### 14. HOLIDAY GIFT GUIDE

Here is a look at all the coolest gifts for him and her that are sure to be a hit this holiday season.

### **16.** SURVIVE CHRISTMAS

Many will start their New Year in hospital and an unlucky minority won't even be around to see it. The estimate for Britain is that 80 000 people (of maybe 50 million who celebrate it) end up visiting the emergency room over the twelve days of Christmas

### **28.** TIPS FOR HOLIDAY TIPPING

Christmas is a great time to thank them with extra money or an appropriate gift. Many of them rely on the Christmas bonuses to balance out their moderate salaries and to financially survive the Christmas season and the higher bills that come with cold weather.

### **38.** DESIRED CARS

Everyone dreams of owning an exotic car we will show you the best to drool over.

### **46.** GAIN WEIGTH THIS CHRISTMAS

Are you hoping to become as chubby as Santa this holiday season? If so, you'll love all the delicious, high-fat treats in store for you. The best present you can give yourself is the gift of gluttony! Just in case you haven't figured it out on your own, here are the top tips to help you pack on the winter pounds.

### **FEATURES:**

### 20. RAVEN ALEXISTM

Raven Alexis<sup>™</sup> is a lover of sex, knowledge, and adventure. An active player in the lifestyle game, Raven offers a complete fusion of beauty and brilliance. She constantly strives to meet and surpass the next goal. A slave to her libido, Raven developed a lucrative web brand catering to voyeuristic thrill seekers. To stimulate her mind, Raven avidly reads and geeks-out on role-playing games, conquering new worlds online almost as frequently as she conquers new partners in front of the camera.

### **34.** EVA ANGELINA

Eva Angelina was born on the 14th of March 1985 in the Orange County, California. She is of Chinese, Irish, English and Cuban descent and attended Foothill High School (under her real name, Angelina Del Mar) in Pleasanton (frequently named as being in Tustin), California. After school she worked as an assistant accountant at a mortgage company when at the age of 18 years and three months old she entered the adult industry.

### **MANHOLE COVER CUFFLINKS**

As big fans of cufflinks, we were pretty excited when we heard about a whole line of manhole cover cufflinks. While they are available as replicas from NYC, Chicago, Boston, Paris, and Rome, our favorites are the London Manhole Cover Cufflinks. For us they get the nod because we have a penchant for all things British, and because they say "Foul Sewer," which strikes us as funny — aren't all sewers foul? (\$65)

### HARD GRAFT PHONE CARD WALLET

We've seen plenty of not-so-hot iPhone cases that have tried to tack wallets on as an afterthought, but this is the first time we know of it's been done the other way around. The Hard Graft Phone Card Wallet is a slim, front-pocket style credit card wallet that's built with such strong elastic tape that it can also hold a phone inside for a decidedly less-slim solution. Other features include grey vegetable tan leather construction, seven card slots, and measurements that happen to hold an iPhone perfectly. (\$120)

### INPULSE BLACKBERRY SMARTWATCH

Hide your addiction with the In-Pulse Blackberry Smartwatch. It connects wirelessly via Bluetooth to your Blackberry, letting you discreetly check emails, texts, and Twitter updates without busting out the phone. The InPulse sports a 1.3-inch full color OLED display, a built-in vibrating motor, and a rechargeable lithium-ion polymer battery. (\$150)

### **TIMBERLAND UTILITY JACKET**

Tackle the great outdoors – or just yard work – in the coldest of weather in the Timberland Utility Jacket. With straightforward looks, it's not exactly a flashy piece of outerwear, but it does the job, with a rugged cotton twill outer, nylon polin and polyester fleece lining, a front zipper with button flap cover for added wind protection, dual snap-close side pockets and two cargostyle chest pockets, slightly distressed details for a worn-in look, and stitched down shoulder epaulettes. (\$150)

### KNOX HANDROID GLOVES

Despite the name, these aren't some crazy Andriod-based Power Glove replacements — in fact, they're about the farthest thing from it. Knox Handroid Gloves are designed to protect your pinchers when riding dirt bikes, ATVs, or other high-speed, minimal-protection vehicles. They accomplish this by offering exoskeleton protection, a system for stopping scaphoid injuries to the bone connecting the thumb to the wrist, honeycomb gel impact protection, wrist guard shrouds, and a BOA lacing system.

### **OAKLEY ELITE COLLECTION**

It takes a certain type of attitude to pull off Oakley's most aggressive designs, but if you've got it — and a large wad of cash — you're going to love the new Oakley Elite Collection Featuring the big O's most daring designs and innovative technologies, the Elite Collection includes the hard-core first responder Assault Boot, the Swiss-made automatic Time Bomb II watch, the Romeo-inspired, rugged Pit Boss sunglasses, and the mother of all Oakleys, the carbon fiber-bodied, polarized C Six. (\$500-\$4,000).

### THE NEW WALL STREET

Upgrading the classic Wall Street look with influences from modern Japan and old school Britain. It's the hardworking man in between meetings, stressed but still stylish. And ready for a sequel. Glasses: Persol, Shirt: Haversack, Jacket: Haversack, Pants: Humor, Bag: Delvaux, Tie: Paul Smith, Phone: Blackberry, Shoes: Gives & Hawkes.

### **BROOK & HUNTER MO-TOOL AXE**

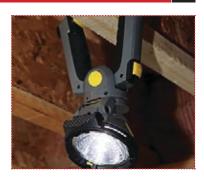

We're quite used to seeing tons of tools crammed into a pocket knife-sized package, but it's not every-day you see the same thing done to an axe. The Brook & Hunter Mo-Tool Axe brings the handyman heat with a capable axe blade and hand-crafted red oak wood inlay handle, plus a hammer head, screwdrivers, knives, a can opener, wire cutter,

file, pliers, and a wrench. (\$40)

### **STANLEY** HEAVY DUTY CLAMP LIGHT

Keep your hands free and your eyes on the well-illuminated job with the Stanley Heavy Duty Clamp Light. This 80 lumen flood light features a 350-degree rotational head to let you aim the light where you need it, the ability to run off either 2 or 4 C-cell batteries — for 15 or 30 hours of run time, respectively — and a strong clamp that opens up to 3.5-inches wide for gripping onto beams, joists, table tops, or basically any other stable surface. (\$30)

### **BLACK & DECKER** LAWNCARE CENTER

While many of us are preparing to shut down our lawn care duties until next spring, those of you in warmer climates still have work to do, and it's never too late for the rest of us to start planning for next spring. The Black & Decker Lawncare Center is a great way to do so, featuring a wall-mounting 3-port charger and holder for the included electric blower, Grass Hog edger and trimmer, and Hedgehog hedge trimmer. Just add a lawnmower and you've got everything you need to maintain a finelooking, homeowners association-conforming lawn. (\$200)

### **GERBER** SHARD

While we might not know exactly what seven functions the sleek Gerber Shard will provide, we know enough to know we'll be on the preorder list as soon as it's available. The lightweight, airline-safe keychain tool offers at the minimum a bottle opener, screwdriver, and nail puller, with a titanium nitride coating for corrosion resistance. (\$8)

### BLACK & DECKER READY WRENCH

Having a big-ass tool set is all well and good, but when you can have the most popular sockets on hand in just one tool, why bother? The Black & Decker Ready Wrench offers exactly that, with 16 of the most popular sockets — in both standard and metric — on rotating heads on either end of the tool, ready to replace both one- and two-inch deep sockets. (\$30)

