Scope

Contributions should be in the field of coordination chemistry, which is interpreted broadly to include aspects of organometallic, theoretical and bioinorganic chemistry.

Types of contribution

- Reviews (invited and unsolicited)
- Plenary contributions from selected international conferences
- Letters to the Editor
- Book Reviews

Contributions are accepted on the understanding that the authors have obtained the necessary authority for publication.
This is a refereed journal.

Publication Information:

Coordination Chemistry Reviews (ISSN 0010-8545). For 2010, volume 254 is scheduled for publication. Subscription prices are available upon request from the Publisher or from the Elsevier Customer Service Department nearest you or from this journal's website (<http://www.elsevier.com/locate/ccr>).
