

**COORDINATION CHEMISTRY REVIEWS, VOL. 76 (1987)****AUTHOR INDEX**

---

Blower, P.J., 121

Bruce, M.L., 1

Dilworth, J.R., 121

Harvey, P.D., 237

Kaim, W., 187

Levason, W., 45

Spicer, M.D., 45

Theophanides, T., 237

**SUBJECT INDEX**

---

Anion radicals, the transition metal coordination chemistry of, 187

Carbonyls under mild conditions, some reactions of ruthenium cluster, 1

Copper and silver in their higher oxidation states, the chemistry of, 45

Metal-urea complexes, structural and spectroscopic properties of, 237

Ruthenium cluster carbonyls under mild conditions, some reactions of, 1

Silver and copper in their higher oxidation states, the chemistry of, 45

Spectroscopic and structural properties of metal-urea complexes, 237

Transition metals, thiolato-complexes of the, 121
