This meeting will be devoted to “A decade of advances in thyroidology.” The program will include 20 state-of-the-art lectures and a limited number of selected free communications for oral or poster presentation. The deadline for submission of abstracts is January 15, 2002. For more information, contact Dr. G. Copinschi, Laboratory of Experimental Medicine, Brussels Free University—CP 618, 808 Route de Lennik, B-1070 Brussels, Belgium. Fax: (+)32 2 5556239; Email: [klotz@ulb.ac.be](mailto:klotz@ulb.ac.be)

*June 12–15, 2002*

**Eighth International Conference on Malignant Lymphoma**

***Lugano, Switzerland***

This conference will deal with results and perspectives of basic as well as clinical research: most lectures will be given by invited speakers. Selected controversial issues will be discussed by panels of leading experts. Small workshops will deal with key problems in the field. The program will include a limited number of free presentations selected from among the submitted abstracts and different poster sessions. For more information contact Prof. Dr. Franco Cavalli, Director Oncology Institute of Southern Switzerland, Ospedale San Giovanni, 6500 Bellinzona, Switzerland. Tel: +41-91-820-86-66; Fax: +41-91-820-90-44; Email: [lymphcon@dial.eunet.ch](mailto:lymphcon@dial.eunet.ch); Internet: [www.lymphcon.ch](http://www.lymphcon.ch)
