY).

Mrs. Carothers opened an .dvertising agency bearing her maiden name, Minna Hall Simmons, in 1930, and was one of the first women to hold an account executive title.

#### Hattie McDaniel

FUNERAL services were held in Los Angeles last Saturday for Hattie McDaniel, 54, for several years star of Beulah on CBS Radio and ABC-TV. Transcribed episodes had been used on the radio series since her illness. An Academy Award winner for her portrayal of Mammy in the movie, "Gone With the Wind," her death, Oct. 26, was due to the combined effects of cancer, heart condition and diabetes. She is survived by a brother, Sam.

#### Thomas R. Corwine

FUNERAL services were held Oct. 26 in Chicago for Thomas R. (Uncle Tom) Corwine, 83, a featured performer on WLS Chicago and its National Barn Dance since 1925. He died Oct. 23 at his Evanston, Ill., home after a short illness. A polyphonist or man "of many sounds," Mr. Corwine traveled the country from 1928 to 1931 with the WLS showboat troups. Services were conducted by Dr. John Holland, station pastor, with songs by WLS's "Maple City Four."

#### Henry J. Dostal

HENRY J. DOSTAL, national contract sales manager since August of TeleKing Corp., New York, died at his home Oct. 26 after a short illness. Burial was in Bronxville, N. Y.

# **BINAURAL BROADCASTING**

'Almost As Old As Broadcasting Itself'

WDRC, operating as binaural station in 1924, shows studio containing right-ear and left-ear microphones and transmitters.

# By FRANKLIN M. DOOLITTLE PRESIDENT, WDRC HARTFORD

THERE have recently appeared in trade publications several articles describing new "firsts" in the use of binaural broadcasting. Actually binaural broadcasting is almost as old as broadcasting itself.

Its first use was, I believe, by WDRC Hartford (then WPAJ) in 1924 when two channels were assigned for this purpose by the Dept. of Commerce, a station employing two microphones and two transmitters was actually built and operated for about a year, and several demonstrations of reception were given at Yale's Dunham Lab. of Electrical Engineering.

This work was described in the April 1925 issue of the Electrical World. Soon after these experiments the demand for broadcast channels became acute and the system was abandoned, for anyone who had then suggested that all radio stations be assigned two frequencies instead of one would have received an understandably cool reception from the regulatory authorities

When in May 1939, WDRC established an experimental FM station

atop Meriden Mt., the possibility of using AM for one channel and FM for the other became evident, and the original experiments were repeated. using WDRC for the transmission of one ear and WDRC-FM for the other.

For the benefit of those who have never heard binaural transmission, the effect obtained may be described as a kind of auditory perspective or stereophonic effect comparable to that obtained with the stereoscope in vision. Program sounds appear to come from the actual location of the instruments in the original performance. If the source of sound moves during the program the listener is aware of it, even though he may be miles away. This three-dimensional effect is quite startling in its realism and contributes a great deal to the enjoyment of a radio program.

#### In Sets of Twos

Ideally, the full binaural effect requires the use of two microphones at the transmitting station, spaced about the same distance apart as the human ears, two transmitters radiating independently on separate channels and two receivers at the receiving point, each separately connected to one receiver of a double headset.

With this arrangement the ears are in effect transferred to the location of the microphones and the slight differences in time of arrival of the sounds at the two ears, which the brain interprets as direction and distance, is maintained.

When loudspeakers are substituted for headphones at the receiving location, some of the ability to detect accurately the source of sounds is lost. The reason for this is that if headphones are used, each ear hears a separate version of the program, but when loudspeakers are used each ear hears not only the version intended for

it but also, somewhat diluted, the version intended for the other ear.

Nevertheless, there remains a diffusion of the sounds into three dimensions, which gives an effect quite superior to monaural listening and which contributes much to the realism.

Any broadcaster who has both AM and FM can transmit an occasional program binaurally for the benefit of high-fidelity fans, whose number has greatly increased.

The regular reception of the stations is not interfered with in any way, but to take advantage of the binaural transmission, two receivers must be used, tuned to the AM and FM transmissions. Reception may be either with headphones or with loudspeakers properly spaced in the room. Some experimenting is necessary to find the proper spacing for maximum effect if loudspeakers are used.

Although binaural broadcasting will probably not revolutionize broadcasting as a whole, it provides a fascinating field for the broadcaster who desires to render a service of unique kind to those who are interested in high fidelity reception.

CBS RADIO's Dr. Christian series, Wednesday, 8:30-9 p.m. EST, has been chosen by Laymen's National Committee as "the outstanding program contributing to moral growth and individual and family responsibility of the American people."

#### 16<sup>th</sup> IN EFFECTIVE BUYING INCOME PER FAMILY

among Sales Management's 162 Metropolitan Areas

If your advertising dollar is seeking the quality market first—then the Quad-City area belongs on your list. Year by year this community rates higher and higher among the 162 standard metropolitan areas. Good ancestry, fine geographical location and diversified means of livelihood all contribute to a high standard of living among Quad-Citians.

