COVER GIRL

Of course you *may* have spotted, and full marks for observation if you did, that *el sol* is not exactly blazing down all over this month's coverperson, the much-loved (if only you could get the chance) Toni Wilson. I know many of you will feel that so much sun shines out of various parts of Toni that there's no actual need for the sun to shine *on* her as well, but be that as it may, we here would have appreciated the odd ray or two, if only because it makes things so much more pleasant for everybody doesn't it readers, instead of which we had Toni hanging about in Raymond Towers with no clothes on for simply *days*, peering up into the heavens while I phoned the meateri . . . metior . . . the weather man to see what he thought, but he just said his granny always told him 'ne'er cast a clout till May be out' which is obviously good earthy common sense and ever so ethnic and apparently means you shouldn't take your woolly off under any circumstances until it's June, but it's not awfully scientific sounding.

Still, we are British after all, so there was nothing for it but to keep stiff upper things, which considering the nippy conditions and the presence of an utterly naked Toni Wilson from Bristol, was not hard (I mean they were all hard, but it wasn't difficult). And the neighbours all got a rise out of it (well my lot did so they must of), and all in all, a hot time was had by everyone - we hope it shows! *Love and kisses from Julia Jones, Secretary to the Executive Editor.*

Would you believe it? I'm in Leeds. Well I mean if you're lucky enough to be reading this in Leeds on the 9th or 10th of May and if you're a proper reader you should be because that's the day it comes out, then I'm here in Leeds with Auntie Jayne. Me, Julia Jones, have finally been let out of Mr Raymond's office to come on a promotion to meet all

the nice friendly people who sell *Escort*. It was the editor who said I could come if I behaved myself and wore a wig because he would be treating them all to lunch and having drinks and giving a speech about how nice *Escort* is and so on.

So I agreed if I didn't have to take my clothes off again and I could have a drink like they do all the time and I

didn't have to do any typing in the hotel pool or short-hand or rounding up stray people with my hockey stick and if I finished knitting Mr Raymond's new socks before I went.

It's really in the interests of research actually, getting to know the readers and being in a normal real city where people don't publish men's magazines like Lon-

like last time and I will get into all sorts of arguments and I hate getting into arguments although that's why the editor seems to get the impression he can make me do what he likes because I seem to be one of those girls who says yes to anything for a quiet life and just to avoid the struggle if you see what I mean. So what I'll be doing in Leeds on the 9th

don which is a strange place where they do. I hope you don't mind me wearing a wig of course because the editor is bound to egg everyone to persuade me to get drunk and take my clothes off (I hope) and then someone will take pictures and it will be in the magazine especially if I get drunk which I might try to do and my mother will recognise me

Reader's Letters

Two-year itch

I have always scoffed at the "husband last to know" cliché, that is until recently. To celebrate our second wedding anniversary, I decided to leave work shortly after lunch to surprise my wife, Linda with a gift.

Linda is a very attractive woman of twenty-one, with a lovely shapely figure, 36-25-36. I know men admire her but had never doubted her faithfulness.

When I arrived home, I crept in quietly only to hear soft talk and low giggles. I walked to our bedroom, the door was partly open and the sight that met me nearly knocked me for six. Laid on our bed, naked except for sheer black stockings and suspenders was my wife, Lin, next to her was my next door neighbour, Mark, a middle aged bloke, old enough to be her father. I felt like bursting in, but I felt excited like I'd never felt before. Lin was smoking an after sex cigarette, Mark was gently cupping and fondling her breasts. I noticed Mark's cock was already semi-hard. Lin propped herself up on her elbow, reached over to extinguish her cigarette, then ran her hand down his belly finally wrapping her slim fingers round his by now swollen prick.

Mark's hand slipped between her legs, inserting first two then three fingers into her red gooev cunt. Lin let out a lustful moan. Keeping Lin on her side, Mark placed his knees either side of her thigh then pushing her other leg up, he entered her sideways, I had a clear view of his veiny erection slamming into her while Lin pulled him to her. They kissed noisily, alternating between her mouth and neck, Mark covered her with kisses. Lin

began a breathless talk that I had never heard her use, "Fuck me, make me pregnant," she uttered repeatedly. By by now I was in a right state, as if in a trance I slipped away.

That afternoon, I drove for hours thinking over the incident, I knew I had enjoyed it even though I felt guilty about it.

When I arrived home at

Is it art?

Both my girlfriend and I are avid disiples of your great magazine, so much so that

tea-time, Linda greeted me as if nothing had happened, I gave her the gift and a kiss, Lin pressed herself against me, I quickly developed a bursting hard-on which Lin felt. Needless to say we ended up in bed, she still had the same stockings and suspenders on! Lin squatted over my face and I could clearly see dried stains on her stockings from Mark's spunk.

That evening we indulged in every sexual position, watching my wife with another man did wonders for my sex drive. The following day I admitted watching her. After an emotional scene, I

Dawn devours the mag from back to front before I even thumb the front cover!

What is all this dribble leading up to? Well both Dawn and I find the *Reader Erotica* page extremely stimulating and wonder if any of your "Artists" would be interested in drawing or perhaps a series of small drawings of Dawn in certain fantasy situations which she won't even disclose the nature of to me at this stage. I would of course be willing to pay an agreed amount for work done.

As a matter of interest, Dawn is a very sexy young lady with a full, firm 40-25-36

figure as you can see.

The drawings that have particularly pleased us are: "Hair and a G-String" by F.C.R of Staffs, vol. 3 no. 11 and "Uniforms" by S.W. Leics., same issue. Also drawings by Keith of Sussex and A.W. of Sheffield both vol.4 no.1.

Dawn insisted that I enclose a recent snap to wet the appetite of any interested artist. *N.A. (full name and address withheld by request), Hull.*

Anyone want to wave their pencil in Dawn's direction? (See next page.) Write to her, care of us, and we'll pass your letters on. - ed.

Swinging opinion

After all these years (about twenty), reading, looking at and enjoying magazines including *Men Only*, *Club International* and later *Escort*, I've finally found it necessary to write a letter of my own, this is in response to a letter you printed in vol.4 no.3: *Swinging the changes*. What a pity Dave and Rusty don't live closer than London. We both seem to want the same thing, a close and meaningful relationship with regards to a foursome. Like them we entered into the swinging world but only about 5 years ago and dropped out about 2 years ago. At the time we hoped to find what they had for 10 years - a fourway marriage, no chance, each and every couple we met just wasn't interested in a close warm relationship, it was simply a case of wham-bam-thank-you-man. Heat, yes, warmth, no. We are now in our late forties and life is whizzing by, we have now given up all hope of finding the couple.

Most of the ladies I came into contact with were in their late 20's or early 30's,

All of us have problems, tendencies or characteristics which can be difficult to discuss with people we know, even good friends or partners. Often it helps just to write about them to someone who can be both understanding and objective, and who you can trust to treat your letters in the strictest confidence. I will always try to be honest about what I think, and when possible, suggest other places that may be able to help. My only real qualifications for doing this are a lot of experience, some common sense, and a fair amount of unshockability. I'm sorry that I can't write to you personally and must limit my replies to these pages. Do write!

I am a 35-year-old housewife, and one morning as I was shopping I noticed a girl who had been standing collecting for charity in the cold for quite a long time. She was shaking with cold, and as I live nearby, I asked her back to my house for a cup of coffee.

She was still shaking with cold and asked if she could have a bath. I ran her one and gave her a towel. When in the bathroom she just undressed in front of me. I left the room, but turned round so I could peep at her and found myself getting very turned on when I saw her nipples get hard. After her bath she told me that her back was aching from standing in the cold, and like a fool, I offered to rub in some heat cream. We went into the bedroom and I started to give her a massage, running my hands over her. She opened her thighs, and I could see her cunt was open and wet. I resisted touching her, even though I was turned on. She got off the bed and said she'd do the same for me. I didn't want to do anything wrong, but my body felt so good as she rubbed my tits and nipples, then her head went down between my legs. I was very wet and she started to rub on my clit and I had an orgasm. Then she laid down beside me and we started kissing and touching, and I didn't want to stop. She told me she and her friend do this quite a lot. We got into the 69 position and licked each other's clits and fingered each other for about two hours and it was the best sex I've ever had. She was 17, and I feel guilty, even though she knew what was happening. *Yours faithfully, S.M., Kent.*

Not only did she know what was happening, but she went more than half way to make sure it happened. I know young people can start things that they don't mean to finish, usually out of playfulness or inexperience, but that wasn't the case this time was it? You both wanted it, and it sounds as if you both enjoyed it, why be ashamed of such gentle pleasure? Love, Auntie Jayne.

I'm 32, and my wife is 29, and during a recent week-end away, we made the acquaintance of a couple at the bar of the hotel where we were staying. I thought nothing of it when my wife went off to the 'Ladies' with the young woman, but it turned out that the woman was in fact a young and attractive transvestite. This information was transmitted to me later in our room by my wife who was very switched on, and said she'd like to see me in female gear. I said she must be joking, but she wasn't. She insisted that I adorn myself in her clobber as there wasn't going to be any sexual encounters until I did. When I realised she was serious, I decked myself out in some of her gear, putting some powder and lipstick on. Needless to say, I've never known her so horny, and we went through the card until we were both well and truly shagged out. She said she'd never known such an experience. Me dressed up as I was, and her looking

«We went into the bedroom and I gave her a massage. She opened her thighs and I could see she was wet . . .»

at my made-up face and lips, and my tool pumping deep into her. Even I began to think, where was I getting the stamina from? I've been carrying out her desires for some weeks, and she's started buying me female clothing, including stockings and suspender belt, and expects me to sit around dressed like this. Then we had a gi-normous row when she wanted me to go out like that. I must admit, I've had sexual encounters with her that were out of this world, but to go out like that – no way! Do you reckon this can be dealt with by her seeing a doctor or something? This position is now one of sexual blackmail, but other than this problem, we are quite normal. *Sincerely, Clive, Edgware.*

I know of many a TV who'd love to be in your situation – but that's not much of a comfort to you!

Your wife is a woman who's fallen in love with a new toy, and cannot put it down. Talking this through with a doctor, or

any sensible outsider would be a reasonable thing to do, but at the moment, your wife is not behaving like a reasonable woman! It's generous of you to have tried this cross-dressing for your wife, and you seem to have enjoyed it too, so far. But for her to have threatened you with sexual starvation unless she has it her way all the time, is certainly very naughty. All you can do is make it clear how far you will go, how often, and say what you expect in return. Unless she's prepared for a bit of give and take, there's nothing to discuss. Love, Jayne.

I'm writing to you on a matter of great concern. I go to college during the day, and when I return home, I'm usually bursting to have a slash. However, my brother is always occupying the toilet. This went on for some time, till finally I'd had enough and I peeped through the keyhole. To my disgust he was wanking his tool off, which wasn't so bad,

«I've had sexual encounters with her that were out of this world, but to go out dressed like that – no way!»

except he was wanking with the aid of my *Escort*. I let it pass, until one day I decided to read your section which I always leave till last. My equipment had already risen at the thought of seeing you. To my utter horror, your pages had been glued together with spunk. I accused my brother of doing this, but he denied it, and I had to rush out in the pouring rain to get the last copy and relieve myself.

I have since learnt from friends at my brother's place of work that instead of going to the pub at lunchtimes, he stays behind. It has also been noticed that at least three or four times a day he goes into the toilet clutching an *Escort* magazine.

I must then presume that he wanks about seven or eight times a day over you – surely at the age of 17, this is not normal? Perhaps you could come round and relieve him? *Yours, Steve, Brighton.*

I don't think one visit from me would help much, would it? With someone whose needs are as frequent as your brother's, he'd only want to do it again, and again and again . . .

*Don't worry about him too much though, he may wank more often than you do, but it is his tool, though I do agree he should buy his own *Escort*. Love, Auntie Jayne.*

I write about a problem I don't at present have (I think), but about one which I think could show up at some future stage.

Since the age of thirteen (nearly thirteen years ago), I have masturbated an average of two or three times a day (sometimes eight to ten times daily!).

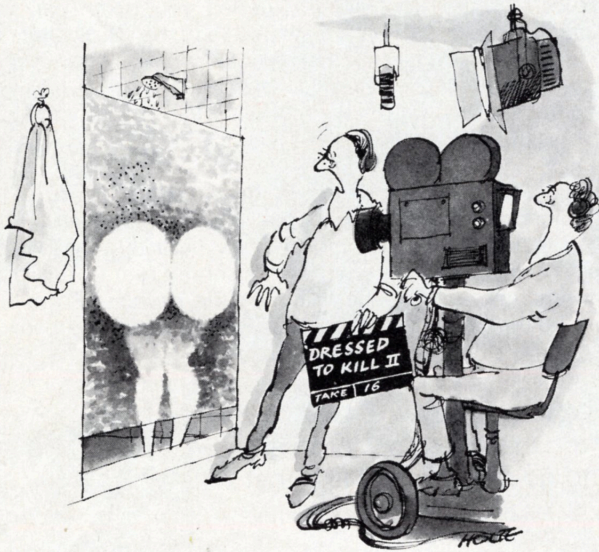

On a telly programme a few months ago (I believe it was *Horizon*), it was said that the testes take around ten days to make enough sperm for an ejaculation.

When I find a girlfriend/wife, will I be able to father children if we want them, or will my solo sexual indulgence have made me sterile?

Incidentally, referring to Paul's letter (vol.4 no.2), up until two years ago I couldn't pull my foreskin back at all. I was then circumcised, and after just a few days, normal service has been resumed! *Yours, Jon.*

Actually, it takes about sixty days for each individual sperm to develop, and literally billions of sperm are produced each month (though there is a fall-off in productivity in later years). Believe it or not, a healthy man produces about 50,000 sperm a minute (72,000,000 per day) in a continuous process, and any unused ones are broken down and recycled for future use. If you ejaculate frequently, there may be fewer sperm present in the semen, but millions will still be present, and of course, all it takes is one healthy one! Worry no more, Love Jayne.

