

**Announcement**

---

The 2nd International Symposium on Polymer Analysis and Characterization will be held during April 7–9, 1989 at Austin, Texas. This two and one-half day symposium will consist of poster sessions, invited lectures, and round-table discussions on recent advances in polymer characterization techniques and selected applications. Topics will include size exclusion chromatography, fractionation, light scattering, microscopy, n.m.r. spectroscopy, thermal analysis, fluorescent techniques, and methods relating to solid state and surface characterization. For further information and registration forms, please contact Dr. Howard G. Barth, Du Pont Co., Experimental Station, P.O. Box 80228, Wilmington, DE 19880-0228, (302) 695-4354.