ADIES who win prizes on the Club 1800 show aired daily on WFBR Baltimore also are getting shopping bags to transport their loot. Dozens of contestants each week promote the show by carrying the bags clearly printed with "Another prize winner on Club 1800 Monday through Saturday on WFBR."

....

#### WTVJ (TV) PARTY PLANS

THREE weeks of festivities beginning Nov. 5 have been planned by WTVJ (TV) Miami to celebrate the opening of the station's new studio building. Studio party for all employes will inaugurate the ceremonies on that date. Parties for the local press, network officials and sponsors are scheduled by the outlet. All southern Florida viewers are being invited to tour the station so they will have a chance to see their favorite local show just as it is telecast.

-----

#### TRIPS TO INAUGURAL

CASH prizes up to \$1,000 plus a pair of plane tickets to Washington for the inauguration to each of three winners will climax the "Operation Vote Count" contest on WSRS Cleveland. Contestants guess at the number of citizens who will vote in Cuyahoga County on Nov. 4. Estimates are sent to the stations and the three persons whose number comes closest to the actual figure will win.

# ...and for AM, FM and TV it's Marconi!

The ingredients are blended to perfection! You'll be first with the latest equipment, first in performance, first to receive the benefit of the latest technical advances, because Marconi are specialists in broadcasting equipment.

OPERATION — Marconi can bring a wealth of experience to your broadcasting problems because Marconi owns and operates one of the first radio stations in North America.

CONSULTING SERVICE—Marconi can help you with engineering plans and surveys because Marconi has more experience in these fields than anyone else in Canada.

EQUIPMENT — Everything from microphone to antenna, designed, installed, adjusted and guaranteed ... that's the experienced Marconi service.

#### KBIG'S 'BIG PLAY'

MAILING piece from KBIG Avalon, Calif., states that "KBIG is making the BIG play for tune-in—and getting it!" Station points out that all media are used to promote its music-news programming.

#### ELECTION COVERAGE PLUG

-----

COLORED map showing traditionally Republican, Democratic, and States' Right states has been distributed by WAVE-AM-TV Louisville, Ky., to promote election coverage on the stations. Map is accompanied by a score sheet showing the number of electoral votes each state has.

....

#### WBNS-TV HISTORY

FOUR-PAGE folder, giving the history and background of WBNS-TV Columbus, Ohio, was used by the station to tell viewers and clients of the station's third anniversary celebration during October. Wide circulation of the promotion piece was assured when station decided that in addition to sending it to agencies and clients WBNS talent would distribute folders when they made personal appearances.

#### ALTRUISTIC BROADCASTER

BELIEVING that "people have diversified tastes in entertainment and if they can't find what they want on our station they should be briefed on others," Harry Maizlish, president and general manager of KFWB Hollywood, has inaugurated new policy of two-minute broadcast every hour, which lists all other local stations' radio-TV programs.

----

#### NEW AM PROMOTION

STORY of WFOB-AM Fostoria, Ohio, which has just been completed is being told to potential listeners and advertisers in brochure form. Map of the stations' coverage area, population statistics and station location are included. WFOB-FM has been on the air since 1946.

\_----

#### ADS BOOST RADIO

MEMBERS of the staff of KTUC Tucson, Ariz., are airing 15 spot announcements daily promoting station facilities, using the theme "There's something good to hear right now on KTUC...." Station sponsors are also footing the bill for newspaper ads which utilize the same phrase.

#### ADS PRODUCE RESULTS

BROCHURE featuring reprints of several ads promoting Vic Diehm stations which have appeared in BROADCASTING • TELECASTING has been prepared by Mr. Diehm on the occasion of his 25th year in radio. In the preface of the booklet titled Sincerely Yours, Mr. Diehm states that, "These ads have met with utmost attention and have resulted in many fine contracts" for WAZL Hazelton, Pa., WHOL Allentown, Pa., WHLM Bloomsburg, Pa., and WIDE Biddeford-Saco, Me.

# SCHOOL TEACHER CONTEST

CONTEST to find the most beautiful school teacher in America will be launched on Nov. 9 by the Our Miss Brooks program on CBS Radio for Colgate-Palmolive-Peet. The winning teacher will be awarded a week's vacation in Hollywood with all expenses paid during the Christmas holidays. The two runners-up will get \$100 bonds. The contest is open to grade and high school students in the United States.

#### SONG INSPIRATION

RADIO-TV musical director Hank Sylvern is creating a program based on incidents in history that have served as inspirations for songs that have been written through the ages. Working with him on the radio-TV package is Malvin Wald, Hollywood scenarist.

# UNITED NATIONS TRIBUTE

TRIBUTE to the UN was aired fortnight ago by WICC Bridgeport, Conn. Format was a play within a play which took place in an American school room setting up a UN program. Cast and chorus was made up of 40 children from Bridgeport public schools.

#### LUCKY NUMBER PROMOTION

MEMBERSHIP of 864,000 is being claimed by WOKY Milwaukee in its new Lucky Number Shoppers League promotion. Every home in the Milwaukee area has been mailed a membership card and is eligible to win a new \$15,000 home and \$2,000 in other prizes. WOKY campaign broadcasts lucky numbers 18 times daily. Winners' names are published in local newspapers and announced over WOKY.