### **CONVERSE** ALL STAR RAIN BOOT

With all the laid-back attitude of the originals, the Converse All Star Rain Boots are the first we'd actually consider wearing in inclement weather. Staying true to their roots with a simple lace-up design and Chuck Taylor insignias, these rain boots feature a green rubber upper, attached tongue to prevent water from seeping in, corded laces, a reinforced toe, and a durable, grippy sole. (\$80)

### **ICE DOZER**

If you live in an area that has real winters, don't waste your time this year with that cheap plastic ice scraper you bought at the gas station. The Ice Dozer has an oversized blade that flexes to match the curve of your windshield, "clearing a 7" swath, instead of a sliver of glass." The scraper's front plow pushes ice and snow away from your hands, while two sets of "ice-cracking teeth pulverize the hardest glare ice in short order." Take that, winter! (\$20)

### HTC HD2

Sure, it runs the not-so-hot Windows Mobile 6.5 OS, but if you're determined to pick up a new Windows Phone, you can't do better than the HTC HD2 (\$TBA; Early 2010). As the first Windows phone with HTC's Sense user interface, the HD2 is way more usable than the average Microsofty phone, and it packs some serious features, such as a 4.3-inch, 480x800 capacitive touch screen, HSPA 3G networking, Wi-Fi, Bluetooth 2.1, a 5 megapixel camera with autofocus and a dual LED flashlight, a standard 3.5mm audio jack, microSD storage, GPS, a compass, a 1GHz Snapdragon processor, and more.

### **▼ HITACHI** SIMPLETOUGH HARD DRIVE HD2

What good is a portable hard drive if you're afraid to take it anywhere? With the Hitachi SimpleTough Hard Drive (\$100-\$135), you simply grab your data and go. Featuring a rugged body with grippy rubber sides and a smooth rubber body, the SimpleTough can withstand drops of up to 7 feet and also offers underside lighting and an integrated USB cable, giving you one less thing to remember when packing for your next spy mission.

### **▼ LOGITECH** NOTEBOOK KIT

Laptops are quickly becoming the de facto computing tool, but due to their portable designs, they're not always the best when it comes to ergonomics. That's where the Logitech Notebook Kit (\$100) steps in. Including a compact wireless keyboard with number pad, a pivoting stand to help raise the screen to eye-level, and a comfortable wireless laser mouse, the Kit is an all-in-one solution for laptop users.

### REMOTE CONTROL BOWLING BALL

Throw a perfect strike every time with a Remote Control Bowling Ball (\$1,500). Available in a totally inconspicuous translucent green with lights that flash when the directional mechanism moves back and forth, this 14-pound technical wonder is powered by a rechargeable NiMH battery, and inloudes a hand-held remote unit for discrete control. While it might be a little hard to actually cheat with, it's no doubt perfect for fooling — and frustrating — your drunk buddies during a heated match on your residential bowling lane.

### LENOVO IDEACENTRE B500

With an angular, aggressive silver and black design, the Lenovo IdeaCentre B500 (\$650 and up) has a love it or leave it design — but there's a lot to like underneath. Sporting an Intel Core 2 Quad processor, the B500 also packs discrete graphics, up to 8GB of RAM, 1TB of hard disk space, a 23-inch Full HD screen, integrated JBL speakers, and a 4-in-1 remote that acts as a motion-based game controller, VoIP handset, air mouse, and media remote.

### DELL MULTI-TOUCH MONITOR

Prepare for Windows 7 with the Dell Multi-Touch Monitor (\$470). This 21.5-inch Full HD panel is fully compatible with the multi-touch features of Win 7, and also features a two megapixel integrated webcam, USB, HDMI, audio, VGA, and DVI inputs, audio output, and a stylish integrated stand. Just remember to lower your arms every once in a while, lest you get sore arms from simply browsing your adult media collection.

### **▼ MOTOROLA** DROID

Who would have thought that the hot new Android device of the month would come from previously dead-inthe-water Motorola? The Motorola Droid (\$200; November 6) is Verizon's newest iPhone competitor, and the star (if you can call it that) of its new iDon't advertising campaign. Apart from being the first device to debut running Android 2.0 – complete with the all-new Google Maps Navigation – the Droid is rocking some seriously nice specs, including an ARM Cortex A8 processor, a 3.7-inch, 480x854 touch screen, a 5 megapixel camera with dual-LED flash, Bluetooth, GPS, a slide-out keyboard, an included 16GB SD card, and more.

ZEROEDGE AQUARTOMS

Infinity pools have been around for a while, so it only makes sense someone would apply the same idea to another home-sized water feature: the aquarium. ZeroEdge Aquariums (\$600 and up) do exactly that, providing overflowing aquatic environments for all types of fish and sea creatures in a variety of styles and shapes, ensuring you can find one that's right for your home or office. Just remember: no edge equals no lid, so be sure to keep the Darla-types away. I bet, both Chas and Coby will like this one.

### 4. NEW SUPER MARIO BROS. WII

There back with new levels, new power-ups, and a host of multiplayer modes in New Super Mario Bros. Wii. Players choose to guide Mario, Luigi, or two versions of Toad through a variety of colorful worlds on another quest to rescue Princess Peach from the clutches of Bowser. \$47

### 13. CASA DRAGONES TEQUILA

100% Blue Agave Joven Tequila, handmade in small batches. Our Maestro Tequilero hand-finishes each bottle by gently balancing platinum tequi deliler a tequila so smooth, it can only be called a sipping tequila. Handardted crystal decanter. Limited edition. Limited availability. \$330

### 5. DJ HERO

The makers of Guitar Hero introduce a new way to experience your favorite music. With DJ Hero you will be the life of the party as you scratch and mix more than 101 songs into 94 unique mixes. Learn basic and advanced DJ Hero techniques, then spin your way through different setlists in five different modes. Start your own DJ Hero party.

### 14. I AM KING

Defined by unique masculine freshness, sparkling fruits and sensual woods...I AM KING creates a new signature for modern men. 3.4 Oz \$74

### 6. BEATLES USB APPLE

All the remastered goodness of the Stereo Box Set, including 14 albums in lossless FLAC and 320 Kbps MP3 formats, 13 mini-documentary films, replicated UK album art, rare photos, and expanded liner notes, all delivered on a specially-designed 16GB USB stick. \$280

### **15.** ASTON MARTIN RAPIDE

The car is based on an Aston Martin DB9. The estimated price for the Rapide is around \$260,000 US Dollars, although it is too soon to predict its price on the US market, the Rapide should be in full production in the US by Late 2010-early 2011.

### **7.** NOKIA N900

Featuring a beefy ARM Cortex-A8 processor, up to 1GB of RAM, OpenGL ES 2.0 graphics acceleration, a WGA touchscreen, Wi-Fi, HSPA, full Flash support, a 5 megapixel camera with Carl Zeiss lens, a slide-out QWERTY keyboard, 32GB of storage, and more, Runs the new Linux-based Maemo 5 software. \$720

### 16. APPLE MACBOOK PRO

he MacBook Pro brings high performance to your laptop experience with features that include:The 13-inch MacBook Pro is thinner and lighter than previous models with up to 7 hours of battery life. The NVIDIA GeForce 9400M integrated graphics processor provides awesome graphics performance. \$1199.00

### 8. RUBIK'S TOUCH

Rubik's Touch Electronic LED Lit Puzzle Cube w/Charging Base. A new spin on the classic toy is way cool, and still way hard. \$150

### 9. BIG BOOK OF BREASTS

The Big Book of Breasts is a coffee table book on big breast fetishism by Dian Hanson published by Taschen. \$44

### 17. 250GB PS3 LIMITED EDITION

The system sports both a slimmer form factor (33 percent smaller, 36 percent lighter and 34 percent less power use) a 250GB hard drive. It boasts all the same features as the current PS3, which means still no backwards compatibility with your PS2 games. Budled with Uncharted 2 Among Theives. PTBD

