

Announcement

45th Southeast Regional Meeting of the American Chemical Society

The 45th Southeast Regional Meeting of the American Chemical Society (SERMACS) will be held on October 17–20, 1993, on the campus of East Tennessee State University in Johnson City, TN (USA). The meeting will feature a number of technical symposia of interest to carbohydrate chemists. These include the following: Oligosaccharides:

Indispensable Probes for the Life Sciences (P. Kovac, Chairman).

NMR of Carbohydrates, Polymers, and Related Systems (C. Buchanan, D. Lowman, Co-chairmen).

Cellulose Chemistry: Transformations, Characterization, and Application (S. Kelley, Chairman).

Free Radicals in Organic Synthesis (N. Porter, Chairman).

Bio-organic Chemistry: Ethylene to DNA (D. Lynn, Chairman).

Recent Developments in Organic Synthesis (T. Harris, Chairman).

Aldol Chemistry: Synthetic and Physical-organic Aspects (P. Guthrie, Chairman).

Analytical and Preparative Aspects of Microbial Chemistry (D. White, Chairman).

Advances in Microscale Separations (J. Jorgenson, Chairman).

Advances in Mass Spectrometry for the Organic Chemist (J. Little, Chairman).

Further information can be obtained from the general chairman, Dr. Thomas Huang, Department of Chemistry, East Tennessee State University, Johnson City, TN 37614-0002. Contributed papers and posters in all areas of chemistry are invited. Deadline for receipt of abstracts on official ACS abstract forms is May 15, 1993. Sends abstracts to Dr. John A. Hyatt, Research Laboratories, Eastman Chemical Co., P.O. Box 1972, Kingsport, TN 37662 (USA).