#### WINNER TO BERMUDA

LUCKY winner of Leif Eid's news show on WNBW (TV) Washington will soon be relaxing on the sands of Bermuda. Dunhill Cigarette Co., in cooperation with the station, is offering the trip to the person who comes up with the best reason for switching to Dunhills.

#### WNYC BACKS ARTS

THIRD annual American Art Festival over WNYC New York was to begin Oct. 2 and continued through Nov. 1 with more than 50 hours of air time allotted for information on New York City's museums, art galleries and art treasures. The project, designed to stimulate interest in the arts, was launched by WNYC in 1950. Condon Riley served as art consultant for the festival and Bernard Buck, station program manager, as coordinator.

#### RELIGIOUS SERIES

RADIO Gospel Fellowship, Denver, has tape recorded a new series of 92 quarter-hour devotional programs Strength For the Day at Radio Recorders Inc., Hollywood. Released in groups of five tapes, the series features Al Salter in Bible readings, with Joseph Barclay, tenor soloist, and Paul Mickelson, organist.

#### SPORTS COMMENTARY

KECA Los Angeles Elroy "Crazy Legs" Hirsch Show, features sports commentaries by the Los Angeles Rams end, and will be sponsored by Miller Brewing Co., Milwaukee, on thrice weekly basis for 13 weeks from Oct. 22. It is packaged by Larry Cotton Presentations, Hollywood. The agency is Mathisson & Assoc., Milwaukee.

#### **EDUCATORS MEET**

Set Up by JCET

A GROUP of leaders in the movement for educational television conferred in New York Oct. 21 in what spokesmen described as a session devoted primarily to an exchange of information and ideas.

Meeting was set up by the Joint Committee on Educational Television and was attended by President Scott Fletcher of the Fund for Adult Education, which has made a \$145,000 grant to JCET. Others who attended were listed as:

Others who attended were listed as:
Chairman Edgar Fuller, Executive
Director Ralph Steetle, and General
Counsel Telford Taylor of JCET; Kenneth Bartlett, dean of University College, Syracuse U.; Harry Boyd, editor
of the "Cedar Rapids (Iowa) Gazette";
Leland Hazard, Pittsburgh Plate Glass
Co.; John E. Ivey Jr., director of the
Southern Regional Education Board;
Thomas P. Campbell, deputy mayor
of Denver; Mark Schinnerer, superintendent of Cleveland schools; William
Sener, U. of California at Los Angeles; William Stirton, assistant to the
president of Wayne U.; and Raymond
Wittcoff, chairman of the St. Louis
Educational Television Committee.

#### **KFAL Program Tests**

KFAL Fulton, Mo., which holds a license for 900 kc with 250 w, has begun program tests under FCC authority with 1 kw. Station is owned and operated by Missouri Central Broadcasters, a firm owned by R. W. Nickles, who serves as general manager, and Roger P. Fox, who serves as station director.

#### RADIO AIDS SEARCH Stations Score Scoop

WCAN and WTMJ-AM-TV Milwaukee aided a 27-hour search for a 2½-year-old boy and then scooped papers when the boy was found.

A Milwaukee suburb housewife was listening to WCAN's Polka Party when she heard the announcement of the lost boy. Later, while hanging out her laundry, she heard a child crying. With neighbors, she went to a nearby ditch and found the sobbing youngster, who had fallen in a hole.

Both WCAN and WTMJ tape recorded reunions of the boy, his family and friends.

# POLITICAL DILEMMA REVIEWED

Salant Says Sec. 315 Needs Re-examining

(See Editorial, Page 58)

POLITICAL broadcast requirements of the Communications Act result in "giving less, not more, to the people" and should be reevaluated after the elections, Richard Salant, CBS vice president, declared last week.

Discussing the complex problem on Dwight Cooke's You and the World broadcast on CBS Radio on Friday (6:15-30 p.m.), Mr. Salant singled out the case of Gen. Eisenhower's West Virginia speech at the time of Sen. Nixon's broadcast explaining the so-called Nixon fund.

Because Gen. Eisenhower was expected to make some statement on the Nixon fund, Mr. Salant said, CBS Radio covered the general's speech as news, even though in doing so "we put ourselves under the obligation of some eight and a half or nine hours of free time to other candidates." He continued:

"It happened that we were the only network to do that. I think that's undesirable. I'm pretty sure that the other networks didn't do it just on account of Sec. 315 [equal-opportunity provision of the Communications Act]. That isn't the kind of result that 315 should have. Sec. 315 results in giving less, not more, to the people."

Mr. Salant and Mr. Cooke also brought out that the equal-opportunity requirements minimize the feasibility of using Congressmen to debate important issues on the air, even though they may be the foremost experts on the subject under discussion. For all Congressmen, and one-third of the Senators, are running for re-election (except those who have decided to retire), and to put one in a broadcast debate automatically requires the broadcaster to make equal time available to his opponents.

"It just restricts the kind of people you can have," Mr. Salant said. "You can't have the best possible people on the particular is-

He asserted that "after the heat of the campaign is over and while the experience of all these difficulties I've been telling you about is still fresh in our minds, we should—all of us: Congress, the other broadcasters, the FCC—take a long look at 315 and see whether it works out the way we expected. Obviously it's in the best American tradition that everybody have equal opportunity to get their views to the people, but 315 also tends to keep views from the people in the way that I've just described."