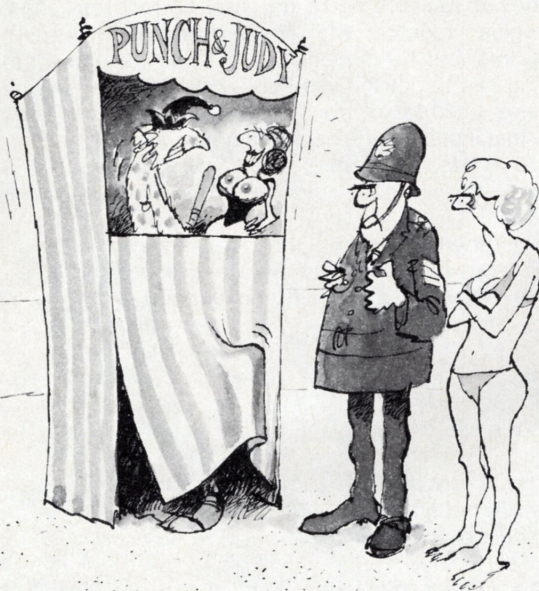

ONLY WHEN I LARF

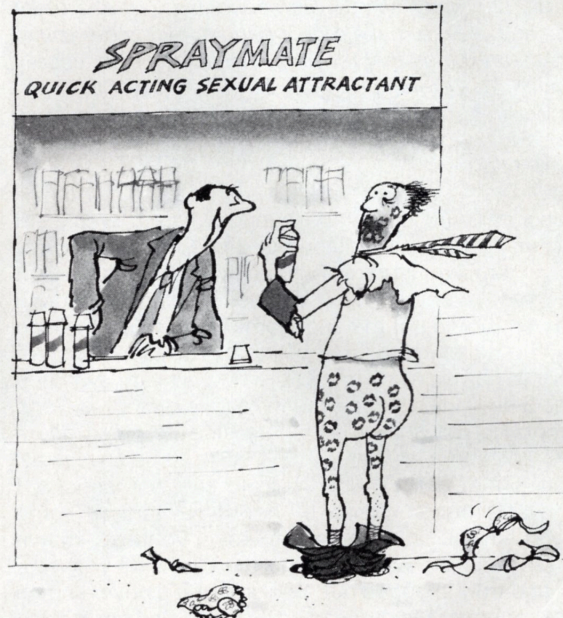

"Christ! She's dropped the soap again!"

"Do you mind if we turn the light off?"

"Oh deary me, Mr. Punch seems to be getting turned on by the Swedish au pair again!"

"If you can find anything that works faster, I'll give you your money back."

"Yes, I've taken my bra off and yes – my huge breasts are now swinging freely."

"What music in the background dear? I keep telling you I'm in the Office."

hot in bed but after the sex, cold, very cold. Then after the session being told that they could fit us in again in about 3 weeks, no thanks! One couple was forever jealous of each other, a situation I found quite astonishing as they continued to swing.

In a foursome situation where each partner is in it solely for the sex act, is it not just prostituting of one's body and the satisfaction short lived?

It may be something to do with our age group, but I was brought up to always respect the other person in a sexual relationship at all times and I am convinced the resulting sex is far better. I would like to conclude by saying as strange as it may sound, after 27 years of marriage, I still love my wife deeply. She feels the same about me and my ideas on swinging. *R.C. (full name and address withheld by request), Yorkshire*

Sauce for the goose

Until just after Christmas, I had always remained reasonably faithful to my husband because he claimed he was faithful to me.

I took his car to go shopping one day and reached under the car-seat for a cloth to wipe the windows and pulled out a pair of black panties. During my time around the shops I gave the matter a bit of thought and decided that two could play that game.

I've always been hot for a chap at work and we have made it quite clear that we fancy each other on more than one occasion. Unfortunately, his wife drops him off at work and collects him when we finish in the evenings. I decided that the only time I could get him was in an extended lunch break and arranged the day.

The time came and Peter collected me in his car and we drove to a pub not far from my home, but in a country area. I was wearing plain clothes so as to raise

no suspicion at home but changed into stockings in the loo at work. After a meal and a few drinks we were sitting quite close to each other and I placed my hand on his thigh. Peter wasn't slow in responding as his hand made its way up my leg to my bare thigh above the stocking top. I could feel myself creaming up at the thought of what would follow.

We agreed to leave the pub and made our way by car to a car park by some woodland. Before we had stopped, Peter was groping and playing with my tits

hands on it, with my bum to him.

The moment I had waited for. Peter's hands pulled my panties a few inches down and he slipped his prick between my legs and ran it up and down my clit. I came in a few seconds and begged him to fuck me, "Fuck me, fuck me." I was shouting as his prick slid in my creamy cunt. I came again and after about 2 minutes, Peter shot his spunk into me.

After pulling out and adjusting my pants, Peter led me back to the car and took me back to work. We

I have never written to you or to any other mag before simply because I have never had a story to tell until last week. First of all, I am 35 and divorced. I have just moved into a new 3 bedroomed house where I live by myself.

It all started a couple of weeks ago while I was having a drink with my mate and his wife, Yvonne in our local pub. I just happened to say that I had a bit of money left over from the purchase of furniture etc., and was probably going to spend it on a sun-bed. Well, I got the sun-bed and put it in one of the smaller bedrooms.

One day I happened to bump into Yvonne and remarked on her flattering suntan, she replied that her sun-bathing days were over as she had now found a job and would have to be prepared to lose her tan, unless of course, she could keep it going by visiting me so as she could use the sun-bed. Eagerly, I agreed and invited her over on Friday night!

Sure enough when Friday night came round, she turned up and I showed her to the bedroom where the sun-bed was. Then I went back to the living room to watch the T.V. After about 15 minutes I thought that I would take her a glass of cold lager which is a drink that she likes. I did not knock, I just walked in, expecting to see what I did and was not disappointed. She was lying there naked except for a tiny pair of black lace panties, quickly she covered her breasts with her hands. "Too late," I said, "I've already seen them!" She took her hands away from them and took the glass of lager from me. She had lovely breasts, she was a woman in her early 40's and had had 4 children. I asked her why she bothered to wear the knickers after all it was an ideal opportunity to get an all over tan. After a bit of persuasion, she allowed me to remove them but only after she had rolled onto her stomach. She said she would have another 10 minutes and that would do. So I went back downstairs because I did not want to push my luck too far.

About 15 minutes went by and she hadn't appeared yet,

inside my bra. My pants were wet through and I needed to pee. Peter suggested we walked into the woods and I agreed. I used the cover of some bushes and pulled my skirt up and held the crutch of my wet pants to one side and peed in front of Peter.

I could see him unzip himself and take out his prick just as I was finishing and I soon found myself wanking him with one of his hands finger-fucking me. A few feet away was a tree stump and I lead Peter across to it and rested my

agreed to do it again as we both enjoyed it.

I didn't get much done that afternoon but had to finger myself in the loo. I could feel his spunk running out of me on the train and my husband even remarked how wet I was when he fucked me in bed that night! *Jean M. (full name and address withheld by request), Surrey.*

so I thought I'd better check out if she had fallen asleep. I opened the bedroom door and saw that she had gone, I thought to myself that I'd blown it, disappointed, I set off back down the stairs then to my surprise I heard her shout, "Wrong bedroom." Quickly I dashed into the front bedroom and there she was lying on my bed looking gorgeous. I undressed and joined her on the bed, after months of no female company I wanted to put my throbbing prick up her cunt straight away but I controlled myself and started kissing her all over. I stopped when I reached her cunt and sucked and sucked until she had a terrific orgasm, she wanted to return the favour but I couldn't wait any longer. I put my prick between her legs and before I was halfway into her I shot my load of sperm into and over her cunt. I recovered quite quickly and this time it lasted much longer and we both felt much better for our experience. We haven't arranged to meet again but when the summer is on its way out, if Yvonne wants to keep her tan, I think we should see each other before too long. J.A.P. Anyone coming?

I enclose a recent photograph of my wife, Sue which may be of interest to your readers. This photograph was taken on the A19 which is the main road through North Yorkshire. We often spend sexy days participating in our favourite hobby, flashing to unknown motorists.

Sue certainly aroused a few lorry drivers on the day that this photograph was taken. B.E. (full name and address withheld by request), Co. Durham.

Glad to hear that Escort readers are helping to keep the Great British Lorrydriver awake and alert. — ed.

Ms P.S.

I have been an avid reader of

Escort magazine for the past several years and I think it is the most enjoyable magazine on sale.

What prompted me to write was the letter from Ms P.S. in vol.4 no.3. I agree wholeheartedly with her comments that older women can give us younger men more pleasure and get the best out of us far more competently than younger girls.

My first ever sexual experience happened when I was 18 and took place with a woman who was 43 years old. She was so understanding and a marvellous teacher. I have never had the same feelings for younger girls that I had for my older lady friend.

Ms P.S. is the sexiest

prompted me for the first time ever to write to a sex magazine (but that's not surprising — yours is the only one I now buy, and the best as far as I'm concerned). My only regret is that I may be getting a bit too old, at 35, for erotic and real women like Ms P.S. What I mean by that is that I'm afraid women of her calibre might find me a bit too old for them.

She might prefer to unleash her stupendous sexual charms on men younger than myself. Make no mistake about it, I certainly haven't stopped fancying the likes of Ms P.S. In fact, my cock is throbbing with an almighty hard on as I look at her pictures now. More please!

It was with a woman who

had long shapely legs.

She would smile at me and ask about my girlfriends but never gave me any idea of what was to happen. At 8.30 the following morning I got up from my make-shift bed for a pee and then went into the kitchen to make a cuppa. Ken worked on the buses so he left very early. He and Kath had two daughters of about 12 and 14 who were still in bed upstairs. The kettle had just boiled when Kath appeared dressed in a light summer dress. She asked if I had slept well and accepted my offer of a cuppa explaining that first she would pop out into the garden to get the clothes that she had left on the line overnight to dry. The tea was poured when Kath returned and she asked me to take her cuppa through to the front room. She followed, carrying a pair of stockings, presumably from the clothes line. I sat on the makeshift bed while she lounged in an arm chair directly in front of me and proceeded to put on her stockings. "I suppose all your girlfriends have gone over to tights," she said chattily, "but I can't help thinking that you lads today are missing out on a lot of fun." By this time she had one stocking on and was fixing it to her suspenders. I remember it as if it were yesterday, my heart beating and my prick rising in my pyjama trousers. "This is the chuckle gap, as Ken calls it, the bit above the stocking tops," she continued lifting her dress even higher and indicating. "Once you get this far, you know you're laughing. It can't be much fun with tights, can it?" As she asked, she looked me straight in the eye and proceeded to put on the other stocking, her eyes now riveted on my expanding crotch. My cock by now was tenting my pyjama trousers and I crossed my legs to try and disguise the tumescent protuberance. Kath continued talking, saying she'd shortened her skirts but that she felt she was now too old to wear ultra mini skirts. I stammered something about her having lovely legs and as Kath stood up, both stockings now firmly attached to her

looking lady I've seen in the letters section of Escort for a long time. Looking at her pictures brought memories of my sexual awakening back to me and I must admit that I've had several very enjoyable wanks while looking at her pictures.

Living in the same county as Ms P.S. I will be keeping my eyes open hoping to meet her, as I have never wanted a woman so much as I want her. A.B. (full name and address withheld by request), Somerset.

P.S. Ms. P.S.

Ms. P.S. of Somerset's letter and pictures published under the oh-so-accurate caption, "Older Women Know" (vol.4 no.3) has

resembled the exceedingly fuckable Ms P.S. that I really leant how to fuck and I was fortunate enough to begin my tuition early. Prior to her, I'd had two girls of my own age, very exciting for me but as I soon discovered, totally lacking in finesse. However, during the summer of 1967 I'd gone to stay with my brother and his wife and family outside Newport. My sister-in-law's brother and his family arrived unexpectedly one night, so it was arranged for me to stay the night with friends of my brother down the road, Ken and Kath, who had a bed settee in their front room. Kath was a jolly woman of about 40 then, with stunning nipples that poked out of whatever she wore, she also

The Polaroid Strip

Our stripper for May is Angie from Staffordshire, who's reputed to measure 34-24-35 (and it's that extra inch that makes all the difference, men!). She's the girlfriend of a chap who wants us to call him Charlie, which we'll gladly do 'cos he's failed to respond to any of our letters offering *real money* if only we can take a shot of her ourselves. He does mention they had a good time Doing It on a Greek beach - "You can't beat screwing in the sand covered in sun oil!" How about a nice rub down with a greasy rasp?

