

ERRATUM

In Issue 1 of Eur Arch Psychiatry Clin Neurosci (2004) 254 we published a Special Issue on “Immunological and infectious aspects of schizophrenia”. Accidentally our Managing Editor Prof. Dr. H.-J. Möller was named as Guest Editor while the name of Prof. Dr. Norbert Müller, Munich, who actually was responsible for the Special issue, was left out.

We truly apologize for this mistake and want to seize the opportunity to thank Prof. Dr. Müller for his excellent work.

The Production Department
