(Cancer Cell 9, 209–223; March 2006)

In this article, two catalog numbers of VEGFR3 antibodies were mistakenly used during preparation of the manuscript. The catalog number of the antibody used against Flt-4 in Figure 1 should be MAB349 instead of MAD904; the other catalog number of the antibody used against Flt-4 in Figure S1 should be sc-28297 instead of sc-282976. These corrections do not affect the findings or conclusion of the study.