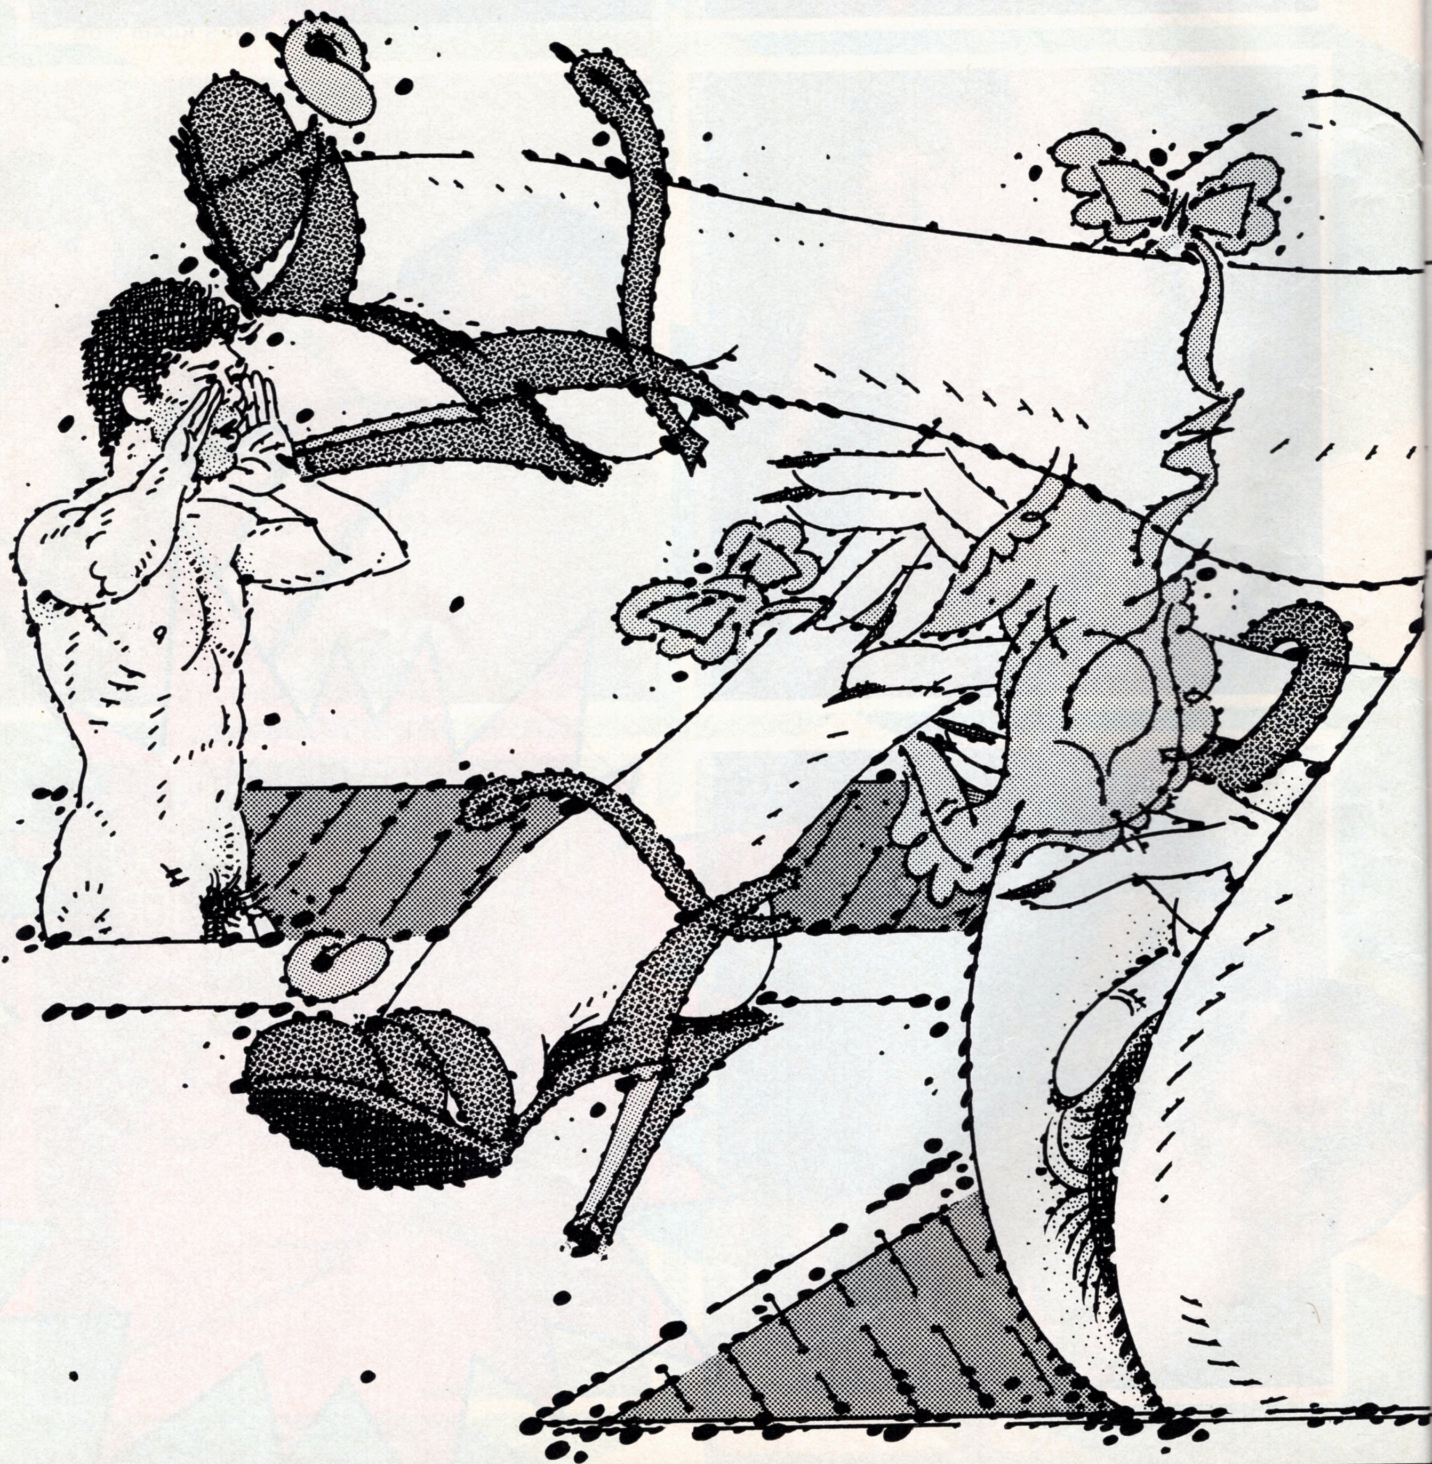

BECOME AN INSTANT GLAMOUR PHOTOGRAPHER

Think you can do it better than the professionals? Here's your chance to show us what really turns you on about the lady you love. Send us a sequence of not less than ten pictures of your wife or girlfriend and we'll pay you £60 a set. Just load up your camera, persuade your lady to dress (indoors or out) in her sexiest, most erotic gear, put some mood music on the stereo, pour her a long drink and photograph her as she strips in the poses that turn you on. If we can't use your set here, we'll take a couple for **Show Us Yours** and still pay you for each pic we use.

The Naked City

Temperatures rise as the sun blazes down on people's exposed parts.
James Ross discovers what goes on when clothes come off...

The first flush of warm summer sun can have an extraordinary effect on British womanhood. Suddenly all the constraints of cosy winter woollies – and the habits of modesty that go with them – vanish in a puff of warm wind. Overnight Britain's public places are treated to the kind of bodily exposure more common on Mediterranean beaches.

It's a transformation that doesn't at all surprise Marion, a 22-year-old PA who works in London's West End. 'I can be in Hyde Park in five minutes from where I work and I sunbathe there regularly when the weather's right. If I remember I put a bikini on under my clothes but I keep some sets of knickers which look exactly like bikini briefs so often I don't waste time changing. I wear a sensible bra too, which is a bit frilly but looks like a bikini top at a distance. I'll take it off, though, to do my back, but I'll always have a towel with me – no one is going to see any bare boobies or anything like that.

'If there weren't dozens of other women doing the same – and I've seen girls stretch out in see-through bras without a second thought – then I probably wouldn't do it. And I don't get any great sexual thrill out of stripping off in public either – my boyfriend and I have a very close, loving sex life which gives me everything that I could want.

I have been bothered by men but no more than when I've been completely covered up. I think men will do that to any reasonably attractive girl on her own, whatever she is or isn't wearing.

'The only incident that sticks out in my mind was when I was lying on my tummy one lunchtime. Admittedly I didn't have my bra on but I had a towel under my arms. This middle-aged man sat down on a bench about fifteen, twenty feet away. There'd been some girls having sandwiches there originally, which is why I'd picked the spot, but they'd gone. And this man just stared at me – he didn't even pretend to be looking at something else, which most of them do. Every time I opened my eyes he was ogling, as if he dared me to object. He looked quite respectable, too, wearing a dark suit, with an umbrella balanced between his legs. He kept rolling it backwards and forwards in his hands.

'Then he pulled it into his lap and I suddenly twigged what he was up to. There was a long straight bulge down the side of his fly. The dirty old sod was trying to flash at me!

'I was so shocked and angry I sat straight up, threw down my towel and shouted at him: "Is this what you want to see? Are they big enough for you? Perhaps you can leave me in peace now!"

'The poor

devil went white as a sheet and clutched at his fly. I got up, pulled on my blouse and stalked off. It was only afterwards I realised I must have made him shoot off his thingy doing what I did. Well, if he had to go around in wet pants all afternoon, serves him right!

Twenty-five-year-old Yvonne, now a Midlands housewife with two young children but previously a factory worker, recalls sunbathing that was a lot less innocent in intent.

'When I was nineteen I used to work in a factory that was on a border between two industrial estates. There was this high brick wall in between and there were different bus services and roads for each half so it was very unlikely you'd ever meet anyone from the other side up close. I think that's what made everyone feel safe. At least safer than they normally would.

'Our factory

Lynne, 38c-25-36, 17, Birmingham. "I love getting a lot of attention from men," Lynne told us. "If I didn't get whistled at in the street on the way to work, I'd want to get home and change my outfit - I'm a terrible flirt!"

has a sort of U-shaped flat roof overlooking the wall. There was a fire escape to it up the side and a foreman we were friendly with used to let the girls in my section go up there lunch-times and sunbathe. We really got into it the summer I was there – girls brought in bikinis and towels and sun tan oil. It was a right Torremolinos up there. They were all about my age – I think the oldest girl was thirty. We'd take our trannies and get our bikini tops off and bring up some shandies from the canteen and have a great time.

'The topless bit was alright because no one could overlook us on our side. What we didn't realise at first was that the factory on the opposite side of the wall also had a strip of flat roof and some of their lads were having a right old time getting a free strip show.

'I can't remember how it got out. I think one of the girls left something behind, went back and saw all these young fellows from across the way taking a peek to see what had happened to us.

'That created a flurry! A couple of girls said they weren't going up there to be gawped at by anyone. But Mae, who was the thirtyish woman, said she wasn't going to be put off by a load of stupid wankers. What could they do from that distance anyway – apart from giving themselves sore wrists?

'So we started going back, and it became a kind of game with us. We began by being a bit more cautious – I wouldn't take my top off – but a couple

of the girls were giggling and going coo-eee! Then Mae turned up and made a big thing out of stripping her bra off. We were laughing ourselves silly. Finally she walked over to the edge of the roof and wobbled her tits towards the other side – which was quite a sight, I can tell you – she was a good forty-inch C-cup. "How about these then, darling?" she called. "Too big for your binoculars, eh?" It was cheeky, I know, but it didn't do any harm. I'm not so sure, though, about what happened afterwards.

'Admittedly we were all fairly pissed, but I think it all went a bit far. There was some kind of power cut which affected the whole factory one afternoon just after tea break. Nobody knew what the hell was going on. We were all just standing around and it was a really scalding day – the ventilation had packed up with the rest. Mae had a chat with the foreman about letting us go up on the roof till we were back to normal. We were all ready to go when this package turns up addressed to 'Dept. D7 Strippers.' We were just going to tell the foreman when someone recog-

nised the label on it – it was the factory across the wall. Inside were about two dozen cans of lager and a little note which said, "If you're not doing anything – see you on the roof for a party." It was the fellows across the way! We couldn't believe it. We didn't say a word to anyone else, just crept up the stairs. There were half a dozen of them waiting, waving beer cans. Well, we didn't do much sunbathing, and it was just as well the factory didn't start work again that afternoon, because we were all well away. We were all down to our undies too, the fellows just screaming at us to show a bit more. God knows why nobody heard the racket we were creating. Of course they all wanted to see Mae's chest again, and she didn't

need much persuading. Then it was "You show us yours and we'll show you ours!" So then one of the younger guys started mooning again – you know, showing us his bare bum. They wanted us to do the same but we didn't think that was fair because most of us had taken our bras off – even I had! So another one of them dropped his pants, and then another, then another, until all six of them were lined up in a row – I still wish I'd had a camera with me.

'So Mae said, "Well, we can't disappoint them – let's give 'em a treat." And she went up to the edge, stuck her bum in the air and jerked down her knickers. The fellows went wild! Shouting and clapping and whistling. Then two of the younger girls went and did the same. Same result. It was totally hysterical.

'I'd had three cans and I wasn't used to beer but there was no way I was going to do that. For a start I wasn't

going to show my privates off to anybody, no matter how safe we were. And for another I could see Mae was in a dangerous mood. She was a funny woman, a great laugh and full of energy, but I knew she didn't get on with her husband and it was an open secret that the foreman only let us up here because Mae was having it off with him on the sly. There were other fellows too. When she had a few drinks in her I could see anything happening. Like then.

'She didn't go to any trouble about pulling her knicks up again after she'd shown off her bum. They ended up rucked round the tops of her thighs with most of her cheeks still hanging out and a big, gingery brush of hair peeping over the front. At first I was embarrassed for her because I thought she hadn't noticed. Then I realised she just didn't care.

'The others were all shouting at the fellows to turn round for the next view. That's when Mae pulled something out of her bag. I honestly didn't know what it was when I first saw it. The girls just screamed. Mae called out, "If it doesn't

«She walked to the edge of the roof and wobbled her tits towards the other side»

measure up to this don't bother!" It was a white plastic dildo, about ten inches long. She was waving it around like a football rattle. The blokes were yelling, "Come on, baby, show us how to use it! Give us an eyeful!" The fellow making the most row was one of the young ones and his jeans were still unzipped. Two of his mates came up behind him and before he knew what was happening, jerked his pants right down. He lurched about, trying to cover himself but this big pink cock – quite impressive it was too – was swinging about in front of him, not all the way up but good and stiff.

'We were squealing – and all scrambling to have a look! Making all sorts of rude comments. In the end he gave up trying to hide himself and kicked off his jeans and stood up as straight as he could and told us to take a good look – he was drunker than any of us. His mates were having hysterics.

