UICC: ADVANCED COURSE ON CLINICAL CANCER CHEMOTHERAPY

St. Gallen, Switzerland, 27 February–2 March 1984

The International Union Against Cancer will be organizing an Advanced Course on Clinical Cancer Chemotherapy in St. Gallen, Switzerland on 27 February–2 March 1984.

This course, which is being held in collaboration with Kantonsspital, St. Gallen, Switzerland, and the financial support of the Swiss Cancer League, Bern, Switzerland, is designed specifically for persons already specializing in cancer chemotherapy and is intended to update them on the latest developments in the field of cytotoxic drugs and the treatment protocols and results for individual cancer sites.

The International Faculty for the course will comprise: Dr. V. Diehl, Chairman (F.R.G.), Dr. K. Brunner (Switzerland), Dr. F. Cavalli (Switzerland), Dr. D. Crowther (U.K.), Dr. S. Eckhardt (Hungary), Dr. D. Hossfeld (F.R.G.), Dr. S. Monfardini (Italy), Dr. G. Nagel (F.R.G.), Dr. H. Pinedo (Netherlands), Dr. M. Rajewsky (F.R.G.) and Dr. S. Seeber (F.R.G.).

The majority of the course will be in German.
