The author regrets two mistakes to cited literature. In Section 2.2, a list of known crystal structures of the “parent” complex cation $[\text{Pt}(\text{terpy})\text{Cl}]^+$ should have included the structure reported for the chloride salt:

A. Şengül, Turk. J. Chem. 28 (2004) 667.

In Section 3.1.2, the reference for the crystal structure of the $[\text{Pt}(\text{terpy})(\text{ONO}_2)]^+$ cation should have been:

A. Şengül, Turk. J. Chem. 29 (2005) 571.
