EBSA General Assembly, Budapest, 1993

The Fourth General Assembly of EBSA was held during the IUPAB Congress in Budapest, and was attended by delegates of most of the Member Societies. The Societies of Romania, Croatia and Slovenia were welcomed to full membership. Draft minutes have now been circulated to the Secretaries of Member Societies. In addition to the membership of the Executive Committee, details of which are attached, the following information is of note:

- i) Plans are proceeding to hold an EBSA Biophysics Congress in early 1993. Dr. Manuel Cortijo will shortly be reporting directly to the Member Societies on the present situation.
- ii) Societies are being asked to support this venture with a modest subscription to enable the organisation to proceed.
- iii) The EBSA Calendar of Events will continue to be published in the European Biophysics Journal. Information for this Calendar and material for the EBSA Newsletter should be sent to the Managing Editor, Dr. Peter Bayley.