'And that's when Mae did her little number. There was a sort of sloping projection out of the roof near the edge – something to do with the ventilation, I think. But it was flat and you could lie on it. It was about a forty five degree angle. Mae suddenly called out, "Come on, then, lover – show me what you can do! Bet you're not as good as this!"

'She was lying on the sloping bit on her back, with her big, naked breasts lolling about on her chest, and the dildo in one hand. All of a sudden she reached down and scabbled away at her knickers and started jerking them

down. She was obviously quite drunk but that only made her more desperate. We just stared at her – and so did the fellows. She kicked away the knickers and she didn't have a stitch on by then – God knows what the asphalt was doing to her bare bum, but she didn't care. Then she took hold of the dildo in both hands, opened her legs and bent them and brought the end of the dildo down between them.

'I think it took the fellows a minute or two to twig and then they went as quiet as we did. Mae didn't bat an eyelid. She just went on massaging her fanny – from where I was I could see the tip of the thing going in and out of her. "Come on, lover!" she called, and she was slurring words by now. "Am I going to do it on my own?"

'And the young fellow, who was standing mesmerised by all this – he was a good forty, fifty feet away but he must still have got a pretty clear idea of what Mae had between her legs – started to touch himself. He began to pull his foreskin up and down. I felt my stomach go over. A girl next to me who'd just got married said, "I don't

«Then she took hold of the dildo and brought the end down between her legs»

want to watch this – it's horrible," and got up and went. I knew exactly how she felt but I still couldn't tear my eyes away. Mae was going, "That's right, darling – harder – faster! – yes! – yes! –" The fellow looked as if he was going to pull his thing right off, he was jerking it that fiercely. "Oh Christ –" he went "oh bloody hell – I want – I want – to fuck you – oh fuck – fuck –!"

'I didn't hear the rest. Mae suddenly gave this squeal and the fellow grunted and leaned back, gripping his cock and it seemed to be jumping on its own and I saw tiny flecks of liquid spurting up into the air and spattering over the edge of the roof. Then he groaned and stumbled back and slumped down. And on our side Mae was moaning and curling up on her side with her hands squeezed between her legs. We had to wake her up to get her down the stairs and she was still so pie-eyed she couldn't dress herself.

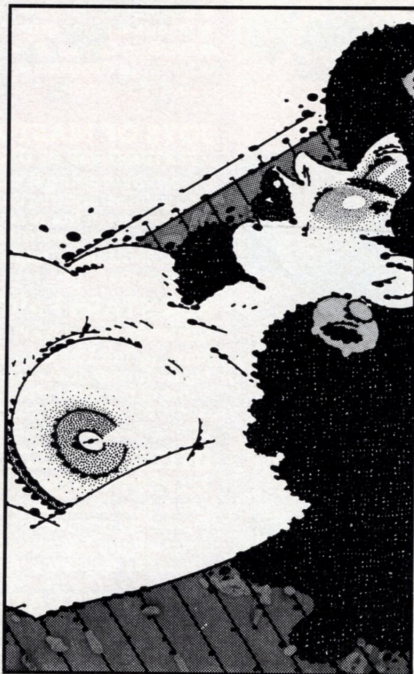

"That was the end of all our roof frolics. I don't know if word got round or the foreman got fed up with Mae. It's funny. I really was quite disgusted while it was happening but thinking about it now, even talking about it, I do find it a bit of a turn-on. I just hope I'm not turning into another Mae!"

Michael G. is a 39-year-old civil engineer whose roof top sexploits were a little more intimate.

'When I left university in 1968 I bummed around for a year because I wasn't sure what I wanted to do – there was a choice in those days! I'd

always been motorbike-mad so I worked for three or four months in the summer as a motorbike messenger. The firm was based in a poky attic office in this ancient office building but one of the perks was an office on the opposite side of a kind of inner square where about a dozen teenage girls worked. It was some kind of mail order company. In their lunchtimes they used to come and sunbathe on our roof. We both had fire escapes leading up there, so the lads and the girls would get together.

'To cut a long story short I got quite involved with a little blonde girl called Paula. She was about eighteen and gorgeous, a really sensational figure which was the main object of my interest, to be honest. As soon as it became known that Paula and I were "friends" the rest of her chums more or less adopted me. The rooftop was a kind of labyrinth – there were all sorts of secluded spots between skylights

and watertanks and peaked sections – and Paula and I used to have lunchtime trysts in a private spot while her girlfriends sunbathed a discreet distance away to keep my greaser chums from the office from bursting in. Paula and I would take up sandwiches and towels to sit on. It wasn't long before we were petting. Then we both brought up swimsuits – ostensibly to sunbathe, but in fact just to make stripping easier. Then one memorable lunchtime I got her to take her bikini bottom as well as her top off – she had an absolutely magnificent pair of tits and I'd spent long hours persuading her to let me stroke them – and I fucked her.

After that we were doing it virtually whenever the weather was right. She was a gorgeous fuck, too – very demure to start with, then after a bit of persuasion she'd go like the clappers. But all the time we had to keep the noise down in case her friends realised, or so she insisted.

"Meanwhile I thought I was keeping my fellow workers ignorant of all this. I used to go home to my parents most weekends but one Friday one of our lads got given a bottle of scotch for getting some special job delivered in time for an old client, and it was decided to buy some more booze in and invite the girls up on the roof to share it with us after five. So I decided to stay in town that evening. But I got messed about with a delivery and it was gone 7 before I got back to the office. 'When I went up on the roof there were a dozen boys and girls, obviously fairly pissed, having a great time. A couple of the girls had changed into their sunbathing bikinis – they were Paula's special chums – but when they spotted me they looked as if they'd seen a ghost. One of them said, "I thought you went home on Fridays," as if I'd committed some great blunder, which didn't make sense to me at all. I just asked if Paula was there. The girl said no, but one of my workmates said, "Oh yes, she wandered over there with Phil and Tel. She shouldn't be too long." And he started giggling.

'As far as I was concerned everyone was too pissed to make much sense. I went off over the roof. The next thing I heard was a kind of grunting sound from the direction of our private spot. Then a girl calling out something. So I did my Sir Galahad act and rushed in.

'She was on her hands and knees, kneeling on both halves of her bikini. Tel, who was a big, bearded greaser, was kneeling behind her, his leather

«One lunchtime I got her to take her bikini bottoms off as well as the top . . .»

trousers down to his knees, gripping that lovely pale pink arse and fucking her in short, sharp thrusts. Phil, who was smaller but just as greasy, was on his knees in front of her, his fly undone. Paula had her fingers round his stiff cock and was wanking it and trying to get it between her lips at the same time but she was jerking too much from Tel's humping. As I watched Tel groaned and came, splashing thick globs of spunk into Paula's face. "Oh –" she moaned, "... you didn't wait –"

'It was only then I realised I wasn't watching some violent gang bang – she actually wanted this. I slumped back out of sight and my giggling chum from the party lurched into view with a beer for me. "Don't worry," he said. "Give old Paula ten minutes – she'll look after you – very obliging girl, Paula – but of course you know that, don't you? After all – what's the point of a motorbike messenger office without an office bike –?"

'So I came down from my rooftop romp with a bump. Which is not to say, of course, it wasn't bloody good fun while it lasted!'

To whom does this
beauteous bum belong?
Our hero is moved to plumb its
mysterious depths in the cause of Escort fiction.
Story by Cara Collinson (Yes! A woman!)

without

I can't say I was surprised to see it, it had been there every morning for the past week. In fact, it had become a sort of pleasant fixture.

I was surprised at first, I must admit. As you race from your flat at 8.30 a.m., toast gripped between teeth, the last thing you expect to meet is a beautiful round bottom, framed in the open landing window. It's owner was leaning out, taking in the lovely view of the college entrance, for some reason best known to herself.

That was the reason I'd moved to this flat. It's nearness to college, that is, not the bum. The residence I'd lived in until three weeks ago was miles away. I'd been late so many times, they thought I was a part-time student. Also, I had the whole top floor to myself. Which meant, seeing as this was my final year, I would have some quiet to study by. At least, I had until Bottom, and her owner, moved into the flat opposite mine.

The following morning I met Bottom for the first time. Casually dressed in snug, stretch denim. Leaning out of the window, oblivious to my presence. It had heaved all its weight onto one long leg, and the other was bent slightly, taking a rest. It had the effect of pushing the whole tempting object into the air, at a jaunty angle. Blood racing I closed my door quietly, so as not to disturb it, then hesitated. I smiled, but it ignored me, as bottoms will, and continued leaning on the window sill. Since then it had met me every morning, in the evenings it was, sadly, absent.

Around the fifth day of silent voyeurism, I ventured a cheery, "Good morning!" And it acknowledged me. It really did! It shifted from one leg to the other, then dipped in a curtsey.

It began to affect my studies, not that it took much to do that. My subject was engineering, so I lived mainly in a men-only world. Bottom, being so entirely feminine, took over my mind. I watched the girls from the other classes, wondering at each pretty face, "Are you my beloved Bottom?"

On the ninth day a change befell my sweet bottom. It blossomed and bloomed! It had thrown off its casing of denim, and was now free and swelling in a skirt of soft cord. It was a wonderful sight, and I sighed, appreciatively, and rather loudly. Bottom swayed, I could see its thighs tremble as it moved. The skirt was hitched up on its wide cheeks and, whilst it didn't reveal everything, it revealed enough to set my innards alight.

"Lovely morning!" I croaked, and the corduroy dusted cheek nodded in agreement. I stood, mesmerized, then gathering my shattered wits, I ran down the stairs, and out into the street. However, my cock had had enough of these morning teases. This time it had risen, and refused to be cowed. I limped through the gardens, and into the college through the back entrance. My fly-zip ready to burst, I headed for the toilets, and did what I could to relieve its sufferings.

