

Corrigendum to “Targeting mammalian target of rapamycin (mTOR) for health and diseases”

Drug Discovery Today 12(3/4) (2007) 112–124

There is a labeling error in Fig. 2c in which the left side of the chemical should be ‘FKBP12-binding’ and the right side should be ‘TOR-binding’. The corrected figure is given below. We apologize

for the labeling error during the process of preparing the figure, and any inconvenience caused due to this issue.

Figure 2(c) Chemical structure of rapamycin and its binding sites for FKBP12 (blue region) and mTOR (red region).