### 18. LOGITECH - HARMONY 1100

This universal remote allows you to take command of your home entertainment system by controlling up to 15 A/V devices. Backlit buttons and a 3-1/2" color touch screen make it easy to control your components. \$399

# **HOW TO: SURVIVE CHRISTMAS**

M

ILLIONS OF PEOPLE WORLD-WIDE ARE ABOUT TO HAVE A CHRISTMAS SEASON THAT WILL BE MEMORABLE FOR ALL THE WRONG REASONS. MANY WILL START THEIR NEW YEAR IN HOSPITAL AND AN UNLUCKY MINORITY WON'T EVEN BE AROUND TO SEE IT. THE ESTIMATE FOR BRITAIN IS THAT 80 000 PEOPLE (OF MAYBE 50 MILLION WHO CELEBRATE IT) END UP VISITING THE EMERGENCY ROOM OVER THE TWELVE DAYS OF CHRISTMAS. HERE ARE SOME SEASONAL CATASTROPHES TO KEEP YOU ON YOUR TOES.

### **KILLER CHRISTMAS TREES**

Q: How harmful can a Christmas tree be? A: Plenty. A UK charity cites figures of around 1400 Christmas tree accidents requiring hospital visits each year. Falling off ladders is a big one that can extinguish the Christmas spirit in an instant, but there's lots more.

People die every year when they water Christmas trees when the fairy lights are still plugged in. It's not uncommon for people to damage themselves by eating Christmas tree decorations under the impression that they're made of chocolate. Many more get a poke in the eye from a sharp branch. Tripping over wires and extension leads used to power the tree lights is also something to think about.

### **FIERY FOUL-UPS**

It's time to light a real fire in the fireplace – a hassle any other time of year but it looks so good at Christmas... as long as you've cleaned the chimney of flammable soot. Or maybe you've decided to stick with some artfully placed candles. If you then forget about them in the merriment, you won't be alone. One fire service's figures estimate that fires – many attributable to neglected candles – go up by 8% at Christmas time.

### **PERILOUS PRESENTS**

Gifts can be dangerous. It starts with the packaging, with numerous injuries caused annually by people using knives, scissors and other implements to open presents. However, it's kids who are probably most at risk. What child can resist trying out the new bike, scooter, pogo stick or whatever the current craze is? Often parents are tied up entertaining guests and cooking the Christmas spread and aren't able to supervise properly.

A significant seasonal hazard arises with gifts that are inappropriate for children. Parents should have a good look at gifts for their kids, especially those bought by others, who are less likely to be aware of the dangers they may pose. Many toys will be marked with warnings such as 'Small parts – not suitable for

children under 3'.
It's also worth inspecting toys with moving parts that can catch small fingers before letting the kids play with them.

Don't worry about the gift-thinking you impolite.

A I so, read the manual before try-ing out new electrical goods. You probably would at any other time of year.

"The Christmas calorie intake can be the equivalent of what we would normally ingest in three days."

### OVER-INDULGENCE

Accident and emergency rooms are filled with people who have over-indulged in alcohol at Christmas. The dangers of falling and similar accidents are obvious and don't need spelling out. Less obvious is the consequences of inhibitions cast aside under the influence.

Christmas and Thanksgiving are notorious for family rows and divorce lawyers see an upswing in the demand for their services in the New Year.

Some people also end up in the hospital queue under the impression that they're having a heart attack, when the real culprit is simple indigestion. Rich foods and the 'What the heck, it's Christmas' attitude are to blame. The Christmas calorie intake can be the equivalent of what we would normally ingest in three days. Go for small portions and breaks between courses.

You can still push the boat out at Christmas, but if you don't want a dismal start to the New Year, it helps to hang on to common sense.

Comes to Life!

### **18.** LIPS: NUMBER ONE HITS

Two words: office karaoke. Lips: Number One Hits Bundle (\$54) for the Xbox 360 is the sequel to the original Lips singing game that came out last fall, and it's really aimed at the budding divas who missed it the first time around. The game includes 40 hits. Best part of the package is the bundled motion-sensitive wireless microphone which works with other music games.

# SCREW THE BIKE ALL WE WANT FOR XMAS IS 20

aven Alexis™ is a lover of sex, knowledge, and adventure. An active player in the lifestyle game, Raven offers a complete fusion of beauty and brilliance. She constantly strives to meet and surpass the next goal. A slave to her libido, Raven developed a lucrative web brand catering to voyeuristic thrill seekers. To stimulate her mind, Raven avidly reads and geeks-out on role-playing games, conquering new worlds online almost as frequently as she conquers new partners in front of the camera. In search of the next level of stardom, the brown-eyed, brunette vixen signed with promotional powerhouse Digital Playground.

Raven Alexis holds a power over people, leaving a trail of flustered admirers in her wake. Combine her killer 34D-24-36 body with her exotic, partial Native American background, and it's easy to see why Raven attracts so many followers. Knowledge of her vibrant bi-sexuality caused Raven to explore ways of satisfying her intense and kinky urges. Usually the dominant one, Raven will allow the right man to take control and bend her over into her favorite position, doggiestyle. The curious Aquarius found her way into adult entertainment as a way to experiment with different forms of pleasure. Raven's obsession with sex is all in the name of science and self-improvement.

A huge sci-fi fan, Raven Alexis owns her own Star Trek costume, which she uses to enact one of her favorite sex fantasies. Intrigued by technology, the gorgeous gadget lover's iPhone is never far from her side. Raven also spends hours online maintaining her webpages, interacting with fans, and creating level seventy "World of Warcraft" characters. Heading straight to the computer after shooting a scene, the self-proclaimed nerd is often still completely naked, wet, and extremely horny as she navigates her way through "World of Warcraft". The versatile Raven is equally down with the pocket protector and sports. She dreamed of being a professional dancer, until a basketball injury propelled her towards other dreams, like Digital Playground.

Raven believes in quantifying a life by experiences rather than age. The young star graduated high school by the age of 15, earned a college degree in Criminal Justice Administration by 18, started her own nude website at 19, and signed with Digital Playground at 22. With her Digital Playground contract, Raven knows she will be able to share her belief regarding an open and healthy sexual lifestyle to the largest audience possible.

The Raven Alexis revolution is taking flight, and soon fans will find her unveiled on the covers of the top magazines around the world and completely uncensored in Digital Playground's bestselling movies. For now, be sure to visit RavenAlexis.com and DigitalPlayground.com, as well as Twitter.com/RavenAlexis and Myspace.com/RavenAlexis.

## TIPS FOR HOLIDAY TIPPING

DO YOU KNOW WHO TO TIP AND HOW MUCH TO TIP THEM WHEN CHRISTMAS ROLLS AROUND? MOST PEOPLE DO NOT HAVE A DOORMAN TO TIP, BUT THERE ARE STILL PLENTY OF OTHER PEOPLE IN THE SERVICE INDUSTRY THAT HAVE MADE YOUR DAYS EASIER IN ONE WAY OR ANOTHER ALL YEAR LONG.

Christmas is a great time to thank them with extra money or an appropriate gift. Many of them rely on the Christmas bonuses to balance out their moderate salaries and to financially survive the Christmas season and the higher bills that come with cold weather.

Here are a few people whose work you will want to recognize:

**MANICURIST** – Tip your nail technician the cost of one pampering session for your tips. If you normally get a pedicure as well, include this amount in your manicurist's Christmas bonus.

