

EACR 20 WORKSHOPS

Sunday 06 July 2008

Qiagen

12.15 – 13.15
Room Rhône 1

**Title: The tools you need for your gene regulation and expression analysis in cancer research.
New Technologies and Success Factors for qPCR – miRNA and epigenetics**

Chair:
Ina Scheuerpflug

Programme:

12.15–13.15	New Technologies and Success Factors for qPCR – miRNA and epigenetics	Speaker: T. Traeger
-------------	---	---------------------

Monday 07 July 2008

Agilent Technologies

12.15 – 13.15
Room Rhône 1

Title: A novel microarray based approach to direct and sensitive miRNA profiling

Chair:
Caroline Thureau

Programme:

13.15	The Agilent miRNA microarray system: direct profiling from low input total RNA	Speaker: H. Friedle
13.40	microRNA and cancer : an application to study pituitary tumour	Speaker: J. Lachuer
