

Publisher's note

The publisher regrets to announce that Professor Stephen Burkinshaw has decided to step down as the editor for *Dyes and Pigments*. We would like to thank Professor Burkinshaw for all the time and effort he invested in *Dyes and Pigments*. Since he joined in 2000 his contribution to this journal is very much appreciated. The publisher welcomes him in his new role as an editorial board member for *Dyes and Pigments*. His past experience as an editor will undoubtedly be of value to the journal as he moves to a more advisory role.

Coinciding with Professor Burkinshaw's retirement the publisher would like to welcome Professor Brian Glover as the successor of Professor Burkinshaw in his role of editor. Professor Glover is currently the Dyes Application and Research Director at Yorkshire Chemicals. He has been very successful in his academic positions, as Professor, researcher and lecturer, and in his commercial positions. He has authored 30 major publications in his name and filed 35 patents. Professor Glover is an elected member of the Society of Dyers and Colourists and a member of the Board of ETAD.