**HAIRDRESSER** – A hairstylist's holiday tip should be approximately equivalent to the cost of the service you regular receive. Add \$10 for every additional service, such a as shampoo and style.

### **NEWSPAPER DELIVERY PERSON**

- If the person who delivers your paper gets it right up on your front porch every morning, thank your lucky stars and fork over a fifty. If you are walking to the end of your driveway to pick up your weekend newspapers, feel free to limit your tip to around \$10. Fifteen percent of the cost of the annual subscription is a good approximation. There is often a place on newspaper renewal forms where you can specify the amount you wish to tip the carrier for Christmas, and the subscription office will run it through on your credit card for you and deliver the tip to the newspaper carrier.

**LAWN CARE TECHNICIAN** – The amount to tip in this arena depends on whether you are talking about a "lawn guy" or a "gardener." The latter performs a more specialized service than mowing your line and edging the walkways. A professional gardener may very well

with of ince cally wer will

have a horticulture degree program they are still paying off while making you look like you have a bright green thumb. According to several sources, tips for lawn care should range from about \$20 to as much as \$60. Use your best judgment within that range.

**BABYSITTER** - Tip the sitter the amount you

would normally pay for one evening of babysitting. He or she may be setting aside their own family or social commitments for the Christmas season in order to give you some time to be festive sans children.

CHILD CARE PROVIDER – Child care providers are differentiated from babysitters, in that nannies and child care centers are staffed by professionals, many of whom are required to have at least basic degrees and several years of experience. For a center or child care home, anything from \$25 to \$100 is appropriate.

For a private, in-home child care provider, as much as a full forty hours worth of pay is appropriate for a holiday tip.

**HOUSEKEEPER** – The tip for a regular housekeeper should be equivalent to what is regularly charged for one visit.

MAIL DELIVERY PERSONNEL – According to its website, the United States Postal Service prohibits the acceptance of tips or cash gifts. You may, however, present your regular mail carrier with a gift with a cash value of less than \$20. If you are on a first-name basis, meeting them at the door with some hot cocoa on an icy day is a kind gesture too.

Using this simple guide will keep you from short-changing the people whose services and skills you have valued throughout the year.

Though tips are never required, they definitely increase the likelihood for excellent service through the next winter holiday season.

# Eturn of the Cafe Racers

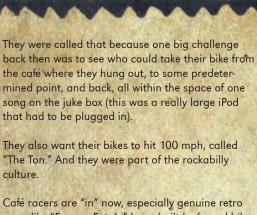

f you're only a casual biker, a weekend biker, a poseur biker, or not a biker at all, you might think this Honda 350 Four, despite its flat-black customization as Femme Fatale, is not much of a "Killer Ride," like a Harley, or a Ducati. But think again. This is a step in your bike education.

Note the angle of the front fork, the "clipon" handbars, the streamlined tank and rear-mounted seat, and simple taillight. The seating position was low and mean. Instrumentation and any comforts were

minimal. They were designed for quick nimble handling, and built simply. They came to be called café racers. These were the European equivalent of American choppers. Both categories of bikes were built by Allied soldiers after the Big One (WWII), when the good guys really beat the bad guys, and there was no doubt about it, back when there were no movies made about how being a good guy could really be bad, and how the bad guys may have been good, and how we're supposed to apologize for shooting these poor innocent enemies before they shot us. Back then it

was clear Good over Evil and the surviving heroes were justifiably proud and heady about it all, if not also quite exhausted and without any money.

So they took whatever was available and raced it. For some, it was Harleys or Indians without any superfluous body work: "choppers." For 4-wheel folks, it was Old School Skool Rods or Traditional Rods. For Europeans, and in some parts of the US, it was the café racer.

Café racers are "in" now, especially genuine retro ones, like "Femme Fatale" here, built by famed bike restoration expert Joe Bruton of Bruton Vintage Motorcycles. Joe built this first generation 350 Four, which was part of the Honda line reaching to the 750s. The 350 made 4-cylinder bikes available to anyone. Honda knew that 750s were a bit too big for some riders. This bike is light and nimble, and mimicked many of the features that bikers were seeing in F1 bike racing. They really didn't need to be hot-rodded because they were already much more performance-oriented than what was available then. Its 4-into-4 exhaust came stock, and although it technically red-lines at 10,000 rpm, owners knew

they could turn it to 12,000 with a little motor work. That was double the rpm that any other bike could do. So it was lively and tough, with a great personality and sound, just perfect for beating the juke box!

# PENTHOUSE Elub

Where the Magazine Comes to Life

### Tampa's Finest Adult Entertainment Venue!

- Brand New Private VIP Cabanas
- TWO FULL LIQUOR BARS
- EXCLUSIVE MONTHLY EVENTS
- The Most Beautiful Women in Tampa
- FIRST-CLASS SERVICE

1801 N. Westshore Blvd. Tampa, Fl. 813-288-9200 www.thepenthouseclubtampa.com

### Elegant Steak House with Stunning Views!

- Serving Prime Steaks
- SUCCULENT BONE-IN RIBEYES
- COLOSSAL SHRIMP
- Late Night Fine Dining until 2am
- Happy Hour, Monday through Friday, 2pm 8pm

FOR DINNER RESERVATIONS, PLEASE CALL 813-288-9200 WWW.THEPENTHOUSECLUBTAMPA.COM

The Penthouse Club is the only place in Tampa where you can actually meet the World Famous Penthouse Pets straight out of the magazine. Offering the finest in Adult Entertainment, the Penthouse Club also brings fine dining to the next level. Our Chefs take pride in preparing succulent Prime Steaks and Seafood that would make even the toughest food critic mesmerized. Late Night Dining is what also sets us apart from the rest; where else can you order a Filet and Lobster at 2:00 in the morning? State-of-the-Art flat screen tv's are located throughout the venue, which makes the Penthouse Club a great place to watch all of your favorite games. With two full service bars, champagne rooms, new private cabanas, a five star steakhouse, and the most beautiful girls in Tampa.....it's no question why the locals and celebrities alike call us the hottest spot for Jet Setters in Tampa Bay. If you are looking for the best entertainment, great steaks, and beautiful women...then the Penthouse Club Tampa is the place to be. Hope to see you soon!

### ANGELINA

Eva Angelina was born on the 14th of March 1985 in the Orange County, California. She is of Chinese, Irish, English and Cuban descent and attended Foothill High School (under her real name, Angelina Del Mar) in Pleasanton (frequently named as being in Tustin), California. After school she worked as an assistant accountant at a mortgage company when at the age of 18 years and three months old she entered the adult industry. Her debut year in porn included appearances for production companies such as New Senstations in their 'College Invasion' franchise (with Eva Appearing in both numbers 2 and 3 in 2003, and number 4 in 2004) and Platinum X (Teens Revealed 3), she also worked with the famed porn actor TTBoy in Asian Street Hookers 36. Since then she has appeared in approximately 142 video titles and countless scenes for internet sites and magazines under stage names such as Eva Angelica, Ava Angelina and simply Angelina. These videos have included work with famed production companies such as Vivid, Evil Angel, Red Light District, Zero Tolerance and DVSX while her magazine appearances have been with publications such as Hustler, Fox (of which the late Anna Malle was an editor for six years) and Genesis among others. All of this publicity has lead to her becoming one of the most popular fresh faces on the adult scene today, being one of the most popular teen actresses of the past couple of years. It is undoubted that her popularity will cross over to her new movies as she has passed out of the teen bracket and is proceeding with her career, despite some setbacks along the way.

