

## BΩΣΕΣΘΕ: AN APOLOGY

I sincerely apologize to Dr. Giangrande and to Mr. Campbell for suggesting that the *addendum* on the future of βόσκω in Liddell and Scott had escaped them. Dr. Giangrande in fact refers to it, and to other literature where βώσεσθε is explained as a future of βόσκω, in the learned paper cited by Mr. Campbell (*Antiquité Classique* [1970], 56). Agreeing with Dr. Giangrande that the contraction of βιώσεσθε is impossible, and with Mr. Campbell that βοάσεσθε is ruled out by the sense, I never suspected that an explanation which is perfect both in sense and in point of form (see Frisk s.v. βόσκω) could be known to them.