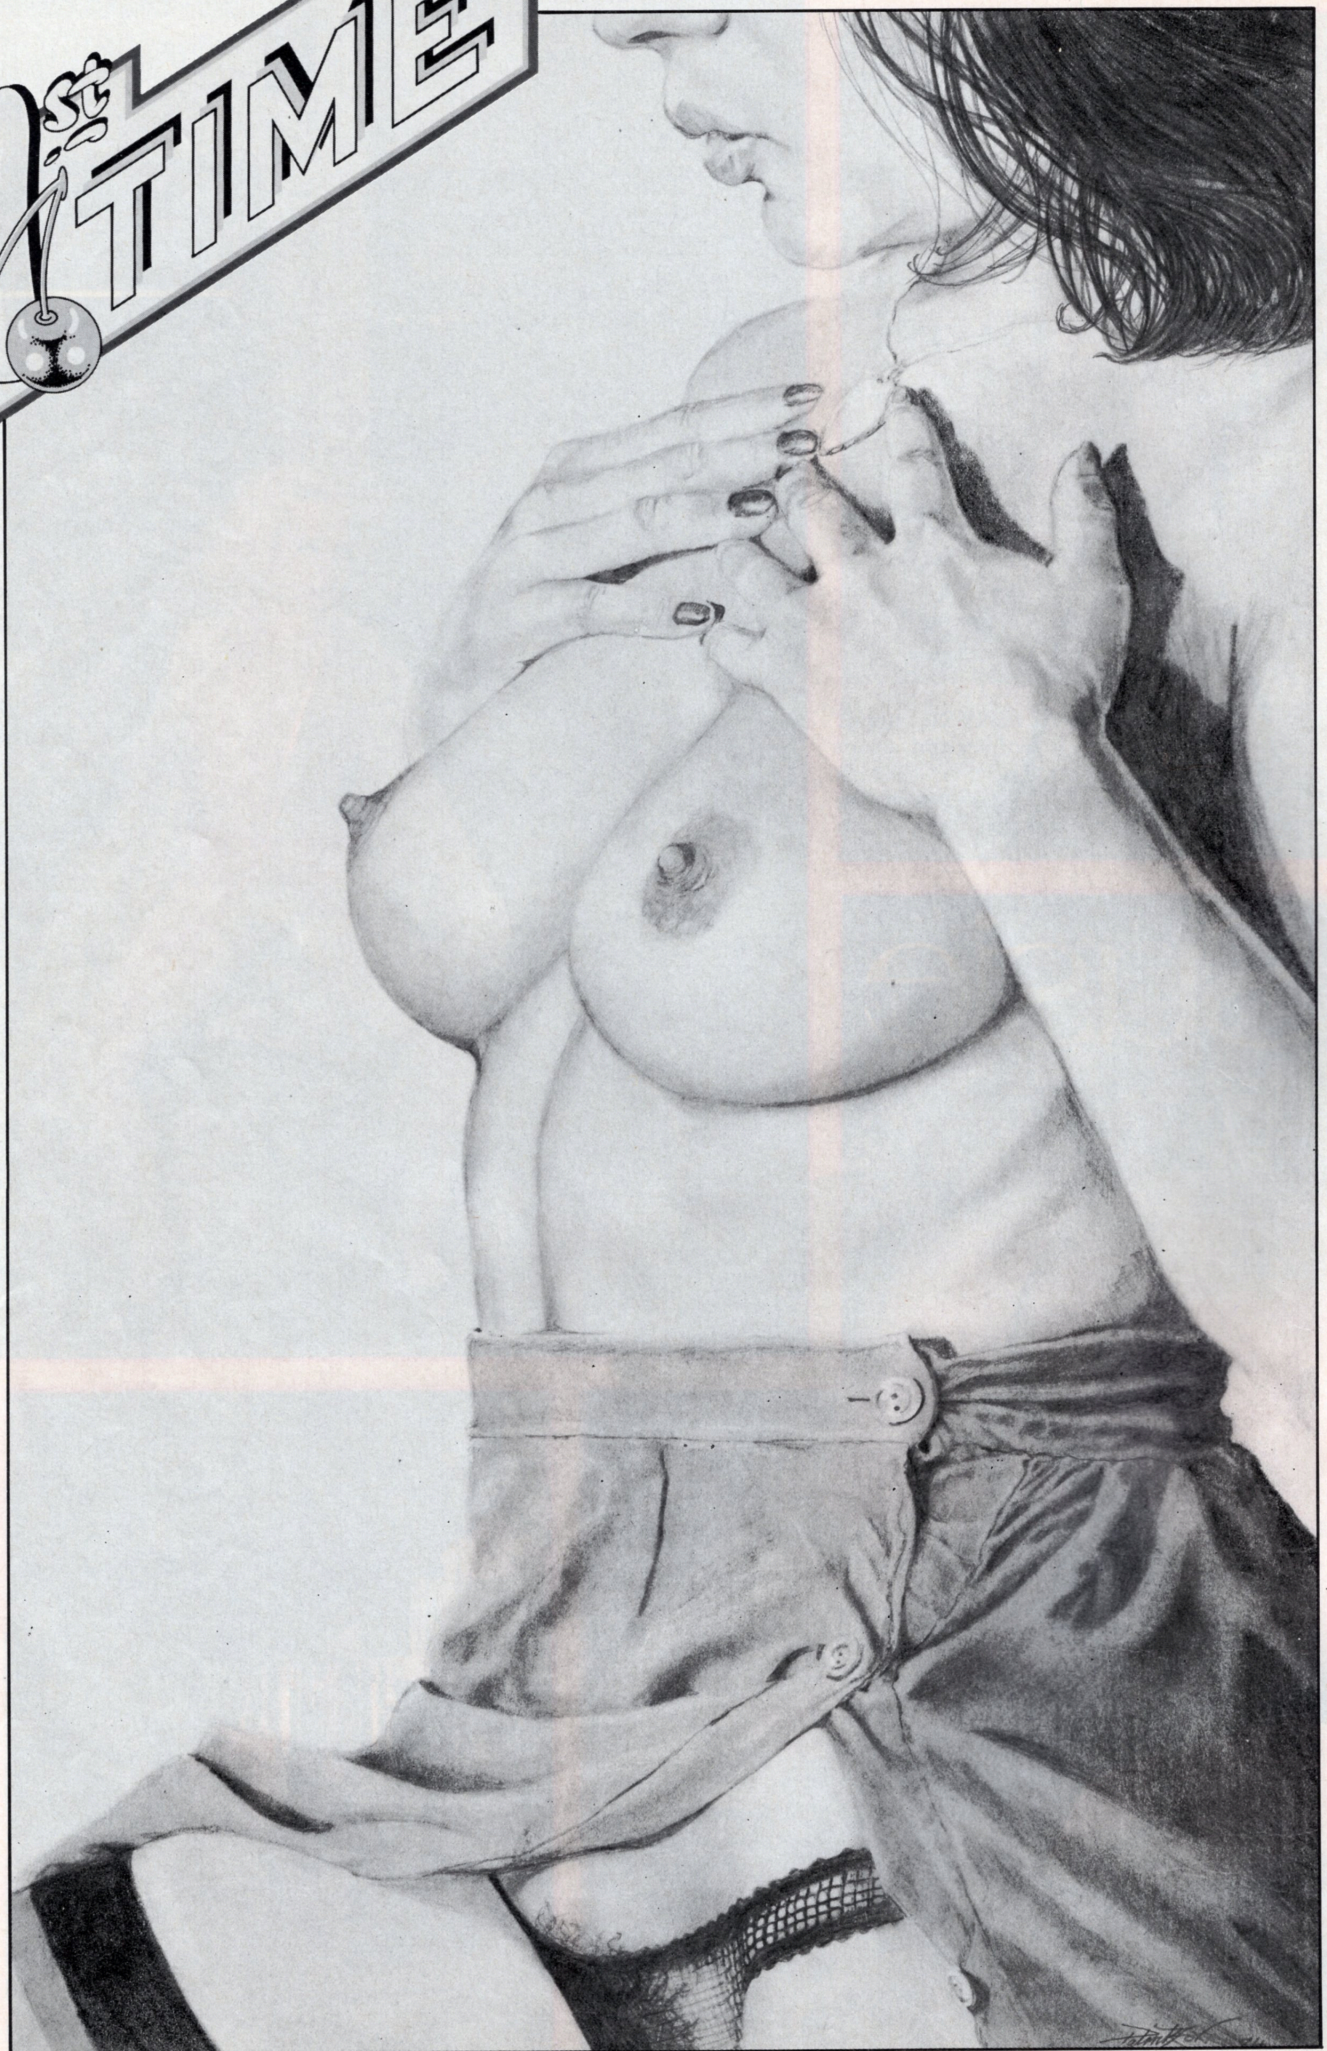

I think it hit me then. I was no longer just attracted by Bottom, I was obsessed by her. My world was revolving around our morning meetings. O well! It was half term in a couple of days, and I'd be going home for a peaceful ten days.

G Susie, 32-22-33, 18, Romford. Susie's more than willing to take her clothes off - making an exhibition of herself at Olympia wasn't enough, we had to forcibly restrain her from doing something really rude in the road . . . we enjoyed that!

THE BEST TIME

We love your magazine. My wife and I read it and it has just caused the most exciting thing that has ever happened to us. We are both 29 and Sue is an attractive, dark-haired 37-26-36 who really should have been a model or something instead of a teacher. For the last few years she has gone topless on holiday and I have found it incredibly exciting. Understand, it was only after much pleading on my part. And we had to go miles away from our hotel before she'd do it the first time. I can't describe the feeling of watching her sitting on the beach letting everyone look at her breasts - I found it more exciting than anything ever before - I don't know why.

She had gradually become bolder but the six months or so between holidays is interminable. She has come round to the idea (maybe because it gets me going too much) and also found six months a long time to wait. Reading what other people get up to in *Escort* got us discussing ideas. We've had several little adventures - tame by your standards. Sue walked topless along Bright-

«I can't describe the feeling of everyone seeing her breasts»

on's beach and we've visited a "nudie" beach. I felt a bit silly, I didn't know whether to keep my trunks on or not. Sue got quite a kick out of seeing all the different wilies.

Anyway one night, last November, I was reading out some classified ads and there was one from a guy in Manchester offering to make "personal" videos. Sue went very quiet and when I probed she admitted that she had fantasised about photographic sessions. I said that we could make that fantasy come true and eventually she agreed.

Several letters later found us both shaking like leaves waiting for some guy called Mick to arrive. I should tell you first that Sue had bathed an hour before and I had suggested she trimmed her pubes a bit so Mick could see a bit better. We were both so nervous that they

ended up all patchy and looked awful, so she shaved it all off. It was a bit sore but creaming it made it bearable.

Ten minutes later, the bell rang. I met Mick at the door, he was small and smart and a little nervous. He brought his stuff in, there seemed to be mountains of gear. We had a drink and all chatted,

«I said we could make her video fantasy come true...»

he was obviously quite used to the set-up and came across a bit clinical and business like. "One or two hours long?", "Together or just Sue on her own?", "Anything you particularly had in mind?"

An hour and several drinks later, all was set up in the lounge. Sue was getting into a dress and sexy undies. When she came down she could hardly speak with the excitement. I put some music on and Mick told her to dance about and to gradually undress. He made no attempt to film Sue, just sat and watched and occasionally said "Good, that's O.K." or "When you do that bit, smile," or "Stretch a bit to make the most of your figure".

In about five minutes she was down to her bra, pants, stockings and suspenders. I was getting very horny. I stood behind Mick where I could play with myself gently. I shot my load before she even got her bra off. When she did take it off, Mick asked her to put it on again and she practised taking it off several times. It was like a dream - I shot another load. Mick glanced round once or twice, I'm sure he realized, but he pretended not to notice. The L.P. finished and Sue just stood there until I put it back on and Mick said, "O.K, now the pants." The same as before, he got her to practise putting them on and taking them off for ages I couldn't believe my eyes, there she was, my Sue, the original shy one, being told how to take her pants off by a total stranger - and what's more, she was actually doing it!

He let her dance in high heels and suspenders for ages. Then he asked her if

she wanted to do any posing. Sue asked him what sort of posing and he said, "Anything you like - classical, or nude, it's up to you". Sue looked at me and Mick said "Look, I'll tell you what I normally suggest, start off classy and get ruder then when you watch it, later you can rub out anything that you don't like."

Sue did some posing and got quite rude, legs open etc., Mick said "Great, now play with it". Sue put her hand on her fanny but then seized up and said, "Look I can't do it like this - perhaps when you are filming, I don't know."

We had more drinks, Sue sat without getting dressed. She was perspiring more than anyone and said it was the extra lights - but it was almost as if she were on heat.

She dressed up again and then Mick set it all in motion. I just couldn't believe it was Sue. She was almost aggressive as she danced and stripped down to nothing at all. By now I was "coming dry" but still hard. I'd stopped bothering about Mick who took no notice of me anyway. Sue started posing and Mick was saying "Great, super, let go, enjoy it." And all sorts of encouragement. Sue's legs go wider and wider, you could see the inside of her fanny glistening. Several times her anus was spread wide. Mick suggested I went and sat on the settee with her. I groped about. Sue was as high as a kite. Mick left the video running and came and sat on the other side. He started stroking her breast. It was a second or two before she even realised he was there. She started struggling, saying

«I stood behind Mick where I could play with myself gently»

"No, no, no." Mick got up without a word. I put Sue's hand on her fanny and held it there. Gradually she started playing with herself getting harder and faster. Mick was saying "Go on, go on!" as if she was a horse or something. She suddenly exploded into an orgasm like I've never seen. Mick got a

vibrator out of his bag and said "Here, try this." Sue said "No way." Mick gave it to me and said, "Go on, make it a grand finale." Sue resisted for a minute or two and then lay back. All I could hear was buzzing and groaning. After a couple of minutes she took it off me and pushed it right up. I sat back to watch and for the first time was aware of Mick standing by his camera and wanking like mad. There were several orgasms quite close together, and that was it.

Mick gave me the cassette, I wound it back and set it off. The picture was very clear. He stayed for another drink. Sue, beautiful, naked and shaven, didn't bother getting dressed but just poured some drinks and made Mick a coffee. when he went she came with us to the front door and stood there and kissed him good-

«Sue was as high as a kite; Mike left the video running»

bye - still naked and with the door wide open. We said our goodbyes and Mick went.

Nearly every night we watch part of the tape, it is 53 minutes long and the best bit of all is when Mick sits on the settee and Sue is naked between two fully dressed men. We've had more sex in two months than the previous two years and it was O.K before. The reason that I have written is to share the experience - I daren't tell my friends or show it to anyone.

We've already made contact with another video man and Sue says that she will do even more next time, we'll see! *M.S. (full name and address withheld by request), Leeds.*

Not only did Mr and Mrs M.S. of Leeds have a terrific time by the sound of it, but we're going to pay them £25!

If you have a sexual first, whether erotic, exotic, clumsy, bungled, or otherwise memorable, why not tell all and get paid? Send your First to The Editor, Escort, 2 Archer Street, London W1V 7HE. (P.B.F. of Coventry who did the drawing gets £25 too!)

Meanwhile...

What About The cover Then Dept: The usual fracas over this month's cover. Quite honestly it is now so difficult for anyone to take anyone at *Escort* seriously, even the models laugh when I phone them up and accuse me of practical jokes. After three attempts this month with three models (one of them being poor frozen Patricia (page 66-67) who came all the way from Scunthorpe or somewhere just to catch pneumonia on the roof of Raymond Towers, we had to finally nail the editor's tie to the desk while he

telephoned Toni Wilson and pleaded with her to get on the train. And quite honestly it was almost impossible to get Toni to pose for the cover without falling off the roof with laughter. We had to drag her back several times. I mean, look at the state of her - she came all the way from Bristol dressed like this too, she said and when I asked her if it wasn't a bit hazardous travelling on British Rail dressed like that, she replied, "Gosh, no Julia. It's only dangerous if the train falls over and traps you in the lavatory."

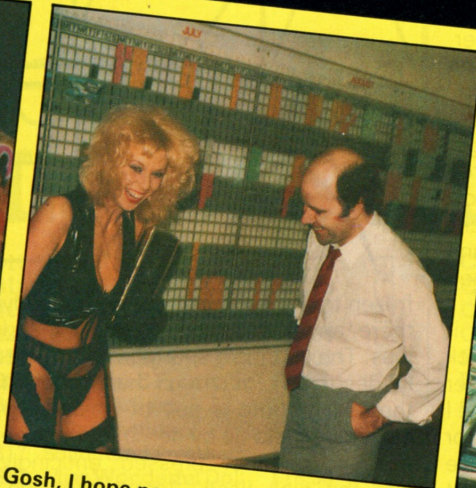

Thousand and one uses for a Mangy Old Fox Fur Dept: Well I should think you know who this is by now and if you don't Miss Lee whom I have been in contact with recently assures me she can do all sorts of things with not just fox furs including feather dusters. Gosh, she can be quite rude sometimes.

A Touch Of The Runs Dept: What a nice surprise it must be when you're panting the twelve miles to work in the latest transport strike and a young lady leaps out of the bushes and offers you some light refreshment. According to reader Melvyn M., of Winchester, he is frequently coming across this sort of thing on the outskirts of Basingstoke ends up tripping over the white line in the middle of the road... "not to mention getting hairs in your teeth all the time."

**A Continuing
Commentary on the world of Escort:**
the only magazine in Britain that spells Corset.

Gosh, I hope no one gets into trouble over this Dept: Our sister magazine *Men Only* got into quite hot water at the printers recently because they put a much too naughty picture in which had to come out at the last moment and because the printers were jolly nice about it and didn't charge them any extra money for standing round drinking cups of tea while the *Men Only* lot careered about like headless chickens, they sent Linzi down to Hunterprint at Corby to give the chaps a nice surprise naughty nude kissogram and of course Linzi tells me, they had to hide her in the lavatory and then spring her on the men on the shop floor and then everyone suddenly got jolly relaxed and here she is passing the cover proofs and being relaxed with the printeres on the floor (that's a technical term apparently because they didn't actually arm wrestle her to the floor or anything) and I thought how nice, it's the sort of thing people ought to do more often because heaven says well done men, they just complain that something is the Wrong Colour, but the printers said they didn't want their pictures going in a magazine like *Men Only*, they wanted them in *Escort* instead, so I calmed them down a bit and pinched these off the editor's desk and gosh, I hope I don't get spanked or anything.

