

**The 14th Surfactants in Solution Symposium (SIS 2002)
will be held in Barcelona
from 9 to 14, June 2002**

This biennial international symposium will cover recent progress in fundamental aspects and technological applications of surfactants. An advanced course on "Formulation of Colloid Systems" is planned on June 6–8.

The congress venue will be the Historical Building of the University of Barcelona.

**POLYMER COLLOIDS: PREPARATION AND PROPERTIES
OF AQUEOUS POLYMER DISPERSIONS**

July 14–19, 2002, Irsee, Germany

This conference will deal with the area of aqueous polymer dispersions, which are key to many industrially important applications. The conference will bring together industry and academia to discuss the current advances in basic and applied research dealing with APD, and articulate the challenging scientific and engineering research in the field.

Chair person is Klaus Tauer, Max Planck Institute of Colloids and Interfaces, Golm, Germany.

Co-Chair: Mohamed S. El-Aasser, Lehigh, University Emulsion Polymers Institute

Additional information about this Conference - and a registration form - can be found at:
