European Psychiatry: a force for the future

Joint Congress, London, 8–12 July 1996

The 8th Congress of the Association of European Psychiatrists (AEP) will be held in London on the above dates and will be combined with the Annual Meeting of the Royal College of Psychiatrists. The AEP has increasingly become the main forum for scientific exchange amongst psychiatrists from the different European countries, and the last Congress, which was held in Copenhagen in 1994 attracted over 2,500 psychiatrists. It is anticipated that the 8th Congress in London will be even more successful.

The Congress will have organised symposia, free communication and recent research symposia, round table debates, and poster presentations. In addition there will be an extensive social programme. Also, there will be the opportunity for psychiatrists from different countries to join together to discuss the areas of mutual interest concerning the development of professional issues in different countries, and the semi political issues concerning psychiatry in various countries.

Further information can be obtained from the AEP Congress Secretariat, Royal College of Psychiatrists, 17 Belgrave Square, London SW1X 8PG. The deadline for abstracts for the congress is January 1996. Those wishing to make other suggestions for the scientific programme should contact Professor Robin Murray, the Chairman of the Scientific Committee, at the Congress Secretariat.