Mr. Salant added that he realized that "radio and television are so powerful...that we simply cannot use them to ride our own political hobby horses if we happen to have any," and that whether Sec. 315 is changed or not, "we'll always stand by the policy that we try to follow now—to present all the facts to the people..."

As evidence of the complexity of the equal-time requirements, he noted that 18 major and minor parties are putting up Presidential candidates this year and that if each of these were given an hour of prime time a week they would, altogether, account for 18 out of the 21 hours a week between 8-11 p.m. He continued:

"Largely on account of Sec. 315 we have just had to adopt the general policy, with the exception of a matter like the [Eisenhower speech which was covered as spot news], of not giving time to the candidates but of selling it. I admit that doesn't seem to be very attractive. It does mean that the party with the most money gets the most use out of this very powerful medium. But on the other hand, that is a fact of life.

"The party with the most money can take out the most newspaper advertisements, they can issue the most number of full color pamphlets. There really isn't any reason in that area why radio and television should be treated any differently from any other method by which a candidate reaches the people. It would be awfully nice if all the parties had all the money they wanted. That would solve our problem. They don't and we can't do much about that."

#### New Series Available

DOROTHY OSHLAG, manager, Communications Materials Center, last week announced the availability of a new transcription series in which is told true stories of criminals and delinquents, using their actual voices. Series is entitled, Why Did He Do It? The center, a division of Columbia U. Press, has offices at 413 W. 117th St., New York 27.

#### PALM SPRINGS TV

Construction Underway

CONSTRUCTION of Palm Springs, Calif., community TV system by International Telemeter Corp. (half-owned by Paramount Pictures) took a long step forward last week when 4,000 ft. of Styroflex coaxial cable was flown overnight from Yonkers, N. Y., to California by manufacturer Phelps-Dodge Copper Products Corp.

The high-power, low loss cable is being installed to bring Los Angeles TV signals down the mountain side to Palm Springs to TV set owners in the resort area [B•T, March 3]. Palm Springs is 90 miles from Mt. Wilson, where all of Los Angeles' seven TV stations have their transmitters.

#### Nielsen Adds Clients

TWO large national manufacturers and nine leading agencies have contracted with the A. C. Nielsen Co., Chicago market research firm, for its coverage service reports and radio and TV stations and networks nationally. Clients are Procter & Gamble, New York, and the Toni Co., Chicago, a division of Gillette. Agencies, which bring Nielsen's agency subscribers to this service to a total of 14, are N. W. Ayer, BBDO, Biow Co., Compton Adv., Dancer - Fitzgerald - Sample, Kastor, Farrell, Chesley & Clifford, McCann - Erickson, Tatham - Laird and Geoffrey Wade Adv.

#### Film Report

(Continued from page 94)

telecast last May, featured Bertrand Russell.

WPIX (TV) New York announced last week that its First Show program, full-length film on a fivetimes-a-week schedule, had compiled a 32.5 average cumulative weekly Pulse rating. Shown from 7:30-9 p.m. EST weekdays, the program presents widely-acclaimed films. New feature begins each Wednesday.

J. Armstrong & Co., New. York, offering new series of syndicated television commercials for banks titled Bank Synda-Kit.

Arrow Productions Inc., Hollywood, moved to new quarters at Eagle-Lion Studios last Saturday.

Screen Televideo Productions, Hollywood, has moved to RKO-Pathe Studios, Culver City.

#### Film People . . .

Les Goodwin, motion picture director, to Golden Key Trust Productions. Hollywood, to serve in same capacity on NBC-TV's My Hero. Film series, starring Robert Cummings, starts Nov. 8 for Philip Morris & Co. (Dunhill cigarettes). Agency is Biow Co.

George T. Shupert, vice president of Peerless Television Productions, New York, has resigned effective Nov. 15. While his future plans are not definite, Mr. Shupert will remain in the TV syndication field.

Renzo Cesana ("The Continental") has been signed by Dynamic Films Inc., New York, for a series of 104 film programs. Production has started in New York.

\* \* \*

Vernon Clark, motion picture producer and more recently released from active duty with the Air Force, has been named general manager of California Studios, Hollywood. Plan calls for a heavy schedule of TV film and motion picture production.

Rosemarie Hickson, motion picture editor of Caravel Productions, New York, to Sterling Television Co., same city, as supervisor of TV film production department.

Kingman Moore, NBC-TV Hollywood director, to Revue Produc-

Employment Service

# Employment SERVICE

We have selected General Commercial and Program Managers; Chief Engineers, Disc Jockeys and other specialists. Delays are costly; tell us your needs today.

HOWARD S. FRAZIER

TV & Radio Management Consultants 708 Bond Bldg., Washington 5, D. C. \*\*\*\*\*\*\*\*\*\*\*\*\*\* tions, North Hollywood, in same capacity. He succeds George Cahan, who moves to CBS-TV's Mu Friend Irma as director, replacing Richard Whorf. Mr. Whorf returns to New York as star of the new Broadway play, "A Burglar in the House."

