

# List of Exhibitors

## Alphabetically ordered

| Company                          | Booth(s) |
|----------------------------------|----------|
| AACR                             | C13      |
| Abcam PLC                        | B10      |
| AbD Serotec                      | B14      |
| Affymetrix                       | B16      |
| Agilent Technologies             | C19      |
| AICR                             | C14      |
| Aperio                           | B15      |
| Applied Biosystems               | C16      |
| Asuragen                         | D2       |
| BGI Shenzhen                     | D4       |
| Caliper Life Sciences            | D3       |
| Caprotec                         | A19      |
| Cayman Chemical                  | D5       |
| Cell Signaling Technology Europe | A16      |
| Chemometec A/S                   | C22      |
| DiaGenic                         | A20      |
| EACR                             | C11      |
| Elsevier                         | B13      |
| Enzo Life Sciences               | B20      |
| Essen Bioscience Ltd             | B12      |
| Exiqon                           | B19      |
| Illumina                         | C23      |
| Integrated DNA Technologies      | B11      |
| LI-COR Biosciences               | A14      |
| Luminex Europe                   | A11      |
| Merck Chemicals                  | E15      |
| Miltenyi Biotec GmbH             | B17      |
| Norwegian Cancer Society         | C10      |
| Novus Biologicals                | C21      |
| Oxford Optronix                  | A18      |
| Oxford University Press          | D6       |
| Promega                          | A13      |
| QIAGEN                           | B21      |
| R&D Systems Europe               | C18      |
| Roche Diagnostics                | C17      |
| ScanBalt                         | C15      |
| Sequenom                         | E13      |
| Sigma-Aldrich                    | D1       |
| Springer Verlag                  | A12      |
| Taconic                          | A10      |
| Thermo Scientific                | A15      |
| VisualSonics                     | A21      |
| Zinsser Analytic                 | A17      |

## Numerically ordered

| Company                          | Booth(s) |
|----------------------------------|----------|
| Taconic                          | A10      |
| Luminex Europe                   | A11      |
| Springer Verlag                  | A12      |
| Promega                          | A13      |
| LICOR Biosciences                | A14      |
| Thermo Scientific                | A15      |
| Cell Signaling Technology Europe | A16      |
| Zinsser Analytic                 | A17      |
| Oxford Optronix                  | A18      |
| Caprotec                         | A19      |
| DiaGenic                         | A20      |
| VisualSonics                     | A21      |
| Abcam PLC                        | B10      |
| Integrated DNA Technologies      | B11      |
| Essen Bioscience Ltd             | B12      |
| Elsevier                         | B13      |
| AbD Serotec                      | B14      |
