The author regrets the following errors:

On p-171, first line—it should be “In 1979 Kagan et al. [7] reported the preparation of the optically active Mo(VI)-oxodiperoxo complex 2. . . .”. The reference to Schurig’s et al. 1978 paper [6a] was inadvertently made by mistake.

On p-172, second paragraph, it should be Yoon and not Youn.