Marc Daniels, director on CBS-TV's I Love Lucy during 1951-52 season, to NBC-TV's I Married Joan in same capacity. He succeeds Hal Walker who will fulfill motion picture commitments.

Frank Wisbar, producer-director, NBC-TV's Fireside Theatre for Procter & Gamble, will personally introduce each film instead of the program star.

Frank Capra, who is set to produce and direct hour-long science documentary TV film series for American Telephone & Telegraph Co. [BOT, Oct. 27], will retain all foreign rights to the films. First program, "The Sun," is in pre-production.

#### 'GOOD MUSIC' WITH-FM Airs WGMS Shows

BALTIMORE listeners of WGMS-FM Washington were surprised last week to hear a WGMS announcer suggest that they switch their dials to WITH-FM Baltimore.

WGMS last Wednesday began an arrangement with WITH-FM whereby the Baltimore station will receive WGMS programs by direct FM relay. Announcement of the arrangement was made jointly by Tom Tinsley, WITH president, and M. Robert Rogers, general manager, WGMS-AM-FM.

Heretofore, WITH-FM simply duplicated programs of its AM affiliate, WITH, in the 3-9 p.m. period. Now, WITH-FM operates from 11 a.m. to midnight.

Mr. Rogers said that more than 10% of the subscribers to WGMS' monthly program publication lived in the Baltimore area. WGMS commercials will be blocked out on WITH-FM and Baltimore commercials substituted.

WGMS is the key station of a Good Music Network which has affilates in Philadelphia, New York, New Haven and Hartford. Mr. Rogers said the addition of the Baltimore outlet brings into being a Good Music Network operation which covers homes from Portland, Me., to almost as far south as Richmond.

# WFLN (FM) Growth

WFLN (FM) Philadelphia extended operations Nov. 1 to 7 a.m.midnight, according to Raymond S. Green, general manager. Formerly the station had gone on the air at noon. The FM-only outlet will continue to program good music, news and special cultural features, Mr. Green said.

#### D. C. BUDGET Will Ask Funds for TV

AN indication of Congress' attitude toward educational TV should be forthcoming early next year when the District of Columbia supplemental 1953 appropriation request contains an item for \$400,000 to build and operate an educational TV station in the nation's capital.

The Washington Board of Education filed an application for educational uhf Ch. 26 last week. Application asked for 200 kw radiated power, proposed to spend \$271,794 in construction and \$100,000 for first year of operation.

Filing of the application was approved, following several meetings of educational groups in Washington in the past few months [BoT, Oct. 20]. The Washington school board application indicated that participation would be open to all educational and cultural organizations in the greater Wash. ington area. This includes northern Virginia and part of Maryland.

At the same time that the Washington school board took its action, approving the filing of a TV application, the District of Columbia commissioners announced that they would include \$400,000 in the supplemental budget for the construction of the station and for operating expenses for the first year. Appropriations for all activities of the D. C. government are made annually by Congress.

## **BILL WOOD HONORED**

#### At State Dept. Ceremony

WILLIAM A. WOOD, director of TV news and special events at CBS Washington, was honored as a former State Dept. employe last Friday for furthering "understanding of U.S. foreign policy immeasurably through . . . radio and television," in planning coverage of the Japanese Peace Conference last year.

Mr. Wood, a member of the department from 1946 to 1952, and more than 190 State Dept. ployes, were honored by Secretary of State Dean Acheson for outstanding performance, at the Fourth Annual Honor Awards Ceremony in Washington.

Among other recipients awards were two ex-broadcasters —Jean W. Seymour, former chief engineer at KSAL Salina, Kan., and assistant monitoring officer at FCC, and Fred G. Taylor, formerly with KSL Salt Lake City.

## Kendall to ODM

APPOINTMENT of Charles H. Kendall as general counsel of the Office of Defense Mobilization was announced Oct. 20 by defense mobilizer Henry H. Fowler. Mr. Kendall has been general counsel of Defense Production Administration for the past 19 months, a post which he retains.

WNO-AM-FM Winona, Minn., has received national Community Service Award for "outstanding radio service" to the city of Winona last April during the flood. Award was presented by the Neville-Lien Post of the Veterans of Foreign Wars. An accompanying letter to M. H. White, KWNO president, said "KWNO was the single most influential weapon in the hands of city officials in their highly successful efforts to avoid public hysteria on the one hand while presenting at all times an accurate picture of flood danger."

# \* \* \* WALK Trips Stork

WALK-AM-FM Patchogue, Long Island, N. Y., was instrumental in bringing together a maternity patient and her physician when both feared they would lose the race with the stork. The patient felt birth was imminent but the doctor was spending a few hours out on a boat. WALK heard of the emergency, interrupted a program to ask the physician-if he happened to be listening—to get in touch with his office immediately. The Main Street Press commented that "in less time than it takes a brandnew father to fold a diaper, the doctor reached shore, made the call and outraced the impatient stork."

