## FELLOWSHIPS IN PEDIATRIC HEMATOLOGY-ONCOLOGY

Ste. Justine Hospital, Montreal

Fellowships in pediatric hematology-oncology are available in the Department of Hematology-Oncology of Ste. Justine Hospital, Montreal. The program consists of 2-year training in both clinical and research in pediatric hematology-oncology. The first year will consist primarily of clinical work with an introduction to research. The second year will consist mostly of laboratory and clinical research on new drug developments in cancer chemotherapy. Candidates should have 2-year training in general pediatrics.

Applications should be sent to:

Doctor Paul Benoit,  
Professor and Chief,  
Department of Hematology-Oncology,  
Ste. Justine Hospital,  
3175, Chemin Ste. Catherine,  
Montreal, Quebec,  
Canada H3T 1C5.