Camb's Shaft? Eeee that's a terrible pun and we hope C.K. of that area don't heave round and clonk us one for suggesting it but the piece of paper that arrived with his piccies of Lesley didn't say anything at all about whether she's a lawnmower repairer or a petrol pumpetter or even a gorgeous pouting Starbird lovely or what. Though spies tellme a similar pic of her appeared in another publication which should remain nameless (*Fiesta*). Doesn't matter though 'cause she certainly brightens up the scenery especially shrugging off what looks suspiciously like C.K.'s overcoat.

I escaped from fetid dreams of Bottom, into thoughts of home. I enjoyed going home now and then, mum looking after me, etc. You know what I mean. I thought of Kate, my little sister. Kate, and her mate Eileen, had been training as nurses, until our local hospital cut back on staff. So now they were looking for work. It seemed strange, Kate and Eileen working. I remembered them best as girl-guides. Kate, short and podgy, Eileen, skinny, with sticky out ears. I used to call them Loral and Hardie. Kate thumped me, and Eileen cried, and sent me Valentine cards.

The following morning I realized it was time to make a move. My prick had been standing to attention ever since I woke up. At the appointed time I shot through the door, fearing, for some reason, that Bottom might have tired of me and disappeared. I needn't have worried, the window-sill was still occupied by its beautiful visitor. The legs were relaxed, hips leaning against the wooden frame. The soft skirt still obscuring the most interesting features.

I walked across, and leaned over the rigid flesh, attempting to peep through the curtains. I could just about see shoulders, and a hint of dark hair. She wasn't the blonde she tended to be in my dreams, but at least I knew she had some kind of top.

"Is it raining?" I asked, at a loss. Trying to make conversation with a shy rear-end.

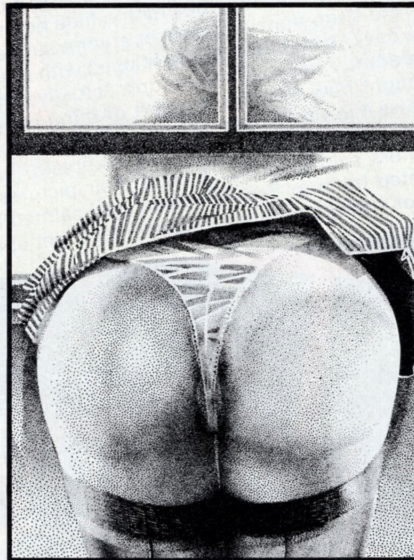

I could feel the warm pressure of its buttocks as I leant over it. What's this? It was rubbing itself, gently, against me. Fool that I was, a bum doesn't need chatting up, my cock had a better idea than I did of the sort of treatment a lonely bum needed. It was pushing itself wantonly against the soft rump. Bottom responded by massaging my hard mound between its cheeks. After the initial shock, my head caught up with my forward prick, and I was swept along by the waves of warm friction set up by Bottom's insistant rolling in my groin. It was obvious the rest of her wasn't going to respond to my charms; so I would have to make do with what I had. I ran my fingers over the round hips, and Bottom fawned against me, like a cat after milk. My stomach flipped, my knees turned to water, and — curse it — my fallible cock was beginning to wilt. It had been known to do that, at times of great stress. Stroking the thigh that was just starting to relax, I decided to cut my losses with a strategic withdrawal. I pushed away from her, and ran away. In the safety of the college I spent the day reviewing the delicate situation that had arisen. And, that night, in the safety of my flat, I spent the night packing for home, the following day.

I awoke earlier than usual. This was my last chance, and I was prepared. Me, and my cock, were ready for anything! Before I dressed I stole a quick glance onto the landing. I was

ARSE FACE

without

frozen to the spot. Bottom was already there, and it was more prepared than I was. The clothes it sported were merely decoration. It's legs had dropped themselves into a pair of pearly-grey stockings, held up by delicate grey lace suspenders, that pressed enticingly into the pink flesh. Across the two, flawless, mounds, were stretched a pair of sheer panties, through which the shadow of its cleft could be, clearly, seen. The sound of my sharp intake of

«I kneaded the silky cheeks and Bottom pushed into my palms, begging for more»

breath travelled as far as the window, because Bottom wiggled invitingly. I inched my way over to the window, every bone stiffened with lust. I reached out a trembling finger, and traced a line just above the pointless panties. Bottom shivered as our skin met. God! My cock was champing at the bit, it wanted to bury itself, right there and then, in all that lovely flesh. But I intended more finesse, and held it back, taking up where I had left off the previous morning. I kneaded the silky cheeks in both hands. Bottom pushed itself into my palms, begging for more. I hooked my fingers into the elastic of the pants, and pulled them down between the soft thighs, taking time to let her know just what I was up to behind her back. I kissed the naked flesh they had enclosed, all the way down.

I heard her gasp, but she didn't pull away. In fact she did the opposite, pressing back against me, trapping my cock in the deep, warm cleft. It moved, of its own accord, between her thighs and towards its goal. I felt her wet, swollen labia caress me. I made a couple of short, experimental thrusts, and then slipped, joyfully, on my way. Bottom swayed and undulated in my grasp.

Excitement began to take me, manfully I fought it off, winding my arms around her hips. Bottom was tense with delight, every now and then a shudder ran through her. My fingers nudged her sensitive clit with a steady rolling motion. She wriggled with glee, and I fair sizzled as I felt her hidden parts swell and grow wetter under my hands.

In orgasm she thrashed round my prick like a storm. I had to almost hold her down, so as not to be thrown off my beautiful mount. As she quietened I made my strokes slow, long and hard. Bottom melted in the attack, she bounced back and forth along my glowing cock. I lost my rhythm, I lost all control in her liquidness.

Screaming "Oh my god!" or words to that effect, I gave her my whole, a build up of two weeks lust and longing.

I slid to the ground, Bottom slumped, satiated and soaking, across the sill. I patted her shaking calf, which was as high as I could reach, and crawled back to my flat. When I had recovered enough to wash and dress, I glanced out the door. Bottom had gone, there was no message, except for a trickle of sexual excess that marked the lino.

I arrived home that evening, Kate was as pretty as ever, and twinkling with excitement.

"I've got a job!" She informed me over the tea table. Mum beamed with pride.

"Great! Where is it?" I asked.

"At the General Hospital in the city. I start on Monday!"

"Smashing. I'll be able to visit you . . . What about Eileen?" I enquired.

"She's already there, she's found us a flat. In fact, she's coming home tonight to help me pack."

I smiled, turning my attention back to my egg and chips. A little crow of doubt fluttered through my mind. Eileen? No, not skinny Eileen. It was absurd.

Eileen arrived at 9.30, her sticky out ears hidden in a cloud of dark shiny curls. Her curvacious hips swinging in tight stretch jeans. Her twinkling brown eyes laughing at me.

"Where were you, lan?" she smiled sweetly, "We've got a flat right next to your college. I kept a look out for you every morning, but you never came, did you?"

"Only once!" I croaked.

She giggled happily, treating me to a warm, if somewhat triumphantly cheeky wink. ●

The Girls of Leeds

Linda

This one (she's Linda) plays not a bad game of football - something to do with having four brothers. This is her in one of the younger brothers' bedrooms (he was out). She's 17, about five foot three, and something like 33-22-34 though we couldn't find a tape measure. Likes disco dancing, and is a lovely little mover, but otherwise is not interested in girl-type things (like frinstance men) yet.

She's got fine shapely thrusting buttocks hasn't she? Seems almost a shame to just sit on them most of the time, but since she's a telephonist, that's what happens. Diana weighs 36-23-37, stands up at about five foot seven, and lying down, she covered most of the hearthrug from the fender to the armchair. She quite enjoys having sex on the stairs, she says, but if there aren't any stairs, she's happy to do it leaning against the back of a sofa.

Shelly

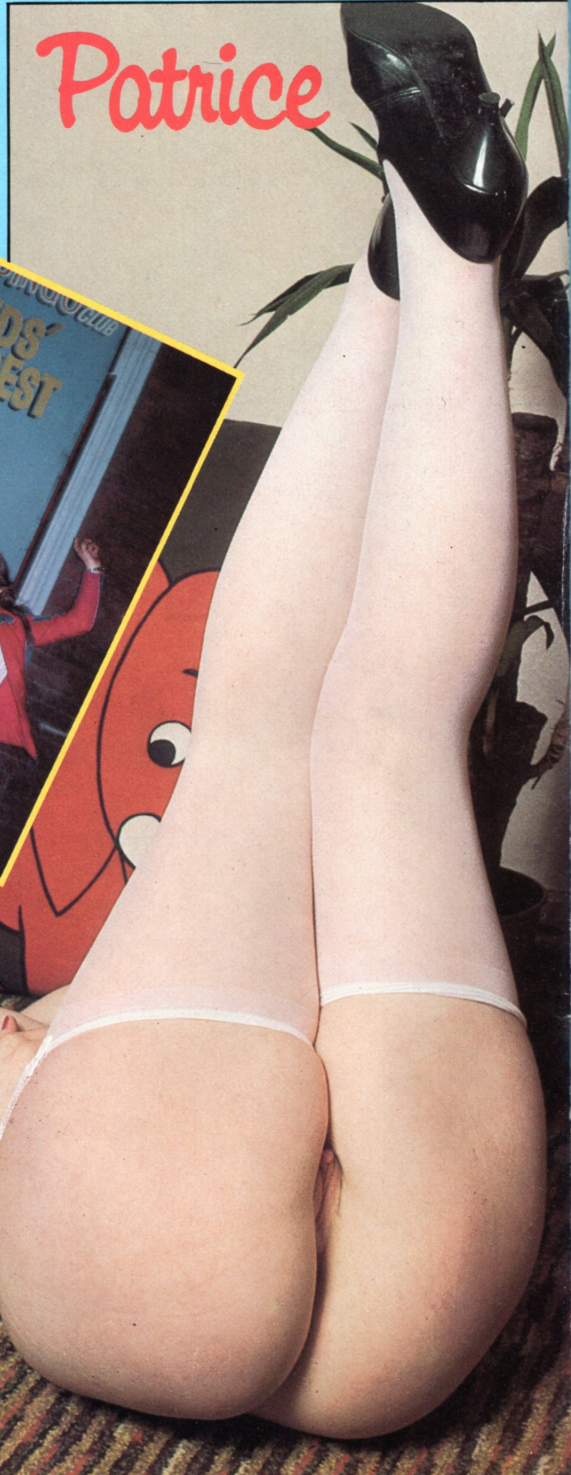

20-year-old 33-22-34 Shelly is one of Leeds' job hunters, and it was while she was doing the rounds of the town that she ran into Photographer Wilson who gave her one (a job, that is).

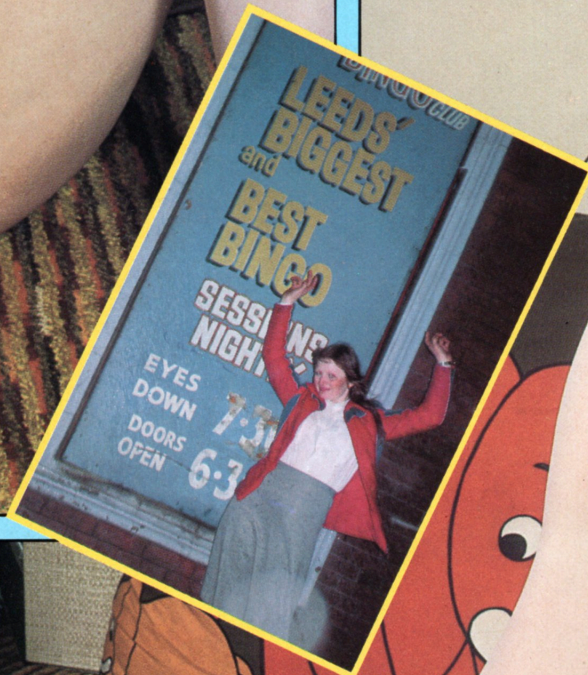

Patrice is 24, was born in Ireland, and says she's probably about 36-26-38, and five foot six. She works as a housewife, and she and her man enjoy a lot of oral misbehaviour.

38-25-36 is the shape of Susan, 34-year-old wife of K.H. of Lancashire, who, while sunbathing nude among sand dunes last summer, suddenly realised she was being watched by four men: "So she made their day by playing with herself." Didn't they want to join in?

TWO UP

Sharon is described as S.H.Y. of Humberside, 38-25-37, and 20 years old. She dreams of having sex with two men at once, "one from behind, while the other bloke has his thick cock in Sharon's mouth. This may never happen due to Sharon being shy, but if she sees her photo in *Escort*, who knows?"

*A Tenner

L.A. from Leicester has provided us with these snaps of his wife and favourite person 38-28-40 Tracy.
In the little coupon, where it says, 'Most exciting sexual experiences . . .' A.L. has written: "After the photo session." And we know exactly what he means. . .

*BLIND
MAN'S BUFF*

S.V. of Durham supplied these pics of his 19-year-old girlfriend Pam (38-22-36), and describes one of their favourite pastimes. "She dresses up in schoolwear or a maid's uniform, then I chase her and then fuck her on the kitchen table." By the way, S.V., either Pam is S.H.Y. too or you're a rotten photographer.

"Carol is 25 and 35-23-36," according to boyfriend Paul of Staffs, "and we have a fantasy which involves my best friend taking my place while Carol and me are shagging doggy style. Carol will know nothing about it until she feels another prick sliding up inside her. My friend has already agreed to take part . . ." Damn nice of him!

