

Announcement

FIRST INTERNATIONAL FORUM ON PHYSICO CHEMISTRY OF INTERFACES AND FORMULATION OF CHEMICAL SPECIALITIES

The Société Française de Chemie is organising this international forum to be held in Nice on 4–6 February 1987. The forum will comprise plenary lectures, invited technical lectures and poster communications and will be concerned with all aspects of speciality chemicals, including polymeric materials, detergents and textile process auxiliary agents.

Further details are available from the Société Française de Chemie, 250 Rue Saint Jacques, 75005 Paris, France.
