

COORDINATION CHEMISTRY REVIEWS, VOL. 55 (1984)

AUTHOR INDEX

- | | | |
|---------------------|--------------------|--------------------|
| Boča, R. 55 | Jain, V.K. 151 | Pelikán, P. 55 |
| Chauhan, B.P.S. 207 | Mahmoud, K.A. 1 | Rest, A.J. 1 |
| Clark, H.C. 151 | McAuliffe, C.A. 31 | Schubert, U. 261 |
| Hill, W.E. 31 | Mehrotra, R.C. 207 | Srivastava, G. 207 |
| Hitam, R.B. 1 | Minahan, D.M.A. 31 | Thornton, D.A. 113 |

SUBJECT INDEX

- | | |
|---|---|
| Carbene complexes, structural consequences of bonding in transition metal, 261 | Matrix isolation studies of organometallic intermediates, 1 |
| Chelate effect: the binding of bidentate phosphine and arsine chelates in square-planar transition metal complexes, an investigation of the, 31 | Organometallic intermediates, matrix isolation studies of, 1 |
| Crystal field aspects of the vibrational spectra of metal complexes, 113 | Platinum carbonyls and their use in homogeneous catalysis, 151 |
| Dialkyldithiophosphate derivatives of non-transition elements, 207 | Square-planar transition metal complexes, an investigation of the chelate effect: the binding of bidentate phosphine and arsine chelates in, 31 |
| Dinitrogen activation on transition metal complexes, geometric and electronic factors of, 55 | Transition metal carbene complexes, structural consequences of bonding in, 261 |
| Homogeneous catalysis, platinum carbonyls and their use in, 151 | Transition metal complexes, geometric and electronic factors of dinitrogen activation on, 55 |
