Stephen Shuttleworth studied at the University of Liverpool, from where he received his BSc (Hons) in Chemistry (1991), and his PhD in Organic Synthesis (1994). He subsequently moved to Chiroscience, Cambridge (1994-1997), where he was initially a member of the Process Research Department before taking responsibility for the Combinatorial Chemistry Group. In 1997, Steve moved to BioChem Pharma, Montreal, and held the position of Research Leader, Combinatorial Chemistry before moving to Tularik, San Francisco in 2000, where he is currently an Associate Director in the Department of Chemistry.
