

DRUG METABOLISM AND DRUG INTERACTIONS

VOLUME 12, NO. 3-4, 1995

CONTENTS

	Page
Plant Cytochromes P450: An Overview <i>Francis Durst and Daniel P. O'Keefe, France and USA</i>	171
Diversity and Evolution of Plant P450 and P450-Reductases <i>Francis Durst and David R. Nelson, France and USA</i>	189
Functional and DNA Sequence Divergence of the CYP71 Gene Family in Higher Plants <i>Rolf E. Christoffersen, Frank W. Percival and Kristin R. Bozak, USA</i>	207
Cytochromes P450 in Phenylpropanoid Metabolism <i>Daniele Werck-Reichhart, France</i>	221
Cytochrome P450 Limonene Hydroxylases of <i>Mentha</i> Species <i>Shari Lupien, Frank Karp, Krishan Ponnampereuma, Mark Wildung and Rodney Croteau, USA</i>	245
Cytochrome P450-Dependent Oxidation of Fatty Acids <i>Jean-Pierre Salaün and Christian Helvig, France and USA</i>	261
Characterization of Cytochrome P450_{TYR}, A Multifunctional Haem-Thiolate <i>N</i>-Hydroxylase Involved in the Biosynthesis of the Cyanogenic Glucoside Dhurrin <i>Barbara Ann Halkier, Ole Sibbesen, Birgit Koch and Birger Lindberg Møller, Denmark</i>	285
Metabolism of Herbicides by Cytochrome P450 in Corn <i>Michael Barrett, USA</i>	299
Induction of Cytochrome P450 Genes by Ethanol in Maize <i>Sharon Potter, Donald E. Moreland, Klaus Kreuz and Eric Ward, USA and Switzerland</i>	317
Wheat Microsomal Cytochrome P450 Monooxygenases: Characterization and Importance in the Metabolic Detoxification and Selectivity of Wheat Herbicides <i>D. Stuart Frear, USA</i>	329
Modification of Flower Colour via Manipulation of P450 Gene Expression in Transgenic Plants <i>Timothy A. Holton, Australia</i>	359
Cytochrome P-450 in Plant/Insect Interactions: Geraniol 10-Hydroxylase and the Biosynthesis of Iridoid Monoterpenoids <i>David L. Hallahan and Jevon M. West, UK</i>	369
Plants as Hosts for Heterologous Cytochrome P450 Expression <i>Daniel P. O'Keefe, USA</i>	383