KENT
TEASER

Wendy is 18, and 34-24-34, and she and boyfriend J.P. of Kent go on the occasional pantie-flashing pub-crawl. "We go to pubs and discos in our town with Wendy minus her knickers, and in a mini-skirt so she can flash to all who care to look (and there are plenty). We'd love to meet other couples to do the same." And there's nothing like a mutual flashing session, readers.

"Last summer, my boyfriend introduced me to your magazine with the enclosed results," writes Leigh from Peterborough. "We are now regular readers, so keep up the good work. I am expecting my first baby, so these are to remind my boyfriend what I look like without a 42" waist." 'Spect your waist looks wonderful, Leigh - glad to hear *Escort* is so effective. Keep up the good work yourselves!

THE TRUTH ABOUT LIES

Kris from Belgium sent a fair assortment of piccies of his wife Lies (36-27-38), and a long and friendly letter about what she gets up (and down) to, which is just about everything, especially if people are watching. Lies is looking forward to, "Being desired by your bum-loving readers, having their hot attention, knowing they are jerking off - we are prepared to fulfil all voyeurs' desires."

The man sprawled on the thickly padded couch is in his early fifties, short and full-bellied with a mat of black hair on his barrel-like chest and stubby forearms. He is also completely naked, a thick, blue-veined erection rising from the dark nest of his loins.

As he breathes slowly and deeply, his eyes half closed, a slim, strawberry blonde, topless in tight white silk pants, curls next to his lap, her red-nailed fingers gently stroking his foreskin. A redhead kneels on the couch beside him. She is kissing the hair on his chest, her only garment a flimsy see-through nightie which ends at her waist.

The door opens and a third woman enters. She is a brunette in her early twenties, clad in high heels, dark stockings and a black suspender belt. Her figure is lush, her breasts unusually large and round, but firm, wobbling gently at each hip-swaying movement.

With a faint, tired smile at the threesome on the couch, she moves to a drinks table in a far corner and begins to pour herself a gin. The man watches, entranced by the roundness and fullness of her departing rear, the wisp of

Then with a gasp from both, he finds her and sinks himself hilt-deep. He starts to hump with sharp, energetic, stabbing strokes . . .

'Being just *taken* where I stand' is a favourite fantasy of 24-year-old Roberta M., who comes from the Bristol area.

'It would have to be in a suitable situation, like a high class brothel or some kind of wild orgy, but it would happen instantly – we wouldn't even say hello – sometimes I wouldn't see the man either. I think it's the idea of putting yourself on offer like that. The sort of rabid, uncomplicated, gorgeous sex you hardly ever get in real life. Or I don't!'

W.S. from Hornsey is a man who knows the effect that fantasy can have.

'I was on my way to pay a visit to my girlfriend who lives in a three storey block of flats, and I met a rather distressed young lady on the first floor landing. She explained she'd only recently moved into her flat there, and had just managed to lock herself out. Trying not

her lovely bum encased in a brief pair of black panties, *and* stockings and suspenders.

'I paused to fondle the naked tops of her thighs, my hands moving upwards to caress her buttocks. She squirmed around to face me, and my hand slipped in between her legs and she moaned and shivered, I leaned over to kiss her, and she began to rub herself against my thigh, increasing the pressure as my hands reached inside her blouse, raising her bra and pawing at her hard little tits.

'She deftly freed my cock from my trousers which I was grateful for as they'd got uncomfortably tight. Her breathing got more and more ragged as I bent to remove her very damp panties, and she whimpered, "Oh, yes!" when her glistening cunt-hair proved too much of a temptation and I bobbed down and licked her swelling lips. I had to grab her under the bum to hold her as she writhed and

My Sexual Fantasy

flashes dark hair that in and out of sight between her jostling cheeks.

Abruptly he sits up, causing the blonde and the redhead to move back. 'What it it, Harry?' the blonde asks. Ignoring her, the man struggles to his feet and pads across the carpet toward the brunette, his erection bouncing in front of him. The brunette jumps in surprise as its rigid length thwacks against the warm crevice of her arse. Instantly the man's hands circle her waist, clasp the fleshy weight of her breasts in each palm.

'Hey – ' she says, setting down her glass. 'Now I thought you were busy!' 'Not for you,' he breathes. His hand slides down her body, sifting the bushy thickness of her pubic hair. 'I haven't seen you before, have I? What do they call you?'

She shudders as his fingers caress her vaginal crack, finding it moist and loose and puffy-fleshed. 'Now why,' she asks, arching her back and sucking in breath, 'would you want to know that?'

He reaches down for his cock, pushing it forward beneath her crotch and urging her to bend forward as he searches for her vaginal opening. 'Well, love,' he murmurs, 'I don't think it's polite to fuck a complete stranger, especially from behind, do you?'

to eye up the lovely looking figure that was showing under her fur coat, I very gallantly offered to shin up a drainpipe and get through her open window.

'I managed it without breaking anything, and climbed into a flat that was similar to my girlfriend's in layout. Once I'd let the young lady in, she insisted I stay for a drink to reward me, and I admit I needed it, as well as hoping for another kind of reward.

'We sat and chatted on the sofa, laughing at what might have happened

«If I'm really worked up, I rub myself with the handle of an old plastic hairbrush»

if someone had thought I was a burglar. I made some remark about taking her hostage, and she replied that was a bit of a fantasy of hers.

'I took the hint and threw caution to the winds. I grabbed her and hustled her into the bedroom, locking the front door on my way past. At first she seemed a bit startled, but then sussed the situation. 'Bloody cops!' I hissed, thrusting her face down upon the bed. 'Just lie still and you'll be alright.'

'She managed a small whimper as I pushed her onto the bed, and her skirt rode all the way up her thighs, exposing

wriggled against my face.

'I rose from her, tasting her on my lips as she guided me into her hot cunt, rising to meet my strokes, delirious with lust, as we hammered harder at each other until she called out in ecstasy and I shot my seed deep into her.

'There was no way I could visit my girlfriend flushed and rumped as I was so I sneaked home, smiling all the way, and making a note to pay more attention to fantasies in future!'

A chance encounter with a house guest sparked a fantasy for Winifred, who is married and lives in the Sutton Coldfield area.

I don't remember having any fantasies before I was about thirty, but now my husband is travelling on business quite a bit I never seem to stop! I have my worst – or best – ones in bed, usually late at night after a hot bath when I'm relaxed. Most of the time I end up with a pillow between my legs, though if I'm really worked up I rub myself with the handle of an old plastic hair brush which is just the right shape. I nearly died once when my husband asked me why I kept such a tatty old thing around the bedroom! I'm always surprised by the number of ads I see for penis-shaped dildoes – the thought of putting something up that wasn't real makes me feel queasy.

'Most of my fantasies are based on things that happen to me – things that may not seem at all erotic at the time.

LESLEY

Lesley, 24, 34-22-34, Lichfield. Lesley delights in posing, especially for the horny amateur: "A tease - that's me!"

My Sexual Fantasy

One of these incidents was when a young colleague of my husband's and his wife were staying with us. They'd had problems over duties when they moved so we offered to put them up for a couple of weeks. They were a lovely couple. He was about twenty five, dark, very good looking. She was twenty two, a pretty little blonde girl.

All that happened was that he forgot to close the bolt on the bathroom one morning. I walked in and found him standing over the sink having an all-over wash. He didn't have a stitch on and he twisted round in surprise and I apologised and shot out. I don't think I even saw anything I shouldn't - perhaps just the tip of it! But he had a lovely body, very firm and tightly muscled without being obvious. I remember feeling a distinct flush of envy for his wife.

In my fantasy, course, a lot more happens. I'm having a long, lazy soak in the bath one morning - so long everyone's forgotten I'm there - and the bathroom is full of steam. I can hardly see the end of the bath. And I've forgotten to pull the bolt all the way across.

All of a sudden the door jerks open and my lodger comes in in his dressing gown. Sometimes it really is my husband's colleague - usually, though, it's any gorgeous young man, but the situation is still the same: Naturally he doesn't see me in the steam, and simply bolts the door and throws his dressing gown onto the hook. He's completely naked underneath and from what I can see, a beautiful shape. He grunts a bit at all the mist and fumbles his way over to the basin which is on the same wall as the top of the bath. He turns on the taps and starts to wash.

Meanwhile I'm lying still with only my head out the water, absolutely entranced. I know I should have spoken but it's been years since I've seen any man other than my husband this intimately especially such a handsome one. He hums to himself as he finishes his top half, then he half turns toward me and starts to soap his privates. I'm

astonished at the size of his cock. He rubs it between his hands like a limp pink sausage but it seems as long and thick as my husband's when his is stiff. He's very hairy too and the soap works up a thick froth around his balls. And that's when he looks up and catches sight of me.

For a second he looks pole-axed,

we're both married people. Neither of us are going to go berserk at the sight of a bare bum."

He quiets down a bit at that but I can see he's not happy, so I give him a big smile. "Put away that towel and finish. I'm going to be soaking here for hours yet." He nods and puts the towel back, though he's still pink. "I'll be two minutes, Mrs Smith," he says. "You'll take as long as you need," I say. "And I think you can call me Win by now." He grins at that, picks up the flannel and starts to soap his legs, half turning away from me.

"Oh no," I say. He looks up in surprise. "How long have you been married?" I ask. Puzzled, he tells me three years. "You're just like my husband used to be - you never wash under your foreskin. You should always do that." For a minute I think he'll be outraged, but then he relaxes and soaps his cock again. He's still half turned away but I see as he smooths back the foreskin and rubs around the helmet. Even unexcited it looks a huge thing, wider than his shaft and I swallow, feeling a tingle in my nipples, knowing how naughty I'm being.

He rinses himself and reaches for his razor when I snap, "Well, show me then." He stares at me and laughs. "What?" But I won't let him think I'm not doing anything I find quite normal. "I always check my husband's every morning. You can't see it all from where you are. Come on - I'm not going to grope you." With a disbelieving grin he shuffles over. "Well, lift it

then he jumps back, snatching up a towel and apologising madly. "Don't be silly, John," I tell him. "It's me who should be apologising. I was miles away." The poor man is pink all over.

«Her skirt rode all the way up her thighs, exposing her lovely bum in black panties»

He insists that he'll come back as soon I've finished. "John," I say briskly. "if I was outraged I'd be screaming the place down. Now don't let's act like fourteen-year-olds. I'm not upset. I'm not embarrassed. Heaven's sake -

up, fold back the foreskin," I say. Shaking his head, he picks up his cock and uncovers the helmet. He's standing right next to the bath, his strong, hairy thighs only a couple of feet from me. Then I rise up out of the water into a sitting position, exposing my breasts. I glimpse his eyes dropping to them instantly but I keep all my attention on his round, clean helmet.

For the first time I see it stir in his hands, a little blue vein throbs in the side. He sighs. "Fine," I say. He lets it down, his face more serious and moves back to the sink but I notice it doesn't hang limply now, it's curving away slightly from his balls. "It's a matter of simple hygiene, John," I tell him. "And I don't think your Jenny

would find it very nice if she had to put a dirty one into her mouth." His shaft twitches again as I say that and it stretches. It obviously grows even bigger when it's stiff! But he simply starts to shave. "Jenny's not too keen on that," he says at last. "Really?" I say. "I thought young people were all liberated these days. It's one of Harry's and I's favourite things. I love doing it for him."

"That does have an effect! his cock is sticking straight out in front of him now. The helmet is squeezing out of his foreskin and I can see thick blue veins in his shaft. He's enormous, He coughs, obviously aware of what's happening, and shuffles round, trying to hide himself as he concentrates on his shaving. But he's much too big. It bobs up and down, solid and purple and brutal-looking. I've never seen anything so monstously, so obscenely phallic. The sudden thought of it pushing into me sets my heart thudding. I can't believe I'm being so open, so daring, so utterly wicked. But I know I won't stop until he forces me to.

"I say, "You don't have any problem, do you? He frowns at that, asks what I mean. "You know," I go on, "in bed. Jenny's only a small girl, isn't she? I just wondered. You must be very large for her." He turns and looks at me then, and glances down at his cock. I stifle a gasp. It's almost fully erect now and it must be as long as my forearm. There's an odd, half-amused look on his face. He's not trying to hide himself at all anymore. It's as if he's figured out the teasing game I'm playing and he's going to show he can be just as daring and outrageous as I can be. But I'm not going to let him get away with that, so I keep my face absolutely straight, as if nothing's out of the ordinary. "I don't have any complaints," he tells me. "Jenny's always said she prefers a tight fit." He's trying to shock me but I simply nod. Then he says. "What do you want, Mrs Smith?"

"I think for for a second then I say, "Since you're here, you might like to do my back for me." Before he can reply I turn over in the bath, supporting myself on my elbows so my breasts are just clear of the water and my bum is just under. My lodger bends over me with the soap. His cock is as stiff as before, wavering only a few inches from my face. But I ignore it. I can feel the tension between us, his gaze on my naked body.

"He soaps me in silence, strong, hard hands smoothing up and down my

back. It's like being caressed, a gorgeous feeling. He's pleased when I tell him. Then he says, "I can't manage your bottom in that position." "Oh," I say, and go on down on all fours, arching my back and lifting my bum

«I had to grab her under the bum to hold her as she writhed against my face»

cheeks high up out of the water. His hands move further down my back and I know he can see my cunt because I'm so hairy down there. I even hear his breath catch. He's soaping in long, lazy

strokes from my neck to the tops of my thighs now. It feels incredible. "John," I say, "that must be very awkward from where you are. Why don't you get in the water behind me? There's plenty

«He leans forward and it springs up solid and burning against my swollen clit»

room." He doesn't answer for a minute but he stops stroking. "You know Jenny and Harry are downstairs," he says at last. I twist round my head and frown. "What's the matter? I'm only asking you to massage my back,

John." He stares at me, obviously unsure what I'm up to, and I don't give him a clue. "Well," he says awkwardly, "I suppose it's alright." And he climbs in behind me.

