**The Commentary on the First Six Books of the *Aeneid* of Vergil
Commonly Attributed to Bernardus Silvestris**

*A new critical edition by Julian Ward Jones
and Elizabeth Frances Jones*

The *commentum* on the *Aeneid* generally attributed to Bernardus Silvestris is the only allegorical commentary on the *Aeneid* surviving from the Middle Ages. The Latin text is preceded by an introduction in which the editors discuss the origins of the commentary (and call into question Bernardus's authorship of it), its ideas and cultural context and the manuscripts on which their edition is based. xxxiv, 163 pages. May. **\$25.00**

LUCIAN

Seventy Dialogues

Introduction and Commentary by Harry L. Levy. This volume contains all of Lucian's *Dialogues of the Dead*, *Dialogues of the Sea Gods*, and *Dialogues of the Gods*. The commentary approaches Lucian's language and the content of his work as examples of the process whereby a non-Greek was Hellenized linguistically and culturally. *Lucian* is the fourth volume in the series of new classical texts produced under the sponsorship of the American Philological Association in cooperation with the University of Oklahoma Press. 316 pages. \$5.95

PROPERTIUS

Elegies I-IV

Edited, with Introduction and Commentary, by L. Richardson, Jr. Long neglected because of the obscurity of his thought and the vagaries of his syntax combined with a badly corrupted text, Propertius has now begun to emerge as a writer of compelling originality and intellectual power. In this new edition, the fifth volume in the series of new classical texts, each elegy is provided with an introductory note focusing on a literary interpretation of that poem, followed by a full and detailed commentary. 500 pages. \$8.95
