Scope

Contributions should be in the field of coordination chemistry, which is interpreted broadly to include aspects of organometallic, theoretical and bioinorganic chemistry.

Types of contribution

- Reviews (invited and unsolicited)
- Plenary contributions from selected international conferences
- Letters to the Editor
- Book Reviews

Contributions are accepted on the understanding that the authors have obtained the necessary authority for publication.
This is a refereed journal.

Publication Information

Coordination Chemistry Reviews (ISSN 0010-8545). For 2005, volume 249 is scheduled for publication. Subscription prices are available upon request from the Publisher or from the Regional Sales Office nearest you or from this journal's website (<http://www.elsevier.com/locate/ccr>).
