"MODERN DRUG ANALYSIS"

A two-day course on the above topic will be held
at The City University, London on 14th and 15th
December, 1978.

The course is aimed at chemists and pharmacists
involved in the modern analysis of drugs. Emphasis
will be placed on the principles of current techniques
and their application to drugs and drug dosage forms.
Topics to be covered include, "The Analytical Method";
"H.p.l.c. in Drug Analysis"; "Preformulation Analysis";
"Pharmaceutical Product Stability"; "Dissolution Technology";
and "Biological Assays".

Further details and application forms can be obtained from
Dr. D.G.T. Greig, 16, Ashby Road, Witham, Essex CM8 1QN,
England.
