

DRUG METABOLISM AND DRUG INTERACTIONS

VOLUME 20, NO. 1-2, 2004

CONTENTS

The Effect of Cysteine Analogues on the Excretion of Urinary Sulphate in the Rat Following Cysteine Administration <i>E.S. Roopnarinsingh, G.B. Steventon, R.M. Harris, R.H. Waring and S.C. Mitchell, UK</i>	1
Intravenous Pharmacokinetics and Metabolism of the Reactive Oxygen Scavenger α-Phenyl-N-Tert-Butyl Nitron (PBN) in the Cynomolgus Monkey <i>M.E. Lame, A.S. Kalgutkar and M. LaFontaine, USA</i>	11
Effect of Gemfibrozil on the Metabolism of Pitavastatin - Determining the Best Animal Model for Human CYP And UGT Activities <i>H. Fujino, T. Saito, Y. Tsunenari and J. Kojima, Japan</i>	25
Effects of Chinese, Japanese and Western Tea on Hepatic P450 Enzyme Activities in Rats <i>N. Niwattisaiwong, X.-X. Luo, P.F. Coville and S. Wanwimolruk, Thailand, China, New Zealand and USA</i>	43
Metabolism of CDRI-85/92, a New Potent Anti-ulcer Agent, Involving Cis-Trans Conversion <i>P. Srivastava, P. Sharma, J. Lal, D.K. Dikshit, K.P. Madhusudanan and R.C. Gupta, India</i>	57
Impact of Truncated Area Under the Curve on Failed Bioequivalence Studies: A Computer Simulation Analysis <i>I. Mahmood, USA</i>	77
Estimation of Absorption Rate Constant (k_a) Following Oral Administration by Wagner-Nelson, Loo-Riegelman, and Statistical Moments in the Presence of a Secondary Peak <i>I. Mahmood, USA</i>	85
SHORT COMMUNICATION	
In Vitro Susceptibility of Candida Species Isolated from Cancer Patients to Some Antifungal Agents <i>B. Özçelik, S. Çıtak, S. Cesur, U. Abbasoglu and F. İçli, Turkey</i>	101
Book Review	109