Notable facts about Eva include her being so desperate to enter the adult industry that she was creating adult videos of herself along with random male friends of hers from the age of thirteen, which have since been destroyed (Angelina has stated in interviews that the only reason she got rid of the videos is that she was scared her parents and/or boyfriend would find and watch them). She has since been quoted as saying "What a cold cruel world we live in where a 14-year old girl can't even make pornographic movies of herself without fear of ridicule, let alone arrest.". This explains her entry into the adult industry almost as soon as she turned 18 (after getting her break thanks to an advertisement placed in the 'OC Weekly' publication) and can go someway to explain the appeal that she has had to viewers since her debut as it shows how experienced she is and how much she loves performing.

## **2009 HUMMER H3T SPORTSMAN CONCEPT**

The H3T Sportsman concept demonstrates the ideal midsize truck for the outdoor enthusiast whose weekends are spent in the field or stream. HUMMER designers enhanced the H3T Alpha's inherent functionality with a combination of powertrain modifications, suspension enhancements and a balanced selection of Genuine HUMMER Accessories and aftermarket components.

Starting with a new H3T Alpha, engineers added nearly 70 horsepower to its 5.3L V-8 via components available in the aftermarket. They include LS2 cylinder heads, a higher-lift camshaft and supporting components. Also enhancing performance is a custom, 3.5-inch exhaust system.

Taking a note from playbook of the HUMMER stock-class race program, the H3T rides on 35-inch-tall BF Goodrich All-Terrain T/A tires mounted on HUMMER Accessory 20-inch wheels. The concept also uses racing-proven stock and aftermarket suspension components, including Light Racing JounceShocks and 2-inch-diameter Rod Hall Racing piggyback reservoir-type performance shocks. The modified suspension improves the H3T's inherent off-road capability for traversing all forms of terrain.

To enhance the storage flexibility of the H3T's 5-foot bed and standard bed-rail system, the Sportsman includes right- and left- side lockable storage boxes from HUMMER Genuine Accessories, perfect for securing valuable hunting and fishing gear.

Additionally, the Wildrye Matte custom paint is highlighted by functional HUMMER accessories, including grille-mounted and custom low-profile front- and rearfacing roof-rail mounted Delta off-road lamps, a body-color upper grille and a matte finish fuel door.

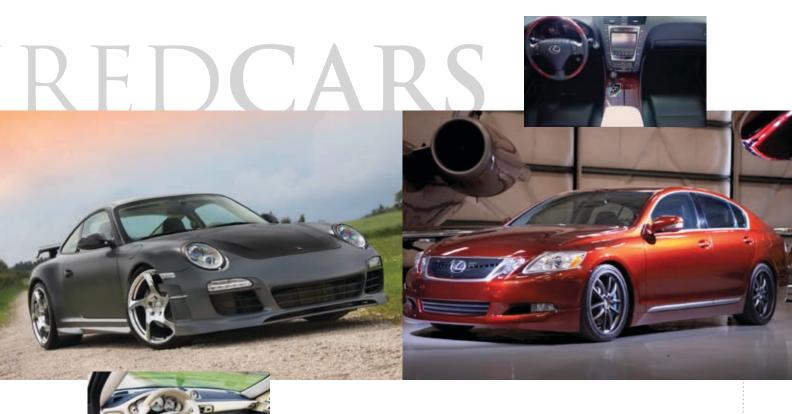

## **2009 CHEVROLET CAMARO SYNERGY**

The Camaro Synergy concept previews a new Synergy Green production exterior color that will be offered on a special-edition Camaro in the first half of 2010. It also features a host of the latest Camaro accessories offered through Chevy dealers. They dramatically enhance the performance appearance of the car, demonstrating the personalization possibilities open to Camaro owners. Designers took liberties with the accessories, creating a totally unique package. Details include:

- 21-inch wheels, with a black center finish and polished rim
- Ground effects kit
- Cyber Grey Rally hood stripes
- High wing rear spoiler (future accessory)
- Performance air intake

The ground effects include pronounced rocker moldings, a rear diffuser-type styling piece and a front spoiler. They, along with the rear wing spoiler and rally stripes, are finished in the production Cyber Grey color, although the ground effects and spoiler can be painted to match the exterior of the car. The Rally stripes are adhesive-backed and are offered in grey, black or white. They're part of a broader range of heritage-inspired graphics that also include lhockey stick! stripes for the front fenders.

Chevy designers further enhanced the concept with a Pedders coil-over lowering kit and a set of large, Brembo brakes, as well as color-coordinating the Jet Black interior with Synergy Green accent stitching, piping and other accents. The lowering kit, brakes and interior accents are not among the accessories offered for the Camaro, but represent common and popular aftermarket upgrades. Chevrolet will gauge public interest in the features for possible inclusion in future accessory offerings.

## **2009 MANSORY PORSCHE 911 CARRERA FACELIFT**

The company Mansory is situated in Bavaria and one of the top addresses for refining premium sports cars. Whether Bentley, Rolls-Royce, McLaren, Ferrari or Porsche II the refining specialist shows its technical talent for every automobile. The subsidiary company Mansory Switzerland AG, the in-house expert for Porsche cars, presents a comprehensive tuning programme for the model 911 from the recently revived Porsche Type 997 series at the Geneva Auto Salon 2009. This tuning programme mainly focuses on improvements concerning the aerodynamics, engine performance and handling of this sports car icon.

When developing the 911-programme, the Mansory engineers attached great importance to an individual design, but also aerodynamic efficiency. In order to save weight and guarantee highest quality standards, the body components are made of composite also, parts of the serial auto body are made of this resilient and inherently stable material. The core part of the body kit is a lift-reducing front mount in a sportive-dynamic look. In connection with the hood, the front apron offers various design possibilities. On the one hand, it forms the perfect symbiosis with the serial hood, as an especially designed inlay allows a seamless junction. And on the other hand, the apron can be combined with the Mansory carbon hood whose striking side beads demonstrate individuality and underline the sportive character of the modification. The rear apron is not less impressive: it accommodates the new four-pipe exhaust system and therefore renders a harmonic rear finish. The visual perfection of the aerodynamics pack is accomplished with the side skirts which also fulfil functional tasks. They significantly calm the air flow between both axles.

### 2009 LEXUS GS 350 F-SPORT BY TRD

Toyota Racing Development (TRD) pushed their GS 350 to the limits, loading it up with virtually every F-SportTM performance accessory available, including an F-Sport lowering spring set and F-Sport performance brakes. Also featured: a four-piece ground effects kit and grille insert by Five Axis and a three-stage Vibrance Orange Glow candy paint job to match their IS C F-Sport.

## Highlights

- F-Sport 19-inch forged aluminum wheels with Yokohama Advan Sport Ultra-high Performance tires
- F-Sport Performance front and rear brake upgrade kit
- F-Sport shocks and lowering spring set
- Five Axis four-piece ground effects kit and grille insert
- PPG Vibrance Orange Glow three-stage candy paint

## **2009 SUBARU HYBRID TOURER CONCEPT**

Subaru has condensed its DNA, developed over many years around the Subaruls core technology of [Symmetrical All-Wheel Drive (AWD)] and [Horizontally-Opposed Boxer Engine], into the integration of a luxurious and high-quality cabin atmosphere and an eye-catching sculpted body. The concept car features Subaruls latest evolutions in handling agility, riding comfort and superior safety performance. It proposes Subaruls vision of a future grand touring car that excels in environmental friendliness thanks to Subaruls unique hybrid system.

Subaru imagined wings with a feeling of freedom and confidence for driving far and wide in any environment. A luxurious and comfortable cabin, and advanced driving performance are contained within a sculpted aerodynamic form. The design features a combination of bright, open glass areas with a solid, reliable body.