#### Radio Aids Unfortunate

FURTHER proof that a radio appeal is a key which often unlocks the hearts of the public was demonstrated by WITH-AM-FM Baltimore's All Night Show, starring Mitch Reed. One feature of the show is called "Party Line" during which listeners phone in complaints, appeals, etc. A listener told of an invalid who seemed to have had more than his share of setbacks. Listeners responded with money, notes of cheer and—a television set.

#### Community Chest Marathon

FLOYD OTTOWAY, WSYR Syracuse staff announcer, conducted a 30-hour marathon from the display window of a department store to spur donations to the Community

# in public service...

Chest. WSYR was on the air throughout one night with Mr. Ottoway broadcasting. Throughout the 30 hours, prominent Syracusans were guests of Mr. Ottoway and aired appeal for the civic campaign. Meals were served in the window and a local barber dropped in to shave Mr. Ottoway. His marathon stint won the praise and gratitude of Syracuse.

#### WTMJ-TV Chest-Cast

A 90-minute local video show replaced Milwaukee's downtown parade as the kickoff feature of the city's 1952 Community Chest campaign. Many entertainers, most Milwaukee-born, took part in the WTMJ-TV telecast. Station's Lewis and Alan Beaumont directed the telecast.

#### WKEI Sets Record

FEW DAYS after WKEI Kewanee, Ill., went on the air [B°T, Sept. 22] the station took part in a Red Cross blood donations drive and obtained 361 pledges, with 324 showing up at the bloodmobile and 284 actually donating a pint of blood each to exceed the quota of 174 pints, which, according to WKEI President E. D. Scandrett, has never been met previously with newspaper promotion. Mr. Scandrett said the donations established a 14-state record.

#### WPIC Political Service

WPIC Sharon, Pa., as a public service, made series of quarter-hours available without charge to local political organizations to present their views on tomorrow's election.

#### KFAB Tells Public

KFAB saw fit to broadcast a story which other Omaha media were

careful not to touch, according to the station. But the broadcast of the story—that overcrowding and lack of sanitation facilities in a South Omaha parochial school were responsible for an outbreak of yellow jaundice—earned plaudits from parents organizations, the superintendent of parochial schools in Omaha, and the city-county health director. As a result of KFAB's publicity, the school was closed for necessary repairs, station reported.

#### KYW Aids Emergency

KYW Philadelphia has received a letter from the medical director of Hahnemann Hospital, that city, thanking the station for helping to fill a patient's urgent need for a rare type of blood. Only 3-4% of the population reportedly has rare O-Rh negative blood. Yet within an hour after the emergency appeal went out over KYW, about 100 persons with that type of blood contacted the hospital.

#### WOC Aids Destitute

SINGLE broadcast on WOC Davenport, Iowa, brought a destitute family a complete living room suite, kitchen furniture, a bed, washing machine and other household equipment and clothing. A family of eight, from nearby Argo, Iowa, was left homeless by fire. WOC made a single appeal on its Saturday morning program, Free For All, and the contributions began pouring in.

#### WFMY (TV) Plasmathon

WFMY (TV) Greensboro, N. C., has celebrated its third anniversary by presenting The Plasmathon, a three-hour show designed to stimulate blood donations from area listeners. Aim was to get a gallon of blood for every week the station has been on the air. Arthur C. Stringer, WFMY promotion manager, said the Plasmathon turned out to be a big success and drew considerable favorable comment throughout the area.

#### KYA Aids Charity

KYA San Francisco has been credited with helping the United Crusade, a new combined charity,

to a good start Oct. 6 through its assistance in presenting a variety show from the Emporium department store there. Ed Sullivan flew from New York to m. c. the program, which attracted an estimated 10,000 spectators.

#### Emergency Appeal

AN EMERGENCY appeal by Ernie Kovacs on his Kovacs Unlimited program on WCBS-TV New York was credited by a spokesman for King's County Hospital in Brooklyn last week as having given "exceedingly great help" in saving the life of a patient suffering from a blood disease.

#### WAGM-Rotary Auction

ANNUAL Rotary Club radio auction on WAGM Presque Isle, Me., will be held Nov. 25-27. Goods donated by firms and individuals in that city since Aug. 25 will be auctioned and proceeds will be used for equipment for Presque Isle General Hospital. Auctions in the past four years have brought in \$61,000 for the hospital.

#### Canadian Set Sales

NEW records are being set each month in sales of TV receivers by Canadian manufacturers. A high of 19,241 sets valued at \$8,629,781 was reached in September, according to figures released by the Radio-TV Mfrs. Assn. of Canada. In August, 12,790 sets were sold and in September 1951 a total of 3,286 sets. 55,534 sets have been sold in Canada in 1952, valued at \$32,016,000, of which 40% are in the Toronto area, and 24% in the Montreal area. A total of 148,647 sets, valued at \$69,530,000, have been sold in Canada.

# COURT BROADCAST WSMI Airs Final Arguments

WSMI Litchfield, Ill., aired the final arguments of both defendant and prosecutor in a murder trial of considerable interest in that

Anton Nowak, former mayor of nearby Panama, Ill., went on trial for the murder of an elderly couple. Since Panama is within range of WSMI, the station gave the case full coverage.

