**9th International Conference on Surface and Colloid Science (9 ICSCS)**

6–12 July, 1997, Sofia, Bulgaria

The 9 ICSCS is a succession of the series of the greatest worldwide forums organized under the auspices of the International Association of Colloid and Interface Scientists (IACIS) every three years. The last conferences have been held in Adelaide, Australia (1994), Compiègne, France (1991), Hakone, Japan (1988), Potsdam NY, USA (1985), etc. The 9 ICSCS is organized by the Bulgarian Academy of Sciences, Institute of Physical Chemistry and the University of Sofia, Department of Physical Chemistry.

**Call for Papers.** You are invited to present papers at the 9 ICSCS. Camera-ready abstracts (3 copies) should be sent before December 15, 1996. The *Second Announcement & Call for Papers* will be distributed in September, 1996.

**Program Outline.** Keynote Lectures, Oral Presentations and Posters will be selected on the basis of the Abstracts presented. All papers will be arranged in sessions according to the Focus Areas: Colloidal Dispersions, Capillarity, Colloid Stability, Self-Assembled Matter, Surfactants and Polymers, Charged Particles and Interfaces, Dynamics of Interfaces and Colloids, Biocolloids and Biointerfaces, Technological Applications, Environmental Colloid Science.