The original point of the ideal grand touring car is its interior design, featuring four independent and comfortably positioned seats. Passengers are enclosed within an atmosphere that provides a surpassing feeling of openness and stress-free reassurance, through the further pursuit of a human-centered philosophy, the essence of Subaru car design, and the incorporation of functions that are friendly to passengers.

The top of the dashboard is movable up and down to provide an optimal driving environment for the driver according to driving conditions. A flat floor in the rear seat was achieved even with the implementation of AWD, for improved use and movement inside the cabin. Specialized shielding is incorporated in the windshield to reduce eyestrain on the driver.

New leather covering developed with superior breathability and a ventilation function is used in the seats for improved comfort and texture.

### 2010 MTM AUDI S5 CABRIO MICHELLE EDITION

The engine specialist MTM in Wettstetten proposes a considerable power enhancement for the new Audi S4 and the brand new Audi S5 Cabrio. Using its approved control device M-Cantronic, both cars, which are motorized by the 3.0 TFSI engine, become powerful sports cars with an incredible power reserve. The MTM S4 - which is declined in its Avant model - after its power therapy, stand as a real

successor of the Audi RS4, and the current V8 of the RS4 is only 10 bhp more powerful than the MTM S4. Besides the engine control device M-Cantronic, MTM provides the series production car S4 with 4 rear pipes silencers with throttle valves. What results is 430 bhp (317 kW), 515 Nm of torque and an incredible 4.6 s from 0 to 100 kph (0-60 mph) with the 6 speeds manual gearbox. When a V-Cantronic is also implanted as well as the M-Cantronic, the normal 250 kph top speed reachs 285 kph.

The S4 is not the only model which is motorized with the 3.0 L engine and new compressor technology. The S5 Cabrio is also built with the factory-made engine. It is then logical that MTM modifies the S5 Cabrio which allows cruising around with a massive power reserve. The tuning specialists from MTM propose different stages of performances, starting with at 380 bhp (280 kW) and 480 Nm of torque, which means about 47 bhp more than the series model. Who wishes the complementary exhaust systems with throttle valves in 4 rear pipes optic (4 x 80 mm), has access to the ultimo stage of power enhancement of 430 bhp and 515 Nm.

So much power in the new MTM S4 Supercharged needs an important brake system, that the customers can of course find by MTM. With 380 x 34 mm disk brakes, drilled with 8-pistons calipers, the S4 decelerate much better. With body work, MTM trusts the series model. However, MTM puts new lowering springs which lower the car up to 40 mm on the front axe and up to 45 mm on the rear axe. To reach the perfection, the package includes  $19^{\prime\prime}$  rims in the original Bimoto design with dimensions  $255/35\, ZR$  19. Of course, the  $20^{\prime\prime}$  rims are also available in option.

### **2009 TOYOTA TACOMA ATG**

The Toyota Tacoma All-Terrain Gamer (ATG) combines outdoor sports activities and video games to create the ultimate active lifestyle vehicle for young Tacoma pickup truck owners. The special vehicle was designed to take Tacoma owners to their favorite remote locations where they can pursue their passion for outdoor sports activities and also provide a haven at the end of the day to play their favorite interactive video games.

To create the Tacoma ATG Toyota Motor Sales (TMS), U.S.A., Inc. teamed up with a group of partners who are among the finest in their fields of expertise. The partners included The B.A.D. Company as the primary builder, along with Microsoft Xbox, Kicker, Toyota Racing Development, INNO Advanced Car Racks and Cannondale.

Toyota provided a 2009 Tacoma Double Cab Long Bed PreRunner V6 fivespeed automatic to The B.A.D. Company to transform it into the rugged ATG. The builders felt this Tacoma configuration provided the best combination of on-road and off-road capability, a spacious cab to haul friends and a full-size bed to carry cargo and equipment.

The B.A.D. Company removed the B-Pillars and installed double gull-wing doors to increase space and create a patio likel shelter for gamers. Adjustable theater style seating was created by removing the front seats and repositioning them to the outboard rear locations. This theater seating configuration intensifies gaming action by creating a communal experience, especially effective when playing Xboxls new HALO ODST team oriented four-person video game. Large steps were created to allow easy ingress/egress and leg support for outboard chair gamers.

Four interior monitors were placed on two swing arms to allow the vehicle to be easily converted from a video haven to a drivable truck. The swing arms were designed and contoured to provide each game seat optimum screen distance and angled to maximize the high definition experience.

To increase storage capability an INNO Ridge Wide Cargo Box is attached to a roof mounted roll bar. Two Upright Lock Bike Racks mounted to truck base rack systems, each provided by INNO, are mated directly to the tonneau cover. The two Lock Bike Racks carry Cannondale RZ ONE Twenty and Cannondale Moto 4 high performance mountain bikes.

Exterior modifications also included three base colors of a custom metallic anthracite (pulled directly from the Xbox brand guide), drilled aluminum

interior panels, color-matched protective floor coating, an acrylic hood with an engine view port, a 66-inch plasma monitor with a custom roll cage enclosure, tonneau cover with ICrazel paint technique, blacked out front grille, sponsor logo windshield sun shade, front and rear bumpers, smoked front head and rear tail lamp treatment, and Xbox graphics.

The Xbox gaming system in the Tacoma ATG is complemented by a two-channel custom Kicker audio system, providing the ultimate sound design to maximize the video game experience. The system generates a total of 2,150 watts of power from studio grade rack-mounted amps to minimize sound quality deterioration over extended use. Gamers will feel the action via the

ates a total of 2,150 watts of power from studio grade rack-mounted amps to minimize sound quality deterioration over extended use. Gamers will feel the action via the 1,500 watt 12-inch Kicker Solobaric L7-12 Subwoofer in a custom enclosure with vents at each corner directing air into the cab. Sound will rain down on gamers from eight Kicker QS65.2 6.5-inch mid-range speakers handling a combined 650 watts of power to complete the gaming experience.

Additional interior modifications include four Simpson custom upholstered off-road racing seats with four-point black racing harnesses, custom three-tone upholstered interior and a mini-fridge energy drink dispenser.

In addition to being the ultimate gaming vehicle the Tacoma ATG also needed to be able to transport outdoor enthusiasts to their favorite remote locations. Toyota

Racing Development (TRD) contributed to the project with the installation of its 304 horsepower 4.0-liter Supercharger to increase vehicle torque and better traverse rugged landscape. TRD 16-inch bead lock wheels with BF Goodrich LT295/75R16 All-Terrain T/A tires were added to improve off-road stability and increase traction.

