Fellowships in residence at the Smithsonian Institution

1994–1995

Smithsonian Fellowships support research in residence at the Smithsonian Institution, in association with the staff, using the Institution's resources. Early contact with the potential advisor is strongly recommended.

Awards are based upon merit. Smithsonian fellowships are open to all qualified individuals, without reference to race, color, religion, sex, national origin, age, or condition of handicap of any applicant.

Deadline for Smithsonian Fellowships – January 15, 1994

Senior Fellowships for postdoctoral scholars more than seven years beyond the degree.*

Term: three to twelve months.

Stipend: \$25,000 per year plus allowances.

**Applications for Senior Fellowships may be submitted two years in advance.*

Postdoctoral Fellowships for postdoctoral scholars up to seven years beyond the degree

Term: three to twelve months.

Stipend: \$25,000 per year plus allowances.

Predocctoral Fellowships for doctoral candidates to conduct dissertation research.

Term: three to twelve months.

Stipend: \$14,000 per year plus allowances.

Ten-Week Graduate Student Fellowships for graduate students to conduct independent research. Students must be formally enrolled in a graduate program, and not yet have been advanced to candidacy if in a Ph.D. Program.

Stipend: \$3,000.

When requesting application materials, please include the following information:

area of study dates of graduate degrees received and/or expected

Corrections

O. E. Tsitsiloni, P. P. Yialouris, H. Echner, W. Voelter, and A. A. Haritos 'Evidence for the extranuclear localization of thymosins in thymus': *Experientia* 48 (1992) 398–402.

The 7th line of the 2nd column on page 399: '[Tyr¹¹]-parathymosin a (1–10)' should read: '[Tyr-Aca⁹]-parathymosin a (1–10)-OH' whereas Aca stands for aminocaproic acid.