"Naturally the bath is too tiny! If I'm on all fours he can only fit in by kneeling directly behind me. The water swirls around us and his legs are jammed beside mine, but I can sense that he's trying desperately not to prod me with the massive thing still sticking in front of him. I've relaxed a bit and I arch my back again, pushing my cunt right up towards him. I grin as I feel him shudder. Then he leans forward to soap me, and I almost scream out. The full length of his shaft nudges up against my pussy crack. "Oh, I'm sorry, Mrs. Smith," he gasps. "Don't be silly, John. You can't help that. Just ignore it." And he does it again, bumping that hot, throbbing truncheon first against one cheek, then another, then – agonisingly – right up against my exposed lips. I can hardly breathe, waiting for the next shock, then feeling it surge through my body. "Alright?" he asks, still stroking. "Yes," I murmur, "though perhaps it might be easier if you brought that big thing of yours a bit further down out of the way."

"I feel him reach down behind me and pull it down, its thick helmet brushing my inner thigh. Then he leans forward suddenly and it springs up, solid and burning against my swollen clit. I open my mouth in a silent gasp. "Like that?" he murmurs, moving his hands down my back. His whole body is trembling. As he leans back, his helmet slides down through my pussy hair, sinking deeper and deeper into my tenderest flesh. My body is rigid with tension. I know where is cock is going. I know it will find me.

And then it does, plopping between my lips with a soft, liquid sound and he is in me.

"It's alright, John," I say. "I don't mind – you can fuck me if you like – fuck me as hard as you like."

"Then I do cry out as he does, pushing his thick length deep into me, clutching at my breasts, humping and thrusting with such fierce energy I'm sure the whole house can hear the grunting and the splashing and my long moan as I have my climax and sink down into the water, feeling his great cock pump its lovely spunk deep into my pussy. . . . Now that's what I call a hot bath!"

suspenders. "Get up and help me fold back your bed and put the sheets away," she ordered. I knew that my hard-on would become visible as I stood up but I couldn't very well disobey. "Oh!" she gasped with what I now know to be fake surprise, "You really meant it when you complimented my legs." Taking the initiative, she took me in her arms, shoved her hot probing tongue into my mouth, while her hands extracted my cock from my pyjamas and proceeded to wank me. Kath asked if I was a virgin and when I told her I wasn't, she then asked if I'd ever had my cock sucked. "No," I gulped. Getting down on her knees she took my cock and buried it in her mouth. Within seconds of such exquisite fellatio, the inevitable happened. Instinctively I tried to draw away but grabbing my bum, she kept my spurting cock in her mouth and swallowed every drop of spunk.

From that morning on she embarked on a programme of initiation, teaching me how to titillate her clitoris, how to delay ejaculation, how to FUCK. She told me that women love to have obscenities screamed at them while fucking (although I know now that unfortunately not all women like it!). Dear Kath even taught me how to pleasure her in way I'm sure that you are not allowed to mention.

Thanks to her, at a very young age, I learnt that women demand satisfaction and that a man can only derive complete satisfaction from fucking when he has learnt how to satisfy a woman. I have no desire to rape any woman or to force any woman to have sex with me. Fucking is fun only when both parties really enjoy what is happening. Kath taught me everything I know and that is why I can say quite truthfully that most times, (certainly not always - I'm no superstud) I can give women a lot of fucking satisfaction.

I now have a very varied and regular sex life. I fuck and enjoy fucking young girls. But hand on heart, I say that the best fucking I get almost invariably is with women of 40 plus. Girls like Kath and Ms P.S. of Somerset whose letter and pictures prompted this letter and these reminiscences, are undoubtedly the very best. Not only are they best (and most demanding) fucks but they are invariably the best company over a meal and a drink. They are more complete as human beings.

Kath and I haven't seen each other, sadly, for five

her pictures, from her very pretty sensuous face to her beautiful tits and legs testify to her sweet sensual and very real femininity. There is nothing I'd like more than to meet her. *W.T. (full name and address withheld by request), Cardiff.*

Who knows what may come of your letter, W.T., I mean it could be you. And as for those things you presume we're not allowed to mention, I know exactly what you mean having worked here as long as I have, and most people usually go into involved

Mrs P.S.: 'She is the epitome of a real woman'

years since she emigrated to Canada with Ken. Ms P.S. of Somerset is a person in her own right and I am not comparing her with Kath but they are definitely kindred spirits. I would be delighted if you forwarded this letter to her. She is the very epitome of a real woman. An erotic woman. The best kind of woman. Good women who are proud of their femininity and who openly acknowledge their own sexuality and sensuality are the real liberators. Men and women are equal, but we are not the same. Cocks need cunts. Her words and

detail when they write in and I have to cut those bits out before we publish them so thanks for doing it for me because sometimes it can get a bit much, especially on an empty stomach. Love, Julia.

Damsel in distress

You have the most fantastic mag there is. Plenty of girls with itty-bitsy bits of cloth on. Just the way I like them. Anyway, down to the story that I've written to tell.

The wife and I had gone for a quiet drink in a country pub. This night turned into one we would not quickly

forget. We came across a young girl who was very upset, she told us she and her boyfriend had been rowing and he had left her there. My wife asked her if she wanted a lift home, to which she eagerly replied "Yes, please."

We got back to the car, and I started to drive us home. Then all of a sudden, she started to cry, my wife asked me to pull up so as she could get in the back to comfort her. About 2 miles along, I looked up at the mirror and saw that my wife had her arm around the girl and the girl's head was resting on my wife's tits. Then out of the blue she lifted her head and kissed my wife full on the lips. My wife asked her not to but it became apparent that the girl was in a very sexy mood and encouraged my wife to go along with it.

The next thing I saw had my cock up in no time. My wife was pulling the girl's blouse off and putting her hand into her bra. I suggested that the girl came back to our place and the girl agreed. Meanwhile, all the way back I could hear them writhing about on the leatherette. Every now and then I caught a glimpse in the mirror of what they were up to, but for the most part, I didn't dare look in case I crashed the car.

When we stopped outside the house, they both ran out of the car trying to get in behind closed doors as quickly as possible. I parked the car. When I got into the house, I couldn't believe what I saw. My wife was standing with the girl's head disappearing under her skirt. She had my wife's knickers in her hand and was sucking like mad at my wife's cunt. Anyway, I wasn't about to be left in the cold. I stripped off and my prick jumped out of its confines and stood out before me as I approached the women. My wife's eyes were closed, her hands fondling her own breasts which hung over her bra that hadn't been removed properly. What a sight. I took my prick into my hand and pulled at it and rubbed it then bending down behind the girl, I lifted her skirt and reached into her panties which were tucked into her little wet crack. I started to

rub her and she took her head away from my wife who suddenly joined us on the floor. She took my cock and played with it while kissing the girl. I wanted to thrust it into them both but as my wife didn't have any knickers on, she was first in line for a really randy romp. While I was on top of my wife, the young girl dangled her tits in my wife's face and my wife eagerly sucked on them. I shot into my wife soon, the sight of these women wet and wild with lust was too much. After a few minutes rest, the girl started on me. First she whispered into my ear, then she began to nibble it, working down my body she kissed and bit tenderly until she reached my cock. She teased it back to life. My wife had begun to play with herself moaning as she came for the second time. The girl asked me to let her ride me, to which I eagerly consented. She was pretty tasty looking. I lay beneath her, watching her young flesh bounce about until we both shuddered together and screamed out in orgasm.

What a night, we ended up rather pissed and the girl spent the rest of the night at our place. She became a regular visitor until she decided to get married with some "super" bloke she met. I wish her luck, but if she's ever in need of a fuck! *Albert (full name and address withheld by request), Yorkshire.*

Confessions of a window seller

This is true and nothing had ever happened to me like this before. I cannot give my address as I am an Area Manager for a National Company selling Aluminium doors and windows. I am 43 years old, 6' tall and dark. Rather average.

Two years ago in the early part of the summer it was the second or third hot day after a rather cool period, I realised that I would be passing a road where I had an appointment the following day, so on the spur

of the moment, I decided to call. I knocked on the door and woman answered the knock. She was about 36 years old with red hair, about 5'2" tall and very ordinary in appearance wearing what appeared to be a short loose beach dress.

I explained who I was and that I was a day early and asked if it was convenient today. She asked me in and explained that she wanted the same as a house that backed onto hers, but two doors along and said that I would be able to see from a window in the back bedroom. So, I followed her up the stairs and realised that she had no pants on under the dress as I could see a lovely sun-tanned

had not put on pants. As we had been standing opposite sides of a small bar, I had great difficulty keeping my eyes off Jean's nipples which were standing out and clearly showing through the dress. Jean refilled the glasses and we moved to the easy chairs, she sat opposite me. I had forgotten how much a short dress rides up and when Jean sat back into the chair she opened her legs and I could see she was a true redhead and getting rather roused. Jean suddenly noticed the time and said she had a dental appointment. I told her that I would have to come back to complete the measurements, so it was arranged for 2.00 p.m the

afternoon of sex that I have ever had.

Late afternoon when I was recovering, I told Jean that I should phone my wife to say I would be late, Jean asked me to stay the weekend. I went downstairs phoned the wife saying I had to go on a trip, which does happen every now and again. Jean said she would phone Carol her friend to say she would not be over, so she sat on the phone stool and while she was speaking to Carol I started to lick and suck Jean's juicy pubes. She carried on talking but everything had a double meaning and when she climaxed Carol asked what the matter was, Jean said she had stubbed her toe. The evening was spent making love, with interludes to satisfy other desires – food and drink.

On Saturday morning there was a knock on the door. Jean got out of bed looked out of the window and told me that Carol's car was outside. She put on a wrap and went to the front door and told me that while I was waiting I could use the shower. So I went into the bathroom to use the shower which was over a sunken bath. The next thing I knew, Jean and Carol were standing over me, watching. (Carol knew Jean well enough to realise what was going on the other end of the phone the night before). Carol said that seeing I was enjoying myself, that they would join me, so they stripped off and got in. I had never realised the fun you could have with soapy hands, before we collapsed in the bath, we then dried off and had breakfast.

Jean and I spent the rest of the day in bed resting but she was very surprised with Carol as she was usually very quiet and only brought her into the bathroom that morning to shock her.

I got home and my wife said that I looked tired and had I had a hard weekend, which was an understatement. I felt weak and my jaw and tongue did not belong to me. I had never had sex with another woman during my marriage, but to have had two women together is still unbelievable. *Howard (full name and address withheld by request), Essex.* ●

Damsel in distress: 'They were wet and wild with lust'

bum, it was a good job she was talking about the patio doors she wanted because I was speechless. I followed her into the bedroom, she got onto a chair opened the window and leant out and pointed to the house. I know it was a hot day but I was coming to the boil, she turned to me and wobbled on the chair and as a matter of instinct, I put my hands out to steady her and one hand was on her lovely bare bottom, she then realised what she was showing and became most embarrassed.

We went downstairs to the lounge where she passed out drinks to cool us down she said. In the course of the conversation she told me her name was Jean and when the weather was hot she sunbathed in the nude as she liked an even tan, and that she had been sunbathing when I knocked. She had forgotten that she

following Friday.

The rest of the week went so slowly, I rearranged my appointments and wondered what kind of reception I would get. I knocked on the door and Jean came to the door wearing a white, totally see-through blouse showing her small firm tits and cherry red nipples. Wrapped round her waist was a black skirt. I followed Jean into the lounge and she said her husband could not meet me as he was away and would not be back until Monday.

I told Jean that she had a lovely figure and the best boobs I had ever seen and as I kissed her, I cupped them with my hands, meantime her skirt had opened, showing a lovely ginger pussy. I made some comment as to how warm it was and Jean said that it would be wise to remove some clothes. There followed the most amazing

KATHY

Kathy, 22, 40-26-36, Sunderland.
"I work in a sauna bath and massage parlour - I did do a course in beauty care and massage, but all of our customers are men so there's not much beauty care - to tell you the truth, there's not much proper massage either. We have to wear net tights and t-shirts, and what with the steam, the t-shirts get wringing wet and stay like that. We're not supposed to take them off entirely, but if it's a fellow you know, none of the girls mind. We give the fellows relief massage if they ask and they usually want bare tits. I won't take my tights off though - not that we're often asked, bare titties round a fellow's cock usually do the job."

THE BEST OF ESCORT

COMING
NEXT
MONTH

WHOOOPS!

Summer

... and of course it's the usual thing of you quite wanting to know what's happening next month and me wanting to tell you, if only Julia wasn't still out at lunch (if it's still called lunch at 3.48 p.m.) and that crackpot female is the only person round here who's even likely to know about next month, which gives you some idea of level of uncertainty we attempt to work under.

Something that is already definitely happening this month is the sale of the all-singing, all-dancing, fourth ever *Best of Escort* which looks very like the item on the left which features the lady with the huggable haunches and biteable bum whose name is Terence or Dennis (... no, you're right, it can't possibly be ... I'll ask Julia as soon as she comes in). Nevertheless, *The Best Of Escort* is crammed to the gills with good stuff from the first half of volume three. There's girls, and scandalous revelations, and people doing over-the-top type things outside the privacy of their own homes, and in short, all the goings-on and comings-off that you've grown to expect from *Escort*, and may have missed the first time round (I mean there's things in there I've never seen before, and people are always assuring me I'm the editor of this thing though nobody writes to me anymore).

While on the subject, something vague about next month floats back to me. Julia was reminiscing about a torrid affair she had behind a generator truck (aptly enough) with a chap who worked on one of those fair-ground waltzer machine things. Apparently he left oily hand-prints all over her white socks, and the memory of him always drifts back to her whenever she smells hot dogs and sump oil, which fortunately can't be all that often. At any rate, several people seem to have had erotic type experiences at fairgrounds, so next month we search for condoms under the calliope. (Julia's just crawled in and says that the covergirl's name is George - I knew it couldn't be Dennis - silly of me). - ed.