## SHARPS MISSION CONTROL GUCK-IN-A-PUCK

## **ANTHONY FACIAL SCRUB**

You can use a small amount of this handy hair paste for a neat look or a lot for a more positioned style. Sharps Mission Control Guck-ina-Puck works on all hair types — damp or dry — and won't leave it greasy. Plus, who doesn't like being greeted by a smiling astronaut every morning before fixing your hair? (\$14)

Anthony's Facial Scrub for Men is one of the best all-around face washes we've used. Its tiny round beads remove dead skin cells and help prevent ingrown hairs. The fragrance-free solution is good for all skin types and includes a bounty of good stuff to moisturize. (\$18)

## **OLIVE WOOD SHAVING SET**

1

## LACOSTE CHALLENGE

.N

Sure, there are cheaper shaving sets you could buy, but practically none that look this good. The Olive Wood Shaving Set is handmade in Germany, with olive wood handles, plated metal accents, silver-tipped badger hair in the brush, Gillette Mach 3 blades in the razor, and an included, minimalist stand. (\$200)

"Never resist the call of the game." At least, that's what Lacoste Challenge thinks you should do. With a woody base that's complemented by citrus notes of lemon and orange, as well as lavender and rosewood, it's a fine fall fragrance, and comes in a skyscraperesque glass bottle with black lid that will look great on your counter — which is a good thing, since it's height will likely make it a no-go for the medicine cabinet. (\$60)

### **NICKEL** COLD SWEAT

## **DANDRENE** ANTI-DANDRUFF SHAMPOO

Avoid the aluminum and alcohol additives found in your average antiperspirant with Nickel Cold Sweat Deodorant. This chilled water-based stick deodorant aims to help keep you dry by keeping you cool, leaves zero white residue, and can even be stored in the fridge — no joke — to help keep you even cooler on those hot days. (\$19)

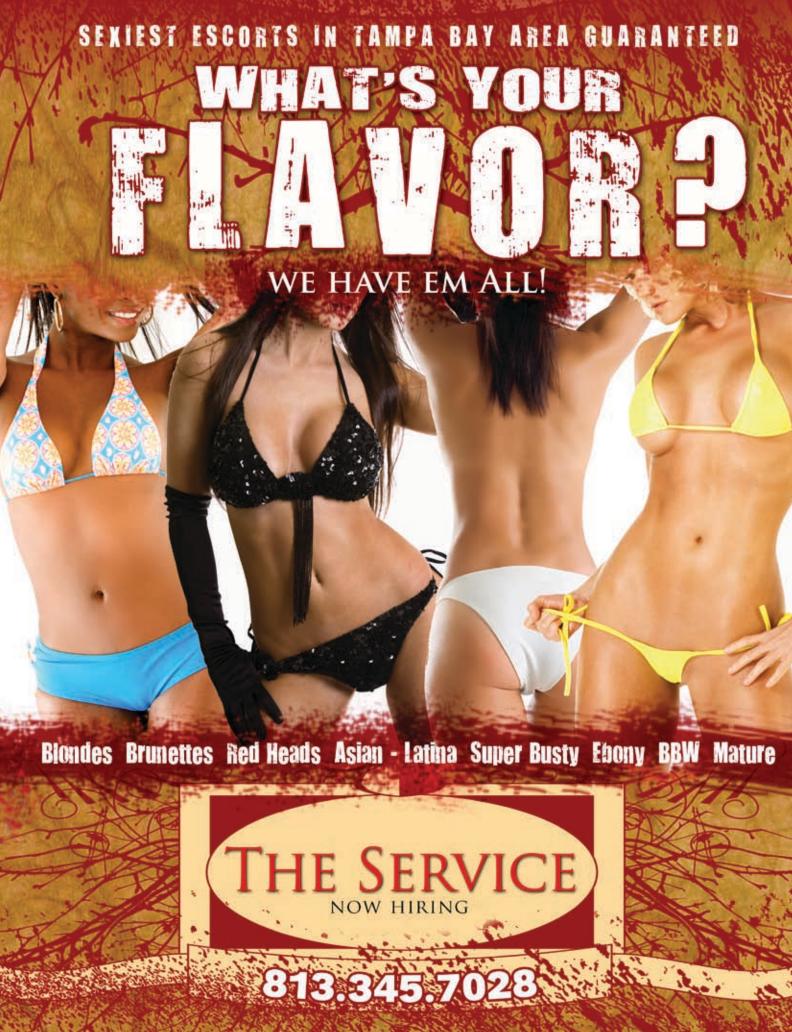

Rid yourself of unsightly shoulder snow with Dandrene Anti-Dandruff Shampoo. Unlike most off-the-shelf solutions, Dandrene uses a mixture of Climbazole — don't worry, we had to look it up too — Pomegranate Extract, and other anti-fungal, oil-fighting agents to help clear out the cause of the flakes instead of just the flakes itself, meaning that while it might cost as much as 10 bottles of Head & Shoulders, it likely works 10 times as well. (\$28)

## **CARTIER** ROADSTER & ROADSTER SPORT

"It devises its own destiny, gratifying every whim as it orchestrates an enthralling spectacle for the aesthete and connoisseur." We're used to seeing nonsense in fragrance descriptions, but the above line for Cartier Roadster (\$105) takes the 2009 award for most absurd. With notes of English mint, cashmere wood, patchouli, cistus labdanum and vanilla, it may not be an "enthralling spectacle," but it smells damn good. For those looking for a more active scent, Roadster Sport packs citrus notes of lime and tangerine, as well as herbs and spices like sage, rosemary, and black pepper, for a decidedly more masculine musk. (\$105)

## I DON'TLOVE GIVING ORAL SEX, BUT SHE SAYS IT'S THE KEY TO HER PLEASURE. ANY TIPS?

Be more creative. Lapping away for 30 minutes might eventually bring her to climax, but she's looking for an artist, not a laborer. Trust me—the more she enjoys it, the more you will. Plus, the fact that she's better lubricated and has heightened sensitivity will make postorgasm sex more intense. So experiment with tongue strokes (soft and wide, rather than firm and pointy), target zones (feather her clitoris, but don't ignore other hot spots), and speeds (faster is not always better).

Encourage her to guide you. If you tweak your technique and your heart still isn't in it – despite her body-bucking explosions – you two might be sexually incompatible. They're rare, but some women can't stand oral sex. Maybe you'd be better off with one of them.

## IS IT EVER OKAY TO BE A LITTLE KINKY DURING FIRST-TIME SEX, OR WILL I SCARE WOMEN AWAY?

Depends on how you define "a little kinky." Because while you don't want to freak her out, you don't want to bore her, either. Some gentle groping followed by missionary position is standard-too standard. A woman appreciates a man who's bold enough to yank up her skirt, trace her spine with his tongue, locate her G-spot, and maneuver her body into creative positions. If that's "a little kinky," then go for it. As for spanking, nipple clamps, bondage, and bizarre costumes, save that stuff for your 6-month anniversary.

## HOW CAN I MIX IT UP IN THE BEDROOM? SHE'S NOT THAT ADVENTUROUS.

Got it — no role-playing or video cameras. But there are plenty of prudish props that can mimic kink. Grab a spatula and offer to treat her like an omelet. Use a spray bottle to spritz her down. Countless household items have kinky potential. The trick is to plant the object within reach (or coax her into finding new uses for the kitchen, laundry room, toolshed . . .) and make your decision to bring it into play appear totally spontaneous.

## SHE WON'T DO IT DOGGY-STYLE BECAUSE SHE DOESN'T WANT ME TO LOOK AT HER BUTT. CAN I BRING HER AROUND?

Ease her into it by having sex from behind in a position that won't require her to shove her backside high in the air: Start by spooning. Slide in, and then ease her onto her stomach and simultaneously roll onto her back, straddling your legs on either side of her thighs and supporting your weight with your arms so you don't panini -press her. Her butt won't be in your direct line of sight, but the higher up you push your torso, the more it'll feel like true doggy-style. The "backslide," as I like to call it, may not be exactly what you want, but it will do until enough time and lovin' boosts her booty confidence.

## MY GIRLFRIEND IS WILD IN BED WHEN SHE'S BEEN DRINKING. CAN SHE BE THAT WAY WHEN SHE'S SOBER?

Find ways to act goofy together, like trying to learn kung fu from a DVD. Most women don't let it all hang out in the bedroom because they're afraid the guy will be turned off. If she realizes that she can let loose with you, she'll do it when she's naked and sober.