Jack D. Funk, WSMI director of news & special events, obtained permission from the attorneys and the judge to broadcast the final arguments. The Montgomery News, in nearby Hillsboro, Ill., called the broadcasts "unique in court history in this county . . ."

REPORT AND ORDER

Standard Broadcast Band—FCC finalized rule-making adding 540 kc to AM broadcast band. The standard broadcast band for use in the U. S. is now specified at 535 kc to 1605 kc, in lieu of 550 kc to 1600 kc. Use of additional channel will be subject to "harmful interference" provisions of frequency allocation rules. U. S. Class II stations will recognize the priority of use on the 540 kc channel given to Canada under provisions of the pending North American Regional Broadcasting Agreement. FCC rules and standards are amended accordingly, effective 30 days after publication in Federal Register, Report and order Oct. 23.

And order Oct. 23.

MEMORANDUM OPINIONS
AND ORDERS

Rebroadcasting Rules—FCC rescinded provision in its report and order of May 14 [AT DEADLINE, B-T, May 19], which would have required broadcast stations to report instances of refusal of grant permission to other broadcasters to rebroadcast programs, but affirmed Sec. 325(a) of Communications Act relating to rebroadcasting. Simultaneously, FCC denied petition by Gordon Brown, WSAY Rochester, N. Y., requesting investigation of alleged conspiracy to restrain rebroadcasting [B-T, Oct. 27]. Memorandum opinion and order Oct. 30.

Oakland, Calif.—KROW Inc. FCC de-

opinion and order Oct. 30.

Oakland, Calif.—KROW Inc. FCC denied petition which requested Commission (1) to reconsider its action in Sixth Report & Order [B-T, April 14], with regard to vhf television channel assignments in San Francisco-Oakland; and (2) to reconsider its action in removing petitioner's application for new TV station in Oakland from hearing docket, and to restore its application to hearing status. Memorandum opinion and order Oct. 24.

Owenshore, Kv.—Owensbore On The

opinion and order Oct. 28.

Owensboro, Ky.—Owensboro On The
Air Inc. FCC denied petition which
requested waiver of one-year rule
(Sec. 3.609 of rules), and amend table
of TV assignments to assign vhf Ch. 9
to Hatfield, Ind. Memorandum opinion
and order Oct. 24.

Irwin, Pa.-FCC adopted memoran-

# WRTA Altoona, Pa. Twenty-eight years radio experience and Roy Thompson's life dedicated to the community has made WRTA Altoona's friendliest station. People like to do business with friends. Of course, WRTA—advertised products—sell!

Roy J. Thompson

Represented by Robert Meeker Associates dum opinion and order, effective 30 days after publication in Federal Register, finalizing proposed rule-making issued Sept. 2 [B.T, Sept. 8], amending Sec. 3.606 of rules to assign vhf Ch. 4 to Irwin. FCC also adopted memorandum opinion and order dismissing petition by Matta Bestg. Co., Braddock, Pa., requesting FCC to assign vhf Ch. 4 to Braddock. Action Oct. 24.

Madison. Wis—Radio Wisconsin Inc.

vhf Ch. 4 to Braddock. Action Oct. 24.
Madison, Wis.—Radio Wisconsin Inc.
FCC denied second petition requesting
further reconsideration of Commission's action of Sept. 22 [B-T, Sept.
29]. which denied Radio Wisconsin's
request that vhf Ch. 3 now assigned
to Madison for commercial operation
be designated for noncommercial educational use and that uhf Ch. \*21 reserved for noncommercial educational
operation be made commercial. (Comrs.
Walker and Hennock dissented.) Memorandum opinion and order Oct. 30.

#### ACTIONS

Princeton, Ind.—M. R. Lankford. FCC adopted proposal looking towards amendment of Sec. 3.606 of table of TV assignments to assign unif Ch. 52 to Princeton. Comments will be accepted by FCC up to Dec. 2. Notice of proposed rule-making Oct. 24.

Washington, D. C.—Harry S. Barger and Henry Stratton. FCC dismissed petitions which sought permission to intervene or join in petition of Transit Riders Assn. Inc.

#### **Grant Tempo Rises**

(Continued from page 69)

Walker dissented from the majority's ruling.

WEST Easton, grantee for uhf Ch. 51 at Bethlehem, reported the new TV outlet would be placed on the air with the greatest possible speed but no firm date can be set now. Equipment has been ordered. It was noted that the station, in a tri-city area, will serve Bethlehem, Allentown and Easton.

KCSJ Pueblo, Ch. 5 grantee, exnects to commence operation about March 1. it was reported last week. Equipment is both GE and RCA. Fred Weber, operator of WFPG

Atlantic City, reported Dec. 20 as the commencement date for his newly granted Ch. 46 station. Mr. Weber said his transmitter will be the first factory built 1-kw uhf unit off the RCA line. The antenna is already fabricated, he said. John Pearson Co. will be national representative.

The Ch. 51 grant at Bethlehem to WEST Easton, a Steinman station, followed less than a week after a request by WLAN Lancaster, Pa., that the application be consolidated in a comparative hearing indicated by FCC on the channel

change bids of WGAL-TV Lancaster and WDEL-TV Wilmington, Del., also Steinman outlets, involving a question of signal overlap [B•T, Oct. 27, Sept. 22].

