March 24–27, 1985  
Birmingham, England (University of Aston)

The Programme includes Symposia on:

“Reactive Intermediates in Drug Metabolism and Carcinogenicity”  
(Jointly with the Drug Metabolism Group)

“New Directions in the Therapy of Cancer” and  
“The Early Clinical Trials of Novel Antitumour Agents”  
(Jointly with the EORTC-PAM Group)

The 1985 Walter Hubert Lecture by A. C. Sartorelli:  
“The Use of Drugs to Promote Malignant Cell Differentiation”

The West Midlands Oncology Association Guest Lecture  
by Emil Frei III:  
“Future Strategies in Chemotherapy”  
and proffered paper sessions

*For further information:* Dr. J. Hickman, CRC Experimental Cancer Chemotherapy Research Group,  
Department of Pharmacy, University of Aston in Birmingham B4 7ET, England

### **Second International Symposium on “Detection and Treatment of Minimal Residual Disease in Acute Leukemia”**

November 6–8, 1985  
Rotterdam, The Netherlands, Congress Center “De Doelen”

*Organizers:* Anton Hagenbeek and Bob Löwenberg  
The Dr. Daniel den Hoed Cancer Center/Rotterdam Radio-Therapeutic Institute

This symposium is focussed on the detection and treatment of subclinical disease in acute leukemia, i.e., the small numbers of neoplastic cells which frequently persist following successful remission induction therapy and cause relapse. Free poster sessions will be included (Abstract forms must be received before August 1, 1985)

*For further information:* J. W. van der Velden, M.D.  
c/o Organizing Committee Leukemia Symposium  
The Dr. Daniel den Hoed Cancer Center, P.O. Box 5201  
3008 AE Rotterdam, The Netherlands

### **First International Congress on Neo-Adjuvant Chemotherapy**

November 7–9, 1985  
Paris, France

Abstracts can be submitted to the organizing committee from February 1 to July 1, 1985
