

ITEMS OF INTEREST TO COORDINATION CHEMISTS

INTERNATIONAL CONFERENCES ON COORDINATION CHEMISTRY

The XV I.C.C.C. recently took place in Moscow, USSR, from June 23–30th. Some 1600 people, including about 1200 delegates from over 30 different countries participated in a well organised meeting, successful both from the scientific and social viewpoints. The foreign visitors, in particular, welcomed this excellent opportunity to meet and talk with their Russian colleagues, and were treated with great courtesy, generosity and warmth.

Future meetings are scheduled to take place as follows:

- 1974 XVI I.C.C.C. Dublin, Ireland, August 19–24th. Contact Prof. D.A. Brown, National University of Ireland, University College, Belfield, Dublin 4 (Republic of Ireland).
- 1976 XVII I.C.C.C. Hamburg, Germany
- 1977 XVIII I.C.C.C. Brazil
- 1978 XIX I.C.C.C. Prague, Czechoslovakia
- 1979 XX I.C.C.C. India
- 1980 XXI I.C.C.C. France

For general information contact the secretary of the I.C.C.C., Prof. Stanley Kirschner, Dept. of Chemistry, Wayne State University, Detroit, Michigan (U.S.A.).

IV INTERNATIONAL CONFERENCE ON NON-AQUEOUS SOLUTIONS

This conference, sponsored by the International Union of Pure and Applied Chemistry, and organised by the Austrian Chemical Society, will take place in Vienna, Austria from 10–12th July, 1974. For information contact the Chairman, Prof. Dr. Viktor Gutmann, at the Technical University of Vienna, Getreidemarkt, Vienna (Austria).
