SUBJECT INDEX

- | | |
|--|--|
| Alkoxo derivatives of platinum metals, 101 | Nuclear magnetic resonance properties of chromium, molybdenum and tungsten compounds, the, 169 |
| Alkylcobalamins with platinum complexes, reactions of, 131 | |
| Catalysed aquation of transition metal complexes, metal-ion, 145 | Photoinduced hydrogen evolution, hydrogenase and its application for, 53 |
| Chromium, molybdenum and tungsten compounds, the nuclear magnetic resonance properties of, 169 | Platinum complexes, reactions of alkylcobalamins, 131 |
| | Platinum metals, alkoxo derivatives of, 101 |
| Electron transfer, quantum mechanical effects in inorganic and bioinorganic, 1 | Quantum mechanical effects in inorganic and bioinorganic electron transfer, 1 |
| Hydrogenase and its application for photoinduced hydrogen evolution, 53 | Transition metal complexes, metal-ion catalysed aquation of, 145 |
| Hydrogen evolution, hydrogenase and its application for photoinduced, 53 | Tungsten compounds, the nuclear magnetic resonance properties of chromium, molybdenum and, 169 |
| Molybdenum and tungsten compounds, the nuclear magnetic resonance properties of chromium, 169 | |