The WLAN request was contained in its reply to the McFarland letter of the Commission notifying WLAN that its application for Ch. 8 is mutually exclusive with WGAL-TV's request for the same channel, indicating need for comparative hearing. WLAN also protested FCC's modification WGAL-TV's license for switch from Ch. 4 to 8, using same power, pending outcome of the Ch. 8 comparative proceeding.

WGAL-TV, meanwhile, has filed detailed answers to the WLAN petitions charging that the latter has misconstrued the facts of the Commission actions in the proceed-

The exchange of petitions has arisen over the FCC's memorandum opinion and order of Sept. 18 which sought to clarify earlier controversy between the Steinman group and Peoples Broadcasting Co., WLAN licensee [B•T, Sept. 22]. At that time FCC took these actions in its memorandum opinion and order:

(1) Denied petition of WLAN to reconsider and set aside the Commission's show cause order of the Sixth Report which would change WGAL-TV Lancaster from Channel 4 to 8, but (2) granted WLAN's further petition for comparative hearing of its application for Channel 8 at Lancaster with the application of WGAL-TV to move from Channel 4 to 8, subject to notification as required by Public Law 554 (McFarland letter notification prior to actual

designation for hearing); and (3) granted request of WGAL-TV for modification of license to permit operation on Channel 8 with minimum power. (ERP 7.2 kw visual) upon "the express condition that such grant is subject to being withdrawn upon the determination of the proceeding involving its application and application of Peoples for Channel 8."

Concurrently. FCC announced that WLAN and WGAL-TV were being advised that the application of WLAN for a new station on Channel 8 and the application of WGAL-TV to move from Channel 4 to 8 "are mutually exclusive and indicate the necessity of a consolidated hearing, including an issue on the financial and other qualifications of Peoples."

Similar letter was sent to WDEL-TV Wilmington to advise that its application for change from Channel 7 to 12, also pursuant to Sixth Report show cause order, and for boost in ERP to 316 kw, "raises question of common identity of ownership of WGAL Inc. and WDEL Inc. and of the overlap which would result from proposed operations of WDEL-TV and WGAL-TV." indicating "necessity of a hearing with above mentioned WGAL-TV application." FCC required WDEL-TV to file application for operation on Channel 12 with minimum power.

In all of the Sept. 18 actions,

In all of the Sept. 18 actions, Comr. George E. Sterling dissented on grounds the show cause channel changes were part of the reallocation plan, hence not subject to competitive applications. On the overlap problem, Comr. Sterling noted it was the result of FCC's new engineering standards.

In its reply petition, WGAL-TV charged that "Peoples seems to rely on the theory that, because it has filed an application for a new station to be constructed and operated on Channel 8 in Lancaster, WGAL Inc. has lost all rights as a licensee and any further operation of WGAL-TV was entirely subservient to the misconceived

applicant with three television stations operating in and almost completely saturable in ursting a limited area within a triangle formed by Bethiehem, Lancaster and Wilmington, cities less than 65 miles Wilmington, corporation; within this appart trom each other. Within this comparatively small but densely populated expension, in addition to applicant corporation, in addition to their existing television stations in Language and several daily newspapers; There is and wilmington, own and operations already an unusual condentration of ownership and control of the mass and everal daily newspapers; There is thus already an unusual condentration of ownership and control of the mass media of communications. Clearly, the application for a third TV station in the same vicinity raises a substantial question of the condition of the same vicinity raises a substantial question of the proposition of the proposition of the proposition of the proposition of the application of the proposition of the pr

application for a third TV station in the application for a third TV station in the same violently relees a substantial questann of monopoly control.

"There is no need here to elaborate upon the harmful consequences of an undue concentration of ownership of these media, particularly in such a limited area, But the general recognition— including Commission policy partition— including Commission policy and regulations—of the objectionable nature of such a concentration from the standpoint of the public interest. Should here give the Commission pause. (See particularly Sec. 3636 of the Commission's Rules and Regulations which mission's Rules and Regulations which require a showing that control of more than one station would 'foster competential' and not result in an undue contential on the centration of control of broadcasting teatlities.)

than one standor would roster competition, and not result in an undue contraction and not result in an undue contraction of contract on treating the special of control of the problem of control of the problem of control of the problem of the sphileston stand control, the defendance on this vital question of the sphileston of the sphileston of the stands of the stands of the sphileston of which is so necessary at this control, the deferrance on the vital question of which is so necessary at this control in the state of the sphileston's scalon force sets an unitation of which is so necessary at this problem in other sets of the street of the sphileston's carbon for the sphileston's scalon force sets an unitation of which is so necessary at the paper of the sphileston cannot, and the Commission's carbon for the sphileston of the concentration of the sphileston's concentration of the sphileston's concentration of the sphileston's concentration of the concentration of the sphileston's concentration of the concentration of the sphileston's concentration of the concentration of the sphileston's proposals of work with the sphileston's proposals of work with the sphileston's proposals of work with the sphileston's proposal increases in one poerating sphileston's proposal of the comparative proposal of the sphileston's proposal of the sph
