Associating Polymers

Loen, Norway, 25–30 June

Scope:

The purpose of this conference is to discuss recent experimental and theoretical advances in the field of associating polymers. The conference will focus on structure, interaction and dynamics in systems containing associating polymers.

Topics:

1. Polymer structure and dynamics in solutions and gels
2. Polymer/polymer interaction
3. Polymer/surfactant interactions
4. Polymer adsorption and interaction at interfaces

The number of participants will be limited to 150. Deadline for applications: 1 January 1995.

For information and application forms, contact the Secretary of the Programme Committee: Dr. Harald Walderhaug, Department of Chemistry, University of Oslo, PO. Box 1033 Blindern, N-0315 Oslo, Norway,
Tel. (47) 22 85 55 88 Fax. (47) 22 85 54 41.
