ELEVENTH NORTH AMERICAN MEETING OF THE CATALYSIS SOCIETY

Hyatt Regency Dearborn, May 7-11, 1989, Dearborn, Michigan, U.S.A.

Executive Committee:

Alan BRENNER *General Chairman*

Galen B. FISHER, Haren S. GANDHI, Craig B. MURCHISON, Thomas J. PINNAVAIA,
Johannes W. SCHWANK, Mordecai SHELEF

The Eleventh North American Meeting of The Catalysis Society will be hosted by The Michigan Catalysis Society. Plenary lectures will be given by the Paul H. Emmett and Eugene J. Houdry Award recipients. In addition, Professor John E. Bercaw will give a plenary lecture on the subject of relations between homogeneous and heterogeneous catalysis.

It is expected that presentations will be organized into the following symposia. Additional symposia will be added if warranted.

<i>Topic</i>	<i>Chairperson</i>	<i>Keynote speakers</i>
Catalysis in the Petroleum Industry	Ralph J. Bertolacini	John S. Magee, Henrik Topsøe
Selective Oxidation	Malcolm H. Chisholm	Chadwick A. Tolman
Pollution Control	Haren S. Gandhi	Joseph T. Kummer
New Catalytic Materials & Processes	Robert L. Garten	Mark E. Davis
Homog. Catalysis & Organometallic Chem.	Robert H. Grubbs	Herbert D. Kaesz
Surface Science & Spectroscopy	Gary L. Haller	W. Nicholas Delgass
Catalysis by Oxides & Chalcogenides	Kamil Klier	Russell R. Chianelli
Theory of Catalysis	Richard I. Masel	Michael Wortis
Reaction Engineering & Deactivation	Se H. Oh	John B. Butt
Supported Metals & Bimetallics	Wolfgang M.H. Sachtler	Michel Boudart
Zeolites	Rosemarie Szostak	Jule A. Rabo
Metal Clusters	Robert L. Whetten	Andrew Kaldor
General Papers	Kathleen C. Taylor	
Posters	Simon K.Y. Ng	

Each symposium (except the poster session) will include both invited and contributed papers.

For further information please contact Dr. C.B. Murchison, The Dow Chemical Company, 1776 Bldg., Midland, MI 48674, U.S.A.
