### Publisher's note

We regret to announce the retirement of Professor Sung-Hoon Kim from the *Dyes and Pigments* Board of Editors. Professor Kim joined the board in 2003, taking responsibility for editing a large number of manuscripts. As the first Asian editor of the journal, Professor Kim did a fine job of increasing the exposure of the journal in Asia.

We would like to thank Professor Kim sincerely for his contribution to *Dyes and Pigments* over the last three years, in terms of both editorial work and advising the development of the journal. We wish him well with all future plans.