## GAIN WEIGHT THIS HOLIDAY SEASON

RE YOU HOPING TO BECOME AS CHUBBY AS SANTA THIS HOLIDAY SEASON? IF SO, YOU'LL LOVE ALL THE DELICIOUS, HIGH-FAT TREATS IN STORE FOR YOU. THE BEST PRESENT YOU CAN GIVE YOURSELF IS THE GIFT OF GLUTTONY! JUST IN CASE YOU HAVEN'T FIGURED IT OUT ON YOUR OWN, HERE ARE THE TOP TIPS TO HELP YOU PACK ON THE WINTER POUNDS.

- When you drive to the mall to do your holiday shopping, circle around the lot for as long as necessary until you find that prime parking spot near the entrance. Better yet, slide into the conveniently-located handicapped parking spot–Santa won't tell on you.
- While you're at the mall, make sure you pay a visit to the food court. Choose something deepfried in fat, with plenty of melted cheddar and extra bacon.
- Creamy pumpkin lattes, foaming eggnog drinks, spicy gingerbread cocoa...the holiday season is the perfect time for coffee shops to entice you. Don't fight them. Instead, try every seasonal drink on the menu at least once.

- Starve yourself for at least six hours before showing up to a holiday party. That way, you can make the most of the pecan pie, chocolate fruit cake and flaming plum pudding.
- 5At those holiday parties, snack on a bit of everything, even if the buffet offers the same recipes you've tasted before. You never know-the turkey stuffing here might use a different kind of sage.
- 6 Never get too far away from the food buffet. You don't want to have to keep walking over when you need a refill. Just lurk and munch.
- With all those parties and celebrations, holidays can be stressful times. If the stress starts to get you down, take some time out to relax with a slice of cranberry meringue pie.

- Is all the chatter and caroling making you thirsty? Sip on coffee, hot chocolate and alcohol instead of water.
- Are your friends bugging you to work off the holiday blubber at the gym? Face it: you don't have time to exercise, so there's no point even trying. If you faithfully follow these tips, you'll waddle into 2010 with oodles of gluttonous memories...and plenty of material for your New Year's resolution. Let the holiday hoopla begin!

DUSTIN@ JDCCC. COM

### **CAPRICORN: DECEMBER 22- JAN 19**

Emotional well-being and contentment characterize this time period. You feel quite relaxed and carefree, and this would be a splendid time for a vacation. Laziness, self-indulgence, and expecting everything to work out well with no effort on your part are negative possibilities now. You feel very lucky and you are likely to be lax or extravagant with your money. Material benefits are, indeed, likely at this time, but beware of being overly generous or depending too much on Lady Luck.

## **AQUARIUS: JAN 20- FEB 18**

Your thoughts turn to love and this is a favorable time to bring out any concerns you have in your personal relationships. Agreements and cooperation can be achieved easily now. You readily discuss your personal needs and desires. Also, you are more aware of beauty and may want to rearrange your decor or buy something to beautify your surroundings. Errors made in haste, speaking too forcefully, sharp words spoken on impulse, or accidents occurring due to restlessness and impatience are all possible at this time.

### **PISCES: FEBRUARY 19-MARCH 20**

You are very congenial and cooperative now and more interested in the similarities than in the differences between yourself and others. This is a very good time to let people know you care about them: send a card, write a note of appreciation or even a love letter! You may also want to buy something beautiful, pleasing, and frivolous which simply makes you feel good. Self-discipline, training, persevering through a dry or slow period, and working quietly or in meager circumstances are themes in this time period. You have the ability and stamina to concentrate, to work carefully and thoroughly, and to accomplish something modest, yet of real practical value and substance now.

## **ARIES: MARCH 21-APRIL 20**

At this time you enjoy emotional satisfaction and harmony in your home life. Relationships with women run smoothly. If you have a solid emotional base in your life, you will receive the benefits of that. If not, this is a good time to begin making connections with people and also to discover what gives real emotional nourishment and fulfillment. This is a very good time to go to the theater, an art exhibit, or social gathering. You want to see beautiful things and exchange pleasantries with others. In fact, matters of the heart are on your mind and you may want to play match-maker now.

## **TAURUS: APRIL 21-MAY 20**

You do not feel very sharp, competitive, or aggressive at this time. Feelings of relaxation, receptivity, passivity, or aimlessness are likely and you tend to avoid stressful confrontations or situations that demand too much of you. Goals and desires that normally seem so important - especially ones in which you are pushing your own interests - do not matter quite as much now. Your imagination is stimulated, and you need activities and entertainments that are colorful, out of the ordinary, and definitely not mundane.

## **GEMINI: MAY 21-JUNE 21**

Working energetically with a clear objective in mind, advancing your own professional goals, and enlisting others' support for your projects by acting as a leader are key issues now. Your superiors and others in authority respond favorably to your confidence and your willingness to take a risk or attack a problem in a new way. The emphasis is now on long-range financial planning, thinking about future security, and formulating strategies to achieve your ambitions. Your ability to study quietly, to concentrate on complex mental work, and to think deeply about serious matters is much better than usual. This is a good time to organize your affairs and also to seek professional advice about your concerns.

### **CANCER: JUNE 22-JULY 22**

This is a good time to travel, especially to places you've never experienced before, where you will be exposed to new ideas and different ways of looking at the world. Studying new concepts is also favored; your ability to understand abstract ideas and your desire to grow intellectually is strong now. Anything that broadens your world appeals to you at this time. You are interested in the big picture and have less attention and interest in details.

### **LEO: JULY 23- AUGUST 23**

This is a time for being with people and especially giving something of yourself and your talents to others. You want to be seen and noticed. You receive appreciation and a positive response and possibly an opportunity or personal contact which will be quite beneficial. There is much activity; you move rapidly from one thing to another and a hectic, somewhat stressful pace is likely. Many errands, phone calls, letters which require a response, and other "busywork" is on the agenda. A minor but rather tense confrontation is likely.

### **VIRGO: AUGUST 23-SEPTEMBER 23**

You are at cross purposes with the people in your environment who are most able to benefit you. You tend to come on too strong, to be oblivious to others' needs and intentions, or to act inappropriately now. You feel an urgency to take positive steps to achieve your goals, but be certain that you are not overstepping yourself, as this can cause considerable enmity at this time. Romance and flirtations are likely now. You are feeling warm, expressive, and lively. Loving feelings flow between you and the people you meet, especially those of the opposite sex. Friendships are also strengthened at this time. Also, your creativity and desire to make something beautiful is stimulated now.

### **LIBRA: SEPTEMBER 23 - OCTOBER 23**

This is an excellent time to make decisions about your financial affairs, as your judgment is sound and reliable, though a bit conservative. Investing in beautiful things which are likely to increase in value over time (such as jewelry or fine art) is favored. You are not interested in fleeting excitement or frivolity now. Spending "quality time" with an old and trusted friend or enjoying the company of an experienced, mature person who has much of substance to give you will make you happy.

### **SCORPIO: OCTOBER 23- NOVEMBER 21**

Your desire for pleasure, ease, and affection is brought to the fore and may interfere with work or complicated situations in which you need to be acting assertively and on your own behalf. Your mood and attitude is conciliatory, and your need for love and approval heightened. Social gatherings and personal relationships are favored. \later this month your mind is on bigger issues and long-range plans. You are optimistic and enthusiastic about your ideas, but disinclined to read the fine print or study all the facts, which can result in an error in judgment. Try not to be lax about important details.

## **SAGITTARIUS: NOVEMBER 23 - DEC 21**

You seesaw between optimism and impatience, between faith that everything is working out and a restless desire to take immediate action. Philosophical discussions are apt to become heated. Avoid pompousness, arrogance, and intolerance. You will neither win freedom nor influence people that way! Proselytizing or self promotion can lead to estrangement now. A lack of caution and overenthusiasm are pitfalls for you at present.
