

The latest information on
trends in organic chemistry on
a powerful new CD-ROM!

ECTOC – The First of its Kind

The **Electronic Conference on Trends in Organic Chemistry (ECTOC)** was the first completely electronic conference to be held on the subject of organic chemistry. The conference took place over the Internet, and included not just high-level academic research but new and exciting ways of presenting that information. The content of this conference is now available on a powerful new CD-ROM, allowing you to benefit from the advantages unique to this electronic medium.

What does the ECTOC CD-ROM contain?

- 6 keynote articles highlighting significant work from leading scientists
- 71 peer-reviewed articles and posters from authors in 13 different countries in synthetic, mechanistic and bio-organic chemistry
- the E-mail discussion of the articles among chemists across the whole organic scientific community

What else can the CD-ROM offer me?

- colour and "clickable" 2D diagrams
- rotatable 3D molecular images
- a "molecular hyperglossary" of 3D coordinates
- video animation and "virtual reality" navigation
- editable reaction schemes and search queries

Price: £50 (plus VAT in the UK); \$95

ISBN: 0 85404 899 5

Software: The ECTOC files on the CD-ROM can be viewed with a World Wide Web client program such as Netscape, Internet Explorer or Mosaic, on a Mac or a PC running Windows 3.1 or Windows 95.

Don't miss this chance to have this information-packed resource to hand – order your copy of the ECTOC CD-ROM now!

To place your order, please contact:

The Royal Society of Chemistry,
Turpin Distribution Services Limited,
Blackhorse Road, Letchworth,
Herts SG6 1HN, United Kingdom.

Tel: +44 (0) 1462 672555 Fax: +44 (0) 1462 480947
E-Mail: turpin@rsc.org

For further information, please contact:

Stella Green, The Royal Society of Chemistry,
Thomas Graham House,
Science Park, Milton Road,
Cambridge CB4 4WF, United Kingdom.

Tel: +44 (0) 1223 420066 Fax: +44 (0) 1223 423429
E-Mail: sales@rsc.org www: <http://chemistry.rsc.org/rsc/>

RSC Members ordering for their own personal use are entitled to a discount on most RSC products.
For further information, please contact the Membership Administration Department at our Cambridge address.

Brand new journal
NOW AVAILABLE

Organic Process Research & Development

Two of the most distinguished and widely respected names in chemical publishing, **The Royal Society of Chemistry** and the **American Chemical Society** have joined forces to co-publish this exciting new journal, which seems sure to become the first point of reference in its field.

Organic Process Research & Development is a bi-monthly journal containing reports of

original research relating to the batch and semi-batch chemical process industries, to keep you up-to-date with the very latest in fine organic chemical and speciality chemical industries including pharmaceuticals, electronics, agrochemicals, intermediates and speciality polymers - **subjects never previously covered in depth by any existing science journal.**

IN EACH ISSUE YOU'LL FIND

- ☐ Substantive articles and reports from leading researchers
- ☐ Reports on original work in process chemistry
- ☐ Reports on scale up of process to pilot plant, with discussions of safety and environmental issues
- ☐ Special focus on the design of chemical processes, and their development and scale up from laboratory to manufacture
- ☐ Current R&D in the fine organic and speciality chemical industries
