

Announcement

International Symposium on Polymer Analysis and Characterization

The Third International Symposium on Polymer Analysis and Characterization, organized in conjunction with the Czechoslovak Academy of Sciences, will be held on July 23–25, 1990 in Brno, Czechoslovakia. This three-day Symposium will consist of poster sessions, invited lectures, and round-table discussions on recent advances in polymer characterization techniques and selected applications. Topics will include chromatography, spectroscopy, light scattering, rheology, thermal analysis, and solution properties of polymers. A short course on gel permeation chromatography will precede the Symposium. The deadline for submitting titles for poster presentations is November 30, 1989.
